

**REQUEST FOR PROPOSAL (RFP) – ENGINEERING SERVICES  
TOLNA COULEE GEOTECHNICAL INVESTIGATION**

The North Dakota State Water Commission is seeking geotechnical engineering services relating to investigation of Tolna Coulee and “county line road” near Tolna, North Dakota. The investigation is to provide geotechnical information for alternatives to eliminate a possible catastrophic failure of Tolna Coulee from a Stump Lake overflow as well as investigation for the intake of the proposed East End Outlet.

Interested firms and sub-consultants should have experience with:

- 1) Surveying;
- 2) Drilling and sampling;
- 3) Researching available background data;
- 4) Testing and reports including logs and soils identification;
- 5) Geotechnical recommendations;

For more information and to request a copy of the Request for Proposal (RFP) documents, please contact:

Erwin Curry, PE  
North Dakota State Water Commission  
900 East Boulevard Avenue  
Bismarck, ND 58505-0850
