1.1.1 Purpose

This Request for Proposal (RFP) is being issued by the University of Medicine and Dentistry of New Jersey (UMDNJ), Department of Purchasing Services on behalf of the Tim Reynolds Family Spinal Cord Injury Center at the New Jersey Medical School.

UMDNJ is committed to obtaining the best value when it purchases good and services. UMDNJ must achieve value while operating in full compliance with all applicable State of New Jersey and University procurement regulations and policies. The Office of Supply Chain Management, comprised of the Departments of Purchasing Services and Contract Management, oversees the procurement process at UMDNJ and is interested in contracting a single firm to provide a walkway for analyzing rodent gait.

The purpose of this RFP is to enter into a Contract to purchase one rodent gait analytical instrument for the Tim Reynolds Family Spinal Cord Injury Center.

1.1.2 Intent

The intent of the UMNDJ through this RFP is to award a contract to the responsive bidder whose bid proposal conform to the RFP and is most advantageous to UMDNJ, price and other factors considered.

1.2 Background

UMDNJ is the nation's largest freestanding public health sciences university. It includes eight (8) schools on five (5) campuses. It is a statewide system of health sciences education, biomedical research and healthcare delivery. UMDNJ was founded in 1970 to consolidate New Jersey's health professions education and during the last two decades it has become the core of the state's healthcare delivery system. Additional information about the University, its multiple locations, schools and healthcare facilities is available at: <http://www.umdj.edu/homepage/index.html>

The mission of New Jersey Medical School is to educate students, physicians, and scientists to meet society's current and future healthcare needs through patient-centered education; pioneering research; innovative clinical, rehabilitative and preventive care; and collaborative community outreach.

The Tim Reynolds Family Spinal Cord Injury Center was established in 2005 by Robert F. Heary, MD, professor of Neurological Surgery at UMDNJ-New Jersey Medical School. The mission of the Center is to conduct basic and translational research designed to improve the outcomes of patients following spinal cord injury. Laboratory science will focus on regenerative medicine with the potential to improve the lives of individuals who are chronically injured. As

such, this facility will offer hope to over 250,000 people throughout the U.S. who live with chronic spine injury.

The Reynolds Center is one of a number of Centers affiliated with the Neurosurgery department at New Jersey Medical School. The work of the Center is greatly advanced by its location on the Newark campus of UMDNJ – the nation's largest health science university comprised of a statewide system of health sciences schools, biomedical research, health care and community service. Founded in 1970 to consolidate New Jersey's health professions schools, UMDNJ has five campuses and a network of more than 200 affiliated healthcare and educational partners spanning the state. We touch the lives of almost every New Jersey resident every day. Our mission is both simple and inspiring – to enhance the health of all people in New Jersey through broad-based programs covering every aspect of the health sciences.

The Reynolds Center occupies 1,500 square feet in the new \$110 million cancer center that opened on UMDNJ's Newark campus in October 2006. Co-located with the Reynolds Center is the new Spinal Biomechanics Laboratory that will partner with industry leaders in the field of spinal implants to test an assortment of spine stabilizing methods with the goal of improving them.

1.4 Additional Information for Bidders

1.4.1 Revisions to this RFP

In the event that it becomes necessary to clarify or revise this RFP, such clarification or revision shall be by addendum.

1.4.2 Addendum as a Part of this RFP

Any addendum to this RFP shall become part of this RFP and part of any Contract resulting from this RFP.

1.4.3 Issuing Office

This RFP is issued by the UMDNJ, Department of Purchasing Services. The buyer noted in Section 1.4.1 is the sole point of contact between the bidder and UMDNJ for purposes of this RFP.

1.4.4 Bidder Responsibility

The bidder assumes sole responsibility for the complete effort required in this RFP. By submitting a proposal in response to this RFP, the bidder represents that it has satisfied itself, from its own investigation, of all the requirements of this RFP. UMDNJ is not responsible for any debts or payments incurred by the bidder in the performance of this Contract.

1.4.5 Cost Liability

UMDNJ assumes no responsibility and bears no liability for costs incurred by bidders in the preparation and submittal of proposals in response to this RFP.

1.4.6 Contents of Bid Proposal

The entire content of every bid proposal will be publicly opened and becomes a public record. This is the case notwithstanding any statement to the contrary made by a bidder in its bid proposal. All information submitted by bidders in response to a bid solicitation is considered public information, except as may be exempted from disclosure by the Open Public Records Act, N.J.S.A. 47:1A-1 et seq. and the common law.

A bidder may designate specific information as not subject to disclosure when the bidder has a good faith legal/factual basis for such assertion. UMDNJ reserves the right to make the determination and will advise the bidder accordingly. The location in the bid proposal of any such designation should be clearly stated in a cover letter.

UMDNJ will not honor any attempt by a bidder either to designate its entire bid proposal as proprietary and/or to claim copyright protection for its entire proposal. The bidder will be required to withdraw such designation before the bid proposal will be considered for contract award.

In the event of a challenge to the bidder's designation of confidentiality/proprietary the bidder shall be solely responsible for defending its designation and UMDNJ shall have no responsibility therefore.

1.4.7 Price Alterations

Bid prices must be typed or written in ink. Any price changes (including "white-outs") must be initialed. Failure to initial price changes may preclude an award being made to the bidder.

Authorized signatories from each party comprising the joint venture must sign the bid proposal. A separate Ownership Disclosure Form, Affirmative Action Employee Information Report and, if applicable, foreign (out of State) corporate registration must be supplied by each party to the joint venture.

1.4.9 HIPAA Compliance

As a State Agency, New Jersey State regulations require that we obtain documentation regarding our vendor "HIPAA Compliance" status. In order to be in compliance and conduct business with your company for the procurements of goods and/or services, it shall be necessary for your company to complete a Business Associate Agreement. This agreement involves the access to protected health information that is considered protected pursuant to federal, state and/or local laws and regulations in accordance with the privacy requirements of the "HIPAA" – Health Insurance Portability and Accountability Act of 1996. The requirement is a precondition of entering into a valid and binding contract.

The HIPAA privacy rules permit disclosure of patient information without authorization in certain situations in which no business associate agreement is needed. However, in the day to day interaction of providing the devices and services under this RFP, the Contractor may well have access to information unrelated to the patient receiving the medical device. For example, the Contractor's representative may be in a patient room with a patient not receiving a device. A Contractor's representative may have discussions with a physician regarding the Contractor's device and receive patient information by way of an example for future cases. A Contractor's representative may see another patient's X-rays while in a room reviewing a patient's records.

For these and similar reasons, it is prudent to have a business associate agreement in place to safeguard these patients' rights to privacy.

1.4.10 Business Registration Notice

All New Jersey and out of State business organizations must obtain a Business Registration Certificate (BRC) from the Department of the Treasury, Division of Revenue, prior to conducting business with the State of New Jersey. Proof of valid business registration must be submitted by a bidder with its bid proposal. Failure to submit such valid business registration with a bid shall render the bid materially non-responsive. The business registration form (Form NJ-REG) can be found online at <http://www.state.nj.us/treasury/purchase/busreg.htm>.

This information shall be provided to all UMDNJ employees and all contractors and agents of UMDNJ.

All goods provided under this IFB and the Contract award under this IFB must comply with all applicable laws. In addition, if a violation comes to the attention of either party, or any changes in the laws or regulations occurs which make the Contract entered into between the parties as a result of this IFB, to be in violation of any applicable law, then the agreement shall be amended to address the violation or to comply with the change, or be terminated if amending will not resolve the violation.

All invoices must be approved by UMDNJ before payment will be authorized.

UMDNJ will issue payment for goods and services within forty-five (45) days of the receipt and acceptance of goods and/or services by the using department, whichever is later. Vendors shall not submit an invoice to Accounts Payable until the vendor receives a Purchase Order from UMDNJ for the goods and/or services. Vendors shall also not date an invoice that is before the date the Purchase Order is issued by UMDNJ.

Vendors may propose a discount for payments made before the 45 day period. UMDNJ may exercise the discretion to take advantage of such early payment terms.

4.16.1 Payment for Special Projects/Additional Work

Invoices must also be submitted for any special projects, additional work or other items properly authorized and satisfactorily completed under the Contract. Invoices shall be submitted according to the payment schedule agreed upon when the work was authorized and approved. Payment can only be made for work when it has received all required written approvals and has been satisfactorily completed.

4.17 Additional Work and/or Special Projects

The Contractor shall not begin performing any additional work or special projects without first obtaining written approval from the Vice President of Supply Chain Management.

In the event that the need for additional work and/or a special project arises, UMDNJ will submit such a request to the Contractor in writing. The Contractor must present a written proposal to perform the additional work/special project to UMDNJ. The proposal should provide justification for the necessity of the additional work/special project. The relationship between the additional work/special project being requested and the work required by the Contractor under the base contract must be clearly established by the Contractor in its proposal for performing the additional work/special project. The Contractor's written proposal must provide a detailed description of the work to be performed, broken down by task and subtask. The proposal should contain details on the level of effort, including hours, labor categories, etc., necessary to complete the additional work.

The written proposal must detail the cost necessary to complete the additional work in a manner consistent with the contract. The written cost proposal must be based upon the hourly rates, unit costs or other cost elements submitted by the Contractor in the Contractor's original bid proposal submitted in response to this Request for Proposal. Whenever possible, the cost proposal should be a firm, fixed cost to perform the required work. The firm fixed price should specifically reference and be tied directly to costs submitted by the Contractor in its original bid proposal. A payment schedule, tied to successful completion of tasks and subtasks, must be included.

Upon receipt of the Contractor's written proposal, it shall be forwarded to the Vice President of Supply Chain Management for written approval. Complete documentation from the using agency, confirming the need for the additional work/special project, must be submitted.

No additional work and/or special project may commence without the Vice President of Supply Chain Management's written approval. In the event the Contractor proceeds with additional work and/or special projects without the written approval of the Vice President of Supply Chain Management, it shall be at the Contractor's sole risk. UMDNJ shall be under no obligation to pay for work done without the Vice President of Supply Chain Management's written approval.

4.18 Option to Reduce Scope of Work

UMDNJ has the option, in its sole discretion, to reduce the scope of work for any task or subtask called for under this contract. In such an event, the Vice President of Supply Chain Management shall provide advanced, written notice to the Contractor.

Upon receipt of such written notice, the Contractor will submit, within five (5) working days to the Vice President of Supply Chain Management, an itemization of the work effort already completed by task or subtasks. The Contractor shall be compensated for such work effort according to the applicable portions of its cost proposal.

4.19 Suspension of Work

The Vice President of Supply Chain Management may, for valid reason, issue a stop order directing the Contractor to suspend work under the contract for a specific time. The Contractor shall be paid until the effective date of the stop order. The Contractor shall resume work upon the date specified in the stop order or upon such other date as the Vice President of Supply Chain Management may thereafter direct in writing. The period of suspension shall be deemed added to the Contractor's approved schedule of performance. The Vice President of Supply Chain Management and the Contractor shall negotiate an equitable adjustment, if any, to the contract price.

4.20 Changes in Law

Whenever an unforeseen change in applicable law or regulation affects the services that are the subject of this contract, the Contractor shall advise the Vice President of Supply Chain Management in writing and include in such written transmittal any estimated increase or decrease in the cost of its performance of the services as a result of such change in law or regulation. The Vice President of Supply Chain Management and the Contractor shall negotiate an equitable adjustment, if any, to the contract price.

4.21 Material Safety Data Sheets

Upon request, the Contractor shall furnish material safety data sheets (MSDS), or manufacturers' equivalent information sheets, on the products and/or chemicals used in performing the services specified in this Request for Proposal to the University's Project Manager. These sheets must list complete chemical ingredients including the percentage composition of each ingredient on the mixture (down to 0.1%), the chemical abstract services numbers for those substances listed any potentially hazardous products which may give off gas during or following application. Failure to do so may constitute reason for termination of the contract.

4.22 Items Ordered and Delivered

University departments are authorized to order, and the Contractor is authorized to ship, only those items covered by this Contract. If a review of orders placed by a department reveals that material other than that covered by this Contract has been ordered and delivered, such delivery shall be a violation of the terms of the Contract and may be considered, by the Vice President of Supply Chain Management, in the termination of the Contract or in the award of any subsequent Contract(s). The Vice President of Supply Chain Management may take such steps as are necessary to have the items returned by the department, regardless of the time between the date of delivery and discovery of the violation. In such event, the Contractor shall reimburse the University the full purchase price.

4.23 Timely Delivery

The Contract involves items that are necessary for the continuation of ongoing, critical services. Any delay in delivery of these items would disrupt University services and could force the University to immediately seek alternative sources of supply on an emergency basis. Timely delivery is critical to meeting the University's ongoing needs.

4.24 Chapter 51 / Executive Order 117 Compliance and 2-year Vendor Certification

In order to safeguard the integrity of State government procurement by imposing restrictions to insulate the award of State contracts from political contributions that pose the risk of improper influence, purchase of access, or the appearance thereof, Public Law 2005, c.51, was signed into law on March 22, 2005. On September 24, 2008, Governor Corzine issued Executive Order 117, which is designed to enhance New Jersey's efforts to protect the integrity of procurement decisions and increase the public's confidence in procurement. The Executive Order builds upon the provisions of Chapter 51. Pursuant to the requirements of Public Law 2005, c.51, and Executive Order 117, all bidders must submit the Two-Year Chapter 51/Executive Order 177 Vendor Certification and Disclosure of Political Contributions prior to contract award. See Section 9 of this RFP for the certification form. The form and instructions for completion of the form may be found at http://.umdnj.edu/purchweb/employees/employ36_forms_policies.htm .

Bidders should submit the Chapter 51 / Executive Order 117 and 2-year Vendor Certification with their bid proposal. If the bidder fails to submit the Chapter 51 / Executive Order 117 Certification, the bidder, if selected for contract award, must submit and comply with Chapter 51 / Executive Order 117 requirements before the contract award can be finalized.

4.24.1 State Treasurer Review

The State Treasurer or his designee shall review the Disclosures submitted pursuant to this section, as well as any other pertinent information concerning the contributions or reports thereof by the intended awardee, prior to award, or during the term of the contract, by the Contractor. If the State Treasurer determines that any contribution or action by the Contractor constitutes a

breach of contract that poses a conflict of interest in the awarding of the contract under this solicitation the State Treasurer shall disqualify the Business Entity from award of such contract.

4.25 New Jersey Election Law Enforcement Commission Requirement

The Contractor is advised of its responsibility to file an annual disclosure statement on political contributions with the New Jersey Election Law Enforcement Commission (ELEC), pursuant to N.J.S.A. 19:44A-20.13 (P.L. 2005, c.271, section 3) if the Contractor receives in excess of \$50,000 from a public entity in a calendar year. It is the Contractor's responsibility to determine if filing is necessary. Failure to so file can result in the imposition of financial penalties by ELEC. Additional information about this requirement is available from ELEC at 888-313-3532 or at www.elec.state.nj.us.

4.26 Compliance Obligations

Each party certifies that it shall not violate the federal anti-kickback statute, set forth at 42 U.S.C. §1320a-7b(b) ("Anti-Kickback Statute"), or the federal "Stark Law," set forth at 42 U.S.C. § 1395nn ("Stark Law"), with respect to the performance of its obligations under this Agreement.

The Contractor has received a copy of UMDNJ's Code of Conduct and UMDNJ's Stark Law and Anti-Kickback Statute Policies and Procedures. UMDNJ's Code of Conduct is available at <http://www.umdj.edu/complweb/code/conduct.pdf>. http://www.umdj.edu/oppmweb/university_policies/ethics_compliance/PDF/00-01-15-60_15.pdf.

Each party shall ensure that its individuals providing service under the agreement who meet the definition of "Covered Persons" as such term is defined in the "Corporate Integrity Agreement between the Office of Inspector General of the Department of Health and Human Services and the University of Medicine and Dentistry of New Jersey" available at <http://www.umdj.edu/presweb/president/UMDNJ-CIA.pdf>) shall comply with UMDNJ's Compliance Program, including the training related to the Anti-Kickback Statute and the Stark Law.

4.27 No Non-Compete Clause

The Contractor shall not enter into agreements with employees, independent contractors or any other party which contain "Not to Compete" or "Non-Competition" provisions that would in any way restrict the ability of UMDNJ to provide services in their facilities.

4.28 Foreign (out of State) Corporations

All foreign corporations receiving a notice of Contract award shall be afforded seven (7) days thereafter to register with the State of New Jersey, Department of the Treasury's Division of Revenue. <http://www.state.nj.us/treasury/revenue/busregcert.htm>

4.29 Applicable Laws

This Contract and any and all litigation arising there from or related thereto shall be governed by the applicable laws, regulations and rules of evidence of the State of New Jersey without reference to conflict of laws principles.

4.30 Tax Exempt Status

UMDNJ is tax exempt. N.J.S.A. 54:32b-1, et. seq., exempts the material listed in this RFP from New Jersey State Sales or Use Taxes.

4.31 Late Delivery and Liquidated Damages

The Contractor must immediately advise the Vice President of Supply Chain Management of any circumstance or event that could result in the late completion of any task or subtask required to be completed on or by a certain date.

The Contractor shall not be liable for any failure or delay in performance under the Contract to the extent said failures or delays are proximately caused by causes beyond the Contractor's reasonable control and occurring without its fault or negligence, including, without limitation, failure of suppliers, subcontractors, and carriers, to substantially meet its performance obligations under the Contract, provided that, as a condition to the claim of non-liability, the Contractor shall give UMDNJ prompt written notice, with full details following the occurrence of the cause relied upon, and that the contractor must prove that it took reasonable steps to minimize delay or damages caused by foreseeable events and that the Contractor substantially fulfilled all non-excused obligations. Dates by which performance obligations are scheduled to be met will be extended for a period of time equal to the time lost due to any delay so caused.

5.0 PROPOSAL PREPARATION AND SUBMISSION INSTRUCTIONS

5.1 General

The bidder must follow instructions contained in this Request for Proposal and in the bid cover sheet in preparing and submitting its bid proposal. The bidder is advised to read thoroughly and to follow all instructions.

The information required to be submitted in response to this Request for Proposal has been determined to be essential in the bid evaluation and contract award process. Any qualifying statements made by the bidder to the Request for Proposal's requirements could result in a determination that the bidder's proposal is materially non-responsive. Each bidder is given wide latitude in the degree of detail it elects to offer or the extent to which plans, designs, systems, processes and procedures are revealed. Each bidder is cautioned, however, that insufficient detail may result in a determination that the bid proposal is materially non-responsive or, in the alternative, may result in a low technical score being given to the bid proposal.

The bidder is instructed to clearly identify any requirement of this Request for Proposal that the bidder cannot satisfy.

5.2 Proposal Delivery and Identification

In order to be considered for award a bid proposal must arrive at the Department of Purchasing Services in accordance with the instructions on the Request for Proposal cover sheet. Bidders submitting proposals are cautioned to allow adequate delivery time to ensure timely delivery of proposals. UMDNJ regulations mandate that late proposals are ineligible for consideration. The exterior of all bid proposal packages must be labeled with the Request for Proposal identification number, final bid opening date and the buyer's name.

5.3 Number of Bid Proposal Copies

Each bidder must submit one (1) complete original bid proposal, clearly marked as the "ORIGINAL" bid proposal. Each bidder should also submit four (4) full, complete and exact copies of the original, clearly marked as "COPY" and one (1) electronic copy of the complete bid proposal (flash drive or CD). The copies required are necessary in the evaluation of the bid. It is suggested that the bidder make and retain a complete copy of its bid proposal.

5.4 Proposal Form and Content

The proposal should follow the format indicated in the following Sections of this Request for Proposal. The bidder should limit their response to one volume, if at all possible, with that volume divided into the four (4) following subsections:

5.5 Subsection 1 – Forms

The following forms are required with bidder's proposal and should be submitted with bidder's proposal:

5.5.1 Ownership Disclosure Form

The bidder must complete the attached Ownership Disclosure Form. A complete Ownership Disclosure Form must be received prior to, or accompanying, the bid. Failure to do so will preclude the award of a contract.

5.5.2 Business Registration Notice

All New Jersey and out of State business organizations should obtain a Business Registration Certificate (BRC) from the Department of the Treasury, Division of Revenue, prior to conducting business with the State of New Jersey. Proof of valid business registration must be submitted by a bidder with its bid proposal. Failure to submit such valid business registration with a bid will render the bid materially non-responsive. The business registration form (Form NJ-REG) can be found online at:

<http://www.state.nj.us/treasury/revenue/gettingregistered.htm#busentity>

5.5.3 Affirmative Action

The bidder must complete the attached Affirmative Action Employees Information Report, or, in the alternative, supply either a New Jersey Affirmative Action Certificate, or evidence that the bidder is operating under a federally approved or sanctioned affirmative action program. The requirement is a precondition of entering into a valid and binding contract.

5.5.4 Business Associate Agreement

The bidder must complete the attached Business Associate Agreement, involving the access to protected health information that is considered protected pursuant to federal, state and/or local laws and regulations in accordance with the privacy requirements of the "HIPAA" – Health Insurance Portability and Accountability Act of 1996. The requirement is a precondition of entering into a valid and binding contract.

5.5.5 Executive Order 117 Compliance and Certification

Effective November 15, 2008, all UMDNJ contractors are required to comply with Executive Order 117. In the early Fall of 2008, Governor Jon S. Corzine signed Executive Order No. 117, which is designed to enhance New Jersey's efforts to protect the integrity of government contractual decisions and increase the public's confidence in government. The Executive Order builds on the provisions of P.L. 2005, c. 51 ("Chapter 51"), which limits contributions to certain political candidates and committees by for-profit business entities that are, or seek to become, State government vendors.

Bidders should submit the Executive Order 117 Certification with their bid proposal. If the bidder fails to submit the Executive Order 117 Certification, the bidder, if selected for contract award, must submit and comply with Executive Order 117 requirements before the contract

award can be finalized. The Executive Order 117 Certification with instructions may be found on the UMDNJ Purchasing Services Department's website at: <http://www.umdnj.edu/purchweb/vendors/index.htm>

5.6 Subsection 2 - Technical Response

A bidder's failure to fully, properly and accurately complete all of the information required by Section 7.0 of the RFP may result in their bid being considered non-responsive.

5.6.1 Technical Literature

The bidder shall provide technical literature and other documentation on their rodent gait analytical instrument. The bidder must submit with its proposal all associated printed and electronic literature describing the technical specifications of its instrument.

5.6.2 Preventive Maintenance and Repair Service Plans and Warranty

The bidder must include with its proposal detailed documentation on its comprehensive preventive maintenance and repair service plan for its rodent gait analytical instrument. The bidder must also include the details of its complete warranty program.

5.7 Subsection 3 – Experience and Financial Capability

5.7.1 Experience of Bidder on Contracts of Similar Size and Scope

The bidder must provide information which demonstrates that they have prior successful experience with the operation and management of and a familiarity with large educational, research, and healthcare institutions such as UMDNJ. The bidder must indicate the number of years in business and list the contracts award and references.

5.7.2 Bidder's Financial Capability

The bidder should provide proof of its firm's financial capacity and capabilities to undertake and successfully provide goods/services required under this Contract. A financial statement for the most recent fiscal year or bank reference is acceptable. The University reserves the right to check and evaluate the firm's financial capacity and capability by any means deemed appropriate. The submission of this information with the bid is desired by the University, but is not mandatory. However, if a bidder chooses not to include this information with its bid, this information may be requested from the bidder during the evaluation process. If the bidder is requested to submit this information during the evaluation process, the bidder will be required to submit it, and failure to do so will be cause for finding the bid non-responsive.

5.8 Subsection 4 - Cost Proposal

All bidders must submit their cost proposal in accordance with the Price Sheet included in Section 8.0 of this Request for Proposal. Failure to submit all information required will result in

the bid being considered non-responsive. Each bidder is requested to hold its cost proposal firm for a minimum of 60 days so that an award can be made.

ONLY price and costing information provided by the bidder in its original bid proposal submitted in response to this Request for Proposal may later be used for additional work and/or special projects to be paid against the Contract resulting from this Request for Proposal.

NOTE: The bidder's signature on the cover of this Request for Proposal guarantees that prices set forth within the preprinted price lists and/or catalogs will govern for the period of the Contract. The bidder also acknowledges that, notwithstanding any reference to price escalation clauses, FOB shipping point, and shipping charges contained in the preprinted price lists, catalogs, and/or literature, such references shall not be part of any Contract awarded as a result of this Request for Proposal.

Once submitted there can be NO alterations or modifications to the pricing of the original proposal without UMDNJ approval.

6.0 PROPOSAL EVALUATION AND CONTRACT AWARD

6.1 Evaluation Committee

Bids will be evaluated by an Evaluation Committee composed of members of affected departments together with representative(s) from the Department of Purchasing Services. Representatives from other governmental agencies may also serve on the Evaluation Committee. On occasion, the Evaluation Committee may choose to make use of the expertise of an outside consultant in an advisory role.

6.2 Oral Presentation and/or Clarification of Bids

A bidder may be required to give an oral presentation to the Evaluation Committee concerning its bid proposal. The Evaluation Committee may also require a bidder to submit written responses to questions regarding its bid.

The purpose of such communication with a bidder, either through an oral presentation or a letter of clarification, is to provide an opportunity for the bidder to clarify or elaborate on its bid. The original bid, as submitted, however, cannot be supplemented, changed, or corrected in any way during the evaluation process. No comments regarding other bids are permitted. Bidders may not attend presentations made by their competitors.

It is within the Evaluation Committee's discretion whether to require a bidder to give an oral presentation or require a bidder to submit written responses to questions regarding its bid. Action by the Evaluation Committee in this regard should not be construed to imply acceptance or rejection of a bid. The Purchasing Services' buyer is the sole point of contact regarding any request for an oral presentation or written clarification.

6.3 Evaluation Criteria

The following evaluation criteria categories, not necessarily listed in order of significance, will be used to evaluate bid proposals received in response to this Request for Proposal. The evaluation criteria categories may be used to develop more detailed evaluation criteria to be used in the evaluation process.

6.3.1 The bidder's ability to meet or exceed all requirements listed in Section 3.0.

6.3.2 The bidder's cost proposal.

6.4 University's Right to Consider Additional Information

6.4.1 The Vice President of Supply Chain may obtain any information determined to be appropriate regarding the ability of the bidder to supply and/or render the service required by this Request for Proposal.

- 6.4.2 The Vice President of Supply Chain may consider such other factors that, in the opinion of the Vice President, are important in evaluating the bidder's proposal and awarding Contracts as determined to be in the best interest of the University.
- 6.4.3 The University reserves the right to request all bidders to explain the method used to arrive at any or all cost or pricing figures.
- 6.4.4 When making the Contract award decision, the University may consider evidence of formal or other complaints against any bidder(s) by the University for Contracts held in the past or present by the bidder.
- 6.4.5 The University reserves the right to check the bidder's financial capacity and ability to successfully undertake and complete the services required by this Request for Proposal by any means deemed appropriate.
- 6.4.6 The University reserves the right to conduct site inspections of any facility(s) serviced by the bidder(s) to assist in judging the bidder's ability to provide the services required by this Request for Proposal. This applies to all facilities services by the bidder or any subcontractor to the bidder. This right extends to all facilities of which the University is aware, or about which it becomes aware, that the bidder is servicing, whether or not the facility is listed in the bidder's proposal.

6.5 Negotiation and Best And Final Offer (BAFO)

After evaluating bid proposals, the evaluation committee may enter into negotiations with each bidder in the competitive range, unless there are too many highly rated proposals to evaluate efficiently. In this situation, UMDNJ may limit the competitive range to the number of proposals that will permit efficient competition among the most highly rated proposals. The primary purpose of negotiations is to maximize UMDNJ's ability to get the best value, based on the requirements and evaluation criteria set forth in the RFP. Negotiations may involve the identification of significant proposal weaknesses, ambiguities and other deficiencies that could limit a bidder's award potential, including payments. More rounds of negotiations may be held with one bidder in the competitive range than with another. Negotiations will be structured to safeguard information and ensure that all bidders in the competitive range are treated fairly. When the evaluation committee determines to conclude negotiations, all bidders in the competitive range will be so notified and advised of the time and place for submission of best and final offers. The best and final offer can modify any aspect of the bid proposal, provided mandatory RFP requirements are satisfied and further provided that the revised cost proposal is not higher than the original cost proposal. Any revised cost proposal that is not equal to or higher in cost than the original cost proposal will be rejected as non-responsive.

Evaluation of the best and final offers (BAFO) will be on the basis of cost and the evaluation criteria set forth in the RFP. If, after review of the best and final offers, clarification is required, it may be sought from the bidders. If further negotiation is desired after evaluation of the revised proposals, it will be followed by another BAFO opportunity. UMDNJ reserves the right to reassess the competitive range before proceeding with a subsequent round of negotiations and

BAFO submissions and to remove from the competitive range any proposal that is no longer considered to be a leading contender for award. After evaluation of the final BAFO submissions, the evaluation committee will recommend to the Vice President for award the responsible bidder(s) whose bid proposal(s), conforming to the RFP, is most advantageous to UMDNJ, cost and other factors considered. The Vice President may accept, reject or modify the recommendation of the evaluation committee. The Vice President may negotiate further increases in costs with the selected bidder.

Negotiations will only be conducted in those circumstances where they are deemed by UMDNJ to be in UMDNJ's best interests and to maximize the UMDNJ's ability to get the best value. Therefore, bidders are advised to submit their best technical and cost proposals in response to this RFP, because UMDNJ may, after evaluation, make a contract award based on the content of these initial submissions, without further negotiation with any bidder.

All contacts, records of initial evaluations, any correspondence with bidders related to any request for clarification, negotiation or BAFO, any revised technical and/or cost proposals, the Evaluation Committee Report and the Award Recommendation, will remain confidential until a Notice of Intent to Award a contract is issued.

6.6 Contract Award

The Contract shall only be awarded after a full evaluation has been completed. Bidders who submit a proposal are not guaranteed a Contract award. The Contract shall be awarded with reasonable promptness by written notice to that responsible and responsive bidder whose bid, conforming to the Request for Proposal, will be most advantageous to UMDNJ, price and other factors considered. Any or all bids may be rejected when the Vice President of Supply Chain Management determines that it is in the public interest to do so.

6.7 Bidder's Right to Challenge a Contract Award

Except in cases of emergency, bidders have the right to protest a proposed contract award.

A bidder's protest must be submitted to the buyer of record with a copy to the Vice President of Supply Chain Management ("Vice President") within ten (10) days of receipt of notice to the bidder that it did not receive a contract award for its submitted bid proposal or notice that an award had been made to another bidder. The protest period may be shortened by the Vice President of Supply Chain Management. If the protest period is shortened or a protest period is not authorized due to emergency, all bidders will receive notice of the shortened protest period or emergency in the notice sent to bidder on the award of the contract.

Notices of Contract award under this section may be faxed, e-mailed, sent by regular mail or by any other means, excluding telephonic communication, conducive to transmitting the notice. If notice is sent by regular mail, the recipient is deemed to have received the notice three (3) days after mailing.

If a bidder files a protest to a contract award under this section, the bidder must set forth in writing with specificity the basis of the protest. At the time of the protest filing, the bidder must also submit all documentation supporting the basis of the protest. Failure to comply with these requirements may lead to rejection of the protest and UMDNJ award of the contract.

The protest will be reviewed and addressed with reasonable promptness. If deemed necessary by Vice President, a hearing may be held on the merits of the protest. In all cases, the Vice President will notify the bidder of the final determination on the protest.

7.0 BIDDER'S DATA SHEETS (FORMS TO BE COMPLETED BY BIDDER)

The bidder should fully complete and submit the following Bidder's Data Sheets. Failure to satisfactorily complete and submit the Bidder's Data Sheets may result in a determination that a bid is non-responsive resulting in rejection of the bid.

The University has established a 25 percent goal for Small Businesses.

Small Businesses - A small business is now defined as having its principal place of business in New Jersey, gross annual revenues of \$12 million or less and no more than 100 full time employees.

A. New Jersey Business – this may be calculated in one of two ways:

- 1) 51% or more of its employees work in New Jersey as evidenced by payment of New Jersey unemployment taxes; or
- 2) 51% or more of its business activities take place in New Jersey as evidenced by payment of New Jersey income/business taxes.

C. Gross annual revenues may not exceed \$12 million.

Construction Contract - any contract involving any construction, renovation, reconstruction, rehabilitation, alteration, conversion, extension, demolition, repair or other changes or improvements of any kind whatsoever of any structure or facility. A. Requirements:

1. General Guidelines:

- up to \$500,000
- up to \$5 million
- up to \$12 million

3. Program Requirements

Public contracting entities are now subject to meeting a 25% minimum overall goal collectively for the three categories of small business.

4. New Reporting Requirement

Public contracting authorities must now report annually on their outreach efforts.

5. Important Process Change

In order to be eligible to bid as a small business, a firm must now be registered as a small business as of the date of the bid opening. This is a change from previous requirements, which required a firm to have submitted an application one-day prior to bid opening.

6. Other UMDNJ Policies and Procedures:

The UMDNJ Vendor Diversity Program requirements shall apply to all other policies and procedures of the UMDNJ Department of Purchasing Services.

B. Responsibilities

B. Business Associate shall use and implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of PHI and/or Electronic PHI that it creates, receives, maintains, or transmits on behalf of Covered Entity.

C. Business Associate shall notify, in writing, the Covered Entity when the Business Associate discovers a Breach of Unsecured PHI. A Breach is deemed to have been discovered by a Business Associate as of the first day on which Business Associate (by its employee, officer, or other agent) knows or would have known of such Breach by exercising reasonable diligence. Business Associate's notification to Covered Entity (i.e., UMDNJ) shall:

1. Be made to the Covered Entity without unreasonable delay and in no event later than ten (10) days following the discovery of a breach, except in the case of a Business Associate that is an agent of the Covered Entity, in which case the Business Associate must provide the Covered Entity with immediate notification of the breach, except where law enforcement officials determine that a notification would impede a criminal investigation or cause damage to national security. 2. To the extent possible, provide the identity of each Individual whose Unsecured PHI was, or is reasonably believed to have been, Breached, and any other information that the Covered Entity is required to include in the notice to affected Individuals under 45 C.F.R. 164.404(c), either at the time of notice of Breach to the Covered Entity or as promptly thereafter as information becomes available. E. Business Associate shall mitigate, to the extent practicable, any harmful effect known to it resulting from an unauthorized use or disclosure of PHI or Breach of Unsecured PHI.

F. Business Associate shall ensure that any agent, including a subcontractor, to whom it provides PHI (i) received from, or (ii) created or received by Business Associate on behalf of, a Covered Entity agrees, in writing, to the same restrictions and conditions that apply through this BAA to Business Associate with respect to such PHI.

G. Business Associate (i) shall provide Covered Entity access to its premises for a review and demonstration of its internal practices and procedures for safeguarding PHI and, (ii) to the extent applicable, shall provide access for inspection and copying of PHI in a Designated Record Set at reasonable times at the request of Covered Entity or, as directed by Covered Entity, to an Individual (45 C.F.R. 164.524). (42 U.S.C. §17935(e)).

H. Business Associate shall, upon request with reasonable notice, provide Covered Entity with an accounting of uses and disclosures of PHI provided to it by Covered Entity.

J. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for a Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI (45 C.F.R. 164.528). Should a Covered Entity or an Individual request an accounting of disclosures of PHI pursuant to 45 C.F.R. 164.528, Business Associate agrees to promptly provide Covered Entity with information in a format and manner sufficient to respond no later than sixty (60) days after receipt of such request, subject to specific statutory exceptions.

K. Business Associate shall make its internal practices, books and records, including policies and procedures, relating to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of, Covered Entity, available to Covered Entity at the request of Covered Entity, or the Secretary of HHS, for purposes of the Secretary determining Covered Entity's compliance with HIPAA and/or the HITECH Act in the time, manner and place designated by the Covered Entity and/or the Secretary.

L. To the extent applicable, Business Associate shall make any amendment(s) to PHI in a Designated Record Set that Covered Entity directs or agrees to, no later than sixty (60) days after receipt of such request from a Covered Entity or Individual.

M. Business Associate agrees to abide by the limitations on marketing communications to Individuals regarding the purchase and use of products or services set forth in the HITECH Act and the HITECH Regulations.

N. Business Associate agrees and acknowledges that the administrative rules governing, and the civil and criminal penalties for violating, HIPAA, the HITECH Act, the HIPAA Regulations and the HITECH Regulations, apply to it in the same manner as they apply to Covered Entity, as more fully set forth at UMDNJ's website at <http://www.umdnj.edu/complweb/policies/index.htm>.

IV. Term and Termination

A. Term. The term of this BAA shall be effective as of the effective date of the Underlying Agreement and shall terminate when all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or, if it is infeasible to return or destroy PHI, protections are extended to such information, in accordance with the termination provisions of this Section IV.

B. Termination for Cause. Upon Covered Entity's knowledge of a material breach by Business Associate, Covered Entity shall either:

1. Provide an opportunity for Business Associate to cure the breach or end the violation, and terminate this BAA and the Underlying Agreement if Business Associate does not cure the breach or end the violation within the time specified by Covered Entity;

2. Immediately terminate this BAA and/or the Underlying Agreement if Business Associate has breached a material term of this BAA and cure is not possible; or

3. If neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary of HHS.

C. Effect of Termination.

1. (a) Except as provided in paragraph C.2 of this Section, upon termination of this BAA, for any reason, Business Associate shall return or destroy all PHI received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity. This provision shall apply to PHI that is in the possession of subcontractors or agents of Business Associate. Business Associate shall retain no copies of PHI.

(b) Except as provided in paragraph C.2 of this Section, if Covered Entity, in its sole discretion, requires that Business Associate destroy any or all PHI received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity, either due to the termination of this BAA or otherwise, Business Associate shall certify, in writing, to Covered Entity that the PHI has been destroyed and rendered indecipherable, pursuant to HIPAA and the HITECH Act. This provision also shall apply to PHI that is in the possession of subcontractors or agents of Business Associate.

2. In the event that Business Associate determines that returning or destroying the PHI is infeasible, Business Associate shall provide to Covered Entity written notification of the conditions that make return or destruction infeasible within thirty (30) calendar days of such request. In such case, Business Associate shall extend the protections of this BAA to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. This provision also shall apply to PHI that is in the possession of subcontractors or agents of Business Associate.

3. Should the Business Associate make a disclosure of PHI in violation of this BAA, Covered Entity shall have the right to immediately terminate any contract, other than this BAA, then in force between the Parties, including the Underlying Agreement.

4. The provisions of this Section IV.C. shall survive the termination of this BAA and the Underlying Agreement for any reason.

V. Remedies in Event of Breach

A. Business Associate agrees and acknowledges that irreparable harm will result to Covered Entity, and to its business, in the event of breach by Business Associate of any covenants, duties, obligations and assurances in this BAA and further agrees that remedy at law for any such breach shall be inadequate and that damages resulting therefrom are not susceptible to being measured in monetary terms. In the event of any such breach or threatened breach by Business Associate, Covered Entity shall be entitled to (i) immediately enjoin and restrain Business Associate from any continuing violations and (ii) reimbursement for reasonable attorneys' fees, costs and expenses incurred as a proximate result of the breach. The remedies in this Section V shall be in addition to any action for damages and/or other remedy available to Covered Entity for such breach.

B. Business Associate shall indemnify and hold Covered Entity, its directors, officers, employees and agents harmless from any and all liabilities, damages, reasonable attorneys' fees, costs and expenses incurred by Covered Entity as a result of a breach of this BAA caused by Business Associate's actions or inactions and/or those of its employees and agents.

C. Business Associate agrees and acknowledges that the provisions of this BAA shall be strictly construed.

B. Detrimental Reliance By Covered Entity. Business Associate agrees and acknowledges that its covenants, duties, obligations and assurances herein shall be detrimentally relied upon by Covered Entity in choosing to commence or continue a business relationship with Business Associate. F. Authority. The signatories below have the right and authority to execute this BAA for their respective entities and no further approvals are necessary to create a binding agreement.

G. Covered Entity's Notices To Business Associate. Covered Entity's Notices to Business Associate are available on UMDNJ's website at http://www.umdj.edu/hipaaweb/privacy/privacy_NPPUMDNJ03.htm. H. Compliance With State Law. Business Associate agrees and acknowledges that as the holder of individually identifiable health information it is subject to New Jersey law. In the event of any conflict between federal health care laws and New Jersey law, the Business Associate shall comply with the more restrictive provision.
