SECTION 1 – GENERAL INFORMATION

1.1 INTRODUCTION

- 1.1.1 The State of California, Department of Parks and Recreation (DPR) is requesting Statements of Qualifications (SOQ) for Architectural and Engineering Services for projects located in the California State Parks System for the disciplines of Architecture, Historic Architecture, Landscape Architecture-Design, Land Surveying, Geotechnical Engineering, Testing-Lab and Field, Civil Engineering, Environmental Engineering, Mechanical Engineering, Electrical Engineering, Electrical Engineering-Lighting Design, Structural Engineering and Historic Structural Engineering.

Services for potential projects include, however are not limited to, some or all of the following: study, planning, schematics, preliminary design, design development, preparation of construction documents, estimating, specification writing, preparation of building analyses for existing historic and non-historic structures, obtaining permits from state agencies such as the State Fire Marshall and the Access Compliance Section of the Division of State Architect. Potential projects will include, however not be limited to, building and civil systems renovation, rehabilitation of historic structures, new construction, and remediation/mitigation projects.

Firms (Contractors) will be selected and designated to perform Professional Services throughout California.

- 1.1.2 Contractors shall be selected, on the basis of written responses to this Request for Qualifications (RFQ) and an interview, to perform services for a term not to exceed two (2) years. Unless, upon mutual consent, a formal extension of the term of the Agreement is authorized by DPR and issued in the form of an Agreement Amendment. DPR does not guarantee that an Agreement shall be written from this RFQ.
- 1.1.3 Because the scope and number of projects and tasks are unknown at the time of Agreement execution, under this RFQ the Agreement is known as a "Master Agreement". Services will be contracted on a Work Order basis, as project(s) requirement(s) dictate. (See 2.5 *Work Order Procedure for Potential Projects.*)

DPR and Contractor agree that no specific quantity of work is guaranteed to be provided to Contractor under the terms and conditions of this Agreement.

DPR does not guarantee that Contractor will be assigned a project specific Work Order during the term of the Agreement.

- 1.1.4 Contractor shall provide all services required by, and in accordance with, each project specific Work Order and such other necessary and incidental services that are required to provide professional services for the project(s).
- 1.1.5 If Contractor is unable to furnish adequate services, fails to perform tasks such as deliverables or does not achieve project milestones or deadlines, DPR reserves the

right to discontinue using Contractor's services on that project and for any future projects. If Contractor fails to perform or does not have the resources to handle all the projects requiring services, DPR reserves the right to contract with the ranked Contractor(s) in order of rank, for the services. Contractor must achieve all deliverables and deadlines on time in order to facilitate DPR's goal. Contractor shall communicate any anticipated problem with achieving project deliverables and/or deadlines.

- 1.1.6 The Master Agreement is subject to DPR review and approval of Contractor's performance at six (6)-month intervals.

1.2 TYPE OF PROFESSIONAL SERVICES

- 1.2.1 Contractors may submit qualifications for any of the disciplines listed. SOQs shall indicate the types and shall discuss for each type of professional services for which qualifications are being submitted, the firm's ability to produce designs, complete construction documents, studies, reports or other required documents and products, including plans, specifications and cost estimates. *(Refer to Section 3.1 Minimum Requirements)*

Selections will be made for the following professional services disciplines:

Architecture: Experience in and knowledge of small to mid size public and recreational structures, including visitor centers with exhibit design components; an understanding of park architecture and design principles and; working knowledge of the California Building Code.

Historic Architecture: Experience in and knowledge of the restoration and rehabilitation of historic structures that are small to mid size public, residential and recreational structures, working knowledge and experience with the Secretary of Interior's Standards, the California Building Code, the State Historical Building Code and documenting historic structures and preparing Historic Structures Reports.

Landscape Architecture - Design: Licensed Landscape Architect, experienced in the planning, design, and construction of recreational facilities.

Land Surveying: Experience with digital terrain modeling, photogrammetry, aerial photo mapping, topographic mapping, GIS, and surveying to assist in site analysis for design purposes and ownership boundary location.

Geotechnical Engineering: Surface and subsurface testing and analysis for the design and placement of public and recreational facilities of all kinds. Experience in road alignments, slope stabilization, erosion protection structures, bridge abutments, onsite wastewater disposal systems and building placement.

Testing – Lab and Field: Experience in all types of materials testing and sampling both in the field and in the lab. Experience with soils, concrete, asphalt, water and sewer. Experience with Title 24 and CALTRANS testing procedures.

Civil Engineering: Experience in site work development including, however not limited to: grading, roadways, earthwork, utilities, traffic engineering, water systems and conveyance works, water treatment, storm drainage, sewer conveyance systems, sewage treatment, including septic and leach field systems for public recreation facilities.

Environmental Engineering: Experience in the detection and inspection of hazardous materials, including but not limited to; underground hazardous materials, asbestos, sludge, dredge material, and lead. Ability to prepare recommendations and reports dealing with the treatment and disposal of these hazardous materials. Ability to prepare construction documents relating to the removal and disposal of hazardous materials, and obtain necessary permits and ability to provide inspection during construction of such facilities.

Mechanical Engineering: Experience in the design of new mechanical systems using modern sustainability practices; design of climate control for museum environments and artifact storage; climate control of equipment rooms; rehabilitation of HVAC and plumbing within both historical and non-historical buildings and; preparation of energy calculations to meet Title 24.

Electrical Engineering: Experience in the rehabilitation and upgrade of systems and devices within existing structures and complexes and the design of new systems and devices within and for buildings; development of alternative technology systems such as photo voltaics (PV). Experience in design of communication, data and IT infrastructure and distribution, including interface with exhibits. Experience in design and upgrade of pump and motor controls. Experience in design of underground electrical systems and in system controls, low and high voltage distribution systems and electrical trouble shooting. Load calculations for compliance with Title 24.

Electrical Engineering – Lighting Design (Licensed): Experience with building, landscape and exhibit illumination. Experience in design for exhibit and artifact lighting with consideration toward artifact sensitivity, innovation, flexibility, integration and sustainability. Possess a firm understanding of historical aesthetic values of architectural lighting combined with technology. Possess understanding of illumination requirements within the Park environment. (May be combined with Electrical Engineering)

Structural Engineering: Experience in the rehabilitation of small public buildings, and the design of new recreational and other miscellaneous types of buildings, bridges and piers. Working knowledge of California Building Code.

Historic Structural Engineering: Experience in and knowledge of structural engineering for various types of historic structures in the State of California. These structures will include adobe buildings, un-reinforced masonry buildings, heavy timber structures, light framed buildings, and other types of historic construction to be restored or rehabilitated under the guidelines of the Secretary of Interior's Standards. The services will include seismic strengthening, stabilization, deterioration repair, and other services that may be needed during the restoration and rehabilitation of historic buildings and structures. Experience

in California Building Code, Historic Building Code and Uniform Code for Building Conservation.

1.3 RFQ ISSUING OFFICE

- 1.3.1 RFQ is issued by the Department of Parks and Recreation, Acquisition and Development Division. A copy of this RFQ may be obtained by downloading it from the California State Contracts Register (CSCR) website at www.cscr.dgs.ca.gov/cscr.
- 1.3.2 **All questions concerning this RFQ shall be submitted in writing** by e-mail to plans_counter@parks.ca.gov or by fax to (916) 445-9027 on or before 2 p.m., Wednesday, December 3, 2008. Indicate the RFQ number and title in the subject line. Contact with DPR shall be made only through fax or e-mail; telephone calls will not be accepted. Should answers to questions amend the RFQ, DPR will issue an Addendum.
- 1.3.3 All notices, clarifications, and addenda to this RFQ shall be posted on the above CSCR website. It is the proposing Contractor's responsibility to monitor this website for all information regarding this RFQ. DPR is not responsible for sending individual notification of changes or updates. ***It is the sole responsibility of the proposing Contractors to remain apprised of changes to this RFQ.***
- 1.3.4 DPR encourages Small Business Enterprises (SBE) to submit SOQs; however, under the contracting law for Architectural and Engineering Services agreements, preference cannot be given to an SBE in the selection process.

The small business preference is not applicable for RFQ solicitations because the cost is negotiated with the most qualified firm. However, DPR encourages small businesses to participate in the RFQ process.

DPR strongly encourages Contractors responding to this solicitation to consider partnering with qualified California Certified Small Business Enterprises (SBE) to foster working partnerships with the small business community.

Information about SBE resources can be found at www.dgs.ca.gov/default.htm or by calling the Office of Small Business and DVBE Certification at (916) 375-4940.

If your firm is not certified as an SBE, log onto www.pd.dgs.ca.gov/smbus for information to determine if your firm or subcontractor(s) qualifies as an SBE.

1.4 SOQ DELIVERY AND DEADLINE

- 1.4.1 **Delivery:** SOQs must be plainly marked on the outside of the envelope:

**RFQ No. C08E0019
Architectural and Engineering Professional Services
for Projects in the
California State Parks System**

- 1.4.2 **Deadline:** Sealed SOQs will be accepted no later than **2 p.m., Wednesday, December 10, 2008 at:**

Department of Parks and Recreation
Acquisition and Development Division
One Capitol Mall, Suite 500 (Suite 410, if using overnight service)
Sacramento, California 95814

Note: DPR *will not* accept postmarks or fax responses. SOQs must be received at the above address by the deadline indicated.

- 1.4.3 SOQs received after the deadline shall be rejected without review and shall be returned to proposing Contractor unopened via U.S. Mail.

1.5 WITHDRAWAL OF SOQ

- 1.5.1 Contractor may withdraw its SOQ at any time prior to the deadline for submitting SOQs, by notifying DPR in writing of its withdrawal. The withdrawal notice must be signed by a duly authorized representative of Contractor.

Contractor may thereafter submit a new or modified SOQ, provided that it is received at DPR no later than the SOQ due date and time. (*See Section 1.4 SOQ Delivery and Deadline.*)

1.6 REJECTION OF SOQ

- 1.6.1 DPR reserves the right to reject any or all SOQs received in response to this RFQ, to cancel this RFQ or to terminate the selection proceedings at any time, if it determines such action is in the best interest of DPR.

1.7 AWARDS OF MASTER AGREEMENTS

- 1.7.1 Awards of Master Agreements, if made, will be in accordance with this RFQ to responsible Contractors submitting an SOQ compliant with all the requirements of this RFQ and any addenda thereto.

(END OF SECTION)

SECTION 2 –SCOPE OF WORK

2.1 LOCATIONS AND DESCRIPTIONS OF POTENTIAL PROJECTS

- 2.1.1 Various projects are located statewide throughout the California State Parks System. Potential projects that may require Architectural and Engineering Professional Services are identified in “Attachment B, Project List for Northern & Southern Service Centers”. Projects on this list may not necessarily receive funding or approval for design.
- 2.1.2 Potential projects include small new construction and rehabilitation projects on individual buildings, civil works, remediation, landscape and facilities, and larger projects that include multiple buildings, civil works and public use facilities at multiple locations. Typical estimated construction costs of the projects range from \$50,000 to approximately \$15 million.

2.2 PROJECTED TIMETABLE

- 2.2.1 Individual projects will be scheduled throughout the funding life of the projects. Contract negotiations for individual projects will include time constraints for the specific project in question.

2.3 DETAILED SCOPE OF WORK

- 2.3.1 The scope of work in complexity and scope of services will vary by discipline and from project to project. *(Refer to Paragraph 1.1.1)*

All firms will be required to comply with all applicable codes.
- 2.3.2 Document requirements for the work on projects shall include, however not be limited to:
 - A. Drawings shall be prepared using AutoCAD 2004 or later. Other programs must be capable of producing DWG and DXF documents using AutoCAD 2000 specifications. Drawings shall be done on standard DPR drawing sheets which are 22"x 34", and an electronic original shall be provided. AutoCAD documents shall conform to DPR AutoCAD Drawing standards. Specifications shall follow MasterSpec formats and Reports and supplemental data shall be submitted in Microsoft Office 2003 or later. The State reserves the right to change these standards to meet DPR needs.
 - B. Final, original, drawings and specifications, when complete, shall be stamped and signed by responsible individuals, licensed by the State of California.
- 2.3.3 Original wet stamped and electronic copies of drawings and specifications shall be given to DPR upon completion of work. Electronic documents shall be submitted on DVD format.
- 2.3.4 Other reproducible format document types will be described in specific contracts awarded.

2.3.5 DPR shall have ownership rights to Project documents.

2.4 SCOPE OF BASIC SERVICES

2.4.1 The scope of basic services required by this RFQ shall include some or all, however not limited to, the following:

- A. Contractor shall provide all necessary expertise and services to professionally and diligently prosecute the work authorized by Work Orders to be issued by DPR. Contractor shall:
 - 1. Contract for or employ at Contractor's expense, Subcontractors or personnel to the extent deemed necessary for the work. DPR reserves the right to reject the use of any Subcontractor.
 - 2. Consult, as necessary, with normal and customary employees, agencies, and/or representatives of DPR regarding the work of each Work Order.
 - 3. Attend meetings with DPR, other professionals employed by DPR and local and regional agencies, as needed, and directed by DPR to perform the work.
 - 4. Cooperate with other professionals employed by DPR for other work related to a Work Order.
 - 5. Abide by all regulations imposed by funding sources, such as auditing requirements and payroll affidavits.
 - 6. Be responsible for the professional quality, technical accuracy and the coordination of Contractor's entire work product and provide a professional level of review of all deliverables to assure quality and technical accuracy of all documents furnished by Contractor under this Agreement. Contractor shall, without additional compensation, correct or revise any errors in its documents and other services.
- B. Provision of the Work: Work shall be provided in accordance with Work Orders to be issued under each Master Agreement resulting from this RFQ, and shall be subject to the provisions of the Master Agreement (*See Attachment C, Sample Forms, Item 1, Standard Agreement Form STD 213*), including any additional provisions specified in each Work Order with regard to schedule, key personnel, and Subcontractors.

2.5 WORK ORDER PROCEDURE FOR POTENTIAL PROJECTS

2.5.1 DPR shall authorize Contractor to perform work on a specific project, named in the "Project List for Northern & Southern Service Centers" (*Attachment B of this RFQ*), by issuing to Contractor a project specific Work Order. Each Work Order will identify the park and project name(s), the project-specific scope of services, the schedule for providing the services and the required deliverables.

- 2.5.2 Work Orders will be primarily based upon fixed fees negotiated for the specific project, including but not limited to, cost of travel and all incidentals necessary to complete the Work Order scope of work. DPR may, at its discretion, negotiate either hourly fee rates or fixed fees for the described services. *(See Attachment C, Item 1.c Standard Agreement, Form STD 213, Exhibit B, Attachment I, Sample Work Order).*
- 2.5.3 Contractor shall submit an estimated cost breakdown based upon the project specific scope which shall include all necessary hours to perform the project specific scope of services, all estimated hours of labor and the corresponding hourly rate, along with any other estimated additional costs for services, including but not limited to, any Subcontractors, research, travel time, mileage and per diem, etc.
- 2.5.4 DPR will review Contractor's cost estimate and negotiate, as needed. If Contractor's estimated cost is reasonable, DPR may issue a Work Order authorizing the start of work in accordance with Standard Agreement, Exhibit B, paragraph 1.C. *(See Attachment C, "Sample Forms", Item 1.b Standard Agreement, Form STD 213, Exhibit B, Budget Detail and Payment Provisions, DPR 604).*
- 2.5.5 DPR, at its discretion, may combine two (2) or more projects to be handled as a single Work Order assignment. If a Work Order assignment includes multiple projects, Contractor shall provide a separate invoice for each individual project for which services are provided under the single Work Order.
- 2.5.6 Contractor may be assigned various projects and tasks which may have different funding sources.
- 2.5.7 There shall not be a contract agreement until a Work Order has been fully executed.
- 2.5.8 DPR at its own discretion may choose to not prepare a Work Order and to not have the work performed even though Contractor's cost was negotiated to a fair and reasonable price.
- 2.5.9 Work Orders for specific projects will be issued and managed from two (2) locations, the Northern Service Center located in Sacramento and the Southern Service Center located in San Diego.
- 2.5.10 Attachment B, "Project List", identifies the Service Center Office from which DPR manages each specific project and from which projects, at the discretion of DPR, will be assigned to the selected Contractor.

(END OF SECTION)

SECTION 3 – RESPONDING TO THIS RFQ

3.1 MINIMUM REQUIREMENTS

- 3.1.1 **Statement of Qualifications.** Contractor's Statement of Qualifications (SOQ) shall clearly and accurately demonstrate specialized knowledge and experience required for consideration. Submit five (5) copies of SOQ for each discipline of interest and for each Service Center for which you would like to be considered. *(See Attachment A, RFQ Checklist)*
- 3.1.2 A complete SOQ shall provide the following documents:
- A. Cover letter (Letter of Interest) signed by an authorized representative of Contractor and which includes Contractor's:
 - ◆ Legal name
 - ◆ Address (mailing & street, if different)
 - ◆ Telephone number
 - ◆ Fax number
 - ◆ Federal tax identification number
 - ◆ Name, title and email address of Contractor's contact person for this RFQ.
 - B. Attachment A, RFQ Checklist. Complete Attachment A, RFQ Checklist, identifying firm's type of discipline(s) of interest and the Service Center(s) of interest.
 - C. Standard Form 330 (US General Services Administration). Form 330 may be downloaded from: www.gsa.gov/Portal/gsa/ep/formslibrary.do?formType=SF.

Completion of Part I is required of all firms; however, complete Part II only if it is applicable to firm's corporate structure.
 - D. A written statement of Contractor's qualifications that is responsive to the selection criteria described in 3.2 Selection Criteria. Contractor shall include examples of successful projects within budget.
 - E. Schedule of Rates. Provide a Schedule of Rates for the principal firm (or firms if there is a joint venture or association) and Subcontractors. The schedule of rates shall consist of a list of project staff by title with hourly billing rates. It shall also indicate: (a) whether support services are billed as direct costs or are included in overhead; and (b) if handling charges or profit are added to other direct costs (e.g., subcontractors' costs, reimbursables). The hourly rates shall be subject to a yearly escalation based on Consumer Price Index.

This is not a Fee Proposal.
 - F. A written statement of what controls the firm would use to conform to a project budget and schedule.

G. A written statement of how the firm would approach the area of interest in a project.

H. Address firm's ability to provide staff and resources to selected projects within the time constraints and geographic locations of potential projects.

- 3.1.3 Costs incurred for developing the SOQ and in anticipation of award of the agreement are entirely the responsibility of Contractor and shall not be charged to DPR and/or the State of California. All submittals become the property of DPR upon receipt and will not be returned to Contractor except as described in Paragraph 1.4.3.

3.2 SELECTION CRITERIA

- 3.2.1. The selection committee will be appointed by DPR's Deputy Director of Acquisition and Development. The selection criteria to be used by DPR's committee members for determining the best-qualified firm to provide professional services for Projects will include:

	Selection Criteria	Maximum Points
1.	Professional experience of the firm in performing services of a similar nature and scope. DPR expects that the submitting firm have in-house professional expertise to perform the proposed discipline(s) for which the firm is submitting qualifications. Example: If a project requires a prime discipline, such as, architecture, and supporting disciplines are required, such as, structural engineering, the architectural firm may utilize its own subcontractors. The prime architectural firm will <u>not</u> be required to utilize DPR's top ranked structural engineering firm. Example: If a project <u>only</u> requires a specific discipline, such as, structural engineering, the DPR top ranked structural engineering firm will be notified for negotiations.	20
2.	Quality and relevance of recently completed or ongoing work.	15
3.	Reliability, continuity, and location of firm to the project management location.	15
4.	Staffing capability and the ability to meet schedules.	20
5.	Education and experience of key personnel to be assigned.	15
6.	Knowledge of applicable standards, regulations, codes and technology associated with the services performed.	15

Firms shall respond in writing indicating how they believe their experience fulfills the requirements of these criteria.

Subcontractors' names do not need to be included in the SOQ as selection criteria will not include the qualifications of Subcontractors associated with the proposing firm.

3.3 Evaluation and Selection Process

- 3.3.1 The DPR Selection Committee Members will review, evaluate and score each SOQ based on the above selection criteria. These factors shall be weighed according to the nature of the services to be provided and the needs of DPR.
- 3.3.2 All SOQs received, except SOQs as noted in Paragraph 1.4.3, will be evaluated to determine the extent to which they comply with the requirements of this RFQ.
- 3.3.3 If an SOQ fails to meet a material solicitation document requirement, the SOQ may be rejected. A deviation is material to the extent that a response is not in substantial accord with solicitation document requirements. Immaterial deviations may cause an SOQ to be rejected.
- 3.3.4 During the evaluation process, DPR may require Contractor to answer questions with regard to the Contractor's SOQ. Failure of Contractor to demonstrate that the claims made in its SOQ are in fact true may be sufficient cause for deeming an SOQ non-responsive.
- 3.3.5 At any time, DPR may contact a Contractor's previous clients and/or project owners to verify the experience and performance of the prospective Contractor, its key personnel, and its Subcontractors.
- 3.3.6 At least three (3) Contractors with the highest scores will be selected for the "Short List". Discussions shall be held with each of the "Short List" Contractors regarding their qualifications and experience. Contractors not selected for the "Short List" will be notified in writing.
- 3.3.7 After the interviews, Contractors shall be ranked (1, 2, 3, etc.) based on each Contractor's combined interview scores from each Selection Committee Member. Contractors will be notified in writing of the ranking results.

(END OF SECTION)

SECTION 4 – ADMINISTRATIVE PROCESS AND REQUIREMENTS

4.1 MASTER AGREEMENT FOR SERVICES

- 4.1.1 The number one ranked (selected) firm (Contractor) for each discipline will be notified in writing and be provided information for entering into the Master Agreement.
- 4.1.2 DPR will attempt to enter into negotiations with the selected Contractor for a satisfactory Agreement and reasonable fee for the services needed.
- 4.1.3 If a satisfactory contractual agreement on services and compensation cannot be reached between DPR and the selected Contractor DPR reserves the right to terminate negotiations with the selected Contractor and attempt to reach satisfactory contractual Agreement with the remaining qualified Contractors in order of their ranking.
- 4.1.4 The selected Contractor, with which DPR successfully negotiated, shall be required to execute a "Master Agreement" by Standard Agreement, Form STD 213 (*Attachment C, Sample Forms* to this RFQ). The Standard Agreement shall include the agreement terms and conditions of this RFQ. Contractor shall execute the required number of copies of the Agreement documents and return them within seven (7) calendar days, after Contractor has received Agreement documents for signature.

DPR reserves the right to modify or update the Standard Agreement in the interest of DPR, in whole or in part, at any time up to the issuance of the Agreement by DPR. By submitting for this RFQ, the prospective Contractor and its key Subcontractors acknowledge that a) the project team will provide the services required in the Agreement, and b) has no objection to the Standard Agreement (*Attachment C, Sample Forms* to this RFQ).

- 4.1.5 DPR will determine on a project-by-project basis, the services required. As a project becomes available in a Service Center, Contractor shall be notified and provided written instructions for negotiations. Negotiations will follow at which time Contractor will be asked to submit a detailed fee schedule for the project specific Work Order. DPR will attempt to negotiate a satisfactory and reasonable fee for the services needed. (*Refer to 2.5 Work Order Procedure for Potential Projects*)

4.2 INSURANCE REQUIREMENTS

- 4.2.1 Contractor shall be required to furnish evidence of insurance according to requirements included in *Attachment C, "Sample Forms", Item 1.e. Standard Agreement, Exhibit D - Special Terms and Conditions, paragraph 1 "Insurance Requirements"*. (*Form DPR 605AE*)

4.3 DISABLED VETERAN BUSINESS ENTERPRISE REQUIREMENTS

- 4.3.1 DPR requires a participation goal of a minimum six percent (6%) for Disabled Veteran Business Enterprises (DVBEs). The selected Contractor shall be required to demonstrate DVBE compliance or provide demonstration of written evidence of a "Good Faith" effort to achieve participation. See *Attachment C, "Sample Forms", Item 2.b, Documentation of Disabled Veteran Business Enterprise Program Requirements, Form STD 840 (10 pages)*.
- 4.3.2 Information about DVBE resources can be found at <http://www.dgs.ca.gov/default.htm> or by calling the Office of Small Business and DVBE Certification at (916) 375-4940.
- 4.3.3 Compliance forms for this purpose will be provided at the time the Standard Agreement documentation is sent to Contractor for execution. (See *Attachment C, Items 2a, 2.b, and 2.c for DVBE compliance forms*).
- 4.3.4 DVBE documentation **is not** submitted with the SOQ. However, documentation will be required of selected Contractor at time the Standard Agreement is executed.

ATTACHMENT A

RFQ CHECKLIST

**Architectural and Engineering Services
For Projects in the
California State Parks System**

Name of Firm _____

Place page 1 of this checklist at front of each SOQ copy, as applicable.

Each firm must identify the Discipline(s) for which it wants to be considered and select the location(s) of projects for which it is interested in providing services, Northern Service Center (NSC) and/or Southern Service Center (SSC).

Check the discipline(s) and location(s) for which your firm is submitting qualifications:

PROFESSIONAL SERVICE	NSC	SSC
Architecture		
Civil Engineering		
Electrical Engineering		
Electrical Engineering-Lighting Design (Licensed)		
Environmental Engineering		
Geotechnical Engineering		
Historic Architecture		
Historical Structural Engineering		
Land Surveying		
Landscape Architecture - Design		
Mechanical Engineering		
Structural Engineering		
Testing – Lab and Field		

Firms must identify the type of professional services for which they want to be considered and must select the location of projects for which they are interested in providing services, Northern Service Center and/or Southern Service Center.

Submit three (3) copies of an SOQ for each discipline of interest for each Service Center for which your firm would like to be considered. For example,

Architect for SSC	Submit 3 copies
Historic Architect for NSC	Submit 3 copies
Architect for SSC	Submit 3 copies
Historic Architect for SSC	Submit 3 copies
Total SOQ copies to be submitted	12

BUDGET DETAIL AND PAYMENT PROVISIONS

1. Invoicing and Payment

- A. For services satisfactorily rendered, and upon receipt and approval of the invoices, the State agrees to compensate the Contractor in accordance with the payment terms indicated in Paragraph C, below.
- B. Invoices shall include the Agreement Number and shall be submitted in triplicate not more frequently than monthly in arrears to: Department of Parks and Recreation
Attention: TBD, Contract Manager
One Capitol Mall, Suite 500
Sacramento, California 95814
- C. Prior to assignment of each Project, the State will provide a project-specific scope of services Work Order (see sample "Exhibit B, Attachment I"). Contractor shall submit a cost proposal indicating the number of hours and travel costs necessary to provide Type of Professional Services for the specific project. The cost proposal shall be subject to DPR approval. For services satisfactorily performed, and in accordance with the terms of this Agreement, the State agrees to pay Contractor based on a Fixed Fee as negotiated and agreed upon by Contractor and DPR which fixed amounts shall be listed in the Work Order. Total compensation shall be listed in the Work Order. Total compensation shall be based upon the fixed amounts which shall include full compensation for all Contractor's services and expenses including travel and per diem or any other direct or indirect expenses incident to providing the services.

Contractor shall be paid monthly in arrears upon receipt and approval by the Project Manager of an itemized invoice. Payment shall be based on the percentages of work accomplished for the individual Work Orders. From amount earned for each Work Order there shall be retained from each progress payment an amount equal to ten percent (10%). One hundred percent (100%) of the payment shall be made upon acceptance and approval by DPR of successfully completed services for each individual Work Order.

DPR makes no guarantee, either written or implied, as to the actual number of projects prosecuted under this agreement nor the actual total amount of funds paid to Contractor.

2. Budget Contingency Clause

- A. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to Contractor or to furnish any other considerations under this Agreement and Contractor shall not be obligated to perform any provisions of this Agreement.
- B. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an agreement amendment to Contractor to reflect the reduced amount.

3. Prompt Payment Clause

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927.

4. Timely Submission of Final Invoice

- A. A final undisputed invoice shall be submitted for payment no more than ninety (90) calendar days following expiration or termination date of this Agreement, unless a later or alternate deadline is agreed to in writing by the project representative. Said invoice should be clearly marked "Final Invoice," thus indicating that all payment obligations of the State under this Agreement have ceased and that no further payments are due or outstanding.
- B. The State may, at its discretion, choose not to honor any delinquent final invoice if the Contractor fails to obtain prior written State approval of an alternate final invoice submission deadline. Written State approval shall be sought from the project representative prior to the expiration or termination date of this Agreement.

SPECIAL TERMS AND CONDITIONS

1. Insurance Requirements

When Contractor submits a signed agreement to State, Contractor shall furnish to State a Certificate of Insurance in compliance with the following requirements:

A. Policy

The Certificate of Insurance shall: (a) be in a form acceptable to State; (b) be written by an insurer acceptable to State; (c) be maintained at Contractor's sole expense; (d) be in full force for the complete term of the agreement; (e) be primary, and not in excess to any insurance carried by State; (f) be furnished to State within fifteen (15) days, upon request.

B. Coverage (Additional coverage beyond the following, when required, shall be identified through an attachment to this exhibit.)

General Liability Insurance: Contractor shall procure commercial general liability insurance covering bodily injury, property damage, and personal injury with limits not less than \$1,000,000 per occurrence and \$2,000,000 general aggregate. Said policy shall apply separately to each insured against whom any claim is made or suit is brought subject to Contractor's limits of liability.

Motor Vehicle Liability Insurance: Contractor shall maintain motor vehicle liability insurance with limits not less than \$1,000,000 per accident. Such insurance shall cover liability arising out of an accident involving a motor vehicle in use by Contractor, including, but not limited to, Contractor owned, hired, and non-owned motor vehicles.

Worker's Compensation and Employer's Liability Insurance: Contractor shall maintain statutory worker's compensation and employer's liability insurance for all of Contractor's employees who will be engaged in the performance of work on the property, including special coverage extensions where applicable.

Professional Liability: Contractor shall maintain Professional Liability covering any damages caused by an error, omission or any negligent acts. Limits of not less than \$1,000,000 Bodily Injury and Property Damage combined Single Limit per Claim shall be provided.

C. Endorsements (The following endorsements must appear on the Certificate of Insurance.)

Cancellation: That the insurer will not cancel the insured's coverage without 30 days prior written notice to State, except in the case of cancellation for nonpayment of premiums, in which instance insurer shall give State ten (10) days written notice prior to the effective date of the cancellation.

Additional Insured: That the State of California, its officers, agents, employees and servants are included as additional insured, but only insofar as the operations under this agreement are concerned.

Premiums: That the State will not be responsible for any premiums or assessment on the policy.

D. Contractor's Additional Responsibilities

Contractor is responsible for any deductible or self-insured retention contained within the insurance program.

**EXHIBIT D — A&E SERVICES
(Standard Agreement)**

Contractor's Name: TBD

Agreement Number:

Page: 2 of 5

Contractor shall ensure that subcontractors procure insurance meeting the requirements of these provisions.

Upon State's request, Contractor shall provide copies of its Worker's Compensation and Employer's Liability Insurance.

Concurrent with the execution of this agreement, Contractor shall provide to State evidence that the insurance required to be carried by these provisions, including any endorsement affecting the additional insured status, is in full force and effect and that premiums therefore have been paid. At State's discretion, such evidence shall be the appropriate ACORD Form (Certificate of Insurance) or a certified copy of the original policy, including all endorsements.

Upon notification by State of receipt of a notice of cancellation, expiration, or any reduction in coverage, or if the insurer commences proceeding or has proceeding commenced against it, indicating the insurer is insolvent, Contractor shall provide to State evidence of replacement policy at least ten (10) working days prior to the effective date of such cancellation, expiration, or reduction in coverage.

E. Insurance Companies

Insurance companies issuing any of the policies required by these provisions shall have a rating classification of "B" or better and a financial size category rating of "VII" or better according to the latest edition of the A.M. Best Key Rating Guide. Any other rating classification requires State approval.

All insurance companies issuing any of the policies required by these provisions shall be licensed to do business in the State of California.

F. State Remedies

Should Contractor fail to keep the insurance required to be carried by these provisions in full force and effect at all times, State may in addition to any other remedies State has, terminate this agreement immediately and all payments due or that become due will be withheld until notice is received by State that such insurance has been restored or replaced to full force and effect and that the premiums therefore have been paid to cover a period of time satisfactory to State.

2. Licenses and Permits

Contractor shall be an individual or firm licensed to do business in California and shall obtain at its expense all license(s) and permit(s) required by law for accomplishing any work required in connection with this agreement.

If Contractor is located within the State of California, a business license from the city/county in which it is headquartered is necessary; however, if Contractor is a corporation, a copy of the incorporation documents/letter from the Secretary of State's Office can be submitted. If Contractor is located outside the State of California, Contractor shall submit to State a copy of the business license or incorporation papers for the respective state showing that the company is in good standing within that state.

In the event, any license(s) and/or permit(s) expire at any time during the term of this agreement, Contractor agrees to provide State with a copy of the renewed license(s) and/or permit(s) within 30 days following the expiration date. In the event Contractor fails to keep in effect at all times all required license(s) and permit(s), State may, in addition to any other remedies it may have, terminate this agreement upon occurrence of such event.

3. Disputes

Unless otherwise provided in this agreement, any dispute concerning a question of fact arising under this agreement which cannot be resolved informally shall be decided by the following two-step procedures.

Contractor must provide written notice of the particulars of such disputes to the Project Manager or his/her duly appointed representative. The Project Manager must respond in writing within ten (10) working days of receipt of the written notice of dispute. Should Contractor disagree with the Project Manager's decision, Contractor may appeal to the second level. Pending the decision on appeal, Contractor shall proceed diligently with the performance of this agreement in accordance with the Project Manager's decision. The second level appeal must indicate why the Project Manager's decision is unacceptable, attaching to it Contractor's original statement of the dispute with supporting documents, along with a copy of the Project Manager's response. The second level appeal shall be sent to the Deputy Director of Administrative Services or his/her duly appointed representative. The second level appeal must be filed within fifteen (15) working days of receipt of the Project Manager's decision. Failure to submit an appeal within the period specified shall constitute a waiver of all such right to an adjustment of this agreement. The Deputy Director or designee shall meet with Contractor to review the issues raised. A written decision signed by the Deputy Director or designee shall be returned to Contractor within fifteen (15) working days of the receipt of the appeal.

4. Termination for Convenience

State reserves the right to terminate this agreement subject to 30 days written notice to Contractor. Contractor may submit a written request to terminate this agreement only if State should substantially fail to perform its responsibilities as provided herein.

5. Force Majeure

Except for defaults of subcontractors, neither party shall be responsible for delays or failures in performance resulting from acts beyond the control of the offending party. Such acts shall include but shall not be limited to acts of God, fire, flood, earthquake, other natural disaster, nuclear accident, strike, lockout, riot, freight embargo, public regulated utility, or governmental statutes or regulations superimposed after the fact. If a delay or failure in performance by Contractor arises out of a default of its subcontractor, and if such default of its subcontractor, arises out of causes beyond the control of both Contractor and subcontractor, and without the fault or negligence of either of them, Contractor shall not be liable for damages of such delay or failure, unless the supplies or services to be furnished by subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule.

6. Potential Subcontractors

Nothing contained in this agreement or otherwise, shall create any contractual relation between State and any subcontractors, and no subcontract shall relieve Contractor of its responsibilities and obligations hereunder. Contractor agrees to be as fully responsible to State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Contractor. Contractor's obligation to pay its subcontractors is an independent obligation from State's obligation to make payments to Contractor. As a result, State shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

7. Priority Hiring Considerations for Contracts of \$200,000 or More

If the resulting agreement will have a total value of \$200,000 or more, Contractor is hereby advised that it will be obligated to give priority consideration in filling vacancies in positions funded by the resulting agreement to

qualified recipients of aid under Welfare and Institutions Code Section 11200. This requirement shall not interfere with or require a violation of a collective bargaining agreement, a federal affirmative action obligation for hiring disabled veterans of the Vietnam era, or nondiscrimination compliance laws of California and does not require the employment of unqualified recipients of aid.

8. Intellectual Property

Any works developed during and/or pursuant to this agreement by Contractor, including all related copyrights and other proprietary rights therein, as may now exist and/or which hereafter come into existence, shall belong to State upon creation, and shall continue in State's exclusive ownership upon termination of this agreement. Contractor further intends and agrees to assign to State all right, title and interest in and to such materials as well as all related copyrights and other proprietary rights therein.

Contractor agrees to cooperate with State and to execute any document or documents that may be found to be necessary to give the foregoing provisions full force and effect, including but not limited to, an assignment of copyright.

Contractor agrees not to incorporate into or make the works developed, dependent upon any original works of authorship or Intellectual Property Rights of third parties without first (a) obtaining State's prior written permission, and (b) granting to or obtaining for State a nonexclusive, royalty-free, paid-up, irrevocable, perpetual, world-wide license, to use, reproduce, sell, modify, publicly and privately display and distribute, for any purpose whatsoever, any such prior works.

9. Conflict of Interest (FPPC Form 700)

Contractor hereby acknowledges that it has obtained the Fair Political Practices Commission Form 700, "State of Economic Interests" via www.fppc.ca.gov and reviewed a copy of the Department's Conflict of Interest Code and, specifically, has reviewed the categories and disclosures required of consultants to the Department.

10. Indemnification (Paragraph Number 5, of the General Terms and Conditions (GTC 307) is hereby replaced with the following indemnification provision)

Contractor shall indemnify, protect, defend, and hold State, its affiliates, agents and employees harmless from all liability and loss due to or arising out of or in connection with injury (including death) to any person, including Contractor's employees, agents, consultants and representatives, or damage to any property at any time during or after the performance of the work as a result of the willful misconduct, acts, errors, omissions or negligent acts of Contractor, its consultants, agents, servants or employees. Contractor shall defend all suits or claims alleging such injury or damages and shall pay all charges of attorneys, court costs and all other costs and expenses of defense. The provisions of this Section shall survive Final Acceptance of the Work.

11. Errors and Omissions

In the event of the commission of any negligent act, error or omission or the default by Contractor in the performance of any of its duties or obligations under this agreement, Contractor shall, without cost or expense to State, make such corrections or revisions to the documents prepared by Contractor hereunder as may be necessary to rectify such error or omission or the effects of such default, and State shall withhold any premium costs and expenses which State incurs on account of Contractor's failure to perform its services according to the professional standard. Contractor shall promptly reimburse State for such premium costs and expenses which are not withheld by State as provided above. Contractor and State agree that if a dispute arises over whether an act of Contractor constitutes negligence, both will promptly meet and confer with each other regarding the existence or nonexistence or allocation of such negligence. In the event State makes a claim hereunder for

premium costs and expenses the parties shall, as soon as possible thereafter, meet and confer, consult and advise in good faith with a view towards reaching agreement with respect to the amounts (if any) of the premium costs and expenses for which Contractor shall be responsible hereunder. As used herein, "premium costs and expenses" shall mean those costs and expenses incurred by State on account of an error or omission or default by Contractor as herein specified which would not have been incurred but for such error or omission or default. Specifically by way of example but not limitation, premium costs and expenses include uncovering, demolition and reworking of work previously completed, overtime work necessary to make corrections to the work and restocking charges levied by material suppliers or subcontractors for return of materials and supplies. As used herein, "error and omission" and "default" by Contractor includes negligent acts, errors and omissions of Contractor which are caused by the negligent act of Contractor, non-conformance of the contract documents with applicable laws, negligent ambiguities, errors or inconsistencies in the contract documents resulting from the negligence of Contractor, or in any work not sufficiently detailed or explained therein, or the negligent failure of Contractor to properly coordinate or conform its documents with those of other persons as specified in this agreement.

12. Confidentiality of Data:

Contractor shall not issue any news releases or public relations item of any nature whatsoever regarding work performed under this contract without prior review of the contents thereof by State and receipt of State's written permission.

13. Death or Incapacity:

If Contractor transacts business as an individual, and not as a corporation, Contractor's death or incapacity shall automatically terminate this contract as of the date of such event. Neither Contractor nor Contractor's estate shall have any further right to perform hereunder, and State shall pay Contractor or Contractor's estate the compensation payable for any services rendered prior to such termination not heretofore paid reduced by the amount of additional costs incurred by State because of such termination.

14. Limitation of Service:

The State does not assume any obligation to employ the Contractor's services or pay Contractor royalties of any type as to future programs which may result from the work performed under this contract.

15. Notices:

Any notice may be served effectually upon the State or Contractor by certified mail addressed as set forth on page one of Exhibit A, or such other address as State or Contractor may designate by written notice served upon the other.

16. Reports and/or Meetings:

Contractor shall submit progress reports or otherwise contact State's Project Manager on a routine basis during the course of the work. These reports will determine if the project is on schedule and will also officially document any difficulties or special problems encountered in the fulfillment of the contract obligations, so that remedies may be found.

17. Unlawful Considerations:

Contractor warrants that the contract was not obtained or secured through rebates, kickbacks or other unlawful considerations either promised or paid to any state employee. Contractor agrees that failure to adhere to this warranty may be cause for contract termination and recovery of damages due State.

California Disabled Veteran Business Enterprise Program Requirements

(REV. 9-15-03)

AUTHORITY. The Disabled Veteran Business Enterprise (DVBE) Participation Goal Program for state contracts is established in Public Contract Code (PCC), Section 10115 et seq., Military and Veterans Code, Section 999 et seq. and California Code of Regulations, Title 2 (2CCR), Section 1896.60 et seq.

The minimum DVBE participation percentage is 3% for this solicitation unless another percentage is specified in the solicitation.

INTRODUCTION. The bidder must document at least one of the options (A, B or C) in this document to comply with this solicitation's DVBE program requirements. Bids or proposals (hereafter called "bids") that fail to fully document one of the DVBE program requirements options shall be considered non-responsive and ineligible for award.

All information submitted by the intended awardee to comply with this solicitation's DVBE requirements will be verified by the State. If evidence of an alleged violation is found during the verification process, the State shall initiate an investigation with this information in accordance with the requirements of the Public Contract Code, Section 10115, et seq. and the Military and Veterans Code, Section 999 et seq. and follow the investigatory procedures required by the California Code of Regulations, Section 1896.80.

Only State of California, Office of Small Business and DVBE Certification certified DVBEs who perform a commercially useful function relevant to this solicitation may be used to satisfy the DVBE program requirements. The criteria for performing a commercially useful function are contained on page 5, Resources & Information and California Code of Regulations, Title 2, Section 1896.61(l). Verify each DVBE subcontractor's/supplier's certification with the Office of Small Business and DVBE Certification Section to ensure DVBE eligibility.

To meet the DVBE program requirements, bidders must complete and fully document at least one of the following compliance options:
Option A - Commitment to full DVBE participation - For a bidder who is a DVBE or who is able to meet the commitment to use identified DVBE(s) to fulfill the full DVBE participation goal.
Option B - Good Faith Effort - For a bidder documenting its completed effort, made prior to the bid due date, to obtain DVBE participation that may result in partial or no DVBE participation.
Option C - Business Utilization Plan - For a bidder using an annual plan (subject to approval) to satisfy DVBE participation requirements. Applies only to solicitations for goods and information technology.

PLEASE READ ALL INSTRUCTIONS CAREFULLY. These instructions contain information about the DVBE program requirements, bidder responsibilities, and requirements for performing and documenting each of the three available options as detailed below. Bidders are responsible for thorough review and compliance with these instructions. Document your option selection on the attached STD Form 840, Documentation of Disabled Veteran Business Enterprise Program Requirements.

OPTION A – COMMITMENT -- Commit to meet or exceed the DVBE participation requirement in this solicitation by either Method A1 or A2. Bidders must document DVBE participation commitment by completing and submitting the attached STD 840. Failure to complete and submit STD 840 (Side 1) as instructed shall render your bid non-responsive.

The bidder must provide, prior to contract award, a written agreement signed by the bidder and each proposed DVBE subcontractor. The written agreement will include the DVBE scope of work, work to be performed by the DVBE, term of intended subcontract with the DVBE, anticipated dates the DVBE will perform required work, rate and conditions of payment, total amount of contract to be paid to the DVBE, and the percentage of the entire contract that will be awarded to the DVBE, with each DVBE subcontractor. If this information is contained in the bidder's DVBE written agreement of intent, the agreement may be attached to the STD 840. If further verification is necessary, the state will obtain additional information to verify the above requirements.

Method A1. Certified DVBE bidder:

- a. Commit to performing at least 3% of the contract bid amount (unless otherwise specified) with your firm or in combination with other DVBE(s).
- b. Document DVBE participation on STD 840 (Side 1) and attach a copy of all applicable certifications.
- c. A DVBE bidder working in combination with other DVBEs shall be requested to submit proof of its commitment by submitting a written agreement with the DVBE(s) identified in its bid's STD 840. When requested, the written agreement must be submitted to the address or facsimile number specified and within the timeframe identified in the notification. Failure to submit the requested written agreement as specified may be grounds for bid rejection.

Method A2. Non-DVBE bidder:

- a. Commit to using certified DVBE(s) for at least 3% (unless otherwise specified) of the bid amount.
- b. When a bidder commits to less than the required 3% DVBE participation or its commitment may fall below 3% if specific line items/groups are not selected for award, then Option B, Good Faith Effort must be completed in addition to Option A, Commitment.
- c. Document DVBE participation on STD 840 (Side 1) and attach a copy of the DVBE's certification.
- d. Prior to contract award, a bidder is to submit proof of their commitment by submitting a written agreement with the DVBE(s) identified in its bid's STD 840. The awarding department contracting official named in this solicitation will contact each listed DVBE, by mail, fax or telephone, for verification of the bidder's submitted DVBE information. The written agreement must be submitted to the address or facsimile number specified and within the timeframe identified in the notification. Failure to submit the written agreement as specified may be grounds for bid rejection.

OPTION B – GOOD FAITH EFFORT (GFE) performance and documentation requirements must be completely satisfied prior to bid submission if you are unable to obtain and commit to the full DVBE participation percentage goal (Option A) and do not exercise Option C. Perform and document the following Steps 1 through 5 on both sides of the attached STD 840 form. Failure to perform and document GFE Steps 1 through 5 as instructed, which includes properly completing and submitting both sides of STD 840, shall result in your bid being deemed non-responsive. Step 3, Advertisement, is required unless specifically waived for this solicitation due to time limits imposed by the awarding department.

Step 1 Awarding Department - Contact the department's contracting official named in this solicitation to identify interested DVBEs. You must fully document this contact and describe the results on STD 840 (Side 2).

Step 2 Other State and Federal Agencies, and Local Organizations

STATE Contact the Department of General Services, Procurement Division's (DGS-PD) Office of Small Business and DVBE Certification (OSDC) to obtain a list of certified DVBEs by telephone at (916) 322-5060 for the 24-hour automated telephone system or (916) 375-4940 for the receptionist during normal business hours. This information can also be obtained by searching the online database at <http://www.pd.dgs.ca.gov/smbus>. Begin by selecting Certified Firm Inquiry Services, then search by using either the Keyword Search or the Standard Query options. You must fully document this contact and describe the results on STD 840 (Side 2).

FEDERAL Search the U.S. Small Business Administration's (SBA) online database (Pro-Net) at <http://www.pro-net.sba.gov> to identify potential DVBEs. Select these minimum options in the following sequence: select Search Database; select CA under "State"; select Service Disabled Veteran under "Other Ownership Data"; and "Search Using These Criteria" at the page bottom. The database takes a few moments to query, and then your list will appear on your screen. You may select other criteria to focus your search. You must fully document this contact and describe the results on STD 840 (Side 2).

LOCAL Contact at least one local DVBE organization to identify DVBEs. For a list of local DVBE organizations, please refer to the DVBE Resource Packet that may be accessed online (<http://www.pd.dgs.ca.gov/smbus> - select "DVBE Resource Packet") or obtain a hardcopy by requesting it from DGS-PD Office of Small Business and DVBE Outreach and Education (see the Resources & Information page). You must fully document your contact with local DVBE organizations and describe the results on STD 840 (Side 2).

Step 3 Advertisements are mandatory unless waived by the awarding department.

CONTENT REQUIREMENTS: Include all of the following in your advertisement(s): (1) company name; (2) contact name; (3) address; (4) telephone and facsimile (if applicable) numbers; (5) e-mail address (if applicable); (6) the state's solicitation number(s); (7) goods and/or services for which the state is soliciting; (8) the location of the work to be performed; and (9) the State's bid(s) due date and/or your due date for receiving DVBE responses.

HOW MANY & WHERE TO PUBLISH: Bidders must publish two (2) ads, one (1) each in a trade paper and a DVBE focus paper unless the paper is dual purpose (fulfilling both trade and focus requirements as defined in California Code of Regulations, Title 2, Section 1896.61(k)), in which case one (1) ad is acceptable. Please see <http://www.pd.dgs.ca.gov/smbus> for a list of DVBE Trade and Focus Paper Listings.

WHEN: Ads must be published after the solicitation's release date and at least 14 days prior to the bid due date, unless a different time period is expressly established in this solicitation.

DOCUMENT & SUBMIT: On STD 840 (Side 2), document the publication name(s) in which you published advertisement(s), the contact name and phone number, and date of publication. Include a copy(ies) of the advertisement(s) with your bid.

Step 4 Invitations to Participate

WHO: Invite (solicit) DVBEs who can provide relevant goods and/or services to this solicitation to subcontract with you. Conducting Steps 1 through 3 produces a list of DVBEs from which you may choose potential DVBEs subcontractors/suppliers to contact. Bidders are advised to contact as many DVBEs (who provide relevant goods and/or services in the applicable location(s)) as possible. Non-California-certified DVBEs are not eligible -- please refer those DVBEs to the OSDC to learn about certification (see the Resources & Information page for contact information).

FOR WHAT: Solicit DVBEs for goods and/or services relevant to the state's solicitation. If you are unable to identify specific portion(s) of the proposed contract to subcontract, the state encourages bidders to avoid making a predetermination that no DVBEs are able to perform without first contacting and soliciting participation from them. This allows DVBEs to respond whether they can or cannot provide any goods or services related to the solicitation, and provides a bidder with responses for consideration.

HOW TO INVITE & CONTENT REQUIREMENTS: Written invitations are required. At a minimum, invitations must contain all of the following: (1) company name; (2) contact name; (3) address; (4) phone and facsimile (if applicable) numbers; (5) return e-mail address (if applicable); (6) the state's solicitation number (NOT APPLICABLE FOR DPR); (7) goods and/or services for which the state is soliciting; (8) location of work; and (9) the State's bid(s) due date and/or your due date for receiving DVBE responses.

WHEN: Provide DVBE's with a reasonable time period to receive and respond to your invitation, and to be considered by you for participation as described in Step 5, prior to your bid submission.

DOCUMENT & SUBMIT: Bidders must document the completed contacts on STD 840 (Side 1), Section A. Attach additional copies of STD 840A as necessary to list your DVBE contacts. You are required to attach a copy of: (1) each invitation or offer sent by letter, fax or e-mail; and (2) confirmation of transmittal or delivery. Your bid shall be considered non-responsive if it fails to include copies of the written invitations and delivery confirmations.

Step 5 Consider all responding DVBEs for contract participation. Consideration must be based on business needs for the contract and the same evaluation criteria must be applied to each potential DVBE subcontractor/supplier offering the same goods and services. You must document on STD 840 (Side 1), Section A any firm(s) selected for participation; or if not selected, the reason for non-selection. Attach additional copies of STD 840A as necessary to list all of your DVBE contacts.

OPTION C – THE DVBE BUSINESS UTILIZATION PLAN (BUP) option permits bidders to submit an approved DVBE BUP to satisfy DVBE participation solicitation requirements up to 3%. **DVBE BUPs apply only to solicitations for goods and information technology (IT) goods and services.** DVBE BUPs are a company's commitment to expend a minimum of 3% of its total statewide contract dollars with DVBEs -- this percentage is based on all of its contracts in the State, not just those with the State. DVBE BUPs must be submitted to and approved by the DGS-PD prior to the bid due date. Please call the DGS-PD, Office of Small Business and DVBE Outreach and Education for assistance. Bidders choosing this option must properly complete and submit STD 840 (Side 1) and include a copy of its approval letter with the bid; failure to submit these documents shall render your bid non-responsive.

RESOURCES AND INFORMATION

For assistance in preparing a responsive participation document, **contact the contracting official at the awarding department for this solicitation.** In accordance with Public Contract Code Section 10115.2(b)(3), bidders must advertise in trade and focus publications unless the requirement is waived. The Department of General Services, Procurement Division (DGS-PD) publishes a list of trade and focus publications to assist bidders in meeting these contract requirements. To obtain this list, please contact the DGS-PD Office of Small Business and DVBE Outreach and Education and request the "DVBE Resource Packet."

Commercially Useful Function Definition

California Code of Regulations, Title 2, § 1896.61(l):

The term "DVBE contractor, subcontractor or supplier" means any person or entity that satisfies the ownership (or management) and control requirements of Section 1896.61(f); is certified in accordance with Section 1896.70; and provides services or goods that contribute to the fulfillment of the contract requirements by performing a commercially useful function. A DVBE contractor, subcontractor or supplier is considered performing a commercially useful function when it meets the following criteria:

(1) The business concern is: responsible for the execution of a distinct element of the work of the contract; carrying out its obligation by actually performing, managing or supervising the work involved; and performing work that is normal for its business services and functions, and

(2) The business concern is not further subcontracting a greater portion of the work than would be expected by normal industry practices.

DOCUMENTATION OF DISABLED VETERAN BUSINESS ENTERPRISE PROGRAM REQUIREMENTS

STD 840 (REV. 9-15-2003)

Designation Of Option Check the appropriate box(es) to indicate the option(s) with which you choose to comply, complete the applicable sections and attach the required supporting documentation. You are advised to read all instructions carefully prior to completing this form. Remember that only California certified DVBEs who can provide related goods and/or services may be used to satisfy these program solicitation requirements.

- ☐ **OPTION A – I commit to meeting the full DVBE contract participation requirement.**
Complete STD 840, Section A.
- ☐ **OPTION B – I performed and documented a Good Faith Effort (GFE) in an attempt to obtain DVBE participation.**
Complete STD 840, Section A (for GFE Steps 4 & 5) and STD 840 (REVERSE), Section B (for GFE Steps 1–3).
- ☐ **OPTION C – I submit a copy of my firm's "Notice of Approved DVBE Business Utilization Plan."**

A. Full information must be provided.

For contract participation commitment, at least one DVBE must be listed. DVBEs must perform a commercially useful function. List the specific goods and/or services with the dollar and/or percentage value(s) that the DVBE(s) commit(s) to provide and the DVBE's tier (prime contractor = 0, subcontractor to prime contractor = 1, subcontractor to Tier 1 subcontractor = 2, etc.). If both the estimated dollar amount and percentage are listed, the higher value supercedes. Attach additional pages to list all other DVBE subcontractors/suppliers (you may use STD 840A). During contract performance, all requests for substituting named DVBEs must be made in accordance with the provisions of California Code of Regulations, Title 2, Section 1896.64(c).

For Good Faith Effort (GFE), use this section to document your first completed contacts with (Step 4), and consideration of (Step 5), relevant DVBEs. Business reasons for non-selection must be documented. Attach additional pages to list all other DVBE contacts (you may use STD 840A). Copies of all written invitations and delivery confirmations must also be attached and submitted with the bid.
