

REQUEST FOR PROPOSAL FROM THE WORLD INITIATIVE FOR SOY IN HUMAN HEALTH (WISHH)

I. DATE

July 27, 2020

II. PROJECT OBJECTIVE

This request for proposal (RFP) will identify experts to develop and implement a 12 hour workshop that will cover the basics of entrepreneurship, financial management and business plan development. The workshop attendees will include elite entrepreneurs from developing and emerging markets in Latin America, Asia and sub-Saharan Africa who have committed to launching a new or expanding business using U.S. soy. These entrepreneurs are part of the Soy Investor class who are receiving training and support from ASA/WISHH. The entrepreneurs will be looking to build a business in one of the following sectors: human food, aquaculture and poultry. The workshop materials should include topics such as understanding trade and import duties of product, components of a business plan, role of and inclusion of market analysis and SWOT in a business plan, creating financial projections, value proposition, alternative sources of funding.

III. ORGANIZATON BACKGROUND

The American Soybean Association's World Initiative for Soy in Human Health (WISHH) program connects trade and development across global market systems, improving food security. Knowing that protein plays an essential role in human nutrition, visionary U.S. soybean growers founded WISHH in 2000 to serve as a catalyst in developing and emerging markets. WISHH brings the power of strategic partnerships to our unique market-systems approach. Local business leaders, governmental and non-governmental organizations as well as academic institutions join us in increasing demand and fueling economic growth for the sustained availability of nutritious and affordable human foods and livestock feeds.

IV. SCOPE OF WORK

Successfully starting a new or expanding a business can be challenging, especially in ever-evolving markets in developing and emerging economies. Having the right tools and resources to develop an inclusive and comprehensive plan can help mitigate risks and identify both opportunities and threats to a business.

Over the past 20 years, WISHH has seen first-hand the need for innovative entrepreneurship within emerging market agricultural value chains. These entrepreneurs are leaders in their communities and sectors, providing jobs and generating income that remains local. Entrepreneurs in the developing world are an integral part of starting or building an industry and can help shape policies and rules that will guide the industry into the future.

WISHH has worked globally with a wide variety of entrepreneurs in the aquaculture, poultry, animal feed and food technology sectors. These entrepreneurs may possess existing business ventures but see an opportunity to be filled within their current or outside sectors. Providing business and technical support as early as possible in the business development process is critical to a successful launch. Prior to the business planning workshop, the Soy Investor class members will participate in a WISHH-sponsored webinar series that will address Food Safety, Lean Business Management and Crisis Management. These webinars will serve as an introduction to each topic and will provide key insights into other critical components of successful business plans. WISHH will also provide the Soy Investor class members with mentors possessing technical and business acumen to provide continued support and guidance as the entrepreneurs build and implement their business plans.

The business planning workshop should include, but not be limited to the following topics:

- 1. Understanding trade and import duties
- 2. Components of a business plan
- 3. Role of Market Analysis/SWOT in a business plan
- 4. Value Proposition
- 5. Creating financial projections
- 6. Alternative funding sources

This RFP has three activities:

- 1) Development of business planning curriculum
- 2) Implementation and delivering of the curriculum in an online platform. This would include recorded sessions as well as live sessions for participant interaction
- 3) Content to be sent prior to the online training to prepare the entrepreneurs (articles, templates, suggested reading, etc.)

The developed materials will remain the property of WISHH and will be posted on the training section of the WISHH website and available for future use.
