

IDENTIFICATION OF PROPOSED SUBCONTRACTORS

- A. The Contractor shall, as a part of the Bid Submittal, submit a list of names of all subcontractors proposed for the work. The Contractor shall not employ any subcontractor that Architect/Engineer and Owner may, within a reasonable time, object to as incompetent or unfit, in which case he shall present three names for each branch of subcontract work for Architect/Engineer and Owner approval. Contractor must obtain written approval from Architect/Engineer before employing new subcontractor.
- B. The Contractor agrees that he is fully responsible to the Owners for the acts and omissions of his subcontractors and of persons either directly or indirectly employed by him.
- C. Nothing contained in the Contract Documents shall create any contractual relation between any subcontractor and the Owner.
