The circumstances must be beyond the control of the Seller, and the requested adjustments must be fully documented. The City may, after examination, refuse to accept the adjusted costs if they are not properly documented, increases are considered to be excessive, or decreases are considered to be insufficient. In the event the City does not wish to accept the adjusted costs and the matter cannot be resolved to the satisfaction of the City, the City will reserve the following options:
- a. The contract can be canceled by the City upon giving thirty (30) days written notice to the Seller with no penalty to the City or Seller. The Seller shall fill all City requirements submitted to the Seller until the termination date contained in the notice.
 - b. The City requires the Seller to continue to provide the items and services at the firm fixed (non-adjusted) cost until the termination of the contract term then in effect.
 - c. If the City, in its interest and in its sole opinion, determines that the Seller in a capricious manner attempted to use this section of the contract to relieve themselves of a legitimate obligation under the contract, and no unusual circumstances had occurred, the City reserves the right to take any and all action under law or equity. Such action shall include, but not be limited to, declaring the Seller in default and disqualifying him for receiving any business from the City for a state period of time.
 - d. If the City does agree to adjusted costs, these adjusted costs shall not be invoiced to the City until the Seller receives notice in writing signed by a person authorized to bind the City in such matters.
