**Answers to Questions Submitted for
RFI 12020 - CATV Video Distribution System**

- Q1. When will the head end in Heather Hall be moved?
A1. **The head end will be moved to Akers Energy Center once the new contract is in place.**
- Q2. When is Wiest Hall expected to be vacated?
A2. **Wiest is scheduled for the year 2015, but this may change.**
- Q3. Do you have roof access from the telecom room in Akers?
A3. **Yes, there is a hatch above the telecom room.**
- Q4. Are vendors allowed to install equipment on the roof of Akers if necessary (e.g., satellite dish)?
A4. **The Director of Facilities Planning will approve equipment to be installed on the roof. If installation is approved, specifications will need to be met for the roof curb.**
- The Director of the Physical Plant will approve any new equipment to be installed in the buildings and/or tunnels.**
- Q5. Does the University own the complete current video distribution system? If not, what portions are owned by the University?
A5. **FHSU owns the equipment in the buildings. The current contract vendor owns the equipment to campus, in the underground tunnels, and in between the buildings. Detailed information about the current equipment on campus may be obtained by contacting Jordan Wildeman from Eagle Communications at 785-650-9092.**
- Q6. Who provides maintenance to the system?
A6. **The University provides maintenance inside the buildings. The contract vendor provides maintenance outside the buildings.**
- Q7. Please identify which buildings in Attachment A are residential buildings.
A7. **See Revised Attachment A on page 5 and additional information regarding residential, academic, and non-academic buildings on pages 15 – 17.**
- Q8. Is the current video distribution system two-way capable?
A8. **Yes, the current system is two-way capable.**
- Q9. Will an award be made from this RFI process or will there be an RFP that follows?
A9. **The RFI process will convert to an RFP. No further response is necessary.**
- Q10. If an RFP is to follow, will the respondents response to this RFI be made available to competitors via the applicable freedom of information act?
A10. **Results will not be given to individuals over the telephone. Results may be obtained after contract finalization by obtaining a tabulation sheet from the FHSU Purchasing Office by sending:**
- **A check for \$3.00, payable to the Fort Hays State University**
 - **A self-addressed, stamped envelope**
 - **RFI Number**

**Send to:
Fort Hays State University
Purchasing Office
601 Park Street Sheridan Hall Rm 318
Hays, KS 67601**

Copies of individual proposals may be obtained under the Kansas Open Records Act by calling 785-628-4251 to request an estimate of the cost to reproduce the documents and remitting that amount with a written request to the above address. Upon receipt of the funds, the documents will be mailed. Information in proposal files shall not be released until a contract has been executed or all proposals have been rejected.

- Q11. If an RFP is to follow, will only the RFI mandatory attendees be allowed to respond to the RFP?
A11. Only the RFI mandatory attendees who attended the pre-bid meeting will be allowed to respond.
- A12. Please provide the current channel lineup.
A12. See lineup listed below.

Q13. Is there a tunnel and cable diagram?

A13. See drawing on page 12. This map is a combination of Cable TV North, South, and West Campuses. The yellow indicates the underground tunnels. The red line represents coax cable for TV.

Q14. Is single-mode fiber available to all buildings in attachment A, Heather Hall & Akens Energy Center? If not, please indicate which buildings do have single-mode fiber.

A14. Most buildings on campus have minimum 12-count single-mode & multi-mode fiber FDUs. (see FiberZones.jpg) However, the following buildings have MULTI-MODE ONLY:

- **Wiest Hall**
- **President's House**
- **Stadium Place buildings B, C, & D**
- **Brooks Buildings**
- **Witt Building**
- **Grounds Building**

NOTE: See Page 13 – Fiber Zones drawing.

Q15. Please provide a current single-mode fiber logical drawing.

A15. See Page 14 – Fiber Paths drawing. This is an estimate only.

A16. How is the broadcast movie signal, BET, & Univision back fed to Heather Hall from McMIndes?

A16. Each signal is sent into a Pico Macom PFAM 550 Agile Video modulator. Univision is on channel 16, the movie signal is on channel 21, and BET is on channel 22. The three signals are combined and fed back to Heather Hall via coax and injected into the first campus cable amplifier.

Q17. Of the residential buildings, please provide the number of residential living units by exterior front door count by building (this may be different from the number of residence hall rooms, suites, cable hookups, drops, apartments or beds) For the purposes of this question the following are all examples of one (1) living unit or one (1) exterior front door:

A17: See answers in bold below.

- a. An apartment with four bedrooms and one common area, all with coax connections, would be considered one (1) living with one (1) exterior front door.
 - **Stadium Place 4 bedroom apartment with an outside entrance - 20 apartments**
 - **Stadium Place 2 bedroom apartment with an outside entrance - 20 apartments**
 - **Wooster Place 2 bedroom apartment with an outside entrance - 28 apartments**
 - **Wooster place 1 bedroom apartment with an outside entrance - 56 apartments**
- b. A residence hall room with (2) beds, each with a coax connection, would be considered one (1) living with one (1) exterior front door.
 - **McMIndes Hall student rooms all have entrances from a hallway - 314 rooms**
 - **Wiest Hall student rooms all have entrances from a hallway - 216 rooms**
 - **Custer Hall student rooms all have entrances from a hallway - 54 rooms**
- c. A residence hall suite comprised of 5 rooms and a shared lounge and bathroom would be considered one (1) living with one (1) exterior front door.
 - **Tiger Place 4 bedrooms with entrance from a hallway - 30 suites**
 - **Tiger Place 3 bedrooms with entrance from a hallway - 1 suite**

These numbers do not include lounge spaces, lobbies or Hall Director or Assistant Hall Director apartments.

Q18. What is the current set up for the Residential Life area?

**A18. Stadium Place 4 Bedrooms - 5 hook ups per apartment
 Stadium Place 2 Bedrooms - 3 hook ups per apartment
 Wooster Place - 1 hook up per apartment
 Custer Hall - 1 hook up per student room
 Wiest Hall - 1 hook up per student room
 McMIndes Hall - 1 hook up per student room
 Tiger Place - 6 hook ups per suite**

Item: CATV Video Distribution System

Agency: Fort Hays State University (FHSU)
Location(s): Hays, KS

Scope: Fort Hays State University seeks recommendations on upgrades to our existing CATV video distribution system to provide HDTV content. It is desirable to offer alternative content delivery methods such as HTTP streaming or IP multicasting through the campus Ethernet and wireless networks. The current video distribution system provides service to approximately 1,000 cable hookups throughout the University campus. There may be additional requests for cable hookups in academic buildings. There are two residence hall buildings scheduled to be open in August 2012 and August 2013, and other residence halls are scheduled to be built in the near future.

Discussion & Tour: Interested vendors will be invited to attend a **mandatory** pre-bid meeting and walk-through of the campus, including Heather Hall, Akers Energy Center, McMIndes Hall, and other buildings upon request. **Vendors should report to the Pioneer Room of the Memorial Union on Monday, March 26, 2012, from 2:30 – 4:30 p.m.** for a discussion session with the following departments: Center for Teaching Excellence and Learning Technologies (CTELT)/Virtual College, Computing & Telecommunication Center, Informatics, and Residential Life.

Attendance is MANDATORY. No person or company shall be considered a qualified bidder unless they participate. Failure to adequately inspect the premises shall not relieve the successful vendor from furnishing without additional cost to Fort Hays State University any materials, equipment, supplies or labor that may be required to carry out the intent of this RFI. Submission of a bid response shall be construed as evidence that the vendor has made necessary examination, inspection, and investigation.

Questions: Questions requesting clarification of the RFI must be submitted electronically to the FHSU Purchasing Office at purchasing@fhsu.edu prior to 4:30 p.m. on Wednesday, March 28, 2012.

It is the vendor's responsibility to monitor the FHSU Purchasing website on a regular basis for any changes/addenda.

**Fort Hays State University
Request for Information (RFI)
CATV Video Distribution System**

Fort Hays State University seeks recommendations on upgrades to our existing CATV video distribution system to provide HDTV content. It is desirable to offer alternative content delivery methods such as HTTP streaming or IP multicasting through the campus Ethernet and wireless networks.

The vendor must deliver and install all of the equipment, service, and test the system prior to **July 1, 2012**. (The current contract ends June 30, 2012.) The vendor is required to follow all federal regulations related to the system.

The following attachments have been provided: **Attachment A** for a list of current cable locations and **Attachment B** for campus cable maps.

Background

The current video distribution system provides service to 947 possible cable hookups throughout the University campus via coaxial cable. Trunk lines run to buildings via underground steam tunnels that can be accessed by contractors, however a few buildings are serviced via direct-bury lines. Some amplifiers and splitters may only be capable of passing 900MHz signal.

- Head end is located in Heather Hall room 119.
 - Student-generated programming (KFHS) is delivered to Eagle Communications & Rural Telephone via fiber and vendor-provided encoders for insertion on their cable networks. On campus, KFHS is received as Eagle Channel 17.
 - FHSU has licenses to broadcast movies for viewing by campus subscribers. The system consists of a Pico Macom PFAM 550 Agile Video modulator and Dell PowerEdge R210 server located in McMIndes Hall. Video is back fed to Heather Hall and injected on channel 21.
 - FHSU currently pays license fees for insertion of BET and Univision programming received via satellite in McMIndes Hall. The video is back fed and injected in Heather Hall head end.
 - FHSU is signing up for free mtvU and would like to include this in their channel line-up.
 - HD channels will be provided at no cost to the following areas of Residential Life, including DVR capability:
 - Hall Directors
 - Assistant Directors
 - Resident Assistants
 - Residential Life Director
 - Managers
 - Conference Room
- NOTE:** During 2012 school year, 37 DVR boxes were provided. This number can change as new halls are brought online or taken down.

Goals

The primary goal of this RFI is to design a cost-effective system capable of delivering High Definition content to campus subscribers. Additionally, students, faculty, and staff are receiving more of their entertainment programming on mobile devices and computers. FHSU is investigating delivery of television content on these devices in addition to traditional television sets.

- A cost-effective, modular system capable of delivering digital/HDTV programming to all service drops while maintaining backwards compatibility for analog-only devices.
- Alternative viewing methods such as HTTP or IP multicast streaming to mobile devices and computers (e.g., HaiVision Furnace).
- Broadcast system capable of supporting 1280x720 minimum, 1920x1080 is preferred.
- Heather Hall is scheduled for replacement in mid-2014. Provisions must be made to relocate head end from Heather Hall to Akers Energy Center or new building pending completion.
- Future residential building construction:
 - o Tiger Place 1, August 2012, 194 cable hookups
 - o Tiger Place 2, August 2013, 165 cable hookups
 - o Wiest Hall will be demolished and other residence halls are scheduled to be built in the near future.

FHSU Provided Equipment and Infrastructure

- Existing FHSU CATV equipment may be utilized to provide programming to the distribution system. Equipment re-used from Heather Hall must be moved to new head end.
- FHSU's internal single-mode fiber network can be utilized to interface with a hybrid fiber-coaxial system. Multi-mode is also available but is considered legacy.
- If contractor chooses, programming may be delivered via IP multicast to set-top boxes utilizing FHSU's Ethernet switches and routers. The network consists of 1G, 100M, and 10M Ethernet ports. This will need to be evaluated on per-building basis.

Responding to Request for Information (RFI)

Information provided in this RFI will need to be complete and the content clearly stated. Responses should be prepared simply and economically, providing a straight forward, concise description of the information that is being requested.

Responses to this RFI should include qualifications and credibility of the respondent and a brief explanation of how the work is to be completed. Include contact information for all parties involved: company name, address, phone number, and email address.

Provide a channel line-up, including BET, Univision, mtvU, if applicable.

Please submit nine (9) copies of the response to this RFI to the FHSU Purchasing Office at the above referenced address prior to 4:30 p.m. on Thursday, April 19, 2012.

 DA-146a (Rev. 10-11)

CONTRACTUAL PROVISIONS ATTACHMENT

Important: This form contains mandatory contract provisions and must be attached to or incorporated in all copies of any contractual agreement. If it is attached to the vendor/contractor's standard contract form, then that form must be altered to contain the following provision:

"The Provisions found in Contractual Provisions Attachment (Form DA-146a, Rev. 10-11), which is attached hereto, are hereby incorporated in this contract and made a part thereof."

The parties agree that the following provisions are hereby incorporated into the contract to which it is attached and made a part thereof, said contract being the _____ day of _____, 20_____.

1. **Terms Herein Controlling Provisions:** It is expressly agreed that the terms of each and every provision in this attachment shall prevail and control over the terms of any other conflicting provision in any other document relating to and a part of the contract in which this attachment is incorporated. Any terms that conflict or could be interpreted to conflict with this attachment are nullified.
2. **Kansas Law and Venue:** This contract shall be subject to, governed by, and construed according to the laws of the State of Kansas, and jurisdiction and venue of any suit in connection with this contract shall reside only in courts located in the State of Kansas.
3. **Termination Due To Lack Of Funding Appropriation:** If, in the judgment of the Director of Accounts and Reports, Department of Administration, sufficient funds are not appropriated to continue the function performed in this agreement and for the payment of the charges-hereunder, State may terminate this agreement at the end of its current fiscal year. State agrees to give written notice of termination to contractor at least 30 days prior to the end of its current fiscal year, and shall give such notice for a greater period prior to the end of such fiscal year as may be provided in this contract, except that such notice shall not be required prior to 90 days before the end of such fiscal year. Contractor shall have the right, at the end of such fiscal year, to take possession of any equipment provided State under the contract. State will pay to the contractor all regular contractual payments incurred through the end of such fiscal year, plus contractual charges incidental to the return of any such equipment. Upon termination of the agreement by State, title to any such equipment shall revert to contractor at the end of the State's current fiscal year. The termination of the contract pursuant to this paragraph shall not cause any penalty to be charged to the agency or the contractor.
4. **Disclaimer Of Liability:** No provision of this contract will be given effect that attempts to require the State of Kansas or its agencies to defend, hold harmless, or indemnify any contractor or third party for any acts or omissions. The liability of the State of Kansas is defined under the Kansas Tort Claims Act (K.S.A. 75-6101 et seq.).
5. **Anti-Discrimination Clause:** The contractor agrees: (a) to comply with the Kansas Act Against Discrimination (K.S.A. 44-1001 et seq.) and the Kansas Age Discrimination in Employment Act (K.S.A. 44-1111 et seq.) and the applicable provisions of the Americans With Disabilities Act (42 U.S.C. 12101 et seq.) (ADA) and to not discriminate against any person because of race, religion, color, sex, disability, national origin or ancestry, or age in the admission or access to, or treatment or employment in, its programs or activities; (b) to include in all solicitations or advertisements for employees, the phrase "equal opportunity employer"; (c) to comply with the reporting requirements set out at K.S.A. 44-1031 and K.S.A. 44-1116; (d) to include those provisions in every subcontract or purchase order so that they are binding upon such subcontractor or vendor; (e) that a failure to comply with the reporting requirements of (c) above or if the contractor is found guilty of any violation of such acts by the Kansas Human Rights Commission, such violation shall constitute a breach of contract and the contract may be cancelled, terminated or suspended, in whole or in part, by the contracting state agency or the Kansas Department of Administration; (f) if it is determined that the contractor has violated applicable provisions of ADA, such violation shall constitute a breach of contract and the contract may be cancelled, terminated or suspended, in whole or in part, by the contracting state agency or the Kansas Department of Administration.

Contractor agrees to comply with all applicable state and federal anti-discrimination laws.

The provisions of this paragraph number 5 (with the exception of those provisions relating to the ADA) are not applicable to a contractor who employs fewer than four employees during the term of such contract or whose contracts with the contracting State agency cumulatively total \$5,000 or less during the fiscal year of such agency.
6. **Acceptance Of Contract:** This contract shall not be considered accepted, approved or otherwise effective until the statutorily required approvals and certifications have been given.
7. **Arbitration, Damages, Warranties:** Notwithstanding any language to the contrary, no interpretation of this contract shall find that the State or its agencies have agreed to binding arbitration, or the payment of damages or penalties. Further, the State of Kansas and its agencies do not agree to pay attorney fees, costs, or late payment charges beyond those available under the Kansas Prompt Payment Act (K.S.A. 75-6403), and no provision will be given effect that attempts to exclude, modify, disclaim or otherwise attempt to limit any damages available to the State of Kansas or its agencies at law, including but not limited to the implied warranties of merchantability and fitness for a particular purpose.
8. **Representative's Authority To Contract:** By signing this contract, the representative of the contractor thereby represents that such person is duly authorized by the contractor to execute this contract on behalf of the contractor and that the contractor agrees to be bound by the provisions thereof.
9. **Responsibility For Taxes:** The State of Kansas and its agencies shall not be responsible for, nor indemnify a contractor for, any federal, state or local taxes which may be imposed or levied upon the subject matter of this contract.
10. **Insurance:** The State of Kansas and its agencies shall not be required to purchase any insurance against loss or damage to property or any other subject matter relating to this contract, nor shall this contract require them to establish a "self-insurance" fund to protect against any such loss or damage. Subject to the provisions of the Kansas Tort Claims Act (K.S.A. 75-6101 et seq.), the contractor shall bear the risk of any loss or damage to any property in which the contractor holds title.
11. **Information:** No provision of this contract shall be construed as limiting the Legislative Division of Post Audit from having access to information pursuant to K.S.A. 46-1101 et seq.
12. **The Eleventh Amendment:** "The Eleventh Amendment is an inherent and incumbent protection with the State of Kansas and need not be reserved, but prudence requires the State to reiterate that nothing related to this contract shall be deemed a waiver of the Eleventh Amendment."

13. **Campaign Contributions / Lobbying:** Funds provided through a grant award or contract shall not be given or received in exchange for the making of a campaign contribution. No part of the funds provided through this contract shall be used to influence or attempt to influence an officer or employee of any agency or a member of the Legislature regarding any pending legislation or the awarding, extension, continuation, renewal, amendment or modification of any government contract, grant, loan, or cooperative agreement.
