The University of Tennessee will receive proposals at the time stated above and will open them before directly interested parties in the Purchasing Department at the above address.

This Request for Proposal (RFP) is part of a competitive procurement process that helps to serve the University's best interests. It also provides proposers with a formal and unrestrictive opportunity for their services to be considered. The process of competitive negotiation being used in this case should not be confused with the process of competitive sealed bidding. The latter process is usually used where the goods and services being procured can be precisely described and price is generally the determinative factor, although it may be, and the University has the flexibility to negotiate with one or more contractors to arrive at a mutually agreeable relationship. Any questions about this process or the requirements must be in writing and forwarded to Lisa Pate via fax at (865)974-2973 or E-Mail lpate@tennessee.edu.

When reviewing the RFP Document and General Bid Conditions, all references to Request for Quotation and Bidders are deleted and should read Request for Proposal and Proposer(s) respectively.

1.0 **DEFINITIONS**

The definitions below are meant to explain the use of terms in this RFP and their use when applied to periodicals and serials subscriptions and subscription services.

[Except where indicated] they are not formal definitions.

The term “ARL” means Association of Research Libraries.

The term “Big Deal Package” means a contract with specific Publisher(s) that includes terms and conditions relating to accessing and payment of the Library’s subscriptions, as well as, unsubscribed titles from that Publisher.

The term “Company” means the Responsible Vendor. **[See also the Vendor’s Qualifications Section 4.4.]**

The term “contract,” when referring to electronic resources, incorporates (or includes) the wording “terms and conditions”, “license”, “click-through” licenses, etc.

The term “e-access” means electronic access. (Related to the definition of Electronic-Only format.)

The term “electronic-only format” means full-text access to all parts of the subscribed title at the issue level (including illustration(s), appendice(s), bibliography, and other parts of each serial title). Excluded in the definition are any subscription documents only received via e-mail and any “issues” available only by downloading from the web to a single machine and that are stored only by the customer. **[See also Section 1.0, Section 2.1 and Section 4.6.B.(11).]**

The term “firm pricing” means the Publisher’s list price, which may include the Publisher’s shipping & handling charges if applicable. Also known as the Publisher’s periodical subscription price or Publisher-billing-based price.

The term “fiscal year” in this document refers to the Library’s fiscal year: July 1 – June 30.

The term “Library” means the libraries at the University of Tennessee, Knoxville: Hodges Library, George DeVine Music Library, Pendergrass AgVet Library, and Social Work Nashville Library.

The term “proposal” means the Vendor’s response to this Request for Proposal.

The term “Publisher’s firm pricing” means the Publisher’s list price, which may include the Publisher’s shipping & handling charges if applicable. Also known as the Publisher’s periodical subscription price or Publisher-billing-based price.

The term “renewal list” refers to the titles to be considered for renewal (which may or may not have pricing) for the next year’s term that provides the Library with an opportunity to add new titles, cancel titles previously subscribed, change format of

subscribed titles, or change the configuration of titles whether they are part of a Big Deal Package or not.

The term “Responsible Vendor” means a person, company, or corporation who has the capability in all respects to perform fully the contract requirements and the integrity and reliability that will assure good faith performance.

The term “Serial” means: A publication in any medium issued in successive parts bearing numerical or chronological designations and intended to be continued indefinitely. Serials include periodicals, newspapers, annuals (reports, yearbooks, etc.), the journals, memoirs, proceedings, transactions, etc. of societies, and numbered monographic series. Also known as “Continuing Resource,” [ALA Glossary]

The term “Serials Vendor” means: In a broad sense, the term used to refer to all types of suppliers of serial publications (i.e., both Continuation dealers and Subscription Agents), and to distinguish them from suppliers of monographs. The term sometimes is used in a narrow sense to refer to vendors who supply serials other than periodicals (i.e., Continuation dealers) and to distinguish them from Subscription Agents.

The term “solicitation” means Request for Proposal (RFP).

The term “Subscription” means: The arrangement by which, in return for a sum paid in advance, a periodical, newspaper, or other serial is provided for a specified number of issues or a specified period of time. [ALA Glossary, modified]. Collectively referred to as “Licensed Material.”

The term “Subscription Agent” means: A type of serials vendor that specializes in supplying periodical subscriptions.

The term “Subscription period” means: The period of time for which a journal is to be supplied on a subscription. Most journals are sold on a calendar-year basis, starting in January and ending in December. Subscriptions may be placed for one or more years. Also known as Journals Subscription Cycle, or Billing Period.

The term “Successful Vendor” means the entity receiving a contract award.

The term “Transfer” or “Transfer In” or “Transfer Out” means: a title for which the Publisher has changed; thus the title has transferred from one Publisher to another Publisher.

The term “University” means The University of Tennessee, Knoxville.

The term “Vendor” means the Responsible Serials Vendor as an entity or group submitting the proposal.

The term “Vendor Database” means the online catalog of the Vendor containing full information on serial titles, including but not limited to publication status, price, ordering information, formats available, package options, etc. May also be referred to in the RFP as Vendor’s web-based database.

2.0 **GENERAL OVERVIEW**

2.1 **Objectives**

This solicitation is to provide the University of Tennessee Libraries, “the Library”, with a comprehensive serials subscription service provider (periodicals, newspapers and serials) supporting the University for use in research and teaching. The Library’s goal is to switch to electronic-only subscriptions, where feasible. If this format is not available (based on the definition of electronic-only format in this RFP and based on license agreements between the Publisher and the University), the second format of choice will be print & electronic format. If this is not viable, then the subscription format will remain as print-only.

2.2 **Scope**

The Successful Vendor is to serve as an authorized Subscription Agent for the Library. The subscription service provided by the Successful Vendor shall include current domestic and foreign general, technical, scientific, legal and medical periodicals available to the trade in all formats (e.g., print-only, print & electronic, electronic-only, etc.).

Currently, the Library’s subscriptions are ordered through a variety of Serials Vendors, as well as, directly from Publishers. Beginning with the Initial Term of the award, the Library is migrating to electronic format only (for those subscriptions not yet in electronic-only format) – where that option is available; and as long as it fulfills the definition in this document. In addition, if any contract is associated with the electronic-only format, the contract must be agreed upon between the University and the Publisher before any subscription(s) can be ordered or renewed in electronic-only format.

The Library expects the transition to begin July 1, 2010, or when the contract is awarded, in order to provide an efficient transfer of subscriptions that have a renewal/start date on or after July 1, 2010.

The service charge, which is the financial component of the RFP award, is to be based only on the Publisher’s firm pricing. There is to be no service charge applied to the titles in Appendix B even if the Vendor is able to invoice and assist with managing those titles.

There are to be no hidden charges or fees invoiced to the Library at any time throughout the life of the contract.

The Appendices A. and B., attached to this RFP, represent current subscriptions, though these lists may change during the Initial Term and subsequent renewals.

Note: The Library reserves the right, without penalty, to change the subscriptions of our Licensed Material between Appendix A. and Appendix B. These changes will be part of the annual renegotiation process. Any new order is a Subscription and shall become Licensed Material.

2.3 Background Information

The University of Tennessee Library, with an annual budget of more than \$17 million, employs over two hundred persons, including 40 librarians. The Library is a member of the Association of Research Libraries, Association of Southeastern Research Libraries, Lyris, and the Center for Research Libraries. The library system consists of the John C. Hodges Library and the following branch libraries: Pendergrass Agriculture & Veterinary Medicine Library, George F. DeVine Music Library, and the Social Work Library in Nashville. A storage/closed stacks collection is housed in Hoskins Library. These libraries house almost 3 million volumes and subscribe to over 37,000 unique serial titles. Access is provided to an additional 17,895 unique free serial titles and to 474 databases (includes both free and purchased/subscribed titles). In response to the needs and desires of the University's faculty and students, the Library's goal is to acquire e-access to as many serials as possible. A selective federal depository library since 1907, the Library now selects mostly digital formats and provides access to about 40% of materials currently offered through the Federal Depository Library Program.

The University, as a state institution, is tax exempt and is responsible only for those fees levied against it.

The Library has a collections budget of over \$10 million (includes approximately \$1 million in annual endowment earnings). Over 80% of the budget is allocated to serial and database subscriptions. The dollar amount for these subscriptions (not including Big Deal Packages) totals approximately \$3,000,000 per year plus an 8% inflation factor during the service period. This information is for the edification of the Vendor and is to be construed neither as a basis for the service nor as any guarantee that any specific quantity of subscriptions will be placed during the service period. The Library reserves the right to increase or decrease expenditures as necessary.

The Library currently uses the Ex Libris Aleph integrated library system.

The Vendor's response shall provide a detailed plan of migration from the current subscription agencies and Publishers for the titles and packages identified in Appendix A. The plan should address staffing and include the number of days projected to be on-site. [See Section 4.4.A.(4). and Section 4.6.F.(4).]

4.6.J.(2). Initial Term

- (a.)** Orders should not be placed based on the RFP listed in Appendices A. and B. unless the Library specifically instructs the Vendor in writing to do so. The Vendor shall create a pre-price quotation list in electronic format based on switching to electronic-only format (as described earlier in the RFP) and forward it to the Library for review. The Library reserves the right to make changes, without penalty, to the list prior to notifying the Vendor to place the orders for renewal or as new orders. If the Vendor places orders based on the pre-order price quotation list without written authorization from the Library to place the orders, the Library may cancel any titles it does not want and will not be responsible for charges the Publisher will not refund to the Vendor **[See Scope of Work Section 2.2]**.
- (b.)** Because the RFP results in a change from the current service providers, the new Vendor shall take all appropriate actions to prevent any interruption in the Library's receipt of its subscriptions or monographic sets and series.

- (e.) The Vendor must place renewals and new orders in the electronic-only preferred format, if available, and if both of these criteria are met: **[See Sections 1.0, 4.6.B.(12). and 4.6.B.(13).]**
 - (1). The resource meets the definition for electronic-only in Section 1.0; and
 - (2). Any contract (based on its definition in Section 1.0) is approved and signed in advance of the renewal/order by both the University and the Publisher.

4.7. VENDOR'S FINANCIAL PROPOSAL

The Financial Offer Summary shall contain the complete financial offer made to the University based on the Scope of Work identified in Sections 2.2., 2.3, and 2.4. All financial information must be submitted in a sealed envelope under separate cover.

4.7.A. Financial Proposal Summary

The Financial Proposal Summary must be submitted in two sections:

Option 1: The service fee based on the subscriptions to be ordered and managed from Appendix A.;

AND

Option 2: On the basis of the Big Deal Packages in Appendix B. being serviced and invoiced by the Vendor, along with the subscriptions in Appendix A.

Note: The Library reserves the right to accept only Option 1 of the Financial Proposal Summary at the time of the award. The Library shall not be required to accept Option 2 of the Financial Proposal Summary.

Note: The Library reserves the right, without penalty, to change the subscriptions of our Licensed Material between Appendix A. and Appendix B. These changes will be part of the annual renegotiation process. Any new order is a Subscription and shall become Licensed Material.

4.7.A.(1). Appendices A. and B., contain lists of the Library's currently subscribed titles and Big Deal Package contracts. With few exceptions, the Library has only one subscription per title.

4.7.A.(2). Appendix A. includes titles that are currently subscribed to through multiple Subscription Agents and/or direct from Publishers. The estimated cost information provided for Appendix A. is based on fiscal year 2009 payments. In addition, the titles in

Appendix A. are to be changed to electronic-only subscriptions, where feasible per the Publisher's Proposal, per the Definitions and Scope of Work within this RFP.

4.7.A.(3). All subscriptions should begin January 1, 2011, except for those that have already been paid to a Vendor, as indicated in the "subscription end date" and will become part of the contract as soon as they have expired. Subscriptions that expire between July 1 and December 31, 2010, will become a part of this contract in the Initial Term (unless the subscription has already been paid by the Library). **[See Section 4.6.A.(7.)]**

4.7.A.(4). Appendix A. contains certain titles that may need to be pro-rated in order to achieve a common expiration date of December 31.

4.7.A.(5). Appendix B. includes Big Deal Packages that may be managed and invoiced by the Successful Vendor, with the pricing based on contractual agreements between the Library and the Big Deal Package Publishers. The Library's Big Deal Packages are already electronic-only subscriptions and are all on calendar-year pricing. The estimated cost information provided for Appendix B. is the fiscal year 2010 contractual amount to be paid by the Library directly to the Publishers of the Big Deal Packages. There shall be no additional service charges levied against the Big Deal Packages or the titles within them.

4.7.A.(6). Actual items ordered may be more or less than indicated in Appendices A. and B.; and a specific quantity is not guaranteed. The Vendor is not to price titles individually, but rather to formulate a service charge based on a fixed percentage. The annual service charge must be indicated in a percent format. The service charge will apply to all subscriptions supplied to the Library by the Vendor, with the exception of the Big Deal Packages titles which shall not have any service charge or any other additional charges billed by the Vendor to the Library.

4.7.A.(7). If pending Big Deal Package contracts are not finalized by January 1, 2011, the subscribed titles involved are subject to revert to Appendix A.

4.7.A.(8). The Vendor's proposal must describe its means of acquiring serials in the categories listed below:

First Preference: Switch subscriptions to electronic-only (preferred format);

Second Preference: Switch subscriptions to print and electronic format;

Third Preference: Maintain print-only or print & electronic format subscriptions.

4.7.A.(9). The Vendor's proposal must describe its means of managing and invoicing the Big Deal Packages as listed in Appendix B., including the transfer in and out of titles and formats.

4.7.A.(10). The Vendor must agree to charge the Publisher's firm price for each subscription. The Vendor shall describe any and all fees and expenses that it proposes

to charge the Library for the goods and services. The Vendor shall ensure that all fees and expenses associated with the provision of the goods and services are delineated.

4.7.A.(11). The service charge shall be billed as a total amount after the last invoice of that fiscal year but no later than May 6th.

4.7.A.(12). The Vendor shall name and define any additional charges over the Publisher's firm price [See Definitions in Section 1.0] the company could possibly charge on an invoice (e.g., fuel surcharges, handling, rush orders, etc.). The Vendor shall describe how these charges are financially constructed and what the reasons are for them. [See also 4.6.B.(7).]

4.7.A.(13). The Vendor shall describe any other cost advantages or incentives the Library would receive by accepting the Vendor's proposal.

4.7.A.(14). Although the Library has provided detailed requirements, these requirements are not meant to limit the Vendor's innovations or creativity in preparing a proposal to accomplish these goals. Innovative ideas and concepts, other than those suggested in this RFP, shall be considered. Please indicate any other value-added arrangements that will be made available to the Library.

5.0 Evaluation Criteria Process

The evaluation process is designed to award the procurement not necessarily to the proposer of least cost (i.e., service charge), but rather to the Vendor with the best combination of attributes based upon the evaluation criteria.

5.0.A. The University will evaluate each Vendor's Proposal based on the following criteria:

<u>CRITERIA</u>	<u>WEIGHT</u>
4.4 Vendor's Qualifications	20%
4.5 Vendor's References	25%
4.6 Ability to Provide Services Requested	30%
4.7 Service Charge	25%
