- 1.2 Offers should be submitted on this form. Offers must price per unit shown. Unit prices shall govern in the event of extension errors. If a price quotation is submitted as part of the offer, the quotation must be referenced on the offer document and signed by the respondent to establish formal linkage to the offer.
- 1.3 Offers must be time stamped at the office designated in the solicitation on/or before the hour and date specified for the offer opening. Any offer received at the designated location after the exact time specified will not be considered unless TDCJ determines that it was properly addressed and in the possession of TDCJ prior to the specified time but was late due to mishandling by the agency.

FAXED OFFERS WILL NOT BE ACCEPTED.

- 1.4 Late and/or unsigned offers will not be considered under any circumstances. Person signing offer must have the authority to bind the firm in a contract.
- 1.5 Quote F.O.B. destination, freight prepaid and allowed unless otherwise stated within the specifications.
- 1.6 Offer prices are requested to be firm for TDCJ acceptance for 90 days from offer opening date. "Discount from list" offers are not acceptable unless requested. Cash discounts are not considered in determining an award. Cash discounts offered will be taken if earned.
- 1.7 Offeror should enter Texas Identification Number System (T.I.N.S.) number, full firm name and address of respondent on the face of this form. Enter in the space provided, if not shown. Additionally, firm name should appear on each continuation page of an offer, in the block provided in the upper right hand corner. The Texas ID Number is the payee identification number assigned and used by the Comptroller of Public Accounts of Texas to process payment for goods and services. If this number is not known, please visit <http://www.window.state.tx.us/taxinfo/taxforms/ap-152.pdf> to set up a Texas Identification Number:

Enter Federal Employer's Identification Number

--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--

In an effort to minimize identity theft, every company MUST have an Employer Identification Number (EIN), also known as a federal tax identification number prior to award of a contract. For information on obtaining your EIN, you may call 800-829-4933 or visit the following website: <http://www.irs.gov/businesses/>

- 1.8 Offers are subject to negotiation.
- 1.9 Purchases made for State use are exempt from the State Sales tax and Federal Excise tax. Do not include tax in offer. Excise Tax Exemption Certificates are available upon request.
- 1.10 **Award Notice:** The State reserves the right to make an award on the basis of low line item offer, low total of line items, or in any other

combination that will serve the best interest of the State and to reject any and all offer items at the sole discretion of the State. The State also reserves the right to accept or reject all or any part of any offer, waive minor technicalities and award the offer to best serve the interests of the State. Any contract may also be extended up to three months at the sole discretion of the State.

- 1.11 Consistent and continued tie bidding could cause rejection of offers by the TDCJ and/or investigation for antitrust violations.

2. Specification:

- 2.1 Catalogs, brand names or manufacturer's references are descriptive only, and indicate type and quality desired. Offers on brands of like nature and quality will be considered unless advertised as a proprietary purchase under Government Code, Title 10, Subtitle D, Sec. 2155.067. If offering on other than reference specification(s), offer should show manufacturer, brand, or trade name, and other description of product offered. If other than brand(s) specified is offered, illustrations and complete description of product offered are requested to be made part of the offer. Failure to take exception to specifications or reference data will require offeror to furnish specified brand names, numbers, etc.
- 2.2 Unless otherwise specified, items offered shall be new, unused, not refurbished, and of current production.
- 2.3 All electrical items must meet all applicable OSHA standards and regulations, and bear the appropriate listing from UL, FMRC or NEMA.
- 2.4 Samples, when requested, must be furnished free of expense to the State. If not destroyed in examination, they will be returned to the respondent, on request, at respondent's expense. Each sample should be marked with respondent's name and address, and offer number. Do not enclose in or attach offer to sample.
- 2.5 Any oral statement or representation will not bind the State contrary to the written specifications of the Request for Offer (RFO).
- 2.6 Manufacturer's standard warranty shall apply unless otherwise stated in the RFO.

3. Tie Offers:

Awards will be made in accordance with 34 TAC Rules 20.36 (b) (3) and 20.38 (preferences).

4. Delivery:

- 4.1 Show number of days required to place material in TDCJ's receiving location under normal conditions. Delivery days means calendar days, unless otherwise specified. Failure to state delivery time obligates respondent to delivery in 14 calendar days. Unrealistic delivery promises may cause offer to be disregarded.
- 4.2 If delay is foreseen, vendor shall give written notice to the TDCJ. Vendor must keep the TDCJ advised at all times of status of order. Default in promised delivery (without accepted reasons) or failure to meet specifications authorizes the TDCJ to purchase the goods and services of this RFO elsewhere and charge any increased costs for the goods and services, including the cost of rebidding, to the respondent.

- 4.3 No substitutions permitted without written approval of the TDCJ Contracts and Procurement Department.

- 4.4 Delivery shall be made during normal working hours only, unless prior approval has been obtained from the TDCJ.

5. Inspection And Tests:

All goods will be subject to inspection and test by the State. Authorized TDCJ personnel shall have access to supplier's place of business for the purpose of inspecting merchandise. Tests shall be performed on samples submitted with the offer or on samples taken from regular shipment. All costs shall be borne by the vendor in the event products tested fail to meet or exceed all conditions and requirements of the specification. Goods delivered and rejected in whole or in part may, at the State's option, be returned to the vendor or held for disposition at vendor's expense. Latent defects may result in revocation of acceptance.

6. Award of Contract:

- 6.1 A response to this RFO is an offer to contract based upon the terms, conditions and specifications contained herein. Offers do not become contracts until they are accepted through a purchase order. The contract shall be governed, construed and interpreted under the laws of the State of Texas as the same may be amended from time to time. The factors listed in Texas Government Code, Title 10, Subtitle D, Section 2157.003, 2155.074 and Section 2156.007 shall also be considered in making an award when specified. Any legal actions must be filed in Travis County, Texas.

- 6.2 The TDCJ award policy shall consist of, but not be limited to, the following factors in combination, but not necessarily in their order of importance:

- A. Prices;
- B. Offerors previous record of performance and service;
- C. Quality and conformance to specification;
- D. Any other best value factors so indicated.

7. Payment:

Payment shall be made thirty calendar days after the later of (1) the date an uncontested invoice is received, (2) the date goods are received, and (3) the date services are completed. Refer to Texas Government Code, Chapter 2251.

8. Right of Off Set:

In the event TDCJ determines that Vendor owes money to TDCJ under any contract or purchase order, TDCJ, upon providing Vendor with written notice of its intent to off set, shall have the right to withhold monies due Vendor with respect to this purchase order or with respect to any contract or purchase order with TDCJ and apply such monies to the money due TDCJ.

9. Electronic Funds Transfer:

Government Code 403.016 (c) (3) encourages state agencies to transmit payments to vendors through electronic funds transfer (Direct Deposit). To set up your account, contact agency Accounts Payable Branch at (936) 437-8761 or (936) 437-6357. Vendors not listed with the "Buy Accessible Wizard" or supplying a URL to their VPAT must provide TDCJ with a report that addresses the same accessibility criteria in substantively the same format. Additional information regarding the "Buy Accessible Wizard" or obtaining a copy of the VPAT is located at <http://www.section508.gov/>.

16. Respondent Affirmation:

Signing this offer with a false statement is a material breach of contract and shall void the submitted offer or any resulting contracts, and the respondent shall be removed from all RFO's. By signature here on affixed, the respondent hereby certifies that:

- 16.1 Suspension, Debarment, and Terrorism: Respondent certifies that the responding entity and its principals are eligible to participate in this transaction and have not been subjected to suspension, debarment, or similar ineligibility determined by any federal, state or local governmental entity and that respondent is in compliance with the State of Texas statutes and rules relating to procurement and that respondent is not listed on the Federal Government's Terrorism Watch List as described in Executive Order 13224. 16.2 The respondent has not given, offered to give, nor intends to give at anytime hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip favor, or service to a public servant in connection with the submitted offer.

- 16.3 Neither the respondent nor the firm, corporation, partnership, or institution represented by the respondent, or anyone acting for such firm, corporation, or institution has violated the antitrust laws of this State or the Federal Antitrust Laws (see section 12, above), nor communicated directly or indirectly the offer made to any competitor or any other person engaged in such line of business.

16.4 Pursuant to §2155.004, Government Code, neither the respondent nor any person or entity which will participate financially in any contract resulting from this RFO has received compensation for participation in the preparation of the specifications for this RFO. Under Section 2155.004, Government Code, the respondent certifies that the individual or business entity named in this offer or contract is not ineligible to receive the specified contract and acknowledges that this contract may be terminated and payment withheld if this certification is inaccurate. §2155.004 prohibits a person or entity from receiving a state contract if they received compensation for participating in preparing the solicitation or specifications for the contract.

3. Any accident, injury or damage whatsoever caused to any person, firm or corporation.

B. All costs, reasonable attorney's fees, expenses and liabilities incurred in or about any such claim, action or proceeding brought thereon.

Nothing herein is intended to deprive the State or Contractor of the benefits of any law limiting exposure to liability and/or setting a ceiling on damages, or any laws establishing defenses for them. By entering into this Contract, the State does not waive its right of sovereign immunity, nor does the Contractor waive any immunity that may extend to it by operation of law. The aforementioned indemnification shall not be affected by a claim that negligence of the State or its respective agents, contractors, employees or licensees contributed in part to the loss or damage indemnified against.

16.8 As required by §2252.903, Government Code, respondent agrees that any payments due under a contract resulting from this RFO shall be directly applied towards eliminating any debt or delinquency including, but not limited to, delinquent taxes, delinquent student loan payments, and delinquent child support, until the debt is paid in full. Respondent shall comply with rules adopted by TDCJ under §§403.055, 403.0551, 2252.903, Government Code and other applicable laws and regulations regarding satisfaction of debts or delinquencies to the State of Texas.

16.9 Respondent certifies that they are in compliance with Section 669.003 of the Government Code, relating to contracting with executive head of a State agency. If section 669.003 applies, respondent will complete the following information in order for the offer to be evaluated:

Date of Employment with Respondent: _____

16.10 In accordance with §2155.4441, Government Code, respondent agrees that during the performance of a contract for services it shall purchase products and materials produced in Texas when they are available at a price and time comparable to products and materials produced outside this state.

16.11 Respondent represents and warrants that payment to the respondent and the respondent's receipt of appropriated or other funds under any contract resulting from this RFO are not prohibited by §556.005 or §556.008, Government Code, relating to the prohibition of using state funds for lobbying activities.

16.12 Respondent represents and warrants that it has no actual or potential conflicts of interest in providing the requested items to TDCJ under the RFO and any resulting contract, if any, and that respondent's provision of the requested items under the RFO and any resulting contract, if any, would not reasonably create an appearance of impropriety.

17. Note to Respondents:

Any terms and conditions attached to an offer will not be considered unless specifically referred to on this offer form and may result in the disqualification of the offer.

18. Protest Procedures:

Any actual or prospective respondent who is aggrieved in connection with this RFO, evaluation, or award of any contract resulting from this RFO may formally protest as provided in TDCJ's rules. To request a copy of these rules, contact the purchaser responsible for the issuance of the RFO.

19. Dispute Resolution:

Any dispute arising under this Contract, which is not disposed of by mutual agreement between TDCJ and Contractor, shall be resolved as follows:

The dispute resolution process provided for in Chapter 2260 of the Government Code shall be used, as further described herein, by TDCJ and the Contractor to attempt to resolve any claim for breach of contract made by the Contractor.

A. A Contractor's claim for breach of this Contract that the parties cannot resolve in the ordinary course of business shall be submitted to the negotiation process provided in Chapter 2260, subchapter B, of the Government Code. To initiate the process, the Contractor shall submit written notice, as required by subchapter B, to the Director for Contracts and Procurement, or designee. Said notice shall also be given to all other representatives of TDCJ and the Contractor otherwise entitled to notice under the parties' Contract. Compliance by the Contractor with subchapter B is a condition precedent to the filing of a contested case proceeding under Chapter 2260, subchapter C, of the Government Code.

B. The contested case process provided in Chapter 2260, subchapter C, of the Government Code is the Contractor's sole and exclusive process for seeking a remedy for an alleged breach of contract by TDCJ if the parties are unable to resolve their disputes under subparagraph (a) of this paragraph.

C. Compliance with the contested case process provided in subchapter C is a condition precedent to sue from the Legislature under chapter 107 of the Civil Practices and Remedies Code. Neither the execution of this Contract by TDCJ nor any other conduct of any representative of TDCJ relating to the Contract shall be considered a waiver of sovereign immunity to suit.

D. The submission, processing and resolution of the contractor's claim is governed by the published rules adopted by TDCJ pursuant to Ch. 2260, as currently effective, hereafter enacted or subsequently amended. These rules are found at the Texas Administrative Code, Title 37, Part VI, Chapter 155, Subchapter C, Section 155.31.

E. Neither the occurrence of an event nor the pendency of a claim constitutes grounds for the suspension of performance by the contractor, in whole or in part.

F. This provision shall not be construed to prohibit contractor from seeking any other legal or equitable remedy to which it is entitled.

20. Availability of Funds for Next Fiscal Year

Funds are not presently available for performance under this Contract beyond the current fiscal year for which the Contract becomes effective. (Note: a state agency's fiscal year begins September 1st and runs through August 31st). TDCJ's obligation for

performance of this Contract beyond the fiscal year for which the Contract becomes effective is contingent upon legislative approval and the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of TDCJ for any payment may arise for performance under this Contract beyond the fiscal year for which the Contract becomes effective until funds are made available to TDCJ for performance and until the Contractor receives notice of availability. Refer to Section 20, Paragraph 2, Termination for Unavailability of Funds, for TDCJ's right to terminate this Contract in the event it is appropriated insufficient funds.

21. Termination for Unavailability of Funds

The payment of money by TDCJ or the State under any provisions hereof is contingent upon the availability of funds appropriated by the Legislature to an agency or department of the State to cover the provisions hereof. Neither the State, TDCJ nor its elected officials, officers, employees, agents, attorneys or other individuals acting on behalf of the State, make any representations or warranty as to whether any appropriation will, from time to time during the term of this Contract, be made by the Legislature of the State.

The Contractor acknowledges that TDCJ does not receive a "line item appropriation". If the funds appropriated are not sufficient to pay for TDCJ's operating expenses, contractual obligations and other financial obligations, TDCJ, in its sole discretion, will determine what operating expenses, contractual obligations and other financial obligations it will pay. In the event TDCJ determines it was not appropriated sufficient money, TDCJ may terminate this Contract without paying Contractor any additional money or penalty; provided that TDCJ will pay the Contractor for obligation that occurred up to the time of termination.

22. Texas Public Information Act

Notwithstanding any provisions of this RFO to the contrary, respondent understands that TDCJ will comply with the Texas Public Information Act (Chapter 552, Government Code) as interpreted by judicial opinions and opinions of the Attorney General of the State of Texas. Information, documentation, and other material in connection with this solicitation or any resulting contract may be subject to public disclosure pursuant to the Texas Public Information Act. Within three (3) days of receipt, respondent will refer to TDCJ any third party requests, received directly by respondent, for information to which respondent has access as a result of or in the course of performance under any contract resulting from this RFO. Any part of the solicitation response that is of a confidential or proprietary nature must be clearly and prominently marked as such by the respondent.

23. Right to Audit

In addition to and without limitation on the other audit provisions of this RFO, pursuant to §2262.003, Texas Government Code, the state auditor may conduct an audit or investigation of the respondent or any other entity or person receiving funds from the state directly under this contract or indirectly through a subcontract under this contract. The acceptance of funds by the respondent or any other entity or person directly under this contract or indirectly through a subcontract under this contract acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. Under the direction of the legislative audit committee, the respondent or other entity that is the subject of an

audit or investigation by the state auditor must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit. This RFO or any contract resulting from this RFO may be amended unilaterally by TDCJ to comply with any rules and procedures of the state auditor in the implementation and enforcement of §2262.003, Texas Government Code. Respondent will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through the respondent and the requirement to cooperate is included in any subcontract it awards.

Respondent is and shall remain an independent contractor in relationship to the TDCJ. The TDCJ shall not be responsible for withholding taxes from payments made under any contract resulting from this RFO. Respondent shall have no claim against the TDCJ for vacation pay, sick leave, retirement benefits, social security, worker's compensation, health or disability benefits, unemployment insurance benefits, or employee benefits of any kind.

24. Fraud, Waste or Abuse

In accordance with Texas Government Code, Chapter 321, the State Auditor's Office (SAO) is authorized to investigate specific acts or allegations of impropriety, malfeasance or nonfeasance in the obligation, expenditure, receipt or use of state funds. If there is a reasonable cause to believe that fraud, waste or abuse has occurred at this agency, it can be reported to the SAO by calling 1-800-892-8348 or at the SAO's website at www.sao.state.tx.us. It can also be reported to the TDCJ Office of the Inspector General at 1-866-372-8329, the TDCJ Internal Audit Division at 1-512-406-5935, or Crime Stoppers at 1-866-832-8477.
