

REQUEST FOR PROPOSAL

Iowa County Sheriff's Office

COMMUNICATIONS SYSTEM ASSESMENT

Monday January 26, 2009

Point of contact: Sheriff Steven Michek
Iowa County Sheriff's Office
Dodgeville, Wisconsin 53533
(608) 935-3314 Ext 503

II. Proposal Due Date: Three sealed copies of the proposal must be received and date stamped no later than 12:00 noon, Central Standard Time, Monday April 6, 2009. Faxes are not acceptable. Proposals or amendments received by Iowa County Sheriff's Office after that time will not be considered. Public Opening of RFP's will be conducted by the Iowa County Sheriff's Office at 2:00 P.M., Tuesday April 7, 2009 at the Iowa County Sheriff's Office, 1205 North Bequette Street, Dodgeville, WI 53533.

III. ALL PROPOSALS MUST BE ADDRESSED TO:

Iowa County Clerk ,Greg Klusendorf, 222 North Iowa Street
Dodgeville, WI 53533

The words "Communications System Assessment" must be marked on the opaque, sealed envelope.

REQUEST FOR PROPOSAL INDEX

1.0 DEFINITIONS

2.0 INTRODUCTION

1.1.0 Background Information/Schedule of Events/General Information

3.0 Request for Proposal

This document, referred to as a Request for Proposal (RFP), has been divided into the following parts for the convenience of the bidder:

- 3.1 Part One -General Overview of Systems & Equipment in use
- 3.2 Part Two -Scope of Work
- 3.3 Part Three –Evaluation Process
- 3.4 Part Four -Iowa County Standard Terms & Conditions
- 3.5 Part Five -Cost Proposal / Signature Page

1.0
PART ONE
DEFINITIONS

1.0 DEFINITIONS

- 1.1 For the purpose of this RFP the bidder will be referred to as “bidder” and Iowa County will be referred to as “County”.

2.0
PART TWO
INTRODUCTION

2.0 BACKGROUND INFORMATION

- 2.1 Iowa County is one of 72 units of county government in the State of Wisconsin and is a municipal corporation existing pursuant to the authority of Chapter 59 of the Wisconsin Statutes. Iowa County encompasses 762 square miles including 14 towns, 12 villages, and 2 cities. The County has an estimated population of 23,500. County operations include a skilled nursing facility (Bloomfield Manor), a Social Services Department, a law enforcement agency (Sheriff’s Department), a state circuit court system, a Highway Department, a tax administration and collection effort, and other government related functions.

GENERAL INFORMATION

- 2.2 This document constitutes a request for competitive, sealed proposals from qualified bidders to provide a complete study of the Iowa County tower system, radio and data communications systems and all associated equipment.
- 2.3 The bidder will be required to provide written recommendation(s) to correct, improve or replace any determined deficiencies or problems identified in order to provide an efficient, cost effective and reliable countywide communications infrastructure system for all existing and future users of the systems.
- 2.4 The users of the system includes, but is not limited to Sheriff’s Department, Highway Department, Information Systems (IS) Department, Emergency Management, all other County Agencies as well as local Law Enforcement, Fire and EMS services throughout Iowa County.

SCHEDULE OF EVENTS

2.5

EVENT	DATE	TIME
RFP released/published	01/26/2009	3:00 P.M.

Final Report & Meeting	06/02/2009	6:30 P.M.

3.0

PART ONE

GENERAL OVERVIEW OF SYSTEMS AND EQUIPMENT IN USE

The following provides an overview of the systems and equipment in use by the major County Departments:

- 3.1.1 Iowa County utilizes a five (5) communication tower site system that is used by the Sheriff's Department, local law enforcement, local fire departments and EMS services throughout Iowa County, the highway department as well as private businesses for a variety of two way radio and mobile data communications. The towers have a variety of two way radio antenna and microwave components. The tower sites are a blend of County owned and privately owned.
- 3.1.2 The Sheriff's Department as well as other County Departments, local law enforcement, fire departments and EMS services utilize a variety of portable and mobile two way radios, radio and phone pagers, cell phones and mobile data computers to serve their communication needs.
- 3.1.3 Detailed listings of equipment, sites and systems as well as maps of current radio communications equipment locations developed by the Iowa County Geographic Information Systems Department (GIS) will be provided to the successful Bidder.
- 3.1.4 Iowa County Sheriff's Department maintains a 9-1-1 communications center that provides twenty-four hour emergency dispatching for 11 Fire Departments, 12 EMS organizations including First Responders

and all law enforcement agencies in Iowa County. The radio communication system runs on a combination of analog, microwave and conventional VHF Hi Band two way radio components from various manufacturers. The majority of the infrastructure was installed in a piecemeal fashion over the past decades with some systems upgrades performed over the past four years.

- 3.1.5 The Iowa County Highway Department utilizes portions of the County tower system for their two way radio communications which is in a low band frequency.
- 3.1.6 The Iowa County Information Systems (IS) Department currently utilizes T-1 lines and fiber optic lines to transfer data between various county facilities as part of the County computer network.
- 3.1.7 Iowa County Health Department and Social Services Department currently utilize two (2) T-1 lines to transfer voice & data between various county facilities as part of the phone system network.

3.0 PART TWO SCOPE OF WORK

Towers & related equipment

- 3.2.1 Review all existing tower sites and provide a radio signal strength study (drive study complete with diagrams, maps and comparison charts), and computer propagation model showing the results for the existing tower sites.
- 3.2.2 Provide (complete with diagrams, maps and comparison charts) a full theoretical review of Iowa County to compare against the existing tower sites.
- 3.2.3 Provide written recommendations (complete with diagrams, maps and comparison charts) for ideal locations, spacing and number of towers to most advantageously cover all of Iowa County and all services using the system for county wide communications use for radio, voice and possibly data for all of Iowa County
- 3.2.4 Review all tower structures and determine the life expectancy, efficiency and capabilities (load studies) of the towers presently in use, including written findings and recommendations.

PART 3.2 CONTINUED

- 3.2.5 Provide written recommendations for replacement, repair, maintenance, etc..
- 3.2.6 Provide load studies, whether on existing or new tower sites, these should encompass all equipment additions/changes being recommended as part of this study.
- 3.2.7 Provide a written report including a minimum of a 20 year maintenance & replacement schedule on any recommendations.

Radio System Backbone & related equipment

- 3.2.8 Review and evaluate the life expectancy and effectiveness of the existing radio systems currently used by County Departments and shall submit a written report of the findings and or recommendations.
- 3.2.9 Make written recommendations as to improvements, upgrades, changes, or replacements in order to achieve an expandable, effective and efficient system for county wide radio communications for all users of the Iowa County System based on present and future technology and changes anticipated. P-25 and narrowing banding standards are known standards that are required to be considered in this recommendation.
i.e. The infrastructure should be capable of adapting to future changes shy of unknown or undiscovered technology.
- 3.2.10 Recommended changes, upgrades, additions, etc. must maintain compatibility with all equipment being utilized by the users of the system (Police, Fire, EMS, surrounding counties, Iowa County, etc.). The written recommendations of this study should not cause any one user of the system to have to completely change out a majority or all of their existing radio equipment.
- 3.2.11 Recommendations in this area must provide equal or greater capabilities or speed when utilizing equipment compared to the current system.
- 3.2.12 Any systems recommendations related to any and all systems should have a life expectancy of at least twenty (20) years, shall not be manufacturer specific.
- 3.2.13 Wherever possible, all written recommendations should include equipment and related components that are nonproprietary in nature to allow Iowa County the greatest flexibility in future purchases.

PART 3.2 CONTINUED

- 3.2.14 Develop a single page outline of the process that will be followed by the bidder in completing this project. This must include a completion/final written report target date of 06/02/2009. It is the intent of Iowa County to complete this study as soon as possible however, depending upon the results of the preliminary report requested on, adjustments may be authorized by the Sheriff.
- 3.2.15 Provide Iowa County assistance with writing and preparing any and all "Request for proposal/Bid" based on the recommendations of the study.
- 3.2.16 Provide Iowa County, upon completion of the study, assistance in preparing a schedule for any and all purchases, replacements and upgrades that are recommended in the study including budgeting. The schedule would prioritize the in a descending order the recommendations.
- 3.2.17 Prepare and present a formal presentation before the Justice Services Committee and full County Board upon completion of the study.

3.0

PART THREE EVALUATION INFORMATION

- 3.3.1 After determining that a proposal satisfies the mandatory requirements stated in the Request for Proposal, the comparative assessment of the relative benefits and deficiencies of the proposal in relationship to the published evaluation criteria shall be made by using subjective judgment. The award of a contract resulting from this Request for Proposal shall be based on the lowest cost and best proposal received in accordance with the evaluation criteria stated below:
 - 1.1.1 Degree to which the bid meets the specifications identified.
 - 1.1.2 Total cost quoted.
 - 1.1.3 Proposed approach to completion of the project.
 - 1.1.4 Experience in performing similar projects.
 - 1.1.5 References and responsibility
- 3.3.2 Bidder shall provide a history of the bidders background and experience in providing studies similar to the request within this RFP. Additionally, on a separate page at least three (3) references shall be listed that Iowa County may contact where the bidder completed a study similar in size and scope.

PART 3.3 CONTINUED

- 3.3.3 In the event that only one proposal is received in response to this Request for Proposal, Iowa County reserves the right to negotiate the terms and conditions, including the price, as proposed in the sole vendor's proposal. In addition, as part of such negotiations, Iowa County reserves the right to require supporting cost, pricing and other data from the vendor in order to determine the reasonableness and acceptability of the proposal.

3.0

PART FOUR STANDARD TERMS AND CONDITIONS

- 3.4.1 **SPECIFICATIONS:** The specifications in this request are the minimum acceptable. When specific manufacturer and model numbers are used, they are to establish a design, type of construction, quality, functional capability and/or performance level desired. When alternates are proposed, manufacturer, stock number, and such other information necessary to establish equivalency must be identified. Iowa County shall be the sole judge of equivalency. Vendors are cautioned to avoid bidding alternates to the specifications, which may result in rejection of their proposal.
- 3.4.2 **DELIVERY:** Deliveries shall be F.O.B. destination unless otherwise specified.
- 3.4.3 **METHOD OF AWARD:** Award shall be made to the lowest responsible, responsive vendor unless otherwise specified in this RFP. Iowa County reserves the right to award based upon the evaluation of the proposals, noted in Section Four of this RFP, which the county deems to be in its best interest.
- 3.4.4 **PAYMENT TERMS AND INVOICING:** Iowa County normally will pay properly submitted vendor invoices within thirty (30) days of receipt providing goods and/or services have been delivered, installed (if required), and accepted as specified.
- 3.4.5 **TAXES:** Iowa County and its agencies are exempt from payment of all federal tax and Wisconsin state and local taxes on its purchases except Wisconsin excise tax as described below which is exempted by State Statutes.

PART 3.4 CONTINUED

- 3.4.6 Iowa County, including all its agencies, is required to pay the Wisconsin excise or occupation tax on its purchase of beer, liquor, wine, cigarettes, tobacco products, motor vehicle fuel, and general aviation fuel. However, it is exempt from payment of Wisconsin sales or use tax on its purchases. Iowa County may be subject to other states' taxes on its purchases, in that state depending on the laws of that state. Contractors performing construction activities are required to pay state use tax on the cost of materials.
- 3.4.7 **GUARANTEED DELIVERY:** Failure of the vendor to adhere to delivery schedules as specified or to promptly replace rejected materials shall render the vendor liable for all costs in excess of the contract price when alternate procurement is necessary. Excess costs shall include the administrative costs.
- 3.4.8 **ENTIRE AGREEMENT:** These Standard Terms and Conditions shall apply to any contract or order awarded as a result of this request except where special requirements are stated elsewhere in the request; in such cases, the special requirements shall apply. These Term and Conditions are hereby incorporated into any final contract or agreement. Further, the written contract and/or order with referenced parts and attachments shall constitute the entire agreement and no other terms and conditions in any document, acceptance, or acknowledgment shall be effective or binding unless expressly agreed to in writing by the parties.
- 3.4.9 **APPLICABLE LAW:** The Iowa County Circuit Court shall be the court of exclusive jurisdiction for any litigation between the parties arising out of the performance of this contract. This contract shall be interpreted in accordance with the laws of the State of Wisconsin.
- 3.4.10 It is understood that requirements of s. 59.52 (29) Wisconsin Statutes do not apply to this solicitation, as the contract awarded will not involve "public work" as defined by Wisconsin law.
- 3.4.11 **ASSIGNMENT:** No right or duty in whole or in part of the vendor under this contract may be assigned or delegated without the prior written consent of Iowa County.
- 3.4.13 **SUBCONTRACTORS:** If subcontractors are planned to be used, this should be clearly explained in the proposal. However, the prime vendor will be responsible for contract performance whether or not subcontractors are

used.

PART 3.4 CONTINUED

3.4.13 APPEALS PROCESS

ARBITRATION/Notice of intent to protest and protests of any award made must be made in writing and filed with the Iowa County Clerk, Iowa County Courthouse, 222 North Iowa Street, Dodgeville, Wisconsin 53533, within five (5) calendar days after discussion and recommendation of award. The provisions of Chapter 68 of the Wisconsin Statutes shall apply.

3.4.131 Any dispute arising after award as to performance, quality and/or quantity shall be subject to arbitration as provided under Chapter 788 of the Wisconsin Statutes.

3.4.132 Iowa County reserves the right to have claims, disputes, or other matters in question decided by litigation. If Iowa County waives its right to litigation, then the arbitration provisions stated in paragraph 18.01 shall apply.

3.4.14 SAFETY REQUIREMENTS: All materials, equipment, and supplies provided to Iowa County must comply fully with all safety requirements as set forth by the Wisconsin Administrative Code, Rules of the Industrial Commission on Safety, and all applicable OSHA Standards.

3.4.15 WARRANTY: Unless otherwise specifically stated by the bidder/vendor, equipment purchased as a result of this request shall be warranted against defects by the bidder/vendor for ninety (90) days from date of receipt. The equipment manufacturer's standard warranty shall apply as a minimum and must be honored by the vendor.

3.4.16 CANCELLATION: Iowa County reserves the right to cancel any contract in whole or in part without penalty due to non-appropriation of funds, or for failure of the vendor to comply with the terms, conditions, and specifications of this contract.

3.4.17 PUBLIC RECORDS ACCESS: It is the intention of the county to maintain an open and public process in the solicitation, submission, review, and approval

of procurement activities.

PART 3.4 CONTINUED

- 3.4.18 Bid/proposal openings are public unless otherwise specified. Records may not be available for public inspection prior to issuance of the notice of intent to award or the award of the contract.
- 3.4.19 DISCLOSURE: If a public official (s. 19.42, Wis. Stats.), a member of the public official's immediate family, or any organization in which a public official or a member of the official's immediate family owns or controls a ten percent (10%) interest, is a party to this agreement, and if this agreement involves payment of more than three thousand dollars (\$3,000.00) within a twelve (12) month period, this contract is voidable by the county unless appropriate disclosure is made according to s. 19.45(6), Wis. Stats., before signing the contract.
- 3.4.20 MATERIAL SAFETY DATA SHEET: If any item(s) on an order(s) resulting from this award(s) is a hazardous chemical, as defined under 29 CFR 1910.1200, provide one (1) copy of Material Safety Data Sheet for each item with the shipped container(s) and one (1) copy with the invoice(s).

**5.0
PART FIVE
EXHIBITS/PRICING PAGE**

- 3.5.1 The Vendor shall, as part of this contract, agree that Iowa County shall not be subject to any price increases from the time the contract is accepted by Iowa County during the term of the contract. Iowa County shall be able to acquire the services at the new price in the event of a price reduction during this same period.
- 3.5.2 At a minimum, the gray areas of the pricing information sheet should be completed. Additional lines are available showing the main components of the "Scope of Work" should you prefer to provide a further detail of your bid. A Guaranteed Hourly rate for additional work outside the Scope of Work of this RFP must be provided.
- 3.5.3 The vendor hereby agrees to provide the services and/or items at the price quoted, pursuant to the requirements of this document and further agrees that when this document is countersigned by an authorized official of Iowa County, a binding contract, as defined herein, shall exist between the vendor and Iowa County.

Modifications to Request for Proposals

Iowa County Sheriff's Office

Communications System Assessment

Thursday, February 12, 2009

Questions and requests for clarification on some of the RFP points were discussed. There are slight modifications to the RFP that should assist with clarification. The results are listed below, there will be materials made available to potential bidders that should assist in developing a bid.

- On page 1 in item II: The proposal due date is March 6, 2009 at 12:00 Noon, this matches the due date in the schedule of events.
- 3.1.3 on page 4: There will be a map with the location of the towers that are in use by Iowa County with communications equipment that is currently located on that site. The map will be included in the Advertisement for Bids area of the website under the Communication Assessment RFP link. A map depicting locations of additional tower sites that could be of interest for future co-location purposes can be made available to the successful bidder.
- 3.2.1 on page 5: There are **(3) Three** frequencies that are of interest to the County in relation to the **drive study** portion of the RFP. The frequencies would be Iowa Sheriff, Iowa Fire Voice and the low band Highway Department frequency. There will also be a map with the current tower locations, with owner information indicated for that tower.
- 3.2.4 on page 5: Review the 2 towers owned by the County and facilitate a tower study with a County provided structural engineering firm to determine the life expectancy, efficiency and capabilities (load studies) of the towers presently in use, including written findings and recommendations.
- 3.2.5 on page 6: With a County provided structural engineer, facilitate written recommendation for replacement, repair, maintenance, etc. of the County towers.

- 3.2.6 on page 6: With a county provided structural engineer, facilitate load studies that whether on existing or new tower site, encompass all equipment additions/changes being recommended as part of this study. A bidder may chose to incorporate an estimate for a structural study of the two County towers as a separate item on their proposal.
- 3.2.15 on page 7: May be deleted completely.
- 3.2.16 on page 7: The last sentence should read: The schedule would prioritize the recommendations in a descending order.
- A list of equipment that is currently under the service agreement for the 2009 year is available as well. Keep in mind that this list may not be all inclusive, due to recent mobile equipment purchases. There are approximately 5 mobile units that are not currently compatible with narrow banding and there are base units that are currently in use that may not comply.

Please see attachments that may be separate from this document. If unable to access please contact me at steve.michek@iowacounty.org.
