If the three percent (3%) reduction results in the local Bidder's total bid price being the lowest price, then award shall be made to the local Bidder at their total bid price as submitted in their Bid, provided the local Bidder is responsive and responsible.

Additional Terms and Conditions / Variances / Exceptions to Bid

Outside of anything stated to the contrary in this Invitation to Bid, County may consider additional terms or conditions submitted by a Bidder. However, in submitting its Bid, the Bidder agrees that any additional terms or conditions shall have no force or effect until agreed upon in writing by the County. Any additional terms and conditions that the Bidder wishes to make as a part of their Bid should be indicated on the Bid Form or in a letter on company stationery signed by the Bidder and enclosed with their Bid.

Bidders must clearly stipulate any variances or exceptions that they are taking to the Invitation to Bid documents and specifications, including the Terms and Conditions on the Bid Form. County will not exercise this right until after written notice has been given to Bidder and reasonable opportunity has been given for Bidder to be heard. The decision of debarment or suspension shall be final and conclusive, unless fraudulent, or Bidder commences an action in court.

Bid Evaluation and Award

County reserves the right to (a) cancel this Invitation to Bid, (b) reject any or all Bids, (c) waive any or all irregularities in the Bids, (d) modify the scope of the Services, (e) waive any minor departure from the equipment specifications, or (f) disregard all nonconforming, non-responsive, unbalanced or conditional Bids, as long as such does not give Bidder an

advantage or benefit not enjoyed by the other Bidders or does not adversely impact the interests of County. County reserves the right to re-advertise the Invitation to Bid, when it is in the best interest of County. County also reserves the right to reject the Bid of any Bidder if County believes that it would not be in its best interest to make an award to that Bidder, whether because the Bid is non-responsive or Bidder is unqualified or of doubtful financial ability or fails to meet any other pertinent standards or criteria established by County.

Discrepancies in the multiplication of units and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

Bid alternatives, if any, will be evaluated and may or may not be awarded at the sole discretion of County. Bid alternatives may be awarded separately or in combination as deemed to be in the best interest of County.

In evaluating Bids, the County shall consider (a) the qualifications of Bidders, (b) whether or not the Bids comply with the prescribed requirements, (c) such alternates, unit prices and other data, as may be requested in the Invitation to Bid, (d) the qualifications and experience of the Bidder's proposed sub-contractors, (e) any additional terms and conditions, exceptions or variances stipulated by Bidder, and (f) operating costs, maintenance requirements, performance data, warranties and guarantees.

County may conduct investigations, seek clarifications or request any information as County deems necessary to assist in the evaluation of any Bid and to establish the responsibility, qualifications and financial ability of Bidder and their proposed sub-contractors. Failure to provide requested information may result in rejection of the Bid.

If an Award is made, it is the County's intent to make an award to the lowest most responsive, responsible Bidder whose evaluation by County indicates that the Award will be in the best interest of County. County shall make an Award within thirty (30) days after the date of the Bid submittal due date and time, during which period Bids shall remain firm and shall not be withdrawn. If an Award is not made within thirty (30) days, the Bid shall remain firm until either County makes an Award or the Successful Bidder provides a written notice to County that their Bid is withdrawn. Any Bid that expresses a shorter duration may, in County's sole discretion, be accepted or rejected.

County shall issue a written Notice of Intent to Award, if any, to the Successful Bidder, however, no contract shall be formed between the Successful Bidder and County until County signs the Agreement.

Estimated Quantities

Estimated quantities of miles mowed are given only as a guideline for preparing a Bid in response to this Invitation to Bid. Actual miles mowed may vary from the estimates noted on the Bid Form. Frequency of mowing, and litter pickup is at the discretion of the County and may vary depending upon weather conditions.

The contents of the Bid submitted by Bidder, including any special terms and conditions, variances, and exceptions that may be agreed to by County, shall become the basis for contractual obligations if award is made to Bidder. Failure to accept these obligations in a contractual agreement shall result in cancellation of the Award.

Conflict of Interest

Bidders shall disclose in their Bid the name of any officer, director, employee or other agent who is also an employee of the County. Bidders shall also disclose the name of any County employee who owns, directly or indirectly, an interest of five percent (5%) or more in the Bidder's company or its affiliates.

Any Bidder or their proposed sub-contractors who are currently involved in a contract with the County that may have a potential or actual conflict of interest regarding this solicitation shall be required to submit such information with their Bid, which shall include sufficient details regarding the actual or potential conflict of interest to allow the County to

evaluate the Bid, including but not limited to existing contracts that the Bidder has with the County that may conflict with the Services being provided pursuant to this Invitation to Bid. Failure to do so may result in an adverse determination by the County. The County also reserves the right to request additional information regarding such a request.

Should there be a potentially irresolvable conflict; the County will make a determination regarding such conflict. Any Bidder or their proposed sub-contractors found to have a conflict of interest which the County determines, in its sole discretion, will interfere with the Bidder's ability to provide the Services outlined in this Invitation to Bid will be informed of the determination. Any Bid submitted in contravention of the determination may be deemed non-responsive. The County also reserves the right to cancel any Award with any Bidder who fails to disclose any conflict of interest during the procurement process.

The Bidder or any of its employees, including any proposed sub-contractors, shall not enter into any contract with the County or any other governmental entity during the term of any Contract covered under this Invitation to Bid that would create or involve a conflict of interest or the appearance of a conflict of interest with the Services noted in the Invitation to Bid.

Documentation Becomes the Property of the County

All documentation produced as part of this Invitation to Bid shall become the exclusive property of County. Documentation may not be removed by Bidder and will not be returned to Bidder. Selection or rejection of a Bid by County shall not affect this right.

Review of Bidder's Facilities and Bid

Prior to Award, County reserves the right to perform or have performed an on-site review of the Successful Bidder's facilities, as well as the documentation provided in their Bid. This review will serve to verify data and representations submitted by Bidder and may be used to determine whether Bidder is qualified, experienced and has the resources to provide the Services outlined in the Invitation to Bid. The review may also serve to verify whether Bidder has adequate financial capability to meet the requirements of the Invitation to Bid. Should County determine that the Bid or subsequent documentation submitted by the Successful Bidder has material misrepresentations or that the size or nature of any Successful Bidder's resources are not adequate to ensure satisfactory performance, or ascertains other bases for concern as to the Successful Bidder's ability to provide the Services, County has the right to reject their Bid.

Financial Strength

Prior to award of a contract, the County reserves the right to request financial information from the Successful Bidder to assist the County in further review of that Bidder's capabilities. Florida law generously defines what constitutes a public record and under Chapter 119 of the Florida Statutes, all Bids are to be made available by County for viewing by the general public. If a Bidder believes that its Bid contains information that should not be a public record, Bidder shall clearly segregate and mark that information as "Confidential" and describe in writing the grounds for claiming exemption from the public records law, including the specific statutory citation for such exemption.

It is County's intent to ensure that the Bid Documents are written to obtain the best value for the County and to ensure competitiveness, fairness, necessity and reasonableness in the Invitation to Bid process.

Under no circumstances shall County enact debarment or suspension against any protesting Bidder, regardless of the outcome of the protest.

Violation of such laws shall be grounds for termination of the Agreement.

Conflict of Interest: Contractor covenants that it presently has no interest and shall not acquire any interest which would conflict in any manner of degree with the performance of the Services covered under this Agreement. Furthermore, Contractor warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for Contractor to solicit or secure this Agreement and that it has not paid or agreed to pay an person, company, corporation, individual, or firm, other than a bona fide employee working solely for Contractor any fee, commission, percentage, gift or other consideration contingent upon or resulting from the award or making of this Agreement.

County Funds: Due to budgetary constraints, if funding is not available to continue purchasing the service, County reserves the right to modify the terms and conditions of the Agreement, or to terminate the Agreement, if it is in the best interest of County. In accordance with Section 216.347, Florida Statutes, and as provided herein, Contractor may not expend any County funds for the purpose of lobbying Local, State or Federal Agencies.

Dispute Resolution: For any dispute concerning performance of the Agreement, which includes without limitation controversies based upon breach of contract, mistake, misrepresentation, or other cause for contract modification or rescission, County shall attempt to reach a mutual agreement as to the settlement and resolution of the dispute with Contractor. Should a mutual agreement not be reached, County shall render a decision and reduce such to writing and serve a copy on Contractor. The decision shall be final and conclusive, unless fraudulent, or Contractor commences an action in court. Without limiting the foregoing, the exclusive venue of any legal or equitable action that arises out of or relates to the Agreement shall be the Circuit Court of the Fifth Judicial District in and for Citrus County, Florida.

Documentation: All documents produced as a result of the provision of the Services covered under the Agreement shall be the property of County at the completion of the Services. Copies of these documents are not to be sold or distributed to third parties without the written consent of County. The Contractor will be required to retain a copy of these documents for a minimum of three (3) years from completion of the Agreement. All documents, papers, letters, e-mails or other material made or received by Contractor in conjunction with the Agreement, unless exempt from Section 24(a) of Article I of the Florida Constitution and Section 119.07(1) of the Florida Statutes, shall be made available for public access. Contractor should consult an attorney as to their duties under the records and information laws (Section 257.36 of the Florida Statutes) and public records laws (Chapter 119 of the Florida Statutes) of the State of Florida. Employees, Sub-contractors, and Agents: All Contractor employees, sub-contractors, or agents performing any of the Services under the Agreement shall be properly trained to meet or exceed any specified training qualifications. Upon request, Contractor shall furnish a copy of certification or other proof of qualification. All employees, sub-contractors, or agents of Contractor must comply with all security and administrative requirements of County. County may conduct, and Contractor shall cooperate in, a security background check or otherwise assess any employee, sub-contractor, or agent of Contractor. County may refuse access to, or require replacement of, any personnel for cause, including, but not limited to, technical or training qualifications, quality of services, change in security status, or non-compliance with County's security or other requirements. Such approval shall not relieve Contractor of its obligation to perform all Services in compliance with the Agreement. County may reject and bar from any facility for cause any of Contractor's employees, sub-contractors, or agents.

Lawful Claims and Demands: Should any outstanding claims by sub-contractors or suppliers incurred in the performance of the service materialize after County has made Payment to Contractor, Contractor will indemnify and save County harmless from such claims. Acceptance by Contractor of payment shall be and shall operate as a release to County of all claims and all liabilities to Contractor, other than claims in stated amounts as may be specifically excepted by Contractor for things done or furnished in connection with the provision of the service, and for every act and neglect of County and others relating to or arising out of the provision of the service covered under this Agreement. Any payment, however final or otherwise, shall not release Contractor or his sureties from any obligations under the Agreement.

Force Majeure, Notice of Delay, and No Damages for Delay: Contractor shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of Contractor or its employees or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, hurricanes or other similar cause wholly beyond Contractor's control, or for any of the foregoing that affect sub-contractors or suppliers if no alternate source of supply is available to Contractor. In case of any delay Contractor believes is excusable, Contractor shall notify County in writing of the delay or potential delay and describe the cause of the delay either (a) within ten (10) days after the cause that creates or will create the delay first arose, if Contractor could reasonably foresee that a delay could occur as a result, or (b) if delay is not reasonably foreseeable, within five (5) days after the date Contractor first had reason to believe that a delay could result. THE FOREGOING SHALL CONSTITUTE THE CONTRACTOR'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY. Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against County. Contractor shall not be entitled to an increase in the fees or payment of any kind from County for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist Contractor shall perform at no increased cost, unless County determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to County, in which case County may terminate the Agreement in whole or in part.

Governmental Restrictions: If Contractor believes that any governmental restrictions have been imposed that require alteration of the materials used, the quality, workmanship or performance of the service offered under the Agreement, Contractor shall immediately notify County in writing, indicating the specific restriction. County reserves the right and the complete discretion to accept any such alteration or to cancel the Agreement at no further expense to County.

Interest: Interest on amounts ultimately determined to be due to Contractor or County shall be payable at the statutory rate applicable to judgments from the date the claim arose through the date of decision or judgment, whichever is later.

Inspections: County reserves the right to inspect the service provided by Contractor, whether partially or fully completed, at any time, as deemed appropriate by County for the purpose of ensuring Contractor's performance under the Agreement. Such inspections performed by County, shall not be construed as a final approval of Contractor's service, and shall not relieve Contractor from their obligations under the Agreement. County reserves the right to inspect, at any reasonable time with prior notice, Contractor's facilities to assess conformity of the provision of the service with the Agreement requirements.

Lobbying and Integrity: Contractor shall not, in connection with the Agreement, directly or indirectly (1) offer, confer, or agree to confer any pecuniary benefit on anyone as consideration for any County officer or employee's decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty, or (2) offer, give, or agree to give to anyone any gratuity for the benefit of, or at the direction or request of, any County officer or employee. For purposes of clause (2), "gratuity" means any payment of more than nominal monetary value in the form of cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, Services, employment, or contracts of any kind. Upon request of County, Contractor shall provide any type of

information County deems relevant to Contractor's integrity or responsibility. Such information may include, but shall not be limited to, Contractor's business or financial records, documents, or files of any type or form that refer to or relate to the Agreement. Contractor shall retain such records for a period of three (3) years after the expiration of the Agreement. Contractor agrees to reimburse County for the reasonable costs for investigations of Contractor's compliance with the terms of the Agreement which results in the suspension or debarment of Contractor. Such costs shall include, but not be limited to: salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. Contractor shall not be responsible for any costs of investigations that do not result in Contractor's suspension or debarment.

Supplemental to the above, Contractor cannot be prohibited from lobbying County concerning the scope of Services, performance, term, or compensation regarding any contract to which Contractor and County are parties, after execution of the Agreement and during the term of the Agreement.

Payment of Payment Requests: County will endeavor to make payment of a payment request within twenty (20) business days from the date which a properly received payment request is recorded as received by County, on which Services are completed to the satisfaction of County. If the payment request requires the approval of an agent on behalf of County, County will endeavor to make payment of a payment request within twenty-five (25) business days. However, payment of a satisfactorily received payment request shall be no later than forty-five (45) business days after the payment request is recorded as received by County. If the payment request is not received in proper order, County may reject the payment request within twenty (20) business days after the date on which the payment request is recorded as received by County. County shall provide Contractor with a written notification of the rejection specifying the deficiency and corrective measures necessary to make the payment request proper. Upon receipt of a corrected and proper payment request, County shall make payment within ten (10) business days after the date on which the corrected and proper payment request is recorded as received by County. Provided the payment requests made by Contractor to County are in proper order and County fails to make payment within the time periods specified under the payment terms noted above, County shall be obligated to pay Contractor interest on the payment request amount, in addition to the amount of the payment request.

When Contractor receives from County any payment for Services covered under the Agreement, Contractor shall pay such moneys received to each sub-contractor or supplier in proportion to the percentage of the Services completed by each sub-contractor or supplier at the time of receipt of the payment. If Contractor receives less than full payment, then Contractor shall be required to disburse only the funds received on a pro rata basis to its sub-contractors and suppliers, each receiving a prorated portion based on the amount due on the payment.

Performance Qualifications: County reserves the right to investigate or inspect, at any time, whether the provision of the Services complies with the Agreement requirements. Contractor shall at all times during the Agreement term remain responsive and responsible. Contractor must be prepared, if requested by County, to present evidence of experience, ability, and financial standing, as well as a statement as to capacity of Contractor for the performance of the provision of the service covered under the Agreement. If County determines that Contractor does not meet these qualifying conditions, or that the service proposed to be furnished does not meet the specified requirements, or that performance is untimely, County may terminate the Agreement. This paragraph shall not mean or imply that it is obligatory upon County to make an investigation either before or after award of the Agreement, but should County elect to do so; Contractor is not relieved from fulfilling all Agreement requirements.

Project Site Conditions: Contractor shall be deemed to have examined the Project Site and to have secured full knowledge of all conditions under which the Services are to be executed and completed, including, but not limited to (a) physical structures, (b) the location of above ground and below ground utilities, (c) approaches to the Project Site and (d) available space for work areas, and storage.

Except under an "emergency request", Contractor shall not provide any Services to County until Contractor has received a purchase order from County. Contractor shall be permitted to accept an order to provide Services under an emergency purchase without a purchase order; however such request from County must be transmitted to the Contractor via facsimile or e-mail. The written transmission order must be submitted with any payment request submitted by the Contractor for such emergency requests.

Relationship: Contractor is an independent contractor to County in provision of the service under this Agreement and is not an employee, agent, joint-venture, or partner of County.

Proceedings to resolve the dispute shall be commenced not later than forty-five (45) business days after the date on which the payment request in dispute was recorded as being received by County and shall be concluded by final decision of County not later than sixty (60) business days after the date on which the payment request was recorded as being received by County. Such procedures shall not constitute an administrative proceeding which prohibits a court from deciding de novo any action arising out of the dispute. If the dispute is resolved in favor of Contractor, then interest shall begin to accrue as of the original date the payment became due. In an action brought by Contractor against County to recover amounts amount in dispute, court costs and reasonable attorney's fees, including fees incurred through any appeal, shall be awarded to the prevailing party.

Scope Changes: County may unilaterally require, by written order, changes altering, adding to, or deducting from the Scope of Services or equipment specifications, provided that such changes are within the general scope of the Agreement. County may make an equitable adjustment in the Agreement price or delivery date if the change affects the cost or time of performance of the Services. Such equitable adjustments require the written consent of Contractor, which shall not be unreasonably withheld. If unusual service requirements arise, County may utilize the Services of another contractor or solicit bids to satisfy such requirements.

Security and Confidentiality: Contractor shall comply fully with all security procedures of County in the performance of the Agreement. Contractor shall not divulge to third parties any information obtained by Contractor or its agents, distributors, resellers, sub-contractors, officers or employees in the course of the provision of the service without the written consent of County. However, Contractor shall be permitted to release information to third parties if such information is publicly available through no fault of Contractor, information that Contractor developed independently without relying on County's information or information that is otherwise obtainable under State and Federal law as a public record. Requests for payment that include travel expenses shall be in accordance with Section 112.061 of the

Florida Statutes. County reserves the right to require any information from Contractor that County deems necessary to substantiate claims for remuneration. Upon receipt of Contractor's payment request, County will review such to ensure that it is in proper order, and that the service covered under the payment request has been completed in accordance with the Agreement requirements. If it is found that the payment request is not in proper order, or the service covered under the payment request does not satisfy the Agreement requirements, the payment request may be rejected.

Suspension of the Provision of the Services: County may, in its sole discretion, suspend any or all provision of the Services covered under the Agreement, at any time, when in the best interest of County. County shall provide Contractor written notice outlining the particulars of suspension. Upon receiving a notice of suspension, Contractor shall immediately comply with the notice, stopping all work in-progress and not perform any further Services. Within ninety (90) days after the notice of suspension, or any longer period agreed to between County and Contractor, County shall either issue a notice authorizing resumption of the service, at which time activity shall resume, or terminate the Agreement. If County issues notice to resume the provision of the service, Contractor will be allowed a mutually agreed upon increase in Price or extension of Time, or both, that is directly attributable to the suspension. In the event of suspension, County will be responsible for compensating Contractor only for satisfactory completed, or partially completed, Services up to the date of suspension. Suspension of the Services shall not entitle Contractor to any loss of anticipated profit under this provision.

Taxes: Contractor shall pay all sales, consumer, use and other similar taxes required to be paid by Contractor in accordance with the laws and regulations of the State of Florida which are applicable to the provision of the Services under the Agreement. County will not pay for any personal property taxes levied on Contractor or for any taxes levied on Contractor's employees' wages. All purchases made by County directly from a dealer, distributor or manufacturer for materials, equipment or supplies ("direct purchase") instead of through the Contractor are exempt from sales, consumer, use and other similar taxes.

Termination By County for Cause: In the event Contractor fails to (a) complete the service within the time specified in the Agreement or any extension of such, (b) maintain adequate progress, thus endangering performance of the Agreement, (c) honor any term of the Agreement, or (d) abide by any statutory, regulatory, or licensing requirement, County may terminate the Agreement for cause by first notifying Contractor in writing, specifying the nature of the default. Contractor shall have ten (10) business days to cure such default. If after the ten-day notice, Contractor has not cured the default, termination shall become final. Except for defaults of its sub-contractors at any tier, Contractor shall not be liable for any excess costs if the failure to perform the Agreement arises from events completely beyond the control, and without the fault or negligence of Contractor. If the failure to perform is caused by the default of a sub-contractor at any tier, and if the cause of the default is completely beyond the control of both Contractor and its sub-contractors, and without the fault or negligence of either, Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted Services or products were obtainable from other sources in sufficient time for Contractor to meet the required delivery schedule. If, after termination, it is determined that Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of County. In the event of termination for cause, County will be responsible for compensating Contractor only for the completed or partially completed Services up to the date of suspension, less any expenses incurred by County as a result of the default. Termination of the service shall not entitle Contractor to any loss of anticipated profit under this provision. The rights and remedies of County in this clause are in addition to any other rights and remedies provided by law or under the Agreement.

Termination by Contractor for Cause: Contractor may terminate this Agreement upon thirty (30) calendar days written notice if (a) County demands that Contractor perform Services contrary to Contractor's responsibilities, (b) if Contractor's Services are delayed or suspended for more than ninety (90) calendar days for reasons beyond Contractor's control, or (c) in the event of substantial failure by County to perform in accordance with the terms hereof through no fault of Contractor. County will be responsible for compensating Contractor only for the completed or partially completed Services up to the date of termination. Contractor shall have no liability to County on account of such termination.

Termination for Convenience: County, by giving thirty (30) calendar days written notice to Contractor, may terminate the Agreement in whole or in part when County determines in its sole discretion that it is in County's interest to do so. Upon receiving a notice of termination, Contractor shall immediately comply with the notice, stopping all work in-progress and not perform any further Services. In the event of termination, County will be responsible for compensating Contractor only for the completed or partially completed Services up to the date of termination. If County issues a notice to resume the provision of the Services, Contractor will be allowed a mutually agreed upon increase in price or extension of time, or both, that is directly attributable to the suspension. Termination of the provision of the service shall not entitle Contractor to any loss of anticipated profit under this provision.

Warranty of Ability to Perform: Contractor warrants that, to the best of its knowledge, there are no pending or threatened actions, proceedings, investigations, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish Contractor's ability to satisfy its Agreement obligations. Contractor warrants that neither it, nor any affiliate, is currently on the convicted Contractor list maintained pursuant to Section 287.133 of the Florida Statutes, or on any similar list maintained by any other state or the federal government. Contractor shall immediately notify County in writing if its ability to perform is compromised in any manner during the term of the Agreement.

SCOPE OF SERVICES

PURPOSE AND INTENT

It is the intent of these specifications to cover the work involved with routine mowing of County right-of-ways District #11, Citrus Springs, Units 1-27, Row Width 60/80/100, (miles totaling approximately 414) for the purpose of controlling growth on shoulders, ditches, and back slopes, and other grassed areas. It is recognized and understood that the prime purpose of grassed shoulders, ditches, and back slopes is to control erosion, and secondly, to provide a stabilized vehicle recovery area. The Contractor is, therefore, responsible for proper procedures to assure the purpose of grassed recovery areas is not jeopardized by his activities.

METHODS AND PROCEDURES

The number and size of mowers and power equipment used is at the Contractor's option. It is a requirement of these specifications, however, that the work required be performed in a timely fashion, and that the right-of-ways be kept neat and reasonably clean.

The Contractor shall furnish and erect such temporary signs as are necessary to protect the traveling public as well as his own equipment and work force. Such signs shall be placed at intervals along the roadway and shall be maintained during the period of operations to advise motorists of the potential hazard existing due to slow moving equipment.

Mowers shall be equipped with devices to curtail the discharge of objects from beneath the mower. Those devices may consist of chains or other methods which will, in the opinion of the County, tend to hold rocks, glass and other potential projectiles under the mower housing. Tractors used to propel the mowers shall be rubber-tired such that the wheels will not penetrate the ground to such an extent as to create channels or ponding on shoulders and side slopes.

Mowing on steep slopes (3:1 or steeper) will not be required, nor will the Contractor be required to mow around guardrails. That work will be performed, as needed, by the County.

Mowers shall be set at a mowing height of not more than (6") six inches and no less than (4") four inches, unless specifically otherwise ordered by the County. Mowing shall proceed from the edge of pavement outward except as may be otherwise approved by the County.

Generally each road shall be mowed a minimum of four times a year. However, if additional mowings will net savings on a per cut per mile basis, the County may elect to proceed with five or six mowings per year.

The County shall be the sole judge of when mowings are to be performed. Also, any one or more scheduled mowings may be deleted if growth fails to reach the point where mowing is needed.

It shall be the Contractor's responsibility to check these roads for right-of-ways and distances prior to submitting bids.

All work will be approved by the Contract Manager before payment is released to the Contractor. **It is understood that if the Contractor cannot complete the mowings on time as scheduled and to the specifications stated, the County may require liquidated damages to be paid at a rate not to exceed \$50.00 per day.**

Contractor may view maps showing the listed roads at the County's Road Maintenance Office located at 1300 S. Lecanto Highway, Lecanto, Florida.

It is the County's intent to mow full right-of-way width.

The County reserves the right to increase or decrease the miles of mowing if needed and to increase or decrease the number of DRAs if needed.
