SCOPE OF WORK

SCOPE OF WORK

Copiers Supplies, Maintenance, and Support Services

BACKGROUND

The Orange County Transportation Authority's Information Systems (IS) Department is responsible for all convenience copiers throughout the Authority. The Authority has headquartered operations in the city of Orange and operates bus base facilities in the cities of Anaheim, Garden Grove, Irvine, and Santa Ana.

In July of 2010, the Authority purchased 8 Kyocera Taskalfa 520I model copiers. Copiers were new at time of installation. These copiers were distributed among administrative offices located in Orange (2) and bus bases located in Garden Grove (3), Santa Ana (2), and Anaheim (1). The copiers are currently on a temporary maintenance contract that has covered the copiers since they were installed.

Overview of Current Operations

The Maintenance contract will cover the 8 Kyocera Taskalfa 520I model copiers. The predecessor copier volume on these devices averaged 10,000 impressions per month per copier for a total of 80,000 impressions per month.

Objective

The Authority intends to establish a 5 year maintenance contract to provide service and supplies for 8 Kyocera Taskalfa 520I model copiers. A single firm shall provide all maintenance over the life of the copier providing the Authority with a single point of contact for all maintenance needs. This is to be full service maintenance covering all consumables/parts such as toner, staples, developer, fuser oil, drums, repair parts, labor and preventive maintenance service. The only supply item not included is paper.

Definition and Scope

Successful offeror's proposal shall include remedial maintenance services and regularly scheduled preventative maintenance to minimize equipment downtime. The successful offeror is responsible for all parking fees when they visit a copier site for any reason. (On Exhibit B entitled "Price Summary Sheet," please include minimum and overage charge amounts and rates, if applicable).

2. Qualified Maintenance Technicians Requirements

All warranty and maintenance service shall be conducted solely by a service dealer authorized by the manufacturer with manufacturer trained and qualified technicians. The offeror shall have sufficient parts inventory to provide quality service on proposed equipment. If the copier cannot be repaired on-site, it must be replaced with an equal or better copier at no cost to the Authority, until Authority's copier is returned back in good working order.

Offeror must respond to all service calls within four (4) hours from receiving a service call from the Authority. Response is defined as a technician arriving at an Authority site. In addition, the successful offeror shall remedy any equipment failure within twenty-four (48) hours from the placement of the initial service call or provide a loaner copier of like capabilities while the repair is being completed at no additional cost to the Authority.

6. Supplies and Stores Requirements

Supplies shall be representative of toner, developer, maintenance kits, toner waste containers, fuser oil, staples, dispersant and any other consumable supply item necessary for the operation of the machine except paper. The cost of supplies shall be included in the per copy/page maintenance charge.

Supplies for copiers must be furnished to the location designated by the Authority on a periodic basis and will include all shipping and handling as part of the maintenance cost. Supplies must be delivered within two (2) working days after they are requested. Supplies shall be requested by placing orders via a web interface or by placing a phone call to an 800 number. Due to the Authority's limited storage facilities, the Authority's General Service Department will order the above supplies as necessary throughout the term of the maintenance contract.

8. Device Level Connectivity Support

Network connectivity related support for all network connected machines must be available to support the networked functions of the machines. Networked functions include scanning to email or file share, KM-Net Suite, print drivers, etc.

Network management tools are expected to allow for centralized management of the networked copiers to include configuring the device, obtaining page counts, configuring scan destinations, checking the current status of the copier, etc.

9. Meter Readings Requirements

The first quarter shall conclude on December 31, 2010 and be reportable to the successful offeror within 5 business days. The following quarter will conclude on March 31, 2011, and continue quarterly until the conclusion of the maintenance contract. Payment due dates shall be computed from date of receipt of services or correct invoice (whichever is later) to date Authority check is mailed. Invoices shall match Authority purchase order or payment could be delayed.

12. Customer Satisfaction Guarantee Requirements

The Authority reserves the right to require a new identical model or new replacement models if a copier fails repeatedly and/or requires more than five (5) service calls during any one month period. The replacement copier will be furnished at no additional charge or additional paperwork to the Authority.

The Authority shall have access to replacement equipment should the equipment be out of service for more than 48 hours after arrival of a service technician. A loaner of a like model shall be provided at no additional cost to the Authority while in-shop repair is performed. All ideas, memoranda, specifications, plans, manufacturing, procedures, drawings, descriptions, and all other written information submitted to CONSULTANT in connection with the performance of this Agreement shall not, without prior written approval of AUTHORITY, be used for any purposes other than the performance under this Agreement, nor be disclosed to an entity not connected with the performance of the project. CONSULTANT shall comply with AUTHORITY's policies regarding such material. Nothing furnished to CONSULTANT, which is otherwise known to CONSULTANT or is or becomes generally known to the related industry shall be deemed confidential. However, CONSULTANT will not indemnify AUTHORITY if the suit or claim results from: (1) AUTHORITY's alteration of a deliverable, such that said deliverable in its altered form infringes upon any presently existing U.S. letters patent or copyright; or (2) the use of a deliverable in combination with other material not provided by CONSULTANT when such use in combination infringes upon an existing U.S. letters patent or copyright.

B. CONSULTANT shall have sole control of the defense of any such claim or suit and all negotiations for settlement thereof. CONSULTANT shall not be obligated to indemnify AUTHORITY under any settlement made without CONSULTANT's consent or in the event AUTHORITY fails to cooperate fully in the defense of any suit or claim, provided, however, that said defense shall be at CONSULTANT's expense. If the use or sale of said item is enjoined as a result of such suit or claim, CONSULTANT, at no expense to AUTHORITY, shall obtain for AUTHORITY the right to use and sell said item, or shall substitute an equivalent item acceptable to AUTHORITY and extend this patent and copyright indemnity thereto.
