I. Allegan County

Instructions to Bidders

Notice to Bidders

Sealed bid proposals will be received until the time and the place and for the product(s) or service(s) as listed on the PROPOSAL-CONTRACT form attached and as further specified. These bid proposals will be publicly opened at the Allegan County Courthouse or other designated area, in the presence of bidders, attendance is optional, and County officials. After tabulation and review and when required, bid proposals will be presented to the County Commissioners for award of contract. The County reserves the right to review all bid proposals submitted for a period of 30 days after the date of bid proposal opening.

How to Submit a Proposal

All bid proposals shall be submitted in ***sealed envelopes***, mailed or delivered to: County of Allegan, Attention: Purchasing Analyst, 3283 – 122nd Ave, Allegan, MI 49010, and plainly marked on the outside with ***bid proposal number, identification of item and date of bid proposal opening***. It will be the sole responsibility of the bidder to ensure that the proposal reaches the location where bid proposals are to be sent before the closing hour and date shown on the enclosed PROPOSAL-CONTRACT form.

Purpose of Bid Proposal

The County of Allegan intends to secure a source of supply for the product(s) and service(s) at the lowest price; early and satisfactory manufacture; and prompt and convenient shipment and service by the supplier to the County. Any failure on the part of the supplier to comply with the ensuing conditions and specifications shall be reason for termination of contract.

Examination of Contract Documents and Existing Conditions

Before submitting a proposal, bidders should carefully examine the entire Contract Document, including the specifications, and by the submission of a bid proposal, the bidder will be understood to have read and be fully informed as to the contents of all of the bidding documents. Bidders should especially note any state or federal regulations and/or requirements in bid proposals involving funds from respective agencies and be prepared to adhere to those requirements.

Should a bidder find any discrepancies, omissions, ambiguities, or conflicts among the contract documents, or be in doubt about their meaning, they should bring such questions to the attention of the County Finance Director no later than five (5) business days prior to the date of the receipt of bid proposals. The County Finance Director will review the questions and, where information sought is not already indicated or specified, there will be a clarifying “Notice to Bidders,” which will become part of the Bid Proposal Documents. Neither the County nor the County Finance Director will be responsible for any oral instructions.

Rejection of Bid Proposals

The County reserves the right to reject any and all bid proposals or to accept the bid proposal or any part thereof which is determined to best serve the needs of the County and to waive any informalities or irregularities in the bid proposals. While cost is a factor in any bid proposal award, it is not the only factor and may not be the determining factor.

Quantities

The quantities or usage shown are estimated only unless otherwise stated. No guarantee or warranty is given or implied by the County as to the total amount that may be or may not be purchased from any resulting contracts. These quantities are for bidders information only and will be used for tabulation and presentation of bid proposal and the County reserves the right to increase or decrease quantities as required.

Bidding on Equivalent Products

If and wherever in the specifications a brand name, make, name of manufacturer, trade name, or vendor catalog number is mentioned, it is the purpose of establishing a grade or quality of material only. Since the County does not wish to rule out other competition and equal brands or makes, the phrase **or approved equal** is added. However, if a product other than those specified is bid proposal, it is the bidder's responsibility to name such a product within the bid proposal, and to prove to the County that said product is equal to that specified and to submit brochures, samples, and/or other specification in detail on the item(s) bid proposal. The County shall be the sole judge concerning the merits of bid proposals submitted.

Trade Discounts and Price Variances

Bid proposals on individual items must include unit prices, as well as total price. Where a variance exists on the bid proposal form between the unit price and the extension or whenever other discrepancies are noted between prices on the bid proposal form and prices quoted elsewhere in the bid proposal package, the unit price quoted on the bid proposal form shall prevail. The County will also consider trade discounts and other pricing features in each individual bid proposal prior to determining the successful bidder.
