Bid documents will not be mailed to Bidders within the greater Seattle metropolitan area. For information if you are unable to access the internet site, please contact **Vince Ryan at (206) 988-5565**.

The Work includes the installation of bird control devices on the newly constructed Cruise Ship Terminal at Pier 91. These bird control devices include netting, spikes, tension wires, sloped "bird slide", and low voltage electric track installed under approximately 22,000 s.f. of exterior canopies, over roof mounted equipment and skylights, and on overhead pipes and structural members.

The Engineer's estimate range for this project is **\$ 105,000 - \$ 210,000**.

Each bid must be accompanied by a cashier's check, money order, or surety bid bond, in an amount of not less than five percent (5%) of the total bid, made payable to Port of Seattle.

Performance and Payment bonds will be required with the Contract.

Time limit for substantial completion of the work is **seventy-five (75)** calendar days.

The Port reserves the right to reject any and all bids, to waive any informality, to accept any alternate bids, and to make such award that it deems to be in its best interest and pursuant to the terms of the General Conditions. - Contract time extends from Award of the contract through Contract Completion as defined in the General Conditions.

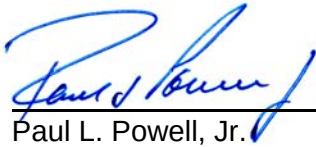

The Port of Seattle is an Equal Opportunity Employer and encourages Disadvantaged Business Enterprises, Minority Business Enterprises, Women Business Enterprises and Small Business Enterprises to participate in the competitive bidding process. - In support of the Small Business Community, the Port of Seattle has established a voluntary Small Business Anticipated

DIVISION 0 - BIDDING REQUIREMENTS, CONTRACT FORMS & CONDITIONS OF CONTRACT
Document 00100 - Advertisement for Bids

Participation Level (APL) of **5%** of the proposed total bid price in support of the Port of Seattle's Small Business Program.
