PART ONE: EXECUTIVE SUMMARY

PURPOSE. This is a Request for Competitive Sealed Proposals (RFP) under Section 125.071 of the Ohio Revised Code (ORC) and Section 123:5-1-08 of the Ohio Administrative Code (OAC). The Ohio Department of Education (ODE), has asked the Department of Administrative Services (DAS), Office of Procurement Services to solicit competitive sealed proposals (Proposals) for CSP902109 Educational Documents Translation Services, (the Work), and this Request for Proposals (RFP) is the result of that request. If a suitable offer is made in response to this RFP, the state of Ohio (State), through DAS, may enter into a contract (the Contract) to have the selected Offeror (the Contractor) perform all or part of the Project (the Work). This RFP provides details on what is required to submit a Proposal for the Work, how the State will evaluate the Proposals, and what will be required of the Contractor in performing the Work.

This RFP also gives the estimated dates for the various events in the submission process, selection process, and performance of the Work. While these dates are subject to change, prospective Offerors must be prepared to meet them as they currently stand.

Once awarded, the term of the contract will be through June 30, 2011. The State may renew this contract for three (3) additional extensions of one (1) year; subject to and contingent upon the availability of funds with a maximum duration of June 30, 2014. The State may renew all or part of this Contract subject to the satisfactory performance of the Contractor and the needs of Ohio Department of Education.

Any failure to meet a deadline in the submission or evaluation phases and any objection to the dates for performance of the Project may result in the State refusing to consider the Proposal of the Offeror.

BACKGROUND. As the number of Limited English Proficient (LEP) students in Ohio continues to rise, school districts face a growing need to provide accurate and timely translations of education-related documents to parents and families of these students. In the 2006-2007 school year, the 186 Ohio school districts that serve 10 or more LEP students reported a statewide LEP enrollment of at least 28,135. These students and their families speak more than 110 different languages.

Under the federal laws and state policies, districts and schools are required to communicate with families in a language they understand. The document containing federal laws and state policies can be found at [http://procure.ohio.gov/pdf/Federal Laws and State Policies.pdf](http://procure.ohio.gov/pdf/Federal%20Laws%20and%20State%20Policies.pdf).

In the Fall 2007, the ODE formed an intra-agency team to evaluate how the department could help districts comply with laws and policies for providing translations of pertinent documents. The team selected a list of critical documents to be translated into 10 different languages. ODE will provide school districts with these documents to help them meet federal and state requirements for communicating with families.

Objective. The objective is to obtain high-quality translations of a select number of education-related documents and ongoing document translation services as requested over a period of at least three and up to eight years.

OVERVIEW OF THE PROJECT'S SCOPE OF WORK. The successful Offeror must possess the ability to provide translations of these documents into Arabic, Cambodian/Khmer, Chinese-Simplified, Chinese-Traditional, Japanese, Korean, Russian, Spanish, Somali, Ukrainian and Vietnamese, as well as translations of additional documents on an as-needed basis potentially in additional languages (Albanian, Amharic, Cantonese, Creole/French, Hmong, Laotian, and Serbo-Croatian) over the course of the contract. The successful Offeror will provide comprehensive project management services for the translation process including writing/rewriting in foreign languages; editing; proofreading; quality control; and desktop publishing or design and layout in Microsoft Word, with Quark Express or Indesign (as specified for each document) and in Adobe Portable Document Format (pdf).

The successful Offeror will provide ODE with a competitive per word rate for services for a three-year period. The rate must include all services (editing, proofing, quality control, formatting and preparation of final documents in Microsoft Word or Quark Xpress and Adobe Portable Document Format). The rate may vary depending on the language, but all variability between language rates must be set for the life of the contract and disclosed in the initial cost summary.

CALENDAR OF EVENTS. The schedule for the Project is given below, and is subject to change. If the State changes the schedule before the Proposal due date, it will do so through an announcement on the State Procurement Web site question and answer area for this RFP. The Web site announcement will be followed by an addendum to this RFP, also available through the State Procurement Web site. After the Proposal due date and before the award of the Contract, the State will make schedule changes through the RFP addendum process. The State will make changes in the Project schedule after the Contract award through the change order provisions in the general terms and conditions of the Contract. It is each prospective Offeror's responsibility to check the Web site question and answer area for this RFP for current information regarding this RFP and its calendar of events through award of the Contract.

REQUESTS FOR PREVIOUS PROPOSALS (RFPPs). Requests from potential Offerors for copies of previous RFPs, past Offeror proposals, score sheets or contracts for any potentially related projects, are Public Records Requests (PRRs), and are not clarification questions regarding the present RFP. PRRs must be submitted by mail, through the State procurement representative. The posted time frames for responses to Internet questions for RFP clarification do not apply to PRRs. The State does not guarantee that a response to a PRR will be made within the time frames controlling this Proposal, and any failure or delay of the State in responding to the PRR will have no bearing on the deadlines found in this RFP.

Offerors are to base their RFP responses, and the details and costs of their proposed services, on the requirements and performance expectations established in this RFP for the future contract, NOT on details of any other potentially related contract or project. If Offerors ask questions about existing or past contracts using the Internet Q&A process, the State will use its discretion in deciding whether to provide answers as part of this RFP process.

The State is under no obligation to acknowledge questions submitted through the Q&A process if those questions are not in accordance with these instructions or deadlines.

PROTESTS. Any potential or actual vendor who objects to the award of a Contract resulting from the issuance of this RFP may file a protest of the award of the Contract, or any other matter relating to the process of soliciting the Proposals. Such protest must comply with the following information:

1. The protest must be filed by a prospective or actual Offeror objecting to the award of a Contract resulting from the RFP. The protest must be in writing and contain the following information:
 - a. The name, address, and telephone number of the protester;
 - b. The name and number of the RFP being protested;
 - c. A detailed statement of the legal and factual grounds for the protest, including copies of any relevant documents;
 - d. A request for a ruling by DAS;
 - e. A statement as to the form of relief requested from DAS; and
 - f. Any other information the protester believes to be essential to the determination of the factual and legal questions at issue in the written request.
2. A protest will be considered timely by DAS, on behalf of the agency, if it is received by the DAS Office of Procurement Services (OPS) within the following periods:
 - a. A protest based on alleged improprieties in the issuance of the RFP, or any other event preceding the closing date for receipt of proposals which are apparent or should be apparent prior to the closing date for receipt of proposals, must be filed no later than five (5) business days prior to the proposal due date.
 - b. If the protest relates to the recommendation of the evaluation committee for an award of the Contract, the protest must be filed as soon as practicable after the Offeror is notified of the State's decision regarding the Offeror's proposal.
3. An untimely protest may be considered by DAS at the discretion of DAS. An untimely protest is one received by the DAS Bid Desk after the time periods set in Section 2 above. In addition to the information listed in Section 1, untimely protests must include an explanation of why the protest was not made within the required time frame.
4. All protests must be filed at the following location:

Department of Administrative Services
Office of Procurement Services - Bid Desk
4200 Surface Road
Columbus, OH 43228-1395

This protest language only pertains to this RFP offering.

ADDENDA TO THE RFP. If the State decides to revise this RFP before the Proposal due date, addenda will be announced on the State Procurement Web site.

Offerors may view addenda using the following process:

1. Access the State Procurement Web site at <http://www.ohio.gov/procure>;
2. From the Navigation Bar on the left, select "Find It Fast";
3. Select "Doc/Bid/Schedule #" as the Type;
4. Enter the RFP Number found on Page 1 of the document (RFP Numbers begin with the letters "CSP");
5. Click the "Find It Fast" button;
6. On the document information page, click on the addendum number to display the addendum.

When an addendum to this RFP is necessary, the State may extend the Proposal due date through an announcement on State Procurement Web site. Addendum announcements may be provided any time before 5:00 p.m. on the day before the proposal is due. It is the responsibility of each prospective Offeror to check for announcements and other current information regarding the RFP.

After the submission of Proposals, addenda will be distributed only to those Offerors whose submissions are under active consideration. When the State makes an addendum to the RFP after Proposals have been submitted, the State will permit Offerors to withdraw their Proposals. This withdrawal option will allow any Offeror to remove its Proposal from active consideration should the Offeror feel that the addendum changes the nature of the transaction so much that the Offeror's Proposal is no longer in its interests. Alternatively, the State may allow Offerors that have Proposals under active consideration to modify their Proposals in response to the addendum, as described below.

If, however, the State makes an addendum after the Proposal due date, the State will tell all Offerors whose Proposals are under active consideration whether they have the option to modify their Proposals in response to the addendum. Any time the State amends the RFP after the Proposal due date, an Offeror will have the option to withdraw its Proposal even if the State permits modifications to the Proposals. If the Offerors are allowed to modify their Proposals, the State may limit the nature and scope of the modifications. Unless otherwise stated in the State's notice, modifications and withdrawals must be made in writing and must be submitted within 10 business days after the addendum is issued. If this RFP provides for a negotiation phase, this procedure will not apply to changes negotiated during that phase. Withdrawals and modifications must be made in writing and submitted to the State at the address and in the same manner required for the submission of the original Proposals. Any modification that is broader in scope than the State has authorized may be rejected and treated as a withdrawal of the Offeror's Proposal.

PROPOSAL SUBMITTAL. Each Offeror must submit a Technical Proposal and a Cost Proposal as part of its Proposal. The Technical Proposal must be submitted as a separate package from the Cost Proposal and each Technical Proposal must be submitted in a separate binder. One (1) completed, sealed, and signed (in blue ink) Proposal package and three (3) copies for a total of four (4) copies of both the Technical and Cost Proposal packages must be submitted, with the original copy marked as such. Each Technical Proposal package must be clearly marked "CSP0902109 Educational Documents Translation Services," on the outside of each Technical Proposal package's envelope. Each Cost Proposal package must be clearly marked "RFP# CSP0902109 Educational Documents Translation Services,' – Cost Proposal" on the outside of each Cost Proposal package's envelope.

The Offeror must also submit, in the sealed package, a copy of the Proposals on CD-ROM in Microsoft Office (Word, Excel, or Project) 2000, or higher, format and/or PDF format as appropriate. In the event there is a discrepancy between the hard copy and the electronic copy, the hard copy will be the official Proposal.

Proposals are due no later than the proposal due date, at 1:00 p.m. Proposals submitted by e-mail or fax are not acceptable and will not be considered. Proposals must be submitted to:

Department of Administrative Services
State Procurement Bid Desk
4200 Surface Road
Columbus, OH 43228-1395

The State will reject any Proposals or unsolicited Proposal addenda that are received after the deadline. An Offeror that mails its Proposal must allow for adequate mailing time to ensure its timely receipt. The State recommends that Offeror's submit proposals early as possible. The Proposals received prior to the deadline are stored unopened in a secured area until 1:00 p.m. of the due date. The Offerors must also allow for potential delays due to increased security. The State will reject late proposals regardless of the cause of the delay.

Each Offeror must carefully review the contents of its Proposal for conformity to the requirements of this RFP. Once opened, Proposals cannot be altered, except as allowed by this RFP.

By submitting a Proposal, the Offeror acknowledges that it has read this RFP, understands it, and agrees to be bound by its requirements. The State is not responsible for the accuracy of any information regarding this RFP that was gathered through a source different from the inquiry process described in the RFP.

Ohio Revised Code Section 9.24 prohibits the State from awarding a Contract to any Offeror(s) against whom the Auditor of State has issued a finding for recovery if the finding for recovery is "unresolved" at the time of award. By submitting a proposal, the Offeror warrants that it is not now, and will not become subject to an "unresolved" finding for recovery under Section 9.24, prior to the award of a Contract arising out of this RFP, without notifying DAS of such finding. Ohio Revised Code Section 9.231 applies to this Contract.

Ohio Revised Code Section 9.231 requires that certain contracts awarded by the Office of Procurement Services are subject to more stringent audit provisions where the contract directly benefits members of the general public. It is the belief of the State that this contract may fall under that class of contracts.

The State may reject any Proposal if the Offeror takes exception to the terms and conditions of this RFP, fails to comply with the procedure for participating in the RFP process, or the Offeror's Proposal fails to meet any requirement of this RFP. Any question asked during the inquiry period will not be viewed as an exception to the Terms and Conditions.

All Proposals and other material submitted will become the property of the State and may be returned only at the State's option. Proprietary information should not be included in a Proposal or supporting materials because the State will have the right to use any materials or ideas submitted in any Proposal without compensation to the Offeror. Additionally, all Proposals will be open to the public after the award of the Contract has been posted on the State Procurement Web site.

When a RFP requires the inclusion of proprietary or confidential information, Offerors may request that certain information, such as trade secrets or proprietary data, be designated as confidential and not considered as public records. Material so designated shall accompany the Proposal and be in a sealed container duly marked, and shall be readily separable from the Proposal and information identified as such should be redacted from the electronic copy of the Proposal. Prices, makes, models, catalog numbers of items offered, deliveries and terms of payment shall not be considered as confidential. The decision as to whether or not such trade secrets or proprietary data rests solely with the Department of Administrative Services.

The State will retain all Proposals, or a copy of them, as part of the Contract file for at least ten (10) years. After the retention period, the State may return, destroy, or otherwise dispose of the Proposals or the copies.

WAIVER OF DEFECTS. The State may waive any defects in any Proposal or in the submission process followed by an Offeror. The State will only do so if it believes that it is in the State's interests and will not cause any material unfairness to other Offerors.

MULTIPLE OR ALTERNATE PROPOSALS. The State accepts multiple Proposals from a single Offeror, but the State requires each such Proposal to be submitted separately from every other Proposal the Offeror makes. Additionally, the Offeror must treat every Proposal submitted as a separate and distinct submission and include in each Proposal all materials, information, documentation and other items this RFP requires for a Proposal to be complete and acceptable. No alternate Proposal may incorporate materials by reference from another Proposal made by the Offeror or refer to another Proposal. The State will judge each alternate Proposal on its own merit.

Addenda to Proposals. Addenda or withdrawals of Proposals will be allowed only if the addendum or withdrawal is received before the Proposal due date. No addenda or withdrawals will be permitted after the due date, except as authorized by this RFP.

PROPOSAL INSTRUCTIONS. Each Proposal must be organized in an indexed binder with its contents ordered in the same manner as the response items are ordered in the applicable attachment(s) to this RFP.

The State wants clear and concise Proposals. Offerors should, however, take care to completely answer questions and meet the RFP's requirements thoroughly. All Offerors, including current contract holders, if applicable, must provide detailed and complete responses as Proposal evaluations, and subsequent scores, are based solely on the content of the Proposal. No assumptions will be made or values assigned for the competency of the Offeror whether or not the Offeror is a current or previous contract holder.

The requirements for the Proposal's contents and formatting are contained in an attachment to this RFP.

The State will not be liable for any costs incurred by an Offeror in responding to this RFP, regardless of whether the State awards the Contract through this process, decides not to go forward with the Project, cancels this RFP for any reason, or contracts for the Project through some other process or by issuing another RFP.

PART FOUR: EVALUATION OF PROPOSALS

DISCLOSURE OF PROPOSAL CONTENTS. The State will seek to open the Proposals in a manner that avoids disclosing their contents. Additionally, the State will seek to keep the contents of all Proposals confidential until the Contract is awarded. The State will prepare a registry of Proposals containing the name and address of each Offeror. That registry will be open for public inspection after the Proposals are opened.

REJECTION OF PROPOSALS. The State may reject any Proposal that is not in the required format, does not address all the requirements of this RFP, or that the State believes is excessive in price or otherwise not in its interests to consider or to accept. In addition, the State may cancel this RFP, reject all the Proposals, and seek to do the Project through a new RFP or other means.

EVALUATION OF PROPOSALS GENERALLY. The evaluation process may consist of up to four distinct phases:

1. The procurement representative's initial review of all Proposals for defects;
2. The State's evaluation of the Proposals;
3. Request for more information (interviews, presentations, and/or demonstrations); and
4. Negotiations.

The State may decide whether phases three and four are necessary. The State has the right to eliminate or add phases three or four at any time in the evaluation process. The State also may add or remove sub-phases to phases 2 through 4 at anytime if the State believes doing so will improve the evaluation process.

REFERENCE CHECKS. The State may conduct reference checks to verify and validate the Offeror's or proposed candidate's past performance. Reference checks indicating poor or failed performance by the Offeror or proposed candidate may be cause for rejection of the proposal. In addition, failure to provide requested reference contact information may result in the State not including the reference experience in the evaluation process.

The reference evaluation will measure the criteria contained in this part of the RFP as it relates to the Offeror's previous contract performance including but not limited to its performance with other local, state and federal entities. The State reserves the right to check references other than those provided in the Offeror's Proposal. The State may obtain information relevant to criteria in this part of the RFP, which is deemed critical to not only the successful operation and management of the Project, but also the working relationship between the State and the Offeror.

To maintain fairness in the evaluation process, all information sought by the State will be obtained in a manner such that no Offeror is provided an unfair competitive advantage.

INITIAL REVIEW. The procurement representative will review all Proposals for their format and completeness. The procurement representative normally rejects any incomplete or incorrectly formatted Proposal, though he or she may waive any defects or allow an Offeror to submit a correction.

If the Auditor of State does not certify a proposal due to lateness, the procurement representative will not open it or evaluate it for format or completeness.

The procurement representative will forward all timely, complete, and properly formatted Proposals to an evaluation committee, which the procurement representative will chair.

COMMITTEE REVIEW OF THE PROPOSALS. The evaluation committee will evaluate each Proposal that the procurement representative has determined is timely, complete and properly formatted. The evaluation will be according to the criteria contained in this Part of the RFP. An attachment to this RFP may further refine these criteria, and the committee has a right to break these criteria into components and weigh any components of a criterion according to their perceived importance.

The committee may also have the Proposals or portions of them reviewed and evaluated by independent third parties or various State personnel with technical or professional experience that relates to the Work or to a criterion in the evaluation process. The committee may also seek reviews of end users of the Work or the advice or evaluations of various State committees that have subject matter expertise or an interest in the Work. In seeking such reviews, evaluations, and advice, the committee will first decide how to incorporate the results in the scoring of the Proposals. The State may adopt or reject any recommendations it receives from such reviews and evaluations.

The evaluation will result in a point total being calculated for each Proposal. At the sole discretion of the State, any Proposal, in which the Offeror received a significant number of zeros for sections in the technical portions of the evaluation, may be rejected. Those Offerors submitting the highest-rated Proposals may be scheduled for the next phase. The number of Proposals forwarded to the next phase will be within the committee's discretion, but regardless of the number of Proposals selected for the next phase, they will always be the highest rated Proposals from this phase.

At any time during this phase, the committee may ask an Offeror to correct, revise, or clarify any portions of its Proposal.

The evaluation committee will document any major decisions in writing and make these a part of the Contract file along with the evaluation results for each Proposal considered.

PROPOSAL EVALUATION CRITERIA:

MANDATORY REQUIREMENTS. In the Proposal evaluation phase, the committee will rate the Proposals submitted in response to this RFP based on the following criteria and weight assigned to each criterion. TECHNICAL REQUIREMENTS, EVALUATION AND SCORING.

In the technical Proposal evaluation phase, the committee will rate the Proposals submitted in response to the RFP based upon the following criteria and weight assigned to each criterion.

DOES NOT MEET 0 POINTS	WEAK 1 POINT	MODERATE 2 POINTS	MEETS 3 POINTS	EXCEEDS 4 POINTS	GREATLY EXCEEDS 5 POINTS
------------------------------	-----------------	----------------------	-------------------	---------------------	-----------------------------

The Evaluation Committee will rank the Proposals by multiplying the score received in each category by its assigned weight and add all categories together for the Offeror's total technical score. Representative numerical values are defined as follows:

1. Does Not Meet (0): Proposal does not comply substantially with requirements. The proposal does not demonstrate the Offeror's knowledge of the subject matter.
2. Weak (1): Proposal minimally meets most requirements. The Offeror has only demonstrated knowledge of the subject matter.
3. Moderate (2): Proposal meets the requirements in an adequate manner and demonstrates an ability to comply with the guidelines, parameters, and requirements with no additional information put forth by Offeror. Any minor weaknesses or deviations from requirements may be readily corrected or minimized in terms of material impact.
4. Meets (3): Proposal meets the requirements and demonstrates in a clear and concise manner a thorough knowledge and understanding of the subject matter. This response demonstrates an average performance with no apparent deficiencies noted.
5. Exceeds (4): Proposal exceeds objectives (or expectations) in ways that are beneficial to the State and contains at least one enhancing feature that provides some benefit to the State. Proposal provides useful information, while showing experience and knowledge within the category. Proposal provides insight into the Offeror's expertise, knowledge and understanding of the subject matter.
6. Greatly Exceeds (5): Proposal response is a highly comprehensive reply that exceeds the requirement within the category and contains at least one enhancing feature that provides significant benefits. In addition, the response covers areas not originally addressed within the RFP and includes additional information and recommendations that would prove valuable and beneficial to the State. The response is an excellent standard, demonstrating the Offeror's authoritative knowledge and understanding of the project.

TABLE TWO – TECHNICAL REQUIREMENTS

The State will rank the Proposals by multiplying the score received in each category by its assigned weight and adding all categories together for the Offeror's total technical score.

Personnel Requirements	Weight	Rating (0=Does Not Meet to 5=Exceeds)	Score
The Offeror must: 1. Submit a list of the qualified translators detailing their area of language expertise, their certification and the standards used by the Offeror for its selection. If the translators are not certified by the American Translators Association the Offeror must provide a detailed explanation of the training received. 2. Provide a Project Manager who has specific experience with educational documents translation services. The Project Manager should have a minimum of a Bachelors Degree. (BS/BA) Submit a list of the key qualified personnel that will be involved in the Work. The Offeror is to complete Attachment Seven A, B, C for all such key personnel and attach their resume to the response to include curriculum vitae and their responsibility to the Work. If fewer than three (3) references are provided, the Offeror must include information as to why fewer than three (3) references were provided. The Offeror must identify the amount of time key project personnel will be expected to spend on this project.	15		
Offeror References	Weight	Rating (0=Does Not Meet to 5=Greatly Exceeds)	Score
The Offeror must: 1. Provide three (3) references for which it has successfully provided services on projects that were similar in their nature, size, and scope to the Work. (Attachment Six) 2. Detail a history of experience with Educational Documents Translation Services, which include your performance and level of organizational development capabilities.	25		
Scope of Work	Weight	Rating (0=Does Not Meet to 5=Greatly Exceeds)	Score
The Offeror must: 1. Demonstrate that it understands the requirements of the project as described in Attachment One Part One Work Requirements. 2. Describe the methodologies, processes and procedures it will utilize in the implementation and production of the Scope of Work. 3. Provide a comprehensive Work Plan that gives ample description and detail as to how it proposes to accomplish this project and what resources are necessary to meet the Program Requirements and Approach.	15		

Scope of Work (contd.)	Weight	Rating (0=Does Not Meet to 5=Greatly Exceeds)	Score
The Offeror must: 4. The Offeror must describe any anticipated difficulties in performing the specified project requirements and proposed solutions to those difficulties. 5. Describe a contingency plan for completing the Project, should the key project personnel become unavailable to work on this project for any reason. 6. Demonstrate it has sufficient resources to meet the requirements and deadline of the Project. (e.g., sufficient office facilities, technology and support mechanisms; financial stability and capacity; sufficient time commitment by its staff).	10		
The Offeror must describe their ability to create a translation memory database for the state to aid in the translation process and reduce cost.	5		
If the Offeror can provide translators for educational documents in the languages (Albanian, Amharic, Cantonese, Creole/French, Hmong, Laotian, Serbo-Croatian) they will receive one technical point per language. Two additional points will be awarded if the Offeror has the ability to provide translators in languages not listed in either the mandatory requirements or listed above. The two additional points will be awarded if the evaluation committee deems them appropriate for use in the program.	1 - 10		
Reporting Requirements	Weight	Rating (0=Does Not Meet to 5=Greatly Exceeds)	Score
The Offeror must describe the Work reporting procedures required for the successful completion of the Work.	5		
The Offeror must demonstrate the ability to produce and provide reports electronically and in hard copy as required in the Scope of Work.	5

Total Technical Points			

TABLE THREE – COMBINED EVALUATION SCORES

Criteria	"Meets" Allowable Points
Proposal technical requirements	270
Proposal Cost	30
Total	300

270 points are attainable by scoring 3 ("meets") points, multiplied by corresponding weight, for each of the items in the Technical Proposal section.

Once the technical merits of the Proposal have been evaluated, the committee will rank the proposals. The evaluation committee will rank the Proposals by multiplying the score received in each category by its assigned weight and adding all categories together for the Offeror's total technical score. The scoring values shown, 0 through 5, are targets for each category. The actual number values awarded may be higher or lower (not lower than 0 or higher than 5) based on the evaluation committee's determination.

Once the technical merits of a proposal have been evaluated as described above, the cost of that Proposal will be considered. The evaluation committee will rank the Proposals by multiplying the score received in each category by its assigned weight and adding all categories together for the Offeror's total technical score. The scoring values shown, 0 through 5, are targets for each category. The actual number values awarded may be higher or lower based on the evaluation committee's determination. The evaluation committee will then calculate the Offeror's cost points.

COST POINT CALCULATION.

Lowest Offeror's Total of Average Cost (TAC) Per Word = The lowest submitted TAC will receive maximum number of cost points.

Offeror's Total Average Cost (TAC) Per Word = The Offeror will receive cost point calculated using the total of its average cost per word in the formula below.

"Cost" = Total Average Cost identified on Attachment Eleven of Offeror Proposals.

The evaluation committee will calculate the Offeror's Cost Proposal points after the Offeror's total technical points are determined. The Offeror's Cost Proposal Points are calculated using the following formula:

$$\text{Cost Proposal Points} = \frac{\text{Lowest Offeror's TAC}}{\text{Offeror's TAC}} \times 30 \text{ possible Cost Points}$$

An example for calculating cost points for this proposal is Bidder A has a cost of \$100.00. Bidder B has a cost of \$110.00 and Bidder C has a cost of \$120.00. Bidder A having the lowest cost would get the maximum 30 points. Bidder B's cost points would be calculated as \$100.00 (Bidder A's cost) divided by \$110.00 (Bidder B's cost) equals 0.909 times 30 maximum points or a total of 27.27 points. Bidder C's cost points would be calculated as \$100.00 (Bidder A's cost) divided by \$120.00 (Bidder C's cost) equals 0.833 times 30 maximum points or a total of 24.99 points.

TOTAL POINTS. The Offeror with the highest point total from all phases of the evaluation (Technical Merit Points + Cost Points) will be recommended for the next phase of the evaluation. If the committee finds that one or more Proposals should be given further consideration, the committee may select one or more of the highest scoring Proposals to move to the next phase. The committee may alternatively choose to bypass any or all subsequent phases and make an award based solely on the evaluation phase.

PROPOSAL EVALUATION. Once the technical merits of the Proposal have been evaluated, the committee will rank the proposals. The evaluation committee will rank the Proposals by multiplying the score received in each category by its assigned weight and adding all categories together for the Offeror's total technical score. The scoring values shown, 0 through 5, are targets for each category. The actual number values awarded may be higher or lower (not lower than 0 or higher than 5) based on the evaluation committee's determination.

SELECTION PROCESS. One or more of the Proposals will then be selected for further consideration in the next phase of the evaluation process. The Proposal(s) selected to be considered in the next phase will always be the highest ranking Proposal(s) based on this analysis. The committee may not move a lower ranking Proposal(s) to the next phase unless all Proposals that rank above it are also moved to the next phase, excluding any proposals that the committee disqualifies because of excessive cost or other reasons. Alternatively, if there are to be no more phases because the committee feels they are unnecessary or inappropriate, the highest ranking Proposal will be awarded the Contract.

This RFP asks for responses and submissions from Offerors, most of which represent components of the above criteria. While each criterion represents only a part of the total basis for a decision to award the Contract to an Offeror, a failure by an Offeror to make a required submission or meet a mandatory requirement will normally result in a rejection of that Offeror's Proposal. The value assigned above to each criterion is only a value used to determine which Proposal is the most advantageous to the State. It is not a basis for determining the importance of meeting any requirement to participate in the Proposal process.

If the State does not receive any Proposals that meet all the mandatory requirements, the State may cancel this RFP. Alternatively, if the committee believes it is in the State's interest, the State may evaluate the Proposals despite their failure to meet all the mandatory requirements. In doing this, the State may consider one or more of the highest-ranking Proposals. The State may not consider any lower-ranking Proposals unless all Proposals ranked above it are also considered, except as provided below.

In any case where no Proposal meets all the mandatory requirements, it may be that an upper ranking Proposal contains a failure to meet a mandatory requirement that the committee believes is critical to the success of the RFP's objectives. When this is so, the committee may reject that Proposal and consider lower ranking Proposals. Before doing so, the committee must notify the Offeror of the situation and give the Offeror an opportunity to cure the critical mandatory requirement.

If the Offeror cures its failure to meet a critical mandatory requirement, its Proposal will continue to be considered. If the Offeror is unwilling or unable to cure the failure, its Proposal may be rejected. The committee then may continue to consider the other remaining Proposals, including, if the committee so chooses, proposals that ranked lower than the rejected Proposal.

FINANCIAL ABILITY. Part of the Proposal evaluation criteria is the qualifications of the Offeror which include, as a component, the Offeror's financial ability to perform the Contract. This RFP may expressly require the submission of financial statements from all Offerors in the Proposal contents attachment. If the Proposal does not make this an expressed requirement, the State may still insist that an Offeror submit reviewed or audited financial statements for up to the past three (3) years if the State is concerned that an Offeror may not have the financial ability to carry out the Contract.

In evaluating an Offeror's financial ability, the weight the State assigns, if any, to that financial ability will depend on whether the Offeror's financial position is adequate or inadequate. That is, if the Offeror's financial ability is adequate, the value assigned to the Offeror's relative financial ability in relation to other Offerors may or may not be significant, depending on the nature of the Work. If the State believes the Offeror's financial ability is not adequate, the State may reject the Proposal despite its other merits.

DETERMINATION OF RESPONSIBILITY. The State may review the highest-ranking Offeror or its key team members to ensure that the Offeror is responsible. The Contract may not be awarded to an Offeror that is determined not to be responsible. The State's determination of an Offeror's responsibility may include, but is not limited to, the following factors: the experience of the Offeror and its key team members; past conduct on previous contracts; past performance on previous contracts; ability to execute this contract properly; and management skill. The State will make such determination of responsibility based on the Offeror's Proposal, reference evaluations and any other information the State requests or determines to be relevant.

CLARIFICATIONS & CORRECTIONS. During the evaluation process, the State may request clarifications from any Offeror under active consideration and may give any Offeror the opportunity to correct defects in its Proposal if the State believes doing so does not result in an unfair advantage for the Offeror and it is in the State's interests. Any clarification response that is broader in scope than what the State has requested may result in the Offeror's proposal being disqualified.

INTERVIEWS, DEMONSTRATION, AND PRESENTATIONS. The State may require top Offerors to be interviewed. Such presentations, demonstrations, and interviews will provide the Offeror with an opportunity to clarify its Proposal and to ensure a mutual understanding of the Proposal's content. This will also allow the State an opportunity to test or probe the professionalism, qualifications skills and work knowledge of the proposed candidates. The presentations, demonstrations, and interviews will be scheduled at the convenience and discretion of the State. The State may record any presentations, demonstrations, and interviews. The State normally will not rank interviews, demonstrations, and presentations. Rather, the State may decide to revise its existing proposal evaluations based on the interviews, demonstrations, and/or presentations.

CONTRACT NEGOTIATIONS. The final phase of the evaluation process may be contract negotiations. Negotiations will be scheduled at the convenience of the State. The selected Offeror(s) must negotiate in good faith.

Negotiations may be conducted with any Offeror who submits a competitive Proposal, but the State may limit discussions to specific aspects of the RFP. Any clarifications, corrections, or negotiated revisions that may occur during the negotiations phase will be reduced to writing and incorporated in the RFP or the Offeror's Proposal, as appropriate. Any Offeror whose response continues to be competitive will be accorded fair and equal treatment with respect to any clarification, correction, or revision of the RFP and will be given the opportunity to negotiate revisions to its Proposal based on the amended RFP. Should the evaluation process have resulted in a top-ranked Proposal, the State may limit negotiations to only that Offeror and not hold negotiations with any lower-ranking Offeror. If negotiations are unsuccessful with the top-ranked Offeror, the State may then go down the line of remaining Offerors, according to rank, and negotiate with the next highest-ranking Offeror. Lower-ranking Offerors do not have a right to participate in negotiations conducted in such a manner.

If the State decides to negotiate with all the remaining Offerors, or decides that negotiations with the top-ranked Offeror are not satisfactory and negotiates with one or more of the lower-ranking Offerors, the State will then determine if an adjustment in the ranking of the remaining Offerors is appropriate based on the negotiations. The Contract award, if any, will then be based on the final ranking of Offerors, as adjusted.

Auction techniques that reveal one Offeror's price to another or disclose any other material information derived from competing Proposals are prohibited. Any oral modification of a Proposal will be reduced to writing by the Offeror as described below.

Following negotiations, the State may set a date and time for the submission of best and final Proposals by the remaining Offeror(s) with which the State conducted negotiations. If negotiations were limited and all changes were reduced to signed writings during negotiations, the State need not require the submissions of best and final Proposals.

It is entirely within the discretion of the State whether to permit negotiations. An Offeror must not submit a Proposal assuming that there will be an opportunity to negotiate any aspect of the Proposal. The State is free to limit negotiations to particular aspects of any Proposal, to limit the Offerors with whom the State wants to negotiate, or to dispense with negotiations entirely.

The State generally will not rank negotiations. The negotiations will normally be held to correct deficiencies in the preferred Offeror's Proposal. If negotiations fail with the preferred Offeror, the State may negotiate with the next Offeror in ranking. Alternatively, the State may decide that it is in the interests of the State to negotiate with all the remaining Offerors to determine if negotiations lead to an adjustment in the ranking of the remaining Offerors.

From the opening of the Proposals to the award of the Contract, everyone working on behalf of the State to evaluate the Proposals will seek to limit access to information contained in the Proposals solely to those people with a need to know the information. They will also seek to keep this information away from other Offerors, and the evaluation committee will not be allowed to tell one Offeror about the contents of another Offeror's Proposal in order to gain a negotiating advantage.

Before the award of the Contract or cancellation of the RFP, any Offeror that seeks to gain access to the contents of another Offeror's Proposal may be disqualified from further consideration.

Negotiated changes will be reduced to writing and become a part of the Contract file open to inspection to the public. The written changes will be drafted and signed by the Contractor and submitted to the State within five business days. If the State accepts the change, the State will give the Offeror written notice of the State's acceptance. The negotiated changes to the successful offer will become a part of the Contract.

FAILURE TO NEGOTIATE. If an Offeror fails to provide the necessary information for negotiations in a timely manner, or fails to negotiate in good faith, the State may terminate negotiations with that Offeror and collect on the Offeror's bid bond, if a bid bond was required in order to respond to this RFP.

PART FIVE: AWARD OF THE CONTRACT

CONTRACT AWARD. The State plans to award the Contract based on the schedule in the RFP, if the State decides the Project is in its best interests and has not changed the award date.

The signature page for the contract is included as Attachment Four of this RFP. In order for an Offeror's proposal to remain under active consideration, the Offeror must sign and return the signed Contracts to the State with its response. Submittal of a signed Contract does not imply that an Offeror will be awarded the Contract. In awarding the Contract, the State will issue an award letter to the selected Offeror. The Contract will not be binding on the State until the State's duly authorized representative signs both copies and returns one to the Contractor, the State issues a purchase order, and all other prerequisites identified in the Contract have occurred.

The State expects the Contractor to commence work within five (5) working days after the State issues a purchase order under the Contract. If the State awards a Contract pursuant to this RFP and the Contractor is unable or unwilling to commence the Work within a reasonable amount of time after Contract award, the State reserves the right to cancel the Contract and return to the original RFP process and evaluate any remaining Offeror Proposals reasonably susceptible of being selected for award of the Contract. The evaluation process will resume with the next highest ranking, viable Proposal.

Contract. If this RFP results in a Contract award, the Contract will consist of this RFP including all attachments, written addenda to this RFP, the Contractor's accepted Proposal, and written, authorized addenda to the Contractor's Proposal. It will also include any materials incorporated by reference in the above documents and any purchase orders and change orders issued under the Contract. The form of the Contract is attached as a one-page attachment to this RFP, but it incorporates all the documents identified above. The general terms and conditions for the Contract are contained in Attachment Three of this RFP. If there are conflicting provisions between the documents that make up the Contract, the order of precedence for the documents is as follows:

1. This RFP, as amended;
2. The documents and materials incorporated by reference in the RFP;
3. The Contractor's proposal, as amended, clarified, and accepted by the State; and
4. The documents and materials incorporated by reference in the Contractor's Proposal.

Notwithstanding the order listed above, change orders and addenda issued after the Contract is executed may expressly change the provisions of the Contract. If they do so expressly, then the most recent of them will take precedence over anything else that is part of the Contract.

ATTACHMENT ONE: WORK REQUIREMENTS AND SPECIAL PROVISIONS
PART ONE: WORK REQUIREMENTS

This attachment describes the Project and what the Contractor must do to complete the Project satisfactorily. It also describes what the Contractor must deliver as part of the completed Project (the "Deliverables"), and it gives a recommendation of the Project's schedule.

SCOPE OF WORK As the number of Limited English Proficient (LEP) students in Ohio continues to rise; school districts face a growing need to provide accurate and timely translations of educational-related documents to communicate with parents and families. These students and their families speak more than 110 different languages. In the 2006-2007 school year, Ohio's 186 school districts serving 10 or more LEP students reported a statewide LEP enrollment of at least 28,135. The federal and state governments have laws and policies requiring districts and schools to communicate with families in a language they understand. The document containing federal laws and state policies can be found at [http://procure.ohio.gov/pdf/Federal Laws and State Policies.pdf](http://procure.ohio.gov/pdf/Federal%20Laws%20and%20State%20Policies.pdf) .

The ODE formed an intra-agency team, in the fall of 2007, to evaluate how to help districts comply with laws and policies for providing translations of pertinent documents. The team selected a list of critical documents for translation into 10 different languages. The ODE will provide these documents to school districts to help them meet federal and state requirements for communicating with families.

The successful Offeror must possess the ability to provide translations of these documents into Arabic, Cambodian/Khmer, Chinese-Simplified, Chinese-Traditional, Japanese, Korean, Russian, Spanish, Somali, Ukrainian and Vietnamese, as well as translations of additional documents on an as-needed basis potentially in additional languages (Albanian, Amharic, Cantonese, Creole/French, Hmong, Laotian, and Serbo-Croatian) over the course of the contract. .

The successful Offeror will provide comprehensive project management services for the translation process including writing/rewriting in foreign languages, editing, proofreading, quality control, and desktop publishing/design and layout in Microsoft Word, with Quark Express or Indesign (as specified for each document) and in Adobe Portable Document Format (pdf). All documents must be suitable for commercial offset printing including all fonts and high resolution graphics. The pdf files should be optimized for Web downloading and printing on 300 dpi laser printers. All submitted files are subject to approval by the state. The desktop publishing/design must maintain consistency of format and style between the original document and the translation. Additionally, the text and physical appearance must adhere to the ODE identity and style standards see (<http://www.ode.state.oh.us/gd/gd.aspx?Page=3&TopicRelationID=56&ContentID=28933&Content=45945>). The successful Offeror must provide the state with an average turn around schedule for document translation.

The successful Offeror must have significant previous experience translating educational documents, particularly those related to fulfilling the requirements of No Child Left Behind (NCLB). All documents produced by the translators must adhere to federal and state laws and guidelines retaining all technical information from the law. The successful Offeror must ensure the reading level of the original document is consistent with the reading level of the original and is properly and consistently translated with educational specific language. The quality control process must be multiple-step including the initial translation by a qualified language expert and the proofreading by a different language expert.

The successful Offeror must employ bilingual language experts certified by a professional organization, such as the American Translators Association, or who have received rigorous testing by the Contractor. The state will reserve the right to decide whether the individual's qualifications meet the appropriate standards.

The successful Offeror must provide the state with a competitive per word rate for services for a three-year period. The rate must include all services (editing, proofing, quality control, formatting and preparation of final documents in Microsoft Word, Quark Xpress or Indesign and Adobe pdf). The rate may vary depending on the language, but all variability between language rates must be set for the life of the contract and disclosed in the initial application.

The successful Offeror must provide a competitive per-word rate for revisions, modifications or customizations to translations that have already been completed by the successful Offeror

The successful Offeror must provide a competitive per-word rate for any additional charges for a rush delivery should the state request rush services. The successful Offeror must respond to document translation request with a total project cost and an estimate turn-around time for each document translation request. Refer to the Cost Summary form, Attachment Eleven.

DELIVERABLES. The successful Offeror must:

Translating documents into Arabic, Cambodian/Khmer, Chinese-Simplified, Chinese-Traditional, Japanese, Korean, Russian, Spanish, Somali, Ukrainian and Vietnamese, as well as translations of additional documents on an as-needed basis potentially in additional languages (Albanian, Amharic, Cantonese, Creole/French, Hmong, Laotian, Serbo-Croatian) over the course of the contract Provide desktop publishing/design that maintains consistency of look between the original document and the translation. The text and the physical appearance must adhere to the Ohio Department of Education's identity and style standards see <http://www.ode.state.oh.us/gd/gd.aspx?Page=3&TopicRelationID=56&ContentID=28933&Content=45945> .
2. Provide revisions, modifications or customizations to translations that have already been completed by the Offeror.
3. Provide rush services at the request of ODE.

Meeting Attendance and Reporting Requirements. The Contractor's project management approach must adhere to the following Project meeting and reporting requirements:

1. A pre-performance meeting is required to select the reporting format, review performance requirements and method of reporting.
2. Weekly or Monthly conference calls or face-to-face meetings to discuss activities may be required.
3. Immediate Reporting – The project manager or his or her designee must immediately report any certified Project Team staffing changes to the Agency Project Representative (See: Attachment Three: Part Two: Replacement Personnel).
6. Project Reports – The successful Offeror will provide ODE with an expected turn-around time for each document translation request. In the event that the time taken to translate a document exceeds the estimated turn around time, the Contractor will provide the appropriate ODE contact with the reason for the delay and an update on the expected date and time of completion.

2. **LIQUIDATED DAMAGES.** If actual and direct damages are uncertain or difficult to determine, the State may recover liquidated damages in the amount of 1% of the value of the order, or \$250.00 per day, whichever is less, for every day the default is not cured by the Contractor.
3. **DEDUCTION OF DAMAGES FROM CONTRACT PRICE.** The participating State agency may deduct all or any part of the damages resulting from Contractor's default from any part of the price still due on the contract, with DAS prior written notice to the Contractor.

4. Contract Performance. The Offeror must complete Attachment Eight, Offeror Performance Form.

5. **Offeror Profile and Prior Projects.** Each Proposal must include a profile of the Offeror's capability, capacity, and relevant experience working on projects similar to this Work. The profile must also include the Offeror's legal name, address, telephone number, and fax number; home office location; date established; ownership (such as public firm, partnership, or subsidiary); firm leadership (such as corporate officers or partners); number of employees; number of employees engaged in tasks directly related to the Work; and any other background information that will help the State gauge the ability of the Offeror to fulfill the obligations of the Contract. The financial stability of the company should also be described and is considered a necessary component of this portion of the Proposal's response. This RFP includes Offeror Profile Summary Form as Attachment Five A which must be completed for the Offeror. The Offeror must use this form and fill it out completely to provide the Offeror requirement information. Failure to recreate the form accurately to include all fields, may lead to the rejection of the Offeror's Proposal.

The Offeror shall also provide information on the firm's background as well as evidence that it has in place the personnel, internal procedures, and any other resources required under the terms of the Contract to ensure successful performance and contract compliance. Offerors must describe current operational capacity of the organization and the Offeror's ability to absorb the additional workload resulting from this Project.

This RFP also includes three (3) Offeror Profile Prior Project Forms as Attachments Five B, C and D which must be filled out to described prior completed projects similar to this Work. The Offeror must use these forms and fill them out completely to provide the Offeror requirement information.

6. **Offeror References.** The Offeror must include a minimum of three (3), references for organizations and/or clients for whom the Offeror has successfully provided services on projects that were similar in their nature, size, and scope to the Work. These references must relate to work that was completed within the past five (5) years. This RFP includes an Offeror Reference Form as Attachment Six. Failure to recreate the form accurately may lead to the rejection of the Offeror's Proposal. Each reference must be willing to discuss the Offeror's performance with the evaluation committee.

The State does not assume that since the experience requirement is provided at the top of the page that all descriptions on that page relate to that requirement. Offerors must reiterate the experience being described, including the capacity in which the experience was performed and the role of the Offeror on the Project. It is the Offeror's responsibility to customize the description to clearly substantiate the qualification. Previous experience must include the conduct, management, and coordination of projects. Incumbents must ensure specifics are addressed. Evaluations will not be based on intrinsic knowledge of evaluation committee members.

The description of the related service shows the Offeror's experience, capability, and capacity to develop this Project's deliverables and/or to achieve this Project's milestones. Details such as the size of the contracting organizations, duration of involvement, level of responsibility, significant accomplishments, as well as a thorough description of the nature of the experience will be required for appropriate evaluation by the committee.

- a. **Contact Information.** The contact name, title, phone number, e-mail address, company name, and mailing address must be completely filled out. If the primary contact cannot be reached, the same information must be included for an alternate contact in lieu of the primary contact. Failure to provide requested contact information may result in the State not including the reference in the evaluation process.
 - b. **Project Name.** The name of the project where the mandatory experience was obtained and/or service was provided.
 - c. **Dates of Experience.** Must be completed to show the length of time the Offeror performed the experience being described, not the length of time the Offeror was engaged for the reference. The Offeror must complete these dates with a beginning month and year and an ending month and year.
 - d. **Description of the Related Service Provided.** The State does not assume that since the experience requirement is provided at the top of the page that all descriptions on that page relate to that requirement. Offerors must reiterate the experience being described, including the capacity in which the experience was performed and the role of the Offeror on the Project. It is the Offeror's responsibility to customize the description to clearly substantiate the qualification.
 - e. **Description of how the related service shows the Offeror's experience, capability and capacity to develop this Project's deliverables and/or to achieve this Project's milestones.**
 - f. **The Offeror's project experience must be listed separately and completely every time it is referenced, regardless of whether it is on the same or different pages of the form.**
7. **Staffing Plan.** The Offeror must provide a staffing plan that identifies all personnel required to do the Project and their responsibilities on the Project. The State is seeking a staffing plan that matches the proposed Project key personnel and qualifications to the activities and tasks that will be completed on the Project. In addition, the plan must have the following information:
 - a. A matrix matching each team member to the staffing requirements in this RFP. The matrix must identify which team member will perform the duties of Account Manager;
 - b. A contingency plan that shows the ability to add more staff if needed to ensure meeting the Project's due date(s); and
 - c. A discussion of the Offeror's ability to provide qualified replacement personnel.

8. Offeror's Proposed Work Team. Each Proposal must include a profile for the Project Manager on the proposed Work Team. This RFP includes an Offeror's Proposed Work Team form for the Project Manager as Attachment Seven A, B, C.

The Offeror must use this form and fill it out completely for the candidate. The form must be completed using typewritten or electronic means. The form may be recreated electronically, but all fields and formats must be retained. Failure to recreate the forms accurately may lead to the rejection of the Offeror's Proposal.

9. Work Plan. Offeror must fully describe its approach, methods, and specific work steps for doing the Work on this Project. The State encourages responses that demonstrate a thorough understanding of the nature of the Project and what the Contractor must do to complete the Project satisfactorily. To this end, the Offeror must submit for this section of the proposal the Project plan that will be used to create a consistent, coherent management plan of action that will be used to guide the Project. The Project plan should include detail sufficient to give the State an understanding of the Offeror's knowledge and approach. Specifically:
 - a. The State seeks insightful responses that describe proven state-of-the-art methods. Recommended solutions should demonstrate that the Offeror would be prepared to quickly undertake and successfully complete the required tasks. The Offeror's Work Plan should clearly and specifically identify key personnel assignments (NOTE: The staffing plan should be consistent with the Work plans).

The Offeror should address potential problem areas, recommended solutions to the problem areas, and any assumptions used in developing those solutions.

- a. The Offeror must fully describe its approach, methods, and specific work steps for doing the Work and producing the Deliverables described in Attachment One, Part One, Scope of Work and Deliverables.
 - b. The Offeror must also provide a complete and detailed description of the way it will do the Project.
10. Support Requirements. The Offeror must describe the support it wants from the State other than what the State has offered in this RFP. Specifically, the Offeror should address the following:
 - a. Nature and extent of State support required in terms of staff roles, percentage of time available, etc.;
 - b. Assistance from State staff and the experience/qualification level required; and
 - c. Other support requirements.

The State may not be able or willing to provide the additional support the Offeror lists in this part of its Proposal. The Offeror must therefore indicate whether its request for additional support is a requirement for its performance. If any part of the list is a requirement, the State may reject the Offeror's Proposal if the State is unwilling or unable to meet the requirements.

11. Conflict of Interest Statements. Each Proposal must include a statement indicating whether the Offeror or any people that may work on the Project through the Offeror have a possible conflict of interest with the State, and, if so, the nature of that conflict. The State has the right to reject a Proposal in which a conflict is disclosed or cancel the Contract if any interest is later discovered that could give the appearance of a conflict. However, the State may accept the proposal if the State determines, in light of the Conflict of Interest disclosed, that person's participation in any such action would not be contrary to the public interest. Further, the Offeror, if awarded the Contract will have an ongoing duty to apprise the State of any such Conflict of Interest. Failure to disclose any Conflict of Interest will be considered a material breach of the terms of the contract and the State will have the right to pursue all available remedies for the material breach including termination.
12. Payment Address. The Offeror must give the address to which payments to the Offeror will be sent.
13. Proof of Insurance. In this section, the Offeror must provide the certificates of insurance required by the General Terms & Conditions. Refer to Attachment Three, Part Two for required insurance requirements and coverages.
14. W-9 Form & Additional Vendor Information Forms. The Offeror must complete the attached W-9 form (dated November 2005) and the Vendor Information Form (OBM-3456) in their entirety. At least one (1) original of each (W-9 and OBM-3456) must be submitted. All other copies of a Proposal may contain copies of these forms. Please indicate on the outside of the binder which Proposal contains the original, blue ink signature. If a subsidiary company is involved, Offerors must have an original W-9 and OBM-3456 for both the parent and subsidiary companies. These documents and directions can be found on the OBM Web site at <http://www.obm.ohio.gov/forms> <<http://www.obm.ohio.gov/forms>>
15. Declaration Regarding Material Assistance/Non-assistance to a Terrorist Organization (DMA). The Offeror being awarded this Contract must be registered with the Ohio Business Gateway (OBA) at <http://obg.ohio.gov> to file for DMA pre-certification; if you are not already registered you must:
 - a. Register with the Ohio Business Gateway (OBG) at <http://obg.ohio.gov>;
 - b. Review the Terrorist Exclusion List at: http://www.homelandsecurity.ohio.gov/DMA_Terrorist/terrorist_exclusion_list.pdf;

- c. Complete the Declaration Regarding Material Assistance/Non-Assistance to a Terrorist Organization (DMA) form http://www.homelandsecurity.ohio.gov/DMA_Terrorist/HLS_0038_Contracts.pdf and submit this with your RFP response.

Failure to complete the certification may result in the Offeror being deemed not responsive and/or may invalidate any Contract award. If not submitted with the proposal response, the Offeror will have seven (7) calendar days, after notification, to submit the form.

16. Signed Contracts. The Offeror must provide two (2) originally signed, blue ink copies of the included Contract (Attachment Four). Offeror must complete, sign and date both copies of the contract and include it with their Proposal.
17. Assumptions. The Offeror must provide a comprehensive listing of any and all of the assumptions that were made in preparing the proposal. If any assumption is unacceptable to the State, it may be cause for rejection of the Proposal. No assumptions shall be included regarding negotiation, terms and conditions, and requirements.
18. Cost Summary. This RFP includes a Cost Summary Form provided as Attachment Eleven. Offerors may not reformat this form. Each Offeror must complete the Cost Summary Form in the exact format provided. Any reformatting may cause the State to reject the Offeror's Proposal.

The Cost Proposal must not include exceptions to or additional terms and conditions or assumptions.

The State will not be liable for any costs the Offeror does not identify in its Proposal.

ATTACHMENT THREE: GENERAL TERMS AND CONDITIONS
PART ONE: PERFORMANCE AND PAYMENT

STATEMENT OF WORK. The RFP and the Contractor's Proposal (Collectively referred to as the "RFP") are a part of this Contract and describe the Work (the "Project") the Contractor will do and any materials the Contractor will deliver (the "Deliverables") under this Contract. The Contractor will do the Project in a professional, timely, and efficient manner and will provide the Deliverables in a proper fashion. The Contractor will also furnish its own support staff necessary for the satisfactory performance of the Project.

The Contractor will consult with the appropriate State representatives and others necessary to ensure a thorough understanding of the Project and satisfactory performance. The State may give instructions to or make requests of the Contractor relating to the Project, and the Contractor will comply with those instructions and fulfill those requests in a timely and professional manner. Those instructions and requests will be for the sole purpose of ensuring satisfactory completion of the Project and will not amend or alter the scope of the Project.

TERM. Unless this Contract is terminated, or expires without renewal, it will remain in effect until the Project is completed to the satisfaction of the State and the Contractor is paid. The current General Assembly cannot commit a future General Assembly to an expenditure. Therefore, this Contract will automatically expire at the end of each biennium, the first of which is June 30, 2009. The State however, may renew this Contract in the next biennium by issuing written notice to the Contractor of the decision to do so. This expiration and renewal procedure will also apply to the end of any subsequent biennium during which the Project continues. Termination or expiration of this Contract will not limit the Contractor's continuing obligations with respect to Deliverables that the State paid for before termination or limit the State's rights in such.

It is understood that the State's funds are contingent upon the availability of lawful appropriations by the Ohio General Assembly. If the General Assembly fails at any time to continue funding for the payments and other obligations due as part of this Contract, the State's obligations under this Contract are terminated as of the date that the funding expires without further obligation of the State.

The Project has a completion date that is identified in the RFP. The RFP may also have several dates for delivery of Deliverables or reaching certain milestones in the Project. The Contractor must make those deliveries, meet those milestones, and complete the Project within the times the RFP and the mutually agreed to Project plan requires. If the Contractor does not meet those dates, the Contractor will be in default, and the State may terminate this Contract under the termination provision contained below. The State may also have certain obligations to meet. Those obligations, if any, are also listed in the RFP. If the State agrees that the Contractor's failure to meet the delivery, milestone, or completion dates in the RFP is due to the State's failure to meet its own obligations in a timely fashion, then the Contractor will not be in default, and the delivery, milestone, and completion dates affected by the State's failure to perform will be extended by the same amount of time as the State's delay. The Contractor may not rely on this provision unless the Contractor has in good faith exerted all professional management skill to avoid an extension and has given the State meaningful written notice of the State's failure to meet its obligations within five (5) business days of the Contractor's realization that the State's delay will impact the Project. The notice to the State must be directed at making the State aware of its delay and the impact of its delay. It must be sent to the Agency Project Representative and the State Procurement Representative. Remedies resulting from the State's delay will be at the State's discretion.

The State seeks a complete Project. Any incidental items omitted in the RFP will be provided as part of the Contractor's not-to-exceed fixed price. The Contractor must fully identify, describe, and document all systems that are delivered as a part of the Project. All hardware, software, supplies, and other required components (such as documentation, conversion, training, and maintenance) for the Project to be complete and useful to the State are included in the Project and the not-to-exceed fixed price.

COMPENSATION. In consideration of the Contractor's promises and satisfactory performance, the State will pay the Contractor the amount(s) identified in the RFP (the "Fee"), plus any other expenses identified as reimbursable in the RFP. In no event will payments under this Contract exceed the "not-to-exceed" amount in the RFP without the prior, written approval of the State and, when required, the Ohio Controlling Board and any other source of funding. The Contractor's right to the Fee is contingent on the complete and satisfactory performance of the Project or, in the case of milestone payments or periodic payments of an hourly, daily, weekly, monthly, or annual rate, all relevant parts of the Project tied to the applicable milestone or period. Payment of the Fee is also contingent on the Contractor delivering a proper invoice and any other documents required by the RFP. An invoice must comply with the State's then-current policies regarding invoices and their submission. The State will notify the Contractor in writing within 15 business days after it receives a defective invoice of any defect and provide the information necessary to correct the defect.

The Contractor will send all invoices under this Contract to the "bill to" address in the RFP or in the applicable purchase order. The State will pay the Contractor interest on any late payment as provided in Section 126.30 of the Ohio Revised Code (the "Revised Code"). That section of the Revised Code currently requires monthly interest payments of one 12th of the annual rate in Section 5703.47 of the Revised Code. If the State disputes a payment for anything covered by an invoice, within 15

business days after receipt of that invoice, the State will notify the Contractor, in writing, stating the grounds for the dispute. The State may then deduct the disputed amount from its payment as a non-exclusive remedy. If, in the opinion of the State, a material breach has occurred by the Contractor, the State retains the right to withhold payment from the Contractor. Both parties agree that an attempt at resolution of any claims or material breach or disputes will first be made jointly by the Contractor Project Manager, the Contractor Project Principal, the Agency Project Representative and the State Purchasing Administrator. If, within 30 calendar days following the above notification, the claim or dispute has not been resolved, only then will it be submitted to non-binding mediation. A claim or dispute must be submitted to non-binding mediation prior to the initiation of any formal legal process. The State will consult with the Contractor as early as reasonably possible about the nature of the claim or dispute and the amount of payment affected. When the Contractor has resolved the matter to the State's satisfaction, the State will pay the disputed amount within 30 business days after the matter is resolved. No payments are required to be made by the State until the matter is resolved.

If the State has already paid the Contractor on an invoice, but later disputes the amount covered by the invoice, and if the Contractor fails to correct the problem within 30 calendar days after written notice, the Contractor will reimburse the State for that amount at the end of the 30 calendar days as a non-exclusive remedy for the State. On written request from the Contractor, the State will provide reasonable assistance in determining the nature of the problem by giving the Contractor reasonable access to the State's facilities and any information the State has regarding the problem.

REIMBURSABLE EXPENSES. The State will pay all reimbursable expenses identified in the RFP, if any, in accordance with the terms in the RFP and, where applicable, Section 126.31 of the Revised Code. The Contractor will assume all expenses that it incurs in the performance of this Contract that are not identified as reimbursable in the RFP.

In making any reimbursable expenditure, the Contractor will always comply with the more restrictive of its own, then-current internal policies for making such expenditures or with the State's then-current policies. All reimbursable travel will require the advance written approval of the State's Agency Project Representative. All reimbursable expenses will be billed monthly and paid by the State within 30 business days of receiving the Contractor's invoice.

ECONOMIC PRICE ADJUSTMENT. The Contract prices(s) will remain firm for the first two (2) fiscal years of the Contract. Thereafter, prior to Contract renewal, the Contractor may submit a request to adjust their price(s) to be effective on the effective date of the Contract's renewal. No price adjustment will be permitted prior to the effective date; on purchase orders that already being processed; or on purchase orders that have been filled.

Price increases must be supported by a general price increase in the cost of the services rendered due to documented increases in the cost of related materials/services. Detailed documentation, to include a comparison list of the Contract items and proposed price adjustments must be submitted to support the requested adjustment. Supportive documentation should include, but is not limited to: copies of the old and the current price lists or similar documents which indicate the original base cost of the product to the Contractor and the corresponding adjustment, and/or copies of correspondence sent by the Contractor's supplier on the supplier's letterhead, which contain the above price information and explains the source of the adjusted costs in such areas as raw materials, freight, fuel or labor, etc.

Should there be a decrease in the cost of the finished product due to a general decline in the market or some other factor, the Contractor is responsible to notify DAS immediately. The price decrease adjustment will be incorporated into the Contract and will be effective on all purchase orders issued after the effective date of the decrease. If the price decrease is a temporary decrease, such should be noted on the invoice. In the event that the temporary decrease is revoked, the Contract pricing will be returned to the pricing in effect prior to the temporary decrease. Failure to comply with this provision will be considered as a default and will be subject to the Suspension and Termination section contained herein.

CERTIFICATION OF FUNDS. None of the rights, duties, or obligations in this Contract will be binding on the State, and the Contractor will not begin its performance, until all the following conditions have been met:

1. All statutory provisions under the Revised Code, including Section 126.07, have been met;
2. All necessary funds are made available by the appropriate state agencies;
3. If required, approval of this Contract is given by the Controlling Board of Ohio; and
4. If the State is relying on Federal or third-party funds for this Contract, the State gives the Contractor written notice that such funds have been made available.

EMPLOYMENT TAXES. Each party will be solely responsible for reporting, withholding and paying all employment related taxes, payments and withholdings for its own personnel, including, but not limited to, Federal, state and local income taxes, social security, unemployment or disability deductions, withholdings, and payments (together with any interest and penalties not disputed with the appropriate taxing authority). All people the Contractor provides to the State under this Contract will be deemed employees of the Contractor for purposes of withholdings, taxes, and other deductions or contributions required under the law.

SALES, USE, EXCISE, AND PROPERTY TAXES. The State is exempt from any sales, use, excise, and property tax. To the extent sales, use, excise, or any similar tax is imposed on the Contractor in connection with the Project, such will be the sole and exclusive responsibility of the Contractor. The Contractor will pay such taxes, together with any interest and penalties not disputed with the appropriate taxing authority, whether they are imposed at the time the services are rendered or at a later time.

ATTACHMENT THREE: GENERAL TERMS AND CONDITIONS
PART TWO: WORK & CONTRACT ADMINISTRATION

RELATED CONTRACTS. The Contractor warrants that the Contractor has not and will not enter into any contracts without written approval of the State to perform substantially identical services for the State such that the Project duplicates the work done or to be done under the other contracts.

SUBCONTRACTING. The Contractor may not enter into subcontracts for the Work after award without written approval from the State. The Contractor will not need the State's written approval to subcontract for the purchase of commercial goods that are required for satisfactory completion of the Work. All subcontracts will be at the sole expense of the Contractor unless expressly stated otherwise in the RFP.

The State's approval of the use of subcontractors does not mean that the State will pay for them. The Contractor will be solely responsible for payment of its subcontractor and any claims of subcontractors for any failure of the Contractor or any of its other subcontractors to meet the performance schedule or performance specifications for the Project in a timely and professional manner. The Contractor will hold the State harmless for and will indemnify the State against any such claims.

The Contractor will assume responsibility for all Deliverables whether it, a subcontractor, or third-party manufacturer produces them in whole or in part. Further, the State will consider the Contractor to be the sole point of contact with regard to contractual matters, including payment of all charges resulting from the Contract. And the Contractor will be fully responsible for any default by a subcontractor, just as if the Contractor itself had defaulted.

If the Contractor uses any subcontractors, each subcontractor must have a written agreement with the Contractor. That written agreement must incorporate this Contract by reference. The agreement must also pass through to the subcontractor all provisions of this Contract that would be fully effective only if they bind both the subcontractor and the Contractor. Among such provisions are the limitations on the Contractor's remedies, the insurance requirements, record keeping obligations, and audit rights. Some sections of this Contract may limit the need to pass through their requirements to subcontracts to avoid placing cumbersome obligations on minor subcontractors. This exception is applicable only to sections that expressly provide exclusions for small-dollar subcontracts. Should the Contractor fail to pass through any provisions of this Contract to one of its subcontractors and the failure damages the State in any way, the Contractor will indemnify the State for the damage.

RECORD KEEPING. The Contractor will keep all financial records in accordance with generally accepted accounting procedures consistently applied. The Contractor will file documentation to support each action under this Contract in a manner allowing it to be readily located. And the Contractor will keep all Project-related records and documents at its principal place of business or at its office where the work was performed.

The Contractor will keep a separate account for the Project (the "Project Account"). All payments made from the Project Account will be only for obligations incurred in the performance of this Contract and will be supported by contracts, invoices, vouchers, and any other data needed to audit and verify the payments. All payments from the Project Account will be for obligations incurred only after the effective date of this Contract unless the State has given specific written authorization for making prior payments from the Project Account.

AUDITS. During the term of this Contract and for three (3) years after the payment of the Contractor's Fee, on reasonable notice and during customary business hours, the State may audit the Contractor's records and other materials that relate to the Project. This audit right will also apply to the State's duly authorized representatives and any person or organization providing financial support for the Project.

Unless it is impracticable to do so, all records related to this Contract must be kept in a single location, either at the Contractor's principle place of business or its place of business where the work was done. If this is not practical, the Contractor will assume the cost of collecting, organizing, and relocating the records and any technology needed to access the records to the Contractor's office nearest Columbus whenever the State or anyone else with audit rights requests access to the Contractor's Project records. The Contractor will do so with all due speed, not to exceed five (5) business days.

If any audit reveals any material deviation from the Project's specifications, any misrepresentation, or any overcharge to the State, the State will be entitled to recover damages, as well as the cost of the audit.

For each subcontract in excess of \$25,000.00, the Contractor will require its subcontractors to agree to the requirements of this section and of the record-keeping section. Subcontracts with smaller amounts involved need not meet this requirement. The Contractor may not artificially break up contracts with its subcontractors to take advantage of this exclusion.

INSURANCE. The Contractor must provide proof that the Contractor is covered by and maintaining insurance. The Contractor shall provide the following insurance coverages at its own expense throughout the term of the contract:

1. Workers' Compensation coverage, as required by Ohio law, and, if some of the work will be done outside Ohio, the laws of the appropriate state(s) where the work will be done. The Contractor will also maintain Employer's Liability (Stop Gap) coverage with least a \$1,000,000 limit. The Contractor will furnish the State with a copy of a certificate evidencing that the appropriate coverage is in place.
2. Commercial General Liability insurance including coverage for bodily injury, personal injury, wrongful death and property damage together with all costs of defense. The costs of defense shall be outside of the policy limits. Said policy shall designate the state of Ohio as an Additional Insured, as its interest may appear. This insurance shall be primary and non-contributory over all other applicable insurance with a per project or per location aggregate policy limit, and a blanket waiver of subrogation. At a minimum, the limits of the insurance shall be:

\$2,000,000	General Aggregate
\$2,000,000	Products/Completed Operations Aggregate
\$1,000,000	Occurrence Limit
\$1,000,000	Personal and Advertising Injury Limit
\$ 100,000	Fire Legal Liability
\$ 10,000	Medical Payments

Said policy shall be endorsed to contain a clause providing that 30 days prior written notice of cancellation, non-renewal or decrease in coverage shall be given to the State.

3. Commercial Automobile Liability insurance with a combined single limit of \$1,000,000.

The Contractor shall furnish a Certificate(s) of Insurance to the State for the required coverages evidencing insurance from an insurance carrier, or carriers, authorized to do business in the State of Ohio. The certificate(s) must be in a form that is reasonably satisfactory to the State as to the contents of the policies and the quality of the insurance carriers. All carriers must have at least an "A-" rating by A.M. Best.

SUBCONTRACTS. In addition to the utilization of any facilities which the Contractor may own or control, the Contractor shall have the right to enter into written subcontracts for cartage and/or lease arrangements or subcontracts for the utilization of bonded public storage facilities. The Contractor agrees that it will require all of its subcontractors to maintain separate records for the storage and handling of commodities. The Contractor remains fully responsible for all operations or actions undertaken by its subcontractors.

The Contractor shall secure prior approval for all subcontractors from the Office of Procurement Services and the Ohio Department of Education.

ASSIGNMENT OF CLAIMS. The Contractor shall not sell, assign, or pledge this contract as collateral for a loan or take any other action which may tend to encumber the direct contractual relationship between the state of Ohio and the Contractor without express written permission of all parties required to affix their signatures thereto by Ohio law and this contract is voidable and subject to immediate termination by the State of Ohio upon the Contractor's becoming insolvent or filing proceeding in bankruptcy or reorganization under Title XI of the United States Code.

STATE PERSONNEL. During the term of this Contract and for one (1) year after completion of the Project, the Contractor will not hire or otherwise contract for the services of any state employee involved with the Project, as addressed by the requirements of the Ohio ethics law, O.R.C. §102.03.

REPLACEMENT PERSONNEL. If the Offeror's Proposal contains the names of specific people who will work on the Project, then the quality and professional credentials of those people were material factors in the State's decision to enter into this Contract. Therefore, the Contractor will use all commercially reasonable efforts to ensure the continued availability of those people. Also, the Contractor will not remove those people from the Project without the prior, written consent of the State, except as provided below.

The Contractor may remove a person listed in its Proposal from the Project if doing so is necessary for legal or disciplinary reasons. The Contractor must make a reasonable effort to give the State 30 calendar days' prior, written notice of the removal.

The Contractor must have qualified replacement people available to replace any people listed by name in its Proposal. When the removal of a listed person is permitted under this Section, or if a person becomes unavailable, the Contractor will submit the resumes for two (2) replacement people for each person removed or who otherwise becomes unavailable. The Contractor will submit the two (2) resumes, along with such other information as the State may reasonably request, within five (5) business days after the decision to remove a person is made or the unavailability of a listed person becomes known to the Contractor.

The State will select one of the two proposed replacements or will reject both of them within ten business days after the Contractor has submitted the proposed replacements to the State. The State may reject the proposed replacements for any legal reason(s). Should the State reject both replacement candidates due to their failure to meet the minimum qualifications identified in the RFP, or should the Contractor fail to provide the notice required under this Section or fail to provide two qualified replacement candidates for each removed or unavailable person, the Contractor will be in default and the cure period for default specified elsewhere in this Contract will not apply. In the event of such a default, the State will have the right to terminate this Contract and to have the damages specified elsewhere in this Contract for termination due to default.

The State may determine that proposed replacement candidates meet the minimum qualifications of this Contract and still substantially reduce the value the State perceived it would receive through the work of the original individual(s) the Contractor proposed and on whose credentials the State decided to enter into this Contract. Therefore, the State will have the right to reject any candidate that the State determines will provide it with diminished value.

Should the State reject both proposed candidates for any legal reason other than their failure to meet the minimum qualifications identified in the RFP, then such rejection may be deemed a termination for convenience.

The State has an interest in providing a healthy and safe environment for its employees and guests at its facilities. The State also has an interest in ensuring, and right to ensure, that its operations are carried out in an efficient, professional, legal, and secure manner. The State, therefore, will have the right to require the Contractor to remove any individual working on the Project if the State determines that any such individual has or may interfere with the State's interests identified above. In such a case, the request for removal will be treated as a case in which an individual providing services under this Contract has become unavailable, and the Contractor will follow the procedures identified above for replacing unavailable people. This provision applies to people engaged by the Contractor's subcontractors if they are listed as key people on the RFP.

SUSPENSION AND TERMINATION. The State may terminate this Contract if the Contractor defaults in meeting its obligations under this Contract and fails to cure its default within the time allowed by this Contract, or if a petition in bankruptcy (or similar proceeding) has been filed by or against the Contractor. The State may also terminate this Contract if the Contractor violates any law or regulation in doing the Project, or if it appears to the State that the Contractor's performance is substantially endangered through no fault of the State. In any such case, the termination will be for cause, and the State's rights and remedies will be those identified below for termination for cause.

On written notice, the Contractor will have 30 calendar days to cure any breach of its obligations under this Contract, provided the breach is curable. If the Contractor fails to cure the breach within 30 calendar days after written notice or if the breach is not one that is curable, the State will have the right to terminate this Contract. The State may also terminate this Contract in the case of breaches that are cured within 30 calendar days but are persistent. "Persistent" in this context means that the State has notified the Contractor in writing of the Contractor's failure to meet any of its obligations three (3) times. After the third notice, the State may terminate this Contract without a cure period if the Contractor again fails to meet any obligation. The three (3) notices do not have to relate to the same obligation or type of failure. Some provisions of this Contract may provide for a shorter cure period than 30 calendar days or for no cure period at all. Those provisions will prevail over this one. If a particular section does not state what the cure period will be, this provision will govern.

The State may also terminate this Contract for its convenience and without cause or if the Ohio General Assembly fails to appropriate funds for any part of the Project. If a third party is providing funding for the Project, the State may also terminate this Contract should that third party fail to release any Project funds. The RFP identifies any third party source of funds for the Project.

The notice of termination, whether for cause or without cause, will be effective as soon as the Contractor receives it. Upon receipt of the notice of termination, the Contractor will immediately cease all work on the Project and take all steps necessary to minimize any costs the Contractor will incur related to this Contract. The Contractor will also immediately prepare a report and deliver it to the State. The report must be all-inclusive; no additional information will be accepted following the initial submission. The report must detail the work completed at the date of termination, the percentage of the Project's completion, any costs incurred in doing the Project to that date and any Deliverables completed or partially completed but not delivered to the State at the time of termination. The Contractor will also deliver all the completed and partially completed Deliverables to the State with its report. If delivery in that manner would not be in the State's interest, then the Contractor will propose a suitable alternative form of delivery.

If the State terminates this Contract for cause, it will be entitled to cover for the Project by using another Contractor on such commercially reasonable terms as it and the covering contractor may agree. The Contractor will be liable to the State for all costs related to covering for the Project to the extent that such costs, when combined with payments already made to the Contractor for the Project before termination, exceed the costs that the State would have incurred under this Contract. The Contractor will also be liable for any other direct damages resulting from its breach of this Contract or other action leading to termination for cause.

If the termination is for the convenience of the State, the Contractor will be entitled to compensation for any work on the Project that the Contractor has performed before the termination. Such compensation will be the Contractor's exclusive remedy in the case of termination for convenience and will be available to the Contractor only once the Contractor has submitted a proper invoice for such, with the invoice reflecting the amount determined to be owing to the Contractor by the State. The State will make that determination based on the lesser of the percentage of the Project completed or the hours of work performed in relation to the estimated total hours required to perform the entire applicable unit(s) of Work.

The State will have the option of suspending rather than terminating the Project where the State believes that doing so would better serve its interests. In the event of a suspension for the convenience of the State, the Contractor will be entitled to receive payment for the work performed before the suspension. In the case of suspension of the Project rather than termination for cause, the Contractor will not be entitled to any compensation for any work performed. If the State reinstates the Project after suspension for cause, rather than terminating this Contract after the suspension, the Contractor may be entitled to compensation for work performed before the suspension, less any damage to the State resulting from the Contractor's breach of this Contract or other fault. Any amount due for work before or after the suspension for cause will be offset by any damage to the State from the default or other event giving rise to the suspension.

In the case of a suspension for the State's convenience, the amount of compensation due to the Contractor for work performed before the suspension will be determined in the same manner as provided in this section for termination for the State's convenience. The Contractor will not be entitled to compensation for any other costs associated with a suspension for the State's convenience. No payment under this provision will be made to the Contractor until the Contractor submits a proper invoice.

Any notice of suspension, whether with or without cause, will be effective immediately on the Contractor's receipt of the notice. The Contractor will prepare a report concerning the Project just as is required by this Section in the case of termination. After suspension of the Project, the Contractor will perform no work without the consent of the State and will resume work only on written notice from the State to do so. In any case of suspension, the State retains its right to terminate this Contract rather than to continue the suspension or resume the Project. If the suspension is for the convenience of the State, then termination of the Contract will be a termination for convenience. If the suspension is with cause, the termination will also be for cause.

The State will not suspend the Project for its convenience more than once during the term of this Contract, and any suspension for the State's convenience will not continue for more than 30 calendar days. If the Contractor does not receive notice to resume or terminate the Project within the 30-day period, then this Contract will terminate automatically for the State's convenience at the end of the 30 calendar day period.

Any default by the Contractor or one of its subcontractors will be treated as a default by the Contractor and all of its subcontractors. The Contractor will be solely responsible for satisfying any claims of its subcontractors for any suspension or termination and will indemnify the State for any liability to them. Each subcontractor will hold the State harmless for any damage caused to them from a suspension or termination. They will look solely to the Contractor for any compensation to which they may be entitled.

The Contractor may, at its discretion, request termination with a minimum 60 day notice in writing. The State will review the request and respond in writing to the Contractor with its findings.

REPRESENTATIVES. The State's representative under this Contract will be the person identified on the RFP or a subsequent notice to the Contractor as the "Agency Project Representative". The Agency Project Representative will review all reports made in the performance of the Project by the Contractor, will conduct all liaison with the Contractor, and will accept or reject the Deliverables and the complete Project. The Agency Project Representative may assign to a manager, responsibilities for individual aspects of the Project to act as the Agency Project Representative for those individual portions of the Project.

The Contractor's Project Manager under this Contract will be the person identified on the RFP as the "Project Manager". The Project Manager will conduct all liaison with the State under this Contract. Either party, upon written notice to the other party, may designate another representative. The Project Manager may not be replaced without the approval of the State if that individual is identified in the RFP as a key individual on the Project.

WORK RESPONSIBILITIES. The State will be responsible for providing only those things expressly identified, if any, in the RFP. If the State has agreed to provide facilities or equipment, the Contractor, by signing this Contract, warrants that the Contractor has either inspected the facilities and/or equipment or has voluntarily waived an inspection and will work with the equipment and/or facilities on an "as is" basis.

The Contractor will assume the lead in the areas of management, design, and development of the Project. The Contractor will coordinate the successful execution of the Project and direct all Project activities on a day-to-day basis, with the advice and consent of the Agency Project Representative. The Contractor will be responsible for all communications regarding the progress of the Project and will discuss with the Agency Project Representative any issues, recommendations, and decisions related to the Project.

If the Project, or parts of it, requires installation on the State's property, the State will provide the Contractor with reasonable access to the installation site for the installation and any site preparation that is needed. After the installation is complete, the Contractor will complete an installation letter and secure the signature of Agency Project Representative certifying that installation is complete and the Project, or applicable portion of it, is operational. The letter will describe the nature, date, and location of the installation, as well as the date it was certified as installed and operational by the Agency Project Representative.

Unless otherwise provided in the RFP, the Contractor will be responsible for obtaining all official permits, approvals, licenses, certifications, and similar authorizations required by any local, state, or Federal agency for the Project and maintaining them throughout the duration of this Contract.

CHANGES. The State may make reasonable changes, within the general scope of the Project. The State will do so by issuing a written order under this Contract describing the nature of the change ("Change Order"). Additionally, if the State provides directions or makes requests of the Contractor without a change order, and the Contractor reasonably believes the directions or requests are outside the specifications for the Project, the Contractor will have the right to request a Change Order from the State. Scope of Work changes will be managed as follows: pricing will be provided from the Contractor to the State. The State will execute a Change Order once it and the Contractor have agreed on the description of and specifications for the change as well as any equitable adjustments that need to be made in the Contractor's Fee or the performance schedule for the Work. Within five (5) business days after receiving the Change Order, the Contractor will sign it to signify agreement with it.

If a change causes an increase in the cost of, or the time required for, the performance of the Project, the Contractor will notify the State in writing and request an equitable adjustment in the Contractor's Fee, the delivery schedule, or both before the Contractor signs the Change Order. If the Contractor claims an adjustment under this section in connection with a change to the Project not described in a written Change Order, the Contractor must notify the State of the claim within five (5) business days after the Contractor is notified of the change and before work on the change begins. Otherwise, the Contractor will have waived the claim. In no event will the State be responsible for any increase in the Fee or revision in any delivery schedule unless the relevant change was specifically ordered in writing by the State and the Contractor has complied with the requirements of this section. Provided the State has complied with the procedure for Change Orders in this section, nothing in this clause will excuse the Contractor from proceeding with performance of the Project, as changed.

Where an equitable adjustment to the Contractor's Fee is appropriate, the State and the Contractor may agree upon such an adjustment. If the State and the Contractor are unable to agree, and the Contractor seeks an equitable adjustment in its Fee, either party may submit the dispute to the senior management of the Contractor and the State for resolution. If, within 30 calendar days following referral to senior management, the claim or dispute has not been resolved, only then will it be submitted to non-binding mediation (pursuant to the rules as stipulated by the American Arbitration Association). A claim or dispute must be submitted to non-binding mediation prior to the initiation of any formal legal process. Costs of mediation will be shared equally. Both parties further agree to use best efforts to resolve any claims or disputes arising during the performance of this Contract within 30 calendar days following the initiation of the dispute process. The resolved amount will be the not-to-exceed amount of the Change Order. If the change involves removing a requirement from the Project or replacing one part of the Project with the change, the State will get a credit for the work no longer required under the original scope of the Project. The credit will be calculated in the same manner as the Contractor's Fee for the change, and the not-to-exceed amount will be reduced by this credit. The State reserves the right to withhold payment in situations where a dispute arises between the Contractor and the State. All payments withheld pursuant to this provision will be placed into a separate account until such time as the dispute is resolved. In situations where payment is withheld and all or a portion of the payment is ultimately sent to the Contractor, the Contractor shall be entitled to interest in accordance with Section 126.30 of the Ohio Revised Code.

The Contractor will be responsible for coordinating changes with its subcontractors and adjusting their compensation and performance schedule. The State will not pay any subcontractor for the Change Order. If a subcontractor will perform any work under a Change Order, that work must be included in the Contractor's not-to-exceed amount and calculated in the same manner as the Contractor's equitable adjustment for the portion of the work the Contractor will perform. The Contractor will not receive an overhead percentage for work a subcontractor will do under a Change Order.

EXCUSABLE DELAY. Neither party will be liable for any delay in its performance that arises from causes beyond its control and without its negligence or fault. The delayed party will notify the other promptly of any material delay in performance and will specify in writing the proposed revised performance date as soon as practicable after notice of delay. In the event of any such excusable delay, the date of performance or of delivery will be extended for a period equal to the time lost by reason of the excusable delay. The delayed party must also describe the cause of the delay and what steps it is taking to remove the cause. The delayed party may not rely on a claim of excusable delay to avoid liability for a delay if the delayed party has not taken commercially reasonable steps to mitigate or avoid the delay. Things that are controllable by the Contractor's subcontractors will be considered controllable by the Contractor, except for third-party manufacturers supplying commercial items and over whom Contractor has no legal control.

INDEPENDENT STATUS OF THE CONTRACTOR. The parties will be acting as independent contractors. The partners, employees, officers, and agents ("Personnel") of one party, in the performance of this Contract, will act only in the capacity of representatives of that party and not as Personnel of the other party and will not be deemed for any purpose to be Personnel of the other. Each party assumes full responsibility for the actions of its Personnel while they are performing services pursuant to this Contract and will be solely responsible for paying its Personnel (including withholding of and/or paying income taxes and social security, workers' compensation, disability benefits and the like). Neither party will commit, nor be authorized to commit, the other party in any manner. The Contractor's subcontractors will be considered the agents of the Contractor for purposes of this Contract.

ATTACHMENT THREE: GENERAL TERMS AND CONDITIONS
PART THREE: OWNERSHIP & HANDLING OF INTELLECTUAL PROPERTY & CONFIDENTIAL INFORMATION

CONFIDENTIALITY. The State may disclose to the Contractor written material or oral or other information that the State treats as confidential ("Confidential Information"). Title to the Confidential Information and all related materials and documentation the State delivers to the Contractor will remain with the State. The Contractor must treat such Confidential Information as secret if it is so marked, otherwise identified as such, or when, by its very nature, it deals with matters that, if generally known, would be damaging to the best interests of the public, other contractors or potential contractors with the State, or individuals or organizations about whom the State keeps information. By way of example, information should be treated as confidential if it includes any proprietary documentation, materials, flow charts, codes, software, computer instructions, techniques, models, information, diagrams, know-how, trade secrets, data, business records, or marketing information. By way of further example, the Contractor also must treat as confidential materials such as police and investigative records, files containing personal information about individuals or employees of the State, such as personnel records, tax records, and so on, court and administrative records related to pending actions, any material to which an attorney-client, physician-patient, or similar privilege may apply, and any documents or records expressly excluded by Ohio law from public records disclosure requirements.

The Contractor agrees not to disclose any Confidential Information to third parties and to use it solely to do the Project. The Contractor will restrict circulation of Confidential Information within its organization and then only to people in the Contractor's organization that have a need to know the Confidential Information to do the Project. The Contractor will be liable for the disclosure of such information whether the disclosure is intentional, negligent, or accidental, unless otherwise provided below.

The Contractor will not be liable for any unintentional disclosure of Confidential Information that results despite the Contractor's exercise of at least the same degree of care as it normally takes to safeguard its own secrets, except when the Contractor's procedures are not reasonable given the nature of the Confidential Information or when the disclosure nevertheless results in liability to the State.

The Contractor will not incorporate any portion of any Confidential Information into any work or product, other than a Deliverable, and will have no proprietary interest in any of the Confidential Information. Furthermore, the Contractor will cause all of its employees who have access to any Confidential Information to execute a confidentiality agreement incorporating the obligations in this section.

The Contractor's obligation to maintain the confidentiality of the Confidential Information will not apply where such: (1) was already in the Contractor's possession before disclosure by the State, and such was received by the Contractor without obligation of confidence; (2) is independently developed by the Contractor; (3) is or becomes publicly available without breach of this Contract; (4) is rightfully received by the Contractor from a third party without an obligation of confidence; (5) is disclosed by the Contractor with the written consent of the State; or (6) is released in accordance with a valid order of a court or governmental agency, provided that the Contractor (a) notifies the State of such order immediately upon receipt of the order and (b) makes a reasonable effort to obtain a protective order from the issuing court or agency limiting disclosure and use of the Confidential Information solely for the purposes intended to be served by the original order of production. The Contractor will return all originals of any Confidential Information and destroy any copies it has made on termination or expiration of this Contract.

The Contractor may disclose Confidential Information to its subcontractors on a need-to-know basis, but they will be obligated to the requirements of this section.

OWNERSHIP OF DELIVERABLES. All deliverables produced by the Contractor and covered by this Contract, including any software modifications, and documentation, shall be owned by the State, with all rights, title, and interest in all intellectual property that come into existence through the Contractor's custom work being assigned to the State. Additionally, the Contractor waives any author rights and similar retained interests in custom-developed material. The Contractor will provide the State with all assistance reasonably needed to vest such rights of ownership in the State. The Contractor will retain ownership of all tools, methods, techniques, standards, and other development procedures, as well as generic and preexisting shells, subroutines and similar material incorporated in any custom Deliverable ("Pre-existing Materials") if the Contractor provides the non-exclusive license described in the next paragraph.

The Contractor may grant the State a worldwide, non-exclusive, royalty-free, perpetual license to use, modify, sell, and otherwise distribute all Pre-existing Materials that are incorporated in any custom-developed Deliverable rather than grant the State ownership of the Pre-existing Materials provided however, that the State may distribute such Pre-existing materials to the extent required by governmental funding mandates. The Contractor will not include in any custom Deliverable any intellectual property unless such has been created under this Contract or qualifies as Pre-existing Material.

If the Contractor wants to incorporate any Pre-existing Materials in a custom Deliverable, the Contractor must first disclose this and seek the State's approval for doing so in advance. On the request of the Contractor, the State will incorporate any proprietary notice the Contractor may reasonably want for any Pre-existing Materials included in a custom Deliverable in all

copies the State makes of that Deliverable.

Subject to the limitations and obligations of the State with respect to Pre-existing Materials, the State may make all custom Deliverables available to the general public without any proprietary notices of any kind.

LICENSE IN COMMERCIAL MATERIAL. As used in this section, "Commercial Material" means anything that has been developed at private expense by the Contractor or a third party, commercially available in the marketplace, subject to intellectual property rights, and readily copied through duplication on magnetic media, paper, or other media. Examples include written reports, books, pictures, videos, movies, computer programs, and computer source code and documentation.

Any Commercial Material that the Contractor intends to deliver as a Deliverable must have the scope of the license granted in such material disclosed in the RFP or as an attachment referenced in the RFP, if that scope of license is different from the scope of license contained in this section for Commercial Materials.

Except for Commercial Material that is software ("Commercial Software"), if the Commercial Material is copyrighted and published material, then the State will have the rights permitted under the Federal copyright laws for each copy of the Commercial Material delivered to it by the Contractor.

Except for Commercial Software, if the Commercial Material is patented, then the State will have the rights permitted under the Federal patent laws for each copy of the Commercial Material delivered to it by the Contractor.

Except for Commercial Software, if the Commercial Material consists of trade secrets, then the State will treat the material as confidential. In this regard, the State will assume all obligations with respect to the Commercial Material that the Contractor assumes under the Confidentiality section of this Contract with respect to State secrets. Otherwise, the State will have the same rights and duties permitted under the Federal copyright laws for each copy of the Commercial Material delivered to it by the Contractor, whether or not the material is copyrighted when delivered to the State.

ATTACHMENT THREE: GENERAL TERMS AND CONDITIONS
PART FOUR: REPRESENTATIONS, WARRANTIES AND LIABILITIES

GENERAL WARRANTIES. The Contractor warrants that the recommendations, guidance, and performance of the Contractor under this Contract will: (1) be in accordance with sound professional standards and the requirements of this Contract and without any material defects; (2) unless otherwise provided in the RFP, be the work solely of the Contractor; and (3) no Deliverable will infringe on the intellectual property rights of any third party.

Additionally, with respect to the Contractor's activities under this Contract, the Contractor warrants that: (1) the Contractor has the right to enter into this Contract; (2) the Contractor has not entered into any other contracts or employment relationships that restrict the Contractor's ability to perform the contemplated services; (3) the Contractor will observe and abide by all applicable laws and regulations, including those of the State regarding conduct on any premises under the State's control; (4) the Contractor has good and marketable title to any goods delivered under this Contract and in which title passes to the State; (5) all hardware, software, firmware, and similar devices and materials provided under this Contract will be designed to operate without regard to the turning of a century and process dates in a manner that takes into account dates occurring before and after the turning of a century; and (6) the Contractor has the right and ability to grant the license granted in any Deliverable in which title does not pass to the State.

The warranty regarding material defects is a 1-year warranty. All other warranties will be continuing warranties. If any portion of the Project fails to comply with these warranties, and the Contractor is so notified in writing, the Contractor will correct such failure with all due speed or will refund the amount of the compensation paid for such portion of the Project. The Contractor will also indemnify the State for any direct damages and claims by third parties based on a breach of these warranties. This obligation of indemnification will not apply where the State has modified or misused the Deliverable and the claim is based on the modification or misuse. The State agrees to give the Contractor notice of any such claim as soon as reasonably practicable. If a successful claim of infringement is made, or if the Contractor reasonably believes that an infringement claim that is pending may actually succeed, the Contractor will do one (1) of the following four (4) things: (1) modify the Deliverable so that it is no longer infringing; (2) replace the Deliverable with an equivalent or better item; (3) acquire the right for the State to use the infringing Deliverable as it was intended for the State to use under this Contract; or (4) remove the Deliverable and refund the amount the State paid for the Deliverable and the amount of any other Deliverable or item that requires the availability of the infringing Deliverable for it to be useful to the State.

INDEMNITY. The Contractor will indemnify the State for any and all claims, damages, law suits, costs, judgments, expenses, and any other liabilities resulting from bodily injury to any person (including injury resulting in death) or damage to property that may arise out of or are related to Contractor's performance under this Contract, providing such bodily injury or property damage is due to the negligence of the Contractor, its employees, agents, or subcontractors.

The Contractor will also indemnify the State against any claim of infringement of a copyright, patent, trade secret, or similar intellectual property rights based on the State's proper use of any Deliverable under this Contract. This obligation of indemnification will not apply where the State has modified or misused the Deliverable and the claim of infringement, is based on the modification or misuse. The state agrees to give the Contractor notice of any such claim as soon as reasonably practicable and to give the Contractor the authority to settle or otherwise defend any such claim upon consultation with and approval by the Office of the State Attorney General. If a successful claim of infringement is made, or if the Contractor reasonably believes that an infringement claim that is pending may actually succeed, the Contractor will take one (1) of the following four (4) actions:

1. Modify the Deliverable so that is no longer infringing.
2. Replace the Deliverable with an equivalent or better item.
3. Acquire the right for the State to use the infringing Deliverable as it was intended for the State to use under this Contract; or
4. Remove the Deliverable and refund the fee the State paid for the Deliverable and the fee for any other Deliverable that required the availability of the infringing Deliverable for it to be useful to the State.

LIMITATION OF LIABILITY. NOTWITHSTANDING ANY LIMITATION PROVISIONS CONTAINED IN THE DOCUMENTS AND MATERIALS INCORPORATED BY REFERENCE INTO THIS AGREEMENT, THE PARTIES AGREE AS FOLLOWS:

1. NEITHER PARTY WILL BE LIABLE FOR ANY INDIRECT, INCIDENTAL OR CONSEQUENTIAL LOSS OR DAMAGE OF ANY KIND, INCLUDING BUT NOT LIMITED TO LOST PROFITS, EVEN IF THE PARTIES HAVE BEEN ADVISED, KNEW, OR SHOULD HAVE KNOWN OF THE POSSIBILITY OF SUCH DAMAGES.
2. THE CONTRACTOR FURTHER AGREES THAT THE CONTRACTOR SHALL BE LIABLE FOR ALL DIRECT DAMAGES DUE TO THE FAULT OR NEGLIGENCE OF THE CONTRACTOR.

ATTACHMENT THREE: GENERAL TERMS AND CONDITIONS
PART FIVE: ACCEPTANCE AND MAINTENANCE

STANDARDS OF PERFORMANCE AND ACCEPTANCE. If the RFP does not provide otherwise, the acceptance procedure will be an informal review by the Agency Project Representative to ensure that each Deliverable and the Project as a whole comply with the requirements of this Contract. The Agency Project Representative will have up to 30 calendar days to do this. No formal letter of acceptance will be issued, and passage of the 30 calendar days will imply acceptance, though the State will issue a notice of noncompliance if a Deliverable or the Project as a whole does not meet the requirements of this Contract. If the Agency Project Representative issues a letter of noncompliance, then the Contractor will have 30 calendar days to correct the problems listed in the noncompliance letter. If the Contractor fails to do so, the Contractor will be in default without a cure period. If the Agency Project Representative has issued a noncompliance letter, the Deliverables or the Project as a whole will not be accepted until the Agency Project Representative issues a letter of acceptance indicating that each problem noted in the noncompliance letter has been cured. If the problems have been fixed during the 30 day period, the Agency Project Representative will issue the acceptance letter within 15 calendar days.

If the Project fails to meet the standard of performance after 90 calendar days from the start of the performance period, the Contractor will be in default and will not have a cure period. In addition to all other remedies the State may have under this Contract, the State will have the right to request correction or replacement of the relevant portion of the Project.

PASSAGE OF TITLE. Title to any Deliverable will pass to the State only on acceptance of the Deliverable. All risk of loss, regardless of the cause, will remain with the Contractor until title to the Deliverable passes to the State.

ATTACHMENT THREE: GENERAL TERMS AND CONDITIONS
PART SIX: CONSTRUCTION

ENTIRE DOCUMENT. This Contract is the entire agreement between the parties with respect to the subject matter and supersedes any previous statements or agreements, whether oral or written.

BINDING EFFECT. This Contract will be binding upon and inure to the benefit of the respective successors and assigns of the State and the Contractor.

ADDENDA – WAIVER. No change to any provision of this Contract will be effective unless it is in writing and signed by both parties. The failure of either party at any time to demand strict performance by the other party of any of the terms of this Contract will not be a waiver of those terms. Waivers must be in writing to be effective. And either party may at any later time demand strict performance.

SEVERABILITY. If any provision of this Contract is held by a court of competent jurisdiction to be contrary to law, the remaining provisions of this Contract will remain in full force and effect to the extent that such does not create an absurdity.

CONSTRUCTION. This Contract will be construed in accordance with the plain meaning of its language and neither for nor against the drafting party.

HEADINGS. The headings used herein are for the sole sake of convenience and will not be used to interpret any section.

NOTICES. For any notice under this Contract to be effective it must be made in writing and sent to the address of the appropriate contact provided elsewhere in the Contract, unless such party has notified the other party, in accordance with the provisions of this section, of a new mailing address. This notice requirement will not apply to any notices that this Contract expressly authorized to be made orally.

CONTINUING OBLIGATIONS. The terms of this Contract will survive the termination or expiration of the time for completion of Project and the time for meeting any final payment of compensation, except where such creates an absurdity.

ATTACHMENT THREE: GENERAL TERMS AND CONDITIONS
PART SEVEN: LAW & COURTS

COMPLIANCE WITH LAW. The Contractor agrees to comply with all applicable federal, State, and local laws in the conduct of the Work.

DRUG-FREE WORKPLACE. The Contractor will comply with all applicable State and Federal laws regarding keeping a drug-free workplace. The Contractor will make a good faith effort to ensure that all the Contractor employees, while working on State property, will not have or be under the influence of illegal drugs or alcohol or abuse prescription drugs in any way.

CONFLICTS OF INTEREST. No Personnel of the Contractor may voluntarily acquire any personal interest that conflicts with their responsibilities under this Contract. Additionally, the Contractor will not knowingly permit any public official or public employee who has any responsibilities related to this Contract or the Project to acquire an interest in anything or any entity under the Contractor's control if such an interest would conflict with that official's or employee's duties. The Contractor will disclose to the State knowledge of any such person who acquires an incompatible or conflicting personal interest related to this Contract. And the Contractor will take steps to ensure that such a person does not participate in any action affecting the Work under this Contract. But this will not apply when the State has determined, in light of the personal interest disclosed, that person's participation in any such action would not be contrary to the public interest.

OHIO ETHICS AND ELECTIONS LAW.

1. Ethics Law

Contractor hereby certifies that all applicable parties listed in Division (I) (3) or (J) (3) of O.R.C. Section 3517.13 are in full compliance with Divisions (I) (1) and (J) (1) of O.R.C. Section 3517.13.

In accordance with Executive Order 2007-01S, Contractor, by signature on this document, certifies: (1) it has reviewed and understands Executive Order 2007-01S, (2) has reviewed and understands the Ohio ethics and conflict of interest laws, and (3) will take no action inconsistent with those laws and this order. The Contractor understands that failure to comply with Executive Order 2007-01S is, in itself, grounds for termination of this contract and may result in the loss of other contracts with the State of Ohio.

Contractor certifies that it is currently in compliance and will continue to adhere to the requirements of Ohio ethics laws.

2. Political Contributions

The Contractor affirms in its cover letter that, as applicable to the Contractor, all personal and business associates are in compliance with Chapter 3517 of the Revised Code regarding limitations on political contributions and will remain in compliance for the duration of the Contract and with all applicable provisions that extend beyond the expiration of the Contract.

Before a contract can be awarded or renewed, an Affirmative Action Program Verification Form must be submitted to the DAS Equal Opportunity Division to comply with the affirmative action requirements. Affirmative Action Verification Forms and approved Affirmative Action Plans can be found by going to the Equal Opportunity Departments Web site: <http://www.das.ohio.gov/Eod/AAEEO.htm>

INJUNCTIVE RELIEF. Nothing in this Contract is intended to limit the State's right to injunctive relief if such is necessary to protect its interests or to keep it whole.

ASSIGNMENT. The Contractor may not assign this Contract or any of its rights or obligations under this Contract without the prior, written consent of the State.

GOVERNING LAW. This Contract will be governed by the laws of Ohio, and venue for any disputes will lie exclusively with the appropriate court in Franklin County, Ohio.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I Instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3. Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
- I am a U.S. person (including a U.S. resident alien).

Certification Instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee.

In 3 above, if applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes, you are considered a person if you are:

- An individual who is a citizen or resident of the United States,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, or
- Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,
