

Request for Proposal for Engineering Services
for New Water Storage Facilities
City of Peekskill, New York

RFP Issue Date: August 8, 2009
RFP Submittal Date: September 9, 2009 – until 11:00 a.m.

The City of Peekskill Water Department invites the submission of proposals for engineering services for preparation of plans and specifications for the replacement of the City's existing treated water underground storage tanks. Existing underground storage consist of two connected concrete chambers with a total capacity of approximately 3.1 million gallons.

Engineering services shall include all design, planning, layout and scheduling to incorporate the new facilities into the Camp Field Reservoir Site. The usable site contains some open areas, the existing underground treated water storage tanks, underground slow sand filter chambers (to be abandoned prior to new tank construction), a new 8.0 MGD water treatment facility and accessory utilities and structures.

The City has prepared a more detailed **Scope of Service** which is available by request by FAX to the City of Peekskill Water Department Office (914-734-2770), or by mail to the City of Peekskill Water Department, City Hall, 840 Main Street, Peekskill, NY 10566. Response will be by Fax, mail or e-mail as requested.

Potential bidders must request the **Scope of Service** by August 21, 2009 and attend a mandatory site visit on August 27, 2009 at 11:00 a.m. to be eligible to respond to this Request for Proposal.

The City of Peekskill retains the right to reject any and all submittals with or without cause. The City also reserves the right to consider and rely upon other than pricing in its selection process.

Any cost incurred by the respondents in preparing or submitting a Request for Proposal or interviewing for this project shall be the respondents' sole responsibility.

The City requires affirmative action, and, therefore, the individual or firm will not discriminate under the agreement against any person in accordance with federal, state and local laws and regulations. Dependent on City funding sources for construction, New York State and Federal MBE/WBE Requirements may apply, as well as other NYS and Federal Requirements.
