Vendor Authorization Guidelines- Page 1 of 2

All contracts must include appropriate vendor documentation that does the following three things:

- A. Authorizes the vendor to enter into contracts,
- B. Authorizes a particular officer to execute contracts on behalf of the vendor and
- C. Evidences that the officer signing in fact holds his/her office.

CORPORATIONS - Appropriate vendor documentation usually involves a certificate from the Secretary or other appropriate officer setting forth a copy of a board resolution. Sometimes this is not possible, in which case the vendor should observe the following:

- 1) In lieu of the secretary's certificate, the vendors must submit:
 - a) a current certified copy of the applicable section of the corporation's bylaws which authorizes the execution of contracts by the signing person and
 - b) a current certification that the officer signing the assignment agreement in fact holds that office.
- 2) In lieu of the certified resolution or bylaws, the vendor must include a certified copy of the corporate minutes of their respective boards of directors, which must specifically authorize the person signing the assignment agreement to execute it.

NOTE: If the bylaws or resolutions cannot be found, a formal legal opinion must be obtained attesting to:

- a. the authority of the company and
- b. the officer's ability to bind the company

to enter into a contract.

LIMITED LIABILITY COMPANIES (LLC'S) – LLC's that do not have boards of directors, must submit the following:

- 1) a document indicating unanimous consent from all members or managers or
- 2) a certified copy of all of those relevant portions of their management agreement or operations agreement that identify which members or managers have the authority to bind the LLC in contracts. The certification must also show that the signing party is in fact a manager/member or that a manager/member has duly (in accordance with the management agreement or operations agreement) delegated signatory authority to the signing person.

If the company can't find the management agreement or operations agreement, a formal legal opinion must be obtained attesting to:

- a. the authority of the company and
- b. the signing party's ability to bind the company

to enter into a contract.

Vendor Authorization Guidelines- Page 2 of 2

PARTNERSHIPS – Partnerships, like LLC's, do not have boards of directors. Generally, any general partner can bind the partnership. However, it is prudent to make every effort to obtain a partnership authorization that includes some evidence of a partner's authority to bind the partnership. This can include partnership resolutions that read very much like a corporation's resolutions or a copy of the partnership agreement (or all relevant sections) that address the authority of partners to bind the partnership, again taking into account any limitations, or a consent from the appropriate partners. The partnership agreement governs in the same way as the LLC's management or operations agreement.

SOLE PROPRIETORS - Sole Proprietors do not need to submit any documentation with regards to vendor authorization or certification. Sole Proprietors must submit a letter on company letterhead stating:

- 1) that the company holds Sole Proprietor status,
- 2) the name(s) of those authorized to execute contracts on behalf of the company and
- 3) the signature of Sole Proprietor.

NOTE: You may review and/or download the Vendor Authorization Guidelines and Samples from the DAS/Procurement website <http://www.das.state.ct.us/cr1.aspx?page=8>. Scroll down until you see the heading "**Quick Links**" on the far right side of the screen. Click on "**Vendor Information**" then "**Vendor Authorization Guidelines and Samples**".

Standard Bid Terms and Conditions - Page 1 of 3

The following Terms and Conditions govern the Invitation To Bid issued by the Department of Administrative Services (DAS). Incorporated by reference into these Terms and Conditions are applicable provisions of the Connecticut General Statutes, including but not limited to, those in Title 4a, Chapter 58 and applicable provisions of the Regulations of Connecticut State Agencies, including but not limited to, those that begin with and follow Section 4a-52-1.

Bidders shall comply with the statutes and regulations as they exist on the date of their bid and as they may be modified from time to time during the term of the contract, as it may be amended.

Submission of Bids

1. Bids must be submitted on forms supplied by DAS and must be submitted no later than the date and time specified in the Invitation To Bid. Telephone or facsimile bids will not be accepted in response to an Invitation To Bid.

2. Bids received after the time and date of bid opening specified in each Invitation To Bid shall not be accepted for consideration and shall be returned unopened. Bid envelopes must clearly indicate the bid number as well as the date and time of the opening of the bid. The name and address of the Bidder should appear in the upper left hand corner of the envelope.

3. Incomplete bid forms may result in the rejection of the bid. Amendments to bids received by DAS after the time specified for opening of bids shall not be considered. An original and one copy of the Price Schedule shall be returned to DAS. Bids shall be computer prepared, typewritten or handwritten in ink. Bids submitted in pencil shall be rejected. All bids shall be signed by a person duly authorized to sign bids on behalf of the bidder. Unsigned bids may be rejected. Errors, alterations or corrections on both the original and one copy of the Price Schedule to be returned must be initialed by the person signing the bid or their authorized designee. If an authorized designee initials the correction, there must be written authorization from the person signing the bid to the person initialing the erasure, alterations, or correction. Failure to do so shall result in rejection of bid for those items erased, altered or corrected and not initialed.

4. Conditional bids are subject to rejection in whole or in part. A "conditional bid" is defined as one limiting or modifying any of the terms and conditions and/or specifications of the Invitation to Bid.

5. Alternate bids will not be considered unless the Invitation To Bid specifically requests alternate bids. An alternate bid is one which is submitted in addition to and is not dependent upon the bidder's primary response to the Invitation To Bid.

6. In the event of a discrepancy between the unit price and the extension, the unit price shall govern. Prices should be extended in decimal form, not fractions, to be net, and shall include transportation and delivery charges fully prepaid by the Contractor to the destination specified in the Invitation To Bid, and subject only to cash discount.

7. Pursuant to Section 12-412 of the Connecticut General Statutes, the State of Connecticut is exempt from the payment of excise, transportation and sales taxes imposed by the Federal Government and/or the State. Such taxes must not be included in bid prices.

8. All bids will be opened and read publicly on the date specified in the Invitation To Bid and, upon award, are subject to public inspection.

9. The Bidder fully acknowledges and agrees with all of the terms and conditions contained in this Bid Form SP-19, the accompanying Invitation To Bid, Form SP-26, and Contract #10PSX0308. Further, if the bidder is awarded a contract for the goods and/or services called for in the Invitation To Bid, the bidder's signature on Bid Form SP-26 shall mean that the bidder shall be bound by and perform fully in accordance with all of the terms and conditions set forth in the Invitation To Bid, this Form SP-19 and Contract #10PSX0308 as if the bidder had actually executed Form SP-19 and Contract #10PSX0308 itself.

Guaranty or Surety

10. Bid and or performance bonds may be required. Bonds must meet the following requirements: Corporation - must be signed by an official of the corporation above their official title and the corporate seal must be affixed over the signature; Firm or Partnership - must be signed by all the partners and indicate they are "doing business as"; Individual - must be signed by the owner and indicated as "Owner". The surety company executing the bond or countersigning must be licensed in Connecticut and the bond must be signed by an official of the surety company with the corporate seal affixed over their signature. Signatures of two witnesses for both the principal and the surety must appear on the bond. Power of attorney for the official signing the bond for the surety company must be submitted with the bond.

Samples

11. The quality of accepted bid samples does not supersede specifications for quality in the Invitation to Bid unless the sample is superior in quality. All deliveries shall have at least the same quality as the accepted bid sample.

12. Samples are furnished free of charge. Bidders must indicate if their return is desired, which DAS shall do provided that they are returned at Bidder's sole cost and expense, FOB Bidder's destination, and that they have not been made useless by testing. If they are made useless by testing, the State may dispose of the samples as it deems to be appropriate. Samples may be held for comparison with deliveries.

Award

13. Award of a contract will be made to the lowest responsible qualified bidder and shall be based on quality of the goods or services to be supplied, their conformance with specifications, delivery terms, price, administrative costs, past performance, and financial responsibility.

14. DAS may reject any bidder in default of any prior contract or guilty of misrepresentation or any bidder with a member of its firm in default or guilty of misrepresentation.

16. Bidders have ten days after notice of award of the contract to refuse acceptance. After ten days the contract will be binding on the Contractor. If the Contractor rejects the award within the ten day period, DAS will award the contract to the next lowest responsible qualified bidder.

Other Requirements

17. Section 4a-81 (the "Act") of the Connecticut General Statutes requires that the Invitation to Bid of which these Terms and Conditions are a part include a notice of the consulting affidavit requirements described in the Act. Accordingly, pursuant to the Act, vendors are notified as follows:

(a) No state agency shall execute a contract for the purchase of goods or services, which contract has a total value to the state of fifty thousand dollars or more in any calendar or fiscal year, unless the state agency obtains the written affidavit described in subsection (b) of this section.

(b) (1) The chief official of the vendor awarded a contract described in subsection (a) of this section or the individual awarded such contract who is authorized to execute such contract, shall attest in an affidavit as to whether any consulting agreement has been entered into in connection with such contract. Such affidavit shall be required if any duties of the consultant included communications concerning business of such state agency, whether or not direct contact with a state agency, state or public official or state employee was expected or made. "Consulting agreement" means any written or oral agreement to retain the services, for a fee, of a consultant for the purposes of (A) providing counsel to a contractor, vendor, consultant or other entity seeking to conduct, or conducting, business with the State, (B) contacting, whether in writing or orally, any executive, judicial, or administrative office of the state, including any department, institution, bureau, board, commission, authority, official or employee for the purpose of solicitation, dispute resolution, introduction or requests for information or (C) any other similar activity related to such contract. "Consulting agreement" does not include any agreements entered into with a consultant who is registered under the provisions of Chapter 10 of the Connecticut General Statutes concerning the State's Codes of Ethics, as of the date such affidavit is submitted. (2) Such affidavit shall be sworn as true to the best knowledge and belief of the person signing the certification on the affidavit and shall be subject to the penalties of false statement. (3) Such affidavit shall include the name of the consultant, the consultant's firm, the basic terms of the consulting agreement, a brief description of the services provided, and an indication as to whether the consultant is a former state employee or public official. If the consultant is a former state employee or public official, such affidavit shall indicate his or her former agency and the date such employment terminated. (4) Such affidavit shall be amended whenever the vendor awarded the contract enters into any new consulting agreement during the term of the contract.

(c) If a vendor refuses to submit the affidavit required under subsection (b) of this section, then the state agency shall not award the Contract to such vendor and shall award the

contract to the next highest ranked vendor or the next lowest responsible qualified bidder or seek new bids or proposals.

18. Section 4-252 (the "Statute") of the Connecticut General Statutes requires that the Invitation to Bid, of which these Terms and Conditions are a part, include a notice of the vendor certification requirements described in the Statute. Accordingly, pursuant to the Statute, vendors are notified as follows:

(a) The terms "gift," "quasi-public agency," "state agency," "large state contract," "principals and key personnel" and "participated substantially" as used in this section shall have the meanings set forth in the Statute.

(b) No state agency or quasi-public agency shall execute a large state contract unless the state agency or quasi-public agency obtains the written certifications described in this section. Each such certification shall be sworn as true to the best knowledge and belief of the person signing the certification, subject to the penalties of false statement.

(c) The official of the person, firm or corporation awarded the contract, who is authorized to execute the contract, shall certify on such forms as the State shall provide:

(1) That no gifts were made between the date that the state agency or quasi-public agency began planning the project, services, procurement, lease or licensing arrangement covered by the contract and the date of execution of the contract, by (A) such person, firm, corporation, (B) any principals and key personnel of the person, firm or corporation, who participated substantially in preparing the bid or proposal or the negotiation of the contract, or (C) any agent of such person, firm, corporation or principals and key personnel, who participated substantially in preparing the bid or proposal or the negotiation of the contract, to (i) any public official or state employee of the state agency or quasi-public agency soliciting bids or proposals for the contract, who participated substantially in the preparation of the bid solicitation or request for proposals for the contract or the negotiation or award of the contract, or (ii) any public official or state employee of any other state agency, who has supervisory or appointing authority over such state agency or quasi-public agency;

With regard to a State contract as defined in Section 9-612 of the Connecticut General Statutes having a value in a calendar year of \$50,000 or more or a combination or series of such agreements or contracts having a value of \$100,000 or more, the authorized signatory to this submission in response to the State's solicitation expressly acknowledges receipt of the State Elections Enforcement Commission's notice advising prospective state contractors of state campaign contribution and solicitation prohibitions, and will inform its principals of the contents of the notice. 16. DAVIS-BACON AND COPELAND ANTI-KICKBACK ACTS

Davis-Bacon and Copeland Anti-Kickback Acts

(1) **Minimum wages** - (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) Except with respect to helpers as defined as 29 CFR 5.2(n)(4), the work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination; and

(4) With respect to helpers as defined in 29 CFR 5.2(n)(4), such a classification prevails in the area in which the work is performed.

(B) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the Contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(v)(A) The contracting officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

- (1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
- (2) The classification is utilized in the area by the construction industry; and
- (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the Contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(v) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(2) **Withholding** - ConnDOT shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same prime Contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime Contractor, so much of the accrued payments or advances as may be

considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, ConnDOT may, after written notice to the Contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records - (i) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to ConnDOT for transmission to the Federal Transit Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5. This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, DC 20402. The prime Contractor is responsible for the submission of copies of payrolls by all subcontractors.

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5 and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The Contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the Contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees - (i) Apprentices - Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program. Any

worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a Contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division of the U.S. Department of Labor determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees - Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work

performed until an acceptable program is approved.

(iii) Equal employment opportunity - The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended and 29 CFR part 30.

(5) **Compliance with Copeland Act requirements** - The Contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) **Subcontracts** - The Contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the Federal Transit Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) **Contract termination: debarment** - A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a Contractor and a subcontractor as provided in 29 CFR 5.12.

(8) **Compliance with Davis-Bacon and Related Act requirements** - All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) **Disputes concerning labor standards** - Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) **Certification of eligibility** - (i) By entering into this contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

17. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Contract Work Hours and Safety Standards

(1) **Overtime requirements** - No Contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) **Violation; liability for unpaid wages; liquidated damages** - In the event of any violation of the clause set forth in paragraph (1) of this section the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) **Withholding for unpaid wages and liquidated damages** - ConnDOT shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) **Subcontracts** - The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraphs (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.

18. [RESERVED]**19. NO GOVERNMENT OBLIGATION TO THIRD PARTIES****No Obligation by the Federal Government.**

(1) The Purchaser and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Purchaser, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

(2) The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

**20. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS
AND RELATED ACTS**

31 U.S.C. 3801 et seq.
49 CFR Part 31 18 U.S.C. 1001
49 U.S.C. 5307

(1) The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

(2) The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

21. TERMINATION

49 U.S.C. Part 18

FTA Circular 4220.1E

a. Termination for Convenience (General Provision) The ConnDOT may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to ConnDOT to be paid the Contractor. If the Contractor has any property in its possession belonging to ConnDOT, the Contractor will account for the same, and dispose of it in the manner ConnDOT directs.

b. Termination for Default [Breach or Cause] (General Provision) If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, ConnDOT may terminate this contract for default. Termination shall be effected by serving a notice of termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by ConnDOT that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, ConnDOT, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

c. Opportunity to Cure (General Provision) ConnDOT in its sole discretion may, in the case of a termination for breach or default, allow the Contractor ten (10) days in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions

If Contractor fails to remedy to ConnDOT's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by Contractor of written notice from ConnDOT setting forth the nature of said breach or default, ConnDOT shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude ConnDOT from also pursuing all available remedies against Contractor and its sureties for said breach or default.

d. Waiver of Remedies for any Breach In the event that ConnDOT elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by ConnDOT shall not limit ConnDOT's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

e. Termination for Convenience (Professional or Transit Service Contracts) ConnDOT, by written notice, may terminate this contract, in whole or in part, when it is in the Government's interest. If this contract is terminated, ConnDOT shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

f. Termination for Default (Supplies and Service) If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the Contractor fails to comply with any other provisions of this contract, ConnDOT may terminate this contract for default. ConnDOT shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of ConnDOT.

g. Termination for Default (Transportation Services) If the Contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension or if the Contractor fails to comply with any other provisions of this contract, ConnDOT may terminate this contract for default. ConnDOT shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of default. The Contractor will only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract.

If this contract is terminated while the Contractor has possession of ConnDOT goods, the Contractor shall, upon direction of ConnDOT, protect and preserve the goods until surrendered to ConnDOT or its agent. The Contractor and ConnDOT shall agree on payment for the preservation and protection of goods. Failure to agree on an amount will be resolved under the Dispute clause.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of ConnDOT.

h. Termination for Default (Construction) If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provisions of this contract, ConnDOT may terminate this contract for default. ConnDOT shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, ConnDOT may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to ConnDOT resulting from the Contractor's refusal or failure to complete the work within specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the ConnDOT in completing the work.

The Contractor's right to proceed shall not be terminated nor the Contractor charged with damages under this clause if-

1. the delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include: acts of God, acts of ConnDOT, acts of another Contractor in the performance of a contract with ConnDOT, epidemics, quarantine restrictions, strikes, freight embargoes; and
2. the Contractor, within ten (10) days from the beginning of any delay, notifies ConnDOT in writing of the causes of delay. If in the judgment of ConnDOT, the delay is excusable, the time for completing the work shall be extended. The judgment of ConnDOT shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of ConnDOT.

i. Termination for Convenience or Default (Architect and Engineering) ConnDOT may terminate this contract in whole or in part, for ConnDOT's convenience or because of the failure of the Contractor to fulfill the contract obligations. ConnDOT shall terminate by delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process.

If the termination is for the convenience of ConnDOT, the Contracting Officer shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services.

If the termination is for failure of the Contractor to fulfill the contract obligations, ConnDOT may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by ConnDOT.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the ConnDOT.

j. Termination for Convenience or Default (Cost-Type Contracts) ConnDOT may terminate this contract, or any portion of it, by serving a notice of termination on the Contractor. The notice shall state whether the termination is for convenience of ConnDOT or for the default of the Contractor. If the termination is for default, the notice shall state the manner in which the contractor has failed to perform the requirements of the contract. The Contractor shall account for any property in its possession paid for from funds received from ConnDOT, or property supplied to the Contractor by ConnDOT. If the termination is for default, ConnDOT may fix the fee, if the contract provides for a fee, to be paid the Contractor in proportion to the value, if any, of work performed up to the time of termination. The Contractor shall promptly submit its termination claim to ConnDOT and the parties shall negotiate the termination settlement to be paid the Contractor.

If the termination is for the convenience of ConnDOT, the Contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination.

If, after serving a notice of termination for default, ConnDOT determines that the Contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of the Contractor, the ConnDOT, after setting up a new work schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

Suspension and Debarment

This contract is a covered transaction for purposes of 49 CFR Part 29. As such, the Contractor is required to verify that none of the Contractor, its principals, as defined at 49 CFR 29.995, or affiliates, as defined at 49 CFR 29.905, are excluded or disqualified as defined at 49 CFR 29.940 and 29.945.

The certification in this clause is a material representation of fact relied upon by ConnDOT. If it is later determined that the Contractor knowingly rendered an erroneous certification, in addition to remedies available to ConnDOT, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The Contractor agrees to comply with the requirements of 49 CFR 29, Subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The Contractor or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Rights and Remedies - The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. 49 CFR Part 26

The DBE program applies to all DOT-assisted contracting activities. A formal clause such as that below must be included in all contracts above the micro-purchase level. The requirements of clause subsection b flow down to subcontracts.

A substantial change to the payment provisions in this newest version of Part 26 concerns retainage (*see* section 26.29). Grantee choices concerning retainage should be reflected in the language choices in clause subsection d.

The national goal for participation of Disadvantaged Business Enterprises (DBE) is 10%. The agency's overall goal for DBE participation is 11%. A separate contract goal of 0% DBE participation has been established for this procurement.

b. The Contractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this DOT-assisted contract. Failure by the Contractor

to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as ConnDOT deems appropriate. Each subcontract the Contractor signs with a subcontractor must include the assurance in this paragraph (*see* 49 CFR 26.13(b)).

The successful Contractor will be required to report its DBE participation obtained through race-neutral means throughout the period of performance.

d. The Contractor is required to pay its subcontractors performing work related to this contract for satisfactory performance of that work no later than 30 days after the Contractor's receipt of payment for that work from the ConnDOT. In addition, is required to return any retainage payments to those subcontractors within 30 days after the subcontractor's work related to this contract is satisfactorily completed.

e. The Contractor must promptly notify ConnDOT, whenever a DBE subcontractor performing work related to this contract is terminated or fails to complete its work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. The Contractor may not terminate any DBE subcontractor and perform that work through its own forces or those of an affiliate without prior written consent of ConnDOT.

Use the SF-LLLA Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Include prefixes, e.g., "RFP-DE-90-001."

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can
be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on
a wage
determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests
for summaries
of surveys, should be with the Wage and Hour Regional Office
for the area in
which the survey was conducted because those Regional Offices
have
responsibility for the Davis-Bacon survey program. If the
response from this
initial contact is not satisfactory, then the process described
in 2.) and
3.) should be followed.

With regard to any other matter not yet ripe for the formal
process

described here, initial contact should be with the Branch of Construction

Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7).
Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
 Wage and Hour Division
 U.S. Department of Labor
 200 Constitution Avenue, N.W.
 Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7).
 Write to:

Wage and Hour Administrator
 U.S. Department of Labor
 200 Constitution Avenue, N.W.
 Washington, DC 20210

The request should be accompanied by a full statement of the

interested
party's position and by any information (wage payment data,
project
description, area practice material, etc.) that the requestor
considers
relevant to the issue.

3.) If the decision of the Administrator is not favorable, an
interested
party may appeal directly to the Administrative Review Board
(formerly the
Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7).
Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7).
Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project

description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

Notice
To All Mason Contractors and Interested Parties
Regarding Construction Pursuant to Section 31-53 of the
Connecticut General Statutes (Prevailing Wage)

The Connecticut Labor Department Wage and Workplace Standards Division is empowered to enforce the prevailing wage rates on projects covered by the above referenced statute.

Over the past few years the Division has withheld enforcement of the rate in effect for workers who operate a forklift on a prevailing wage rate project due to a potential jurisdictional dispute.

The rate listed in the schedules and in our Occupational Bulletin (see enclosed) has been as follows:

Forklift Operator:

- **Laborers (Group 4) Mason Tenders** - operates forklift solely to assist a mason to a maximum height of nine feet only.
- **Power Equipment Operator (Group 9)** - operates forklift to assist any trade and to assist a mason to a height over nine feet.

The U.S. Labor Department conducted a survey of rates in Connecticut but it has not been published and the rate in effect remains as outlined in the above Occupational Bulletin.

Since this is a classification matter and not one of jurisdiction, effective January 1, 2007 the Connecticut Labor Department will enforce the rate on each schedule in accordance with our statutory authority.

Your cooperation in filing appropriate and accurate certified payrolls is appreciated.

(2) "To process" means to manufacture, finish, repair, prepare, alter, pack, wrap or handle any material and the different forms of the verb shall be interpreted in accordance with this definition. (3) "Home" means any dwelling house, tenement house, rooming house, apartment house or other residential building. (b) Except as hereinafter provided, no person shall distribute materials, either directly, indirectly or through an employee, agent or independent contractor or any other third party, to a home for the purpose of having such materials processed and thereafter returned to such person or someone designated by him for any purpose other than the personal use of such person or any member of his family. (c) The Labor Commissioner may issue a certificate permitting a person to distribute materials to any individual sixteen years of age or more to be processed in his home by such individual only, upon submission of proof that injury or illness, not of a communicable nature, or old age physically incapacitates him for work in a factory or other regular place of business or that his services are essential in the home to care for a member of the household; provided the commissioner may issue such certificates to other individuals for processes not requiring mechanical apparatus other than simple hand tools, when he finds, after a satisfactory showing of proof, that home work is customary in such industry or occupation in the state of Connecticut and that the suspension of such home work would work undue hardship on labor or industry; and provided no certificate permitting home work shall be issued for the processing of materials in any home in which any member of the household has a communicable disease; and provided the wage rates paid shall not be lower than the wage rates paid within a factory or other place of business for similar work. Each such employer shall pay a fee of twenty-five dollars each year for such certificate of permission. The commissioner may grant a permit to process specified materials in his home to a person who fulfills the requirements for a home worker specified in subsection (c). The commissioner may revoke any employer's certificate or any home worker's

permit, at any time, for cause.

(e) No employer shall be granted a permit to distribute materials of any kind to any worker or workers to be processed at home unless such employer keeps an accurate record of the name and address of each such worker, an accurate description of the kind and amount of materials so distributed, the rates of compensation to be paid for each kind of processing and the total earnings each week of each worker. Such records shall be available to the inspectors of the department at any time during business hours.

(f) The commissioner shall have power to seize, for use as evidence, any goods which are processed in violation of any provision of this section and any materials which are brought or sent into this state from other states to be processed in Connecticut homes, provided such goods or materials shall be returned to their owners after being used as evidence.

On or before August first of each year, the council shall present a report describing the activities of the council to the Labor Commissioner, this report to be included in the commissioner's report to the Governor. History: June Sp. Sess. P.A. 83-21 increased the payments to members from twenty-five to forty dollars per day, and specifically excluded from receipt of such payments the deputy labor commissioner and state employees; P.A. 85-580 increased membership on the council from nine to twelve members, adding an additional member for each category and specifying the background of each industry representative, provided for terms which are coterminous with the governor, provided that the deputy labor commissioner shall be the council chairman, and provided for the reimbursement to the members of necessary expenses, replacing provisions for staggered terms, election of chairman and other officers by the council and for payment of forty dollars per day in lieu of expenses.

The Labor Commissioner shall publish information relating to existing and proposed work standards of apprenticeship, hold area conferences throughout the state for the purpose of promoting interest in skilled trades training and appoint such advisory committees as may be deemed necessary to evaluate the skilled manpower requirements of Connecticut in order to cope with any new technological changes in industry.

(1959, P.A. 390, S. 4; 1969, P.A. 743, S. 1.)

History: 1969 act deleted reference to cooperative effort of representatives of industry, labor and education in formulation of standards, required that standards provide equal opportunities "to all, without regard to their race, color, religion, sex, age or national origin" and that they provide training, employment and upgrading opportunities for disadvantaged workers, and made publication of information re apprenticeship standards, holding of conferences, etc. mandatory rather than optional, substituting "shall" for "may".

(4) Because of a serious health condition of the employee.

(b) Entitlement to leave under subdivision (1) or (2) of subsection (a) of this section may accrue prior to the birth or placement of a son or daughter when such leave is required because of such impending birth or placement.

(c) (1) Leave under subdivision (1) or (2) of subsection (a) of this section for the birth or placement of a son or daughter may not be taken by an employee intermittently or on a reduced leave schedule unless the employee and the employer agree otherwise. Subject to subdivision (2) of this subsection concerning an alternative position, subdivision (2) of subsection (f) of this section concerning the duties of the employee and subdivision (5) of subsection (b) of section 31-51mm concerning sufficient certification, leave under subdivision (3) or (4) of subsection (a) of this section for a serious health condition may be taken intermittently or on a reduced leave schedule when medically necessary. The taking of leave intermittently or on a reduced leave schedule pursuant to this subsection shall not result in a reduction of the total amount of leave to which the employee is entitled under subsection (a) of this section beyond the amount of leave actually taken.

(2) If an employee requests intermittent leave or leave on a reduced leave schedule under subdivision (3) or (4) of

subsection (a) of this section that is foreseeable based on planned medical treatment, the employer may require the employee to transfer temporarily to an available alternative position offered by the employer for which the employee is qualified and that (A) has equivalent pay and benefits and (B) better accommodates recurring periods of leave than the regular employment position of the employee, provided the exercise of this authority shall not conflict with any provision of a collective bargaining agreement between such employer and a labor organization which is the collective bargaining representative of the unit of which the employee is a part.

(d) Except as provided in subsection (e) of this section, leave granted under subsection (a) of this section may consist of unpaid leave.

(e) (1) If an employer provides paid leave for fewer than sixteen workweeks, the additional weeks of leave necessary to attain the sixteen workweeks of leave required under sections 5-248a and 31-51kk to 31-51qq, inclusive, may be provided without compensation.

(2) (A) An eligible employee may elect, or an employer may require the employee, to substitute any of the accrued paid vacation leave, personal leave or family leave of the employee for leave provided under subdivision (1), (2) or (3) of subsection (a) of this section for any part of this sixteen-week period of such leave under said subsection.

(B) An eligible employee may elect, or an employer may require the employee, to substitute any of the accrued paid vacation leave, personal leave, or medical or sick leave of the employee for leave provided under subdivision (3) or (4) of subsection (a) of this section for any part of the sixteen-week period of such leave under said subsection, except that nothing in section 5-248a or 31-51kk to 31-51qq, inclusive, shall require an employer to provide paid sick leave or paid medical leave in any situation in which such employer would not normally provide any such paid leave.

(f) (1) In any case in which the necessity for leave under subdivision (1) or (2) of subsection (a) of this section is foreseeable based on an expected birth or placement of a son or daughter, the employee shall provide the employer with not less than thirty days' notice, before the date of the leave is to begin, of the employee's intention to take leave under said subdivision (1) or (2), except that if the date of the birth or placement of a son or daughter requires leave to begin in less than thirty days, the employee shall provide such notice as is practicable.

(2) In any case in which the necessity for leave under subdivision (3) or (4) of subsection (a) of this section is foreseeable based on planned medical treatment, the employee (A) shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the employer, subject to the approval of the health care provider of the employee or the health care provider of the son, daughter, spouse or parent of the employee, as appropriate; and (B) shall provide the employer with not less than thirty days' notice, before the date the leave is to begin, of the employee's intention to take leave under said subdivision (3) or (4), except that if the date of the treatment requires leave to begin in less than thirty days, the employee shall provide such notice as is practicable.

(g) In any case in which a husband and wife entitled to leave under subsection (a) of this section are employed by the same employer, the aggregate number of workweeks of leave to which both may be entitled may be limited to sixteen workweeks during any twenty-four-month period, if such leave is taken: (1) Under subdivision (1) or (2) of subsection (a) of this section; or (2) to care for a sick parent under subdivision (3) of said subsection.

(h) Unpaid leave taken pursuant to sections 5-248a and 31-51kk to 31-51qq, inclusive, shall not be construed to affect an employee's qualification for exemption under chapter 558.

(i) Notwithstanding the provisions of sections 5-248a and 31-51kk to 31-51qq, inclusive, all further rights granted by federal law shall remain in effect.

Sec. 31-51mm. Family and medical leave: Certification. (a) An employer may require that request for leave based on a serious health condition in subdivision (3) or (4) of subsection (a) of section 31-51ll be supported by a certification issued by the health care provider of the eligible employee or of the son, daughter, spouse or parent of the employee, as appropriate. The employee shall provide, in a timely manner, a copy of such certification to the employer.

(b) Certification provided under subsection (a) of this section shall be sufficient if it states:

(1) The date on which the serious health condition commenced;

(2) The probable duration of the condition;

(3) The appropriate medical facts within the knowledge of the health care provider regarding the condition;

(4) (A) For purposes of leave under subdivision (3) of subsection (a) of section 31-51ll, a statement that the eligible employee is needed to care for the son, daughter, spouse or parent and an estimate of the amount of time that such

employee needs to care for the son, daughter, spouse or parent; and (B) for purposes of leave under subdivision (4) of subsection (a) of section 31-51ll, a statement that the employee is unable to perform the functions of the position of the employee;

(5) In the case of certification for intermittent leave or leave on a reduced leave schedule for planned medical treatment, the dates on which such treatment is expected to be given and the duration of such treatment;

(6) In the case of certification for intermittent leave or leave on a reduced leave schedule under subdivision (4) of subsection (a) of section 31-51ll, a statement of the medical necessity of the intermittent leave or leave on a reduced leave schedule, and the expected duration of the intermittent leave or reduced leave schedule; and

(7) In the case of certification for intermittent leave or leave on a reduced leave schedule under subdivision (3) of subsection (a) of section 31-51ll, a statement that the employee's intermittent leave or leave on a reduced leave schedule is necessary for the care of the son, daughter, parent or spouse who has a serious health condition, or will assist in their recovery, and the expected duration and schedule of the intermittent leave or reduced leave schedule.

(c) (1) In any case in which the employer has reason to doubt the validity of the certification provided under subsection (a) of this section for leave under subdivision (3) or (4) of subsection (a) of section 31-51ll, the employer may require, at the expense of the employer, that the eligible employee obtain the opinion of a second health care provider designated or approved by the employer concerning any information certified under subsection (b) of this section for such leave.

(2) A health care provider designated or approved under subdivision (1) of this subsection shall not be employed on a regular basis by the employer.

(d) (1) In any case in which the second opinion described in subsection (c) of this section differs from the opinion in the original certification provided under subsection (a) of this section, the employer may require, at the expense of the employer, that the employee obtain the opinion of a third health care provider designated or approved jointly by the employer and the employee concerning the information certified under subsection (b) of this section.

(2) The opinion of the third health care provider concerning the information certified under subsection (b) of this section shall be considered to be final and shall be binding on the employer and the employee.

(e) The employer may require that the eligible employee obtain subsequent recertifications on a reasonable basis, provided the standards for determining what constitutes a reasonable basis for recertification may be governed by a collective bargaining agreement between such employer and a labor organization which is the collective bargaining representative of the unit of which the worker is a part if such a collective bargaining agreement is in effect. Unless otherwise required by the employee's health care provider, the employer may not require recertification more than once during a thirty-day period and, in any case, may not unreasonably require recertification. The employer shall pay for any recertification that is not covered by the employee's health insurance.

Sec. 31-51aaa. Individual Development Account Reserve Fund: Use and administration. (a) Funds from the Individual Development Account Reserve Fund shall be used to provide grants to community-based organizations that are operating certified state IDA programs for the purpose of providing matching funds for the individual development accounts in their programs, to assist the organizations to provide training, counseling and case management for program participants and for program administration purposes. The department shall determine what proportion of the funds in the Individual Development Account Reserve Fund shall be used for each of these purposes.

(b) The Individual Development Account Reserve Fund shall be administered as follows:

(1) No new grant shall be approved by the department unless there is sufficient funding in the Individual Development Account Reserve Fund, as determined by the department, to meet all existing funding obligations including the maximum amount of state matching funds that would be required if each account holder in these certified programs met the savings goal in such account holder's approved plan.

(2) Any funds remaining in the Individual Development Account Reserve Fund at the end of each fiscal year, and the interest thereon, shall be retained in said fund and used in the next succeeding fiscal year for expenditures set forth in subsection (a) of this section.

Grants from the Individual Development Account Reserve Fund for matching funds to certified state IDA programs shall be made on behalf of each individual account holder in the maximum amount of two dollars for every one dollar deposited in the individual development account by the account holder, not to exceed one thousand dollars of such matching funds per account holder for any calendar year and three thousand dollars per account holder for the duration of the account holder's participation in the program.

(d) The department and the community-based organizations, separately or cooperatively, may solicit grants and private contributions for the Individual Development Account Reserve Fund and for the local reserve funds of community-based organizations operating certified state IDA programs.

(e) If moneys are withdrawn from an individual development account by an account holder due to the account holder's decision to leave the certified state IDA program, all matching funds designated for said moneys shall be forfeited by the account holder and not later than December thirty-first of each year, the matching funds from the Individual Development Account Reserve Fund shall be returned by the community-based organization to the department for redeposit into the Individual Development Account Reserve Fund; except that, if the withdrawal is an emergency withdrawal, as defined in regulations adopted pursuant to section 31-51ddd, or is a withdrawal due to circumstances other than an account holder's decision to leave the certified state IDA program, the community-based organization may retain the matching funds for the account holder in its local reserve fund until such account holder redeposits the withdrawn funds or leaves the certified state IDA program, in accordance with such regulations.

(f) When the account holder has made sufficient deposits to such account holder's individual development account to achieve the savings goal set forth in such account holder's approved plan, the community-based organization shall pay such sum together with the matching funds from the organization's local reserve account that are attributed to this individual development account, directly to the person or entity providing the goods or services. Where matching funds from the Individual Development Account Reserve Fund have not been paid out by the community-based organization for an eligible purpose within five years after the opening of an individual development account due to an account holder not making contributions as provided in the approved plan, the matching funds from the Individual Development Account Reserve Fund shall be returned to the department for deposit in the Individual Development Account Reserve Fund, except that the community-based organization may grant a leave of absence or extension of time to an account holder for a period not to exceed two years, within such five-year period in accordance with regulations adopted pursuant to section 31-51ddd.

PART III STATE CONTRACTS

Sec. 31-52. Preference to state citizens in construction of public buildings. Enforcement of violations. (a) In the employment of mechanics, laborers and workmen in the construction, remodeling or repairing of any public building, by the state or any of its agents or by persons contracting therewith, preference shall be given to citizens of the state, and, if they cannot be obtained in sufficient numbers, then to citizens of the United States. Any contractor who knowingly and wilfully employs any person in violation of any provision of this subsection shall be fined two hundred dollars for each week or fraction of a week each such person is so employed.

(b) Each contract for the construction or repair of any building under the supervision of the state or any of its agents shall contain the following provisions: "In the employment of labor to perform the work specified herein, preference shall be given to citizens of the United States, who are, and continuously for at least three months prior to the date hereof have been, residents of the labor market area, as established by the Labor Commissioner, in which such work is to be done, and if no such qualified person is available, then to citizens who have continuously resided in the county in which the work is to be performed for at least three months prior to the date hereof, and then to citizens of the state who have continuously resided in the state at least three months prior to the date hereof." In no event shall said provisions be deemed to abrogate or supersede, in any manner, any provision regarding residence requirements contained in a collective bargaining agreement to which the contractor is a party.

(c) No person who receives an award or contract for public works projects from the state, or who receives an order or contract for which a portion of funds is derived from the state, shall knowingly employ nonresidents of the state while residents who may qualify for such work are reasonably available for employment. In the employment of nonresidents, the construction supervisor or construction inspector assigned to the public works project shall verify that the contracting employer, by reasonable efforts, sought to obtain construction job applicants from existing employment sources in Connecticut.

(d) The agent contracting on behalf of the state or any political subdivision thereof shall investigate promptly any alleged violation of this section or section 31-52a. If said agent finds evidence of such a violation, he shall immediately notify the alleged violator of such evidence and allegations. If the alleged violator fails to take corrective action within one week, or to produce evidence which satisfies said agent that no violation has occurred, said agent shall (1) institute a civil action to recover as liquidated damages for the violation of the contract an amount equal to the wages paid to any employees employed in violation of this section or section 31-52a and cost of suit, including reasonable attorney's fees and (2) notify the office of the state's attorney in the judicial district for the area in which such work was performed so that appropriate criminal action may be instituted against the alleged violator.

(e) In contracts so financed preference in employment shall be given to citizens of the United States or any possession thereof.

(f) Nothing in this section shall abrogate or supersede any provision regarding residence requirements in a collective bargaining agreement to which the contractor is a party.

(1949 Rev., S. 7371; 1967, P.A. 757, S. 1; P.A. 78-280, S. 68, 127; P.A. 83-530, S. 2, 3; 83-552, S. 2; P.A. 97-263, S. 13.)

History: 1967 act clarified provisions and specified that one hundred dollar fine applies for each week or fraction of a week during which a person is employed in violation of Subsec. (a) where previously hundred dollar fine was the maximum fine for each offense, substituted labor market areas for towns under Subsec. (b) and added Subsecs. (c) to (e) re employment of state residents in preference to nonresidents, hiring preference to U.S. citizens and procedure to be followed in investigation of and action on violations; P.A. 78-280 required notification of state's attorney in the appropriate judicial district rather than notification of prosecuting attorney in the appropriate circuit, circuit courts having been abolished pursuant to P.A. 76-436, under Subsec. (d)(2); P.A. 83-530 added a new Subsec. (f) which prohibits this section from abrogating or superseding any residence requirement in a collective bargaining agreement to which the contractor is a party; P.A. 83-552 amended Subsec. (b) to provide that collective bargaining agreement is not superseded by preference provisions of contract; P.A. 97-263 amended Subsec. (a) to increase amount of fine from one hundred to two hundred dollars.

See Sec. 7-112 re applicability of this section to construction, remodeling, etc. of public buildings by political subdivisions of state.

Sec. 31-57c. Disqualification of certain contractors from bidding on, applying for or participating in public works contracts with the state: Disqualification by Commissioner of Public Works; procedure; causes. Exception permitting disqualified contractor to participate in contract or subcontract. (a) As used in this section, the term "contractor" shall mean any person, firm or corporation which has contracted or seeks to contract with the state, or to participate in such a contract, in connection with any public works of the state or a political subdivision of the state. (b) Disqualification of a contractor is a serious action that shall be used only in the public interest and for the state government's protection and not for purposes of punishment or in lieu of other applicable enforcement or compliance procedures. The causes for and consequences of disqualification under this section shall be separate from and in addition to causes for and consequences of disqualification under sections 4b- 95, 31-53a, 31-57a and 31-57b. (c) The Commissioner of Public Works may disqualify any contractor, for up to two years, from bidding on, applying for, or participating as a subcontractor under, contracts with the state, acting through any of its departments, commissions or other agencies, except the Department of Administrative Services, the Department of Transportation and the constituent units of the state system of higher education, for one or more causes set forth under subsection (d) of this section. The commissioner may initiate a disqualification proceeding only after consulting with the contract awarding agency, if any, and the Attorney General and shall provide notice and an opportunity for a hearing to the contractor who is the subject of the proceeding. The hearing shall be conducted in accordance with the contested case procedures set forth in chapter 54. The commissioner shall issue a written decision within ninety days of the last date of such hearing and state in the decision the reasons for the action taken and, if the contractor is being disqualified, the period of such disqualification. The existence of a cause for disqualification shall not be the sole factor to be considered in determining whether the contractor shall be disqualified. In determining whether to disqualify a contractor, the commissioner shall consider the seriousness of the contractor's acts or omissions and any mitigating factors. The commissioner shall send the decision to the contractor by certified mail, return receipt requested. The written decision shall be a final decision for the purposes of sections 4-180 and 4-183.

(d) Causes for disqualification from bidding on, or participating in, contracts shall include the following:

- (1) Conviction or entry of a plea of guilty or nolo contendere for or admission to commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of such contract or subcontract;
- (2) Conviction or entry of a plea of guilty or nolo contendere or admission to the violation of any state or federal law for embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property or any other offense indicating a lack of business integrity or business honesty which affects responsibility as a state contractor;
- (3) Conviction or entry of a plea of guilty or nolo contendere or admission to a violation of any state or federal antitrust, collusion or conspiracy law arising out of the submission of bids or proposals on a public or private contract or subcontract;
- (4) A wilful failure to perform in accordance with the terms of one or more public contracts, agreements or transactions;
- (5) A history of failure to perform or of unsatisfactory performance of one or more public contracts, agreements or transactions; or

- (6) A wilful violation of a statutory or regulatory provision or requirement applicable to a public contract, agreement or transaction.
- (e) For purposes of a disqualification proceeding under this section, conduct may be imputed as follows:
- (1) The fraudulent, criminal or other seriously improper conduct of any officer, director, shareholder, partner, employee or other individual associated with a contractor may be imputed to the contractor when the conduct occurred in connection with the individual's performance of duties for or on behalf of the contractor and the contractor knew of or had reason to know of such conduct. The term "other seriously improper conduct" shall not include advice from an attorney, accountant or other paid consultant if it was reasonable for the contractor to rely on such advice.
 - (2) The fraudulent, criminal or other seriously improper conduct of a contractor may be imputed to any officer, director, shareholder, partner, employee or other individual associated with the contractor who participated in, knew of or had reason to know of the contractor's conduct.
 - (3) The fraudulent, criminal or other seriously improper conduct of one contractor participating in a joint venture or similar arrangement may be imputed to other participating contractors if the conduct occurred for or on behalf of the joint venture or similar arrangement and these contractors knew of or had reason to know of such conduct.
- (f) The commissioner may reduce the period or extent of disqualification, upon the contractor's request, supported by documentation, for the following reasons:
- (1) Newly discovered material evidence;
 - (2) Reversal of the conviction upon which the disqualification was based;
 - (3) Bona fide change in ownership or management;
 - (4) Elimination of other causes for which the disqualification was imposed; or
 - (5) Other reasons the commissioner deems appropriate.
- (g) The commissioner may grant an exception permitting a disqualified contractor to participate in a particular contract or subcontract upon a written determination by the head of the contract awarding agency that there is good cause, in the interest of the public, for such action.

Sec. 31-57e. Contracts between the state and federally recognized Indian tribes. Employment Rights Code; protection of persons employed by a tribe. (a) As used in this section:

(1) "Commercial enterprise" means any form of commercial conduct or a particular commercial transaction or act, including the operation of a casino, which relates to or is connected with any profit-making pursuit;

(2) "Labor organization" means any organization which exists for the purpose, in whole or in part, of collective bargaining or of dealing with employers concerning grievances, terms or conditions of employment, or of other mutual aid or protection in connection with employment;

(3) "Tribe" means any federally recognized Indian tribe which is subject to the Indian Gaming Regulatory Act, P.L. 100-497, 25 USC 2701 et seq.

(b) The state shall not provide any funds or services which directly or indirectly assist any tribe engaged in a commercial enterprise until the tribe adopts an Employment Rights Code established pursuant to subsection (e) of this section, unless such funds or services are (1) required by federal or state law, (2) were agreed to in writing prior to July 1, 1993, or (3) are provided to a project which is covered by federal or state employment regulations or employment rights laws. This subsection shall not be construed to prohibit the state from enforcing any civil or criminal law, or any gaming regulation at a commercial enterprise owned or operated by a tribe, or to require the state to enforce a violation of any criminal law which would not be a violation if it occurred outside tribal land. The Governor, upon consulting with the leaders of the

General Assembly, may waive the restrictions set forth in this subsection in the event of a declared emergency.

(c) The state shall oppose any application by a tribe, pursuant to 25 CFR chapter 151, to convert any parcel of fee interest land to federal trust status. The conversion shall be deemed contrary to the interest of the state and its residents.

(d) The Governor shall include in each future proposal by the state in negotiations conducted pursuant to the Indian Gaming Regulatory Act, a provision requiring the adoption of an Employment Rights Code established pursuant to subsection (e) of this section. The Governor shall employ his best efforts to ensure that any final agreement, compact or contract established under the Indian Gaming Regulatory Act includes an Employment Rights Code in accordance with subsection (e) of this section.

(e) The Employment Rights Code referred to under this section shall include the following provisions:

(1) A commercial enterprise subject to tribal jurisdiction shall not, except in the case of a bona fide occupational qualification or need, refuse to hire or employ or bar or discharge from employment any individual or discriminate against him in compensation or in terms, conditions or privileges of employment because of the individual's race, color, religious creed, sex, marital status, national origin, ancestry, age, present or past history of mental disorder, mental retardation, sexual orientation, learning or physical disability, political activity, union activity or the exercise of rights protected by the United States Constitution. This subdivision shall not be construed to restrict the right of a tribe to give preference in hiring to members of the tribe.

(2) A commercial enterprise subject to tribal jurisdiction shall not deny any individual, including a representative of a labor organization, seeking to ensure compliance with this section, access to employees of the tribe's commercial enterprise during nonwork time in nonwork areas. The tribe shall not permit any supervisor, manager or other agent of the tribe to restrict or otherwise interfere with such access.

(3) When a labor organization claims that it has been designated or selected for the purposes of collective bargaining by the majority of the employees in a unit appropriate for such purposes, the labor organization may apply to an arbitrator to verify the claim pursuant to subdivision (4) of this subsection. If the arbitrator verifies that the labor organization has been designated or selected as the bargaining representative by a majority of the employees in an appropriate unit, the tribe shall, upon request, recognize the labor organization as the exclusive bargaining agent and bargain in good faith with the labor organization in an effort to reach a collective bargaining agreement. However, the arbitrator shall disallow any claim by a labor organization which is dominated or controlled by the tribe.

(4) (A) Any individual or organization claiming to be injured by a violation of any provision of this subsection shall have the right to seek binding arbitration under the rules of the American Arbitration Association. Such individual or organization shall file a demand for arbitration with the tribe not later than one hundred eighty days after the employee or labor organization knows or should know of the tribe's violation of any provision of this subsection. The demand shall state, in plain language, the facts giving rise to the demand.

(B) The demand for arbitration shall also be served upon the Connecticut office of the American Arbitration Association. Absent settlement, a hearing shall be held in accordance with the rules and procedures of the American Arbitration Association. The costs and fees of the arbitrator shall be shared equally by the tribe and the labor organization.

(C) The decision of the arbitrator shall be final and binding on both parties and shall be subject to judicial review and enforcement against all parties in the manner prescribed by chapter 909.

(5) A tribe shall not retaliate against any individual who exercises any right under the Employment Rights Code. Any individual or organization claiming to be injured by a violation of the provisions of this section shall have the right to seek binding arbitration pursuant to subdivision (4) of this subsection.

(f) Notwithstanding the provisions of this section, the Governor may negotiate an agreement with a tribe which establishes rights for employees of commercial enterprises subject to tribal jurisdiction in addition to those provided under the Employment Rights Code established under subsection (e) of this section.

Sec. 31-57f. Standard wage rate for certain service workers. Definitions. Standard rate required. Civil penalty. Complaints. Determination of standard rate by Labor Commissioner. Effect on employers bound by collective bargaining agreements. Recordkeeping requirement. Penalty for filing false certified payroll. Exemptions.

Regulations. (a) As used in this section: (1) "Required employer" means any provider of food, building, property or equipment services or maintenance listed in this subdivision whose rate of reimbursement or compensation is determined by contract or agreement with the state or any state agent: (A) Building, property or equipment service companies; (B)

management companies providing property management services; and (C) companies providing food preparation or service, or both; (2) "state agent" means any state official, state employee or other person authorized to enter into a contract or agreement on behalf of the state; (3) "person" means one or more individuals, partnerships, associations, corporations, business trusts, legal representatives or organized groups of persons; and (4) "building, property or equipment service" means any janitorial, cleaning, maintenance or related service.

(b) On and after July 1, 2000, the wages paid on an hourly basis to any employee of a required employer in the provision of food, building, property or equipment services provided to the state pursuant to a contract or agreement with the state or any state agent, shall be at a rate not less than the standard rate determined by the Labor Commissioner pursuant to subsection (g) of this section.

(c) Any required employer or agent of such employer that violates subsection (b) of this section shall pay a civil penalty in an amount not less than two thousand five hundred dollars but not more than five thousand dollars for each offense. The contracting department of the state that has imposed such civil penalty on the required employer or agent of such employer shall, within two days after taking such action, notify the Labor Commissioner, in writing, of the name of the employer or agent involved, the violations involved and steps taken to collect the fine.

(d) The Labor Commissioner may make complaint to the proper prosecuting authorities for the violation of any provision of subsection (b) of this section.

(e) For the purpose of predetermining the standard rate of covered wages on an hourly basis, the Labor Commissioner shall establish classifications for all hourly nonsupervisory employees based on the applicable occupation codes and titles set forth in the federal Register of Wage Determinations under the Service Contract Act of 1965, 41 USC 351, et seq. The Labor Commissioner shall then determine the standard rate of wages for each classification of hourly nonsupervisory employees which shall be equivalent to the minimum hourly wages set forth in the federal Register of Wage Determinations under the Service Contract Act, plus a thirty per cent surcharge to cover the cost of any health, welfare and retirement plans or, if no such plan is in effect between the employees and the employer, an amount equal to thirty per cent of the hourly wage which shall be paid directly to the employees.

(f) Required employers with employees covered by collective bargaining agreements which call for wages and benefits that are reasonably related to the standard rate shall not be economically disadvantaged in the bidding process, provided the collective bargaining agreement was arrived at through arms-length negotiations.

(g) The Labor Commissioner shall, in accordance with subsection (e) of this section, determine the standard rate of wages for each classification on an hourly basis where any covered services are to be provided, and the state agent empowered to let such contract shall contact the Labor Commissioner at least ten days prior to the date such contract will be advertised for bid, to ascertain the standard rate of wages and shall include the standard rate of wages on an hourly basis for all classifications of employment in the proposal for the contract. The standard rate of wages on an hourly basis shall, at all times, be considered the minimum rate for the classification for which it was established.

(h) Each required employer subject to the provisions of this section shall (1) keep, maintain and preserve such records relating to the wages and hours worked by each employee and a schedule of the occupation or work classification at which each person is employed during each work day and week in such manner and form as the Labor Commissioner establishes to assure the proper payments due to such employees, and (2) upon written request, submit to the contracting state agent a certified payroll which shall consist of a complete copy of such records accompanied by a statement signed by the employer which indicates that (A) such records are correct, (B) the rate of wages paid to each employee is not less than the standard rate of wages required by this section, (C) such employer has complied with the provisions of this section, and (D) such employer is aware that filing a certified payroll which it knows to be false is a class D felony for which such employer may be fined not more than five thousand dollars or imprisoned not more than five years, or both. Notwithstanding the provisions of section 1-210, the certified payroll shall be considered a public record and every person shall have the right to inspect and copy such record in accordance with the provisions of section 1-212. The provisions of subsections (a) and (b) of section 31-59, section 31-66 and section 31-69 which are not inconsistent with the provisions of this section shall apply. Any person who files a false certified payroll in violation of subdivision (2) of this subsection shall be guilty of a class D felony for which such person may be fined not more than five thousand dollars or imprisoned not more than five years, or both.

(i) This section shall not apply to contracts, agreements or grants which do not exceed forty-nine thousand nine hundred ninety-nine dollars per annum.

(j) On receipt of a complaint for nonpayment of the standard rate of wages, the Labor Commissioner, the Director of Wage and Workplace Standards and wage enforcement agents of the Labor Department shall have power to enter, during usual business hours, the place of business or employment of any employer to determine compliance with this section, and for such purpose may examine payroll and other records and interview employees, call hearings, administer oaths, take

testimony under oath and take depositions in the manner provided by sections 52-148a to 52-148e, inclusive. The commissioner or the director, for such purpose, may issue subpoenas for the attendance of witnesses and the production of books and records. Any required employer, an officer or agent of such employer, or the officer or agent of any corporation, firm or partnership who wilfully fails to furnish time and wage records as required by law to the commissioner, the director or any wage enforcement agent upon request or who refuses to admit the commissioner, the director or such agent to a place of employment or who hinders or delays the commissioner, the director or such agent in the performance of any duties in the enforcement of this section shall be fined not less than twenty-five dollars nor more than one hundred dollars, and each day of such failure to furnish time and wage records to the commissioner, the director or such agent shall constitute a separate offense, and each day of refusal of admittance, of hindering or of delaying the commissioner, the director or such agent shall constitute a separate offense.

(k) Notwithstanding subsection (i) of this section, any employer that pays the state for a franchise to provide food preparation or service, or both, for the state shall be required to certify that the wages and benefits paid to its employees are not less than the standard rate established pursuant to this section.

(l) The Labor Commissioner may adopt regulations, in accordance with chapter 54, to carry out the provisions of this section.

(m) The provisions of this section and any regulation adopted pursuant to subsection (l) of this section shall not apply to any contract or agreement entered into before July 1, 2000.

Information Bulletin **Occupational Classifications**

The Connecticut Department of Labor has the responsibility to properly determine "job classification" on prevailing wage projects covered under C.G.S. Section 31-53.

Note: This information is intended to provide a sample of some occupational classifications for guidance purposes only. It is not an all-inclusive list of each occupation's duties. This list is being provided only to highlight some areas where a contractor may be unclear regarding the proper classification.

Below are additional clarifications of specific job duties performed for certain classifications:

- **ASBESTOS WORKERS**

Applies all insulating materials, protective coverings, coatings and finishes to all types of mechanical systems.

- **ASBESTOS INSULATOR**

Handle, install apply, fabricate, distribute, prepare, alter, repair, dismantle, heat and frost insulation, including penetration and fire stopping work on all penetration fire stop systems.

- **BOILERMAKERS**

Erects hydro plants, incomplete vessels, steel stacks, storage tanks for water, fuel, etc. Builds incomplete boilers, repairs heat exchanges and steam generators.

- **BRICKLAYERS, CEMENT MASONS, CEMENT FINISHERS, MARBLE MASONS, PLASTERERS, STONE MASONS, PLASTERERS. STONE MASONS, TERRAZZO WORKERS, TILE SETTERS**

Lays building materials such as brick, structural tile and concrete cinder, glass, gypsum, terra cotta block. Cuts, tools and sets marble, sets stone, finishes concrete, applies decorative steel, aluminum and plastic tile, applies cements, sand, pigment and marble chips to floors, stairways, etc.

- **CARPENTERS, MILLWRIGHTS. PILEDRIVERMEN. LATHERS. RESILEINT FLOOR LAYERS, DOCK BUILDERS, DIKERS, DIVER TENDERS**

Constructs, erects, installs and repairs structures and fixtures of wood, plywood and wallboard. Installs, assembles, dismantles, moves industrial machinery. Drives piling into ground to provide foundations for structures such as buildings and bridges, retaining walls for earth embankments, such as cofferdams. Fastens wooden, metal or rockboard lath to walls, ceilings and partitions of buildings, acoustical tile layer, concrete form builder. Applies firestopping materials on fire resistive joint systems only. Installation of curtain/window walls only where attached to wood or metal studs. Installation of insulated material of all types whether blown, nailed or attached in other ways to walls, ceilings and floors of buildings. Assembly and installation of modular furniture/furniture systems. Free-standing furniture is not covered. This includes free standing: student chairs, study top desks, book box desks, computer furniture, dictionary stand, atlas stand, wood shelving, two-position information access station, file cabinets, storage cabinets, tables, etc.

- **CLEANING LABORER**

- The clean up of any construction debris and the general cleaning, including sweeping, wash down, mopping, wiping of the construction facility, washing, polishing, dusting, etc., prior to the issuance of a certificate of occupancy falls under the *Labor classification*.

- **DELIVERY PERSONNEL**

- If delivery of supplies/building materials is to one common point and stockpiled there, prevailing wages are not required. If the delivery personnel are involved in the distribution of the material to multiple locations within the construction site then they would have to be paid prevailing wages for the type of work performed: laborer, equipment operator, electrician, ironworker, plumber, etc.
- An example of this would be where delivery of drywall is made to a building and the delivery personnel distribute the drywall from one "stockpile" location to further sub-locations on each floor. Distribution of material around a construction site is the job of a laborer/tradesman and not a delivery personnel.

- **ELECTRICIANS**

Install, erect, maintenance, alteration or repair of any wire, cable, conduit, etc., which generates, transforms, transmits or uses electrical energy for light, heat, power or other purposes, including the installation or maintenance of telecommunication, LAN wiring or computer equipment, and low voltage wiring. ****License required per Connecticut General Statutes: E-1,2 L-5,6 C-5,6 T-1,2 L-1,2 V-1,2,7,8,9.***

Power Equipment Operator Group 9 - operates forklift to assist any trade, and to assist a mason to a height over nine (9) feet.

- **GLAZIERS**

Glazing wood and metal sash, doors, partitions, and 2 story aluminum storefronts. Installs glass windows, skylights, store fronts and display cases or surfaces such as building fronts, interior walls, ceilings and table tops and metal store fronts. Installation of aluminum window walls and curtain walls is the "joint" work of glaziers and ironworkers which requires either a blended rate or equal composite workforce.

- **IRONWORKERS**

Erection, installation and placement of structural steel, precast concrete, miscellaneous iron, ornamental iron, metal curtain wall, rigging and reinforcing steel. Handling, sorting, and installation of reinforcing steel (rebar). Metal bridge rail (traffic), metal bridge handrail, and decorative security fence installation. Installation of aluminum window walls and curtain walls is the "joint" work of glaziers and ironworkers which requires either a blended rate or equal composite workforce. Insulated metal and insulated composite panels are still installed by the Ironworker.

- **INSULATOR**

- Installing fire stopping systems/materials for "Penetration Firestop Systems": transit to cables, electrical conduits, insulated pipes, sprinkler pipe penetrations, ductwork behind radiation, electrical cable trays, fire rated pipe penetrations, natural polypropylene, HVAC ducts, plumbing bare metal, telephone and communication wires, and boiler room ceilings. Past practice using the applicable licensed trades, Plumber, Sheet Metal, Sprinkler Fitter, and Electrician, is not inconsistent with the Insulator classification and would be permitted.

- **LABORERS**

Acetylene burners, asphalt rakers, chain saw operators, concrete and power buggy operator, concrete saw operator, fence and guard rail erector (except metal bridge rail (traffic), metal bridge handrail, and decorative security fence

installation.), hand operated concrete vibrator operator, mason tenders, pipelayers (installation of storm drainage or sewage lines on the street only), pneumatic drill operator, pneumatic gas and electric drill operator, powermen and wagon drill operator, air track operator, block paver, curb setters, blasters, concrete spreaders.

3. Where removal is on a Demolition project prior to reconstruction.

- Laborer's Rate

2. Where removal is on a *TOTAL* Demolition project only.

- **PLUMBERS AND PIPEFITTERS**

Installation, repair, replacement, alteration or maintenance of all plumbing, heating, cooling and piping. **License required per Connecticut General Statutes: P-1,2,6,7,8,9 J-1,2,3,4 SP-1,2 S-1,2,3,4,5,6,7,8 B-1,2,3,4 D-1,2,3,4.*

Fabrication, handling, assembling, erecting, altering, repairing, etc. of architectural metal roof, standing seam roof, composite metal roof, metal and composite bathroom/toilet partitions, aluminum gutters, metal and composite lockers and shelving, kitchen equipment, and walk-in coolers.

- **SPRINKLER FITTERS**

Installation, alteration, maintenance and repair of fire protection sprinkler systems.

**License required per Connecticut General Statutes: F-1,2,3,4.*

- **TILE MARBLE AND TERRAZZO FINISHERS**

Assists and tends the tile setter, marble mason and terrazzo worker in the performance of their duties.

- **TRUCK DRIVERS**

Truck Drivers are required to be paid prevailing wage for time spent "working" directly on the site. These drivers remain covered by the prevailing wage for any time spent transporting between the actual construction location and facilities (such as fabrication, plants, mobile factories, batch plant, borrow pits, job headquarters, tool yards, etc.) dedicated exclusively, or nearly so, to performance of the contract or project, which are so located in proximity to the actual construction location that it is reasonable to include them. **License required, drivers only, per Connecticut General Statutes.*

For example:

Truck Drivers delivering asphalt are covered under prevailing wage while on the site and directly involved in the paving operation.

- Material men and deliverymen are not covered under prevailing wage as long as they are not directly involved in the construction process. If, they unload the material, they would then be covered by prevailing wage for the classification they are performing work in: laborer, equipment operator, etc.
- Hauling material off site is not covered provided they are not dumping it at a location outlined above.
- Driving a truck on site and moving equipment or materials on site would be considered covered work, as this is part of the construction process.

 4. Price Schedule, Payment Terms and Billing.
 - (a) Price Schedule: Price Schedule under this Contract is set forth in Exhibit B.

5. Rejected Items; Abandonment.

- (a) The Contractor may deliver, cause to be delivered, or, in any other way, bring or cause to be brought, to any State premises or other destination, Goods, as samples or otherwise, and other supplies, materials, equipment or other tangible personal property. The State may, by written notice and in accordance with the terms and conditions of the Contract, direct the Contractor to remove any or all such Goods (“the “Rejected Goods”) and any or all other supplies, materials, equipment or other tangible personal property (collectively, the “Contractor Property”) from and out of State premises and any other location which the State manages, leases or controls. The Contractor shall remove the Rejected Goods and the Contractor Property in accordance with the terms and conditions of the written notice. Failure to remove the Rejected Goods or the Contractor Property in accordance with the terms and conditions of the written notice shall mean, for itself and all Contractor Parties and Bidder Parties, that:
- (1) they have voluntarily, intentionally, unconditionally, unequivocally and absolutely abandoned and left unclaimed the Rejected Goods and Contractor Property and relinquished all ownership, title, licenses, rights, possession and interest of, in and to (collectively, “Title”) the Rejected Goods and Contractor Property with the specific and express intent of (A) terminating all of their Title to the Rejected Goods and Contractor Property, (B) vesting Title to the Rejected Goods and Contractor Property in the State of Connecticut and (C) not ever reclaiming Title or any future rights of any type in and to the Rejected Goods and Contractor Property;
 - (2) there is no ignorance, inadvertence or unawareness to mitigate against the intent to abandon the Rejected Goods or Contractor Property;
 - (3) they vest authority, without any further act required on their part or the State’s part, in the Client Agency and the State to use or dispose of the Rejected Goods and Contractor Property, in the State’s sole discretion, as if the Rejected Goods and Contractor Property were the State’s own property and in accordance with law, without incurring any liability or obligation to the Contractor or any other party;
 - (4) if the State incurs any costs or expenses in connection with disposing of the Rejected Goods and Contractor Property, including, but not limited to, advertising, moving or storing the Rejected Goods and Contractor Property, auction and other activities, the State shall invoice the Contractor for all such cost and expenses and the Contractor shall reimburse the State no later than thirty (30) days after the date of invoice; and
 - (5) they do remise, release and forever discharge the State and its employees, departments, commissions, boards, bureaus, agencies, instrumentalities or political subdivisions and their respective successors, heirs, executors and assigns (collectively, the “State and Its Agents”) of and from all Claims which they and their respective successors or assigns, jointly or severally, ever had, now have or will have against the State and Its Agents arising from the use or disposition of the Rejected Goods and Contractor Property.
- (b) The Contractor shall secure from each Contractor Party or Bidder Party, as appropriate, such document or instrument as necessary or appropriate as will vest in the Contractor plenary authority to bind the Contractor Parties and Bidder Parties to the full extent necessary or

appropriate to give full effect to all of the terms and conditions of this section. The Contractor shall provide, no later than fifteen (15) days after receiving a request from the State, such information as the State may require to evidence, in the State's sole determination, compliance with this section.

6. Order and Delivery. The Contract shall bind the Contractor to furnish and deliver the Goods or Services in accordance with Exhibit A and at the prices set forth in Exhibit B. Subject to the sections in this Contract concerning Force Majeure, Termination, Cancellation Expiration and Open Market Purchases, the Contract shall bind the Client Agency to order the Goods or Services from the Contractor, and to pay for the accepted Goods or Services in accordance with Exhibit B.
7. Contract Amendments. No amendment to or modification or other alteration of the Contract, including extensions, shall be valid or binding upon the parties unless made in writing, signed by the parties and, if applicable, approved by the Connecticut Attorney General.
8. Assignment. The Contractor shall not assign any of its rights or obligations under the Contract, voluntarily or otherwise, in any manner without the prior written consent of DAS. DAS may void any purported assignment in violation of this section and declare the Contractor in breach of Contract. Any Cancellation by DAS for a breach is without prejudice to DAS's or the State's rights or possible Claims.
9. Termination, Cancellation and Expiration.
 - (a) Notwithstanding any provisions in this Contract, DAS, through a duly authorized employee, may Terminate the Contract whenever DAS makes a written determination that such Termination is in the best interests of the State. DAS shall notify the Contractor in writing of Termination pursuant to this section, which notice shall specify the effective date of Termination and the extent to which the Contractor must complete Performance under the Contract prior to such date. The Contractor is not entitled to receive and the State is not obligated to tender to the Contractor any payments or reimbursements for anticipated or lost profits.
 - (b) Notwithstanding any provisions in this Contract, DAS, through a duly authorized employee, may, after making a written determination that the Contractor has breached the Contract, Cancel the Contract in accordance with the provisions in the Breach section of this Contract.
 - (c) DAS shall send the notice of Termination or Cancellation via certified mail, return receipt requested, to the Contractor at the most current address which the Contractor has furnished to DAS for purposes of correspondence, or by hand delivery. Upon receiving such notice from DAS, the Contractor shall immediately discontinue all services affected in accordance with the notice, undertake all commercially reasonable efforts to mitigate any losses or damages, and deliver to the Client Agency all Records. The Records are deemed to be the property of the Client Agency and the Contractor shall deliver them to the Client Agency no later than thirty (30) days after the Termination, Cancellation or Expiration of the Contract or fifteen (15) days after the Contractor receives a written request from DAS for the Records. The Contractor shall deliver those Records that exist in electronic, magnetic or other intangible form in a non-proprietary format, such as, but not limited to, ASCII or .TXT.
 - (d) Upon receipt of a written notice of Termination or Cancellation from DAS, the Contractor shall cease operations as directed by DAS in the notice, and take all actions that are necessary or appropriate, or that DAS may reasonably direct, for the protection and preservation of the Goods and any other property. Except for any work which DAS directs the Contractor to Perform in the notice prior to the effective date of Termination or

Cancellation, and except as otherwise provided in the notice, the Contractor shall terminate or conclude all existing subcontracts and purchase orders and shall not enter into any further subcontracts, purchase orders or commitments.

- (e) To the extent that the Client Agency has issued a purchase order prior to the notice of Termination and the Contractor has begun Performance against that purchase order in good faith, the Client Agency shall, within forty-five (45) days of having received an invoice from the Contractor for such Performance, pay or reimburse the Contractor for its Performance rendered and accepted by the Client Agency in accordance with Exhibit A. In addition, the Client Agency shall also pay or reimburse the Contractor for all actual and reasonable costs incurred after Termination in completing those portions of the Performance which the notice required the Contractor to complete. Upon and as requested by the Client Agency or DAS and after consent of the Contractor's subcontractors, if any, and if their consent is required, the Contractor shall (1) assign to the Client Agency, or any replacement contractor which the Client Agency or DAS designates, all subcontracts, purchase orders and other commitments, (2) deliver to the Client Agency all Records and other information pertaining to its Performance, and (3) remove from State premises, whether leased or owned, all such equipment, waste material and rubbish related to its Performance, all as the Client Agency or DAS may request.
 - (f) For breach or violation of any of the provisions in the section concerning Representations and Warranties, DAS may Cancel the Contract in accordance with its terms and revoke any consents to assignments given as if the assignments had never been requested or consented to, without liability to the Contractor or Contractor Parties or any third party.
 - (g) Upon Termination, Cancellation or Expiration of the Contract, all rights and obligations shall be null and void, so that no party shall have any further rights or obligations to any other party, except with respect to the sections which survive Termination, Cancellation or Expiration of the Contract. All representations, warranties, agreements and rights of the parties under the Contract shall survive such Termination, Cancellation or Expiration to the extent not otherwise limited in the Contract and without each one of them having to be specifically mentioned in the Contract.
 - (h) Termination or Cancellation of the Contract pursuant to this section shall not be deemed to be a breach of contract by DAS.
10. Cost Modifications. The parties may agree to a reduction in the cost of the Contract at any time during which the Contract is in effect. Without intending to impose a limitation on the nature of the reduction, the reduction may be to hourly, staffing or unit costs, the total cost of the Contract or the reduction may take such other form as the State deems to be necessary or appropriate.
11. Breach. If either party breaches the Contract in any respect, the non-breaching party shall provide written notice of such breach to the breaching party and afford the breaching party an opportunity to cure the breach within ten (10) days from the date that the breaching party receives such notice. Any other time provided for in the notice shall trump such ten (10) days. Such right to cure period shall be extended if the non-breaching party is satisfied that the breaching party is making a good faith effort to cure but the nature of the breach is such that it cannot be cured within the right to cure period. The notice may include an effective Contract Cancellation date if the breach is not cured by the stated date and, unless otherwise modified by the non-breaching party in writing prior to the Cancellation date, no further action shall be required of any party to effect the Cancellation as of the stated date. If the notice does not set forth an effective Contract Cancellation date, then the non-breaching party may Cancel the Contract by giving the breaching party no less than twenty four (24) hours' prior written notice. If DAS believes that the Contractor has not performed according to the

Contract, the Client Agency may withhold payment in whole or in part pending resolution of the Performance issue, provided that DAS notifies the Contractor in writing prior to the date that the payment would have been due in accordance with Exhibit B.

12. Waiver.

- (a) No waiver of any breach of the Contract shall be interpreted or deemed to be a waiver of any other or subsequent breach. All remedies afforded in the Contract shall be taken and construed as cumulative, that is, in addition to every other remedy provided in the Contract or at law or in equity.
- (b) A party's failure to insist on strict performance of any provision of the Contract shall only be deemed to be a waiver of rights and remedies concerning that specific instance of Performance and shall not be deemed to be a waiver of any subsequent rights, remedies or breach.

13. Open Market Purchases. Except to the extent that the Contractor is performing within a right to cure period, failure of the Contractor to Perform within the time specified in the Contract, or failure to replace rejected or substandard Goods or fulfill unperformed Services when so requested and as the Contract provides or allows, constitutes a breach of the Contract and as a remedy for such breach, such failure shall constitute authority for DAS, if it deems it to be necessary or appropriate in its sole discretion, to Cancel the Contract and/or to purchase on the open market, Goods or Services to replace those which have been rejected, not delivered, or not performed. The Client Agency shall invoice the Contractor for all such purchases to the extent that they exceed the costs and expenses in Exhibit B and the Contractor shall pay the Client Agency's invoice immediately after receiving the invoice. If DAS does not Cancel the Contract, the Client Agency will deduct such open market purchases from the Contract quantities. However, if the Client Agency deems it to be in the best interest of the State, the Client Agency may accept and use the Goods or Services delivered which are substandard in quality, subject to an adjustment in price to be determined by the Client Agency.

14. Purchase Orders.

- (a) The Contract itself is not an authorization for the Contractor to ship Goods or begin Performance in any way. The Contractor may begin Performance only after it has received a duly issued purchase order against the Contract for Performance.
- (b) The Client Agency shall issue a purchase order against the Contract directly to the Contractor and to no other party.
- (c) All purchase orders shall be in written or electronic form, bear the Contract number (if any) and comply with all other State and Client Agency requirements, particularly the Client Agency's requirements concerning procurement. Purchase orders issued in compliance with such requirements shall be deemed to be duly issued.
- (d) A Contractor making delivery without a duly issued purchase order in accordance with this section does so at the Contractor's own risk.
- (e) The Client Agency may, in its sole discretion, deliver to the Contractor any or all duly issued purchase orders via electronic means only, such that the Client Agency shall not have any additional obligation to deliver to the Contractor a "hard copy" of the purchase order or a copy bearing any hand-written signature or other "original" marking.

15. Indemnification.

- (a) The Contractor shall indemnify, defend and hold harmless the State and its officers, representatives, agents, servants, employees, successors and assigns from and against any and all (1) Claims arising, directly or indirectly, in connection with the Contract, including the acts of commission or omission (collectively, the "Acts") of the Contractor or Contractor Parties; and (2) liabilities, damages, losses, costs and expenses, including but not limited to, attorneys' and other professionals' fees, arising, directly or indirectly, in connection with Claims, Acts or the Contract. The Contractor shall use counsel reasonably acceptable to the State in carrying out its obligations under this section. The Contractor's obligations under this section to indemnify, defend and hold harmless against Claims includes Claims concerning confidentiality of any part of or all of the Bid or any Records, any intellectual property rights, other proprietary rights of any person or entity, copyrighted or uncopyrighted compositions, secret processes, patented or unpatented inventions, articles or appliances furnished or used in the Performance of the Contract.
- (b) The Contractor shall reimburse the State for any and all damages to the real or personal property of the State caused by the Acts of the Contractor or any Contractor Parties. The State shall give the Contractor reasonable notice of any such Claims.
- (c) The Contractor's duties under this section shall remain fully in effect and binding in accordance with the terms and conditions of the Contract, without being lessened or compromised in any way, even where the Contractor is alleged or is found to have merely contributed in part to the Acts giving rise to the Claims and/or where the State is alleged or is found to have contributed to the Acts giving rise to the Claims.
- (d) The Contractor shall carry and maintain at all times during the term of the Contract, and during the time that any provisions survive the term of the Contract, sufficient general liability insurance to satisfy its obligations under this Contract. The Contractor shall name the State as an additional insured on the policy and shall provide a Certificate of Insurance to DAS, except that the Contractor shall not provide a copy to DAS if the Client Agency is the State Department of Transportation, prior to the effective date of the Contract. The Contractor shall not begin Performance until the delivery of the Certificate of Insurance to DAS and the Client Agency. Upon request of the Client Agency, the Contractor shall provide a Certificate of Insurance to the Client Agency.
- (e) The rights provided in this section for the benefit of the State shall encompass the recovery of attorneys' and other professionals' fees expended in pursuing a Claim against a third party.
- (f) This section shall survive the Termination, Cancellation or Expiration of the Contract, and shall not be limited by reason of any insurance coverage.

16. Forum and Choice of Law. The Contract shall be deemed to have been made in the City of Hartford, State of Connecticut. Both Parties agree that it is fair and reasonable for the validity and construction of the Contract to be, and it shall be, governed by the laws and court decisions of the State of Connecticut, without giving effect to its principles of conflicts of laws. To the extent that any immunities provided by Federal law or the laws of the State of Connecticut do not bar an action against the State, and to the extent that these courts are courts of competent jurisdiction, for the purpose of venue, the complaint shall be made returnable to the Judicial District of Hartford only or shall be brought in the United States District Court for the District of Connecticut only, and shall not be transferred to any other court, provided, however, that nothing here constitutes a waiver or compromise of the sovereign immunity of the State of Connecticut. The Contractor waives any objection which it may now have or will have to the laying of venue of any Claims in any forum and further irrevocably submits to such jurisdiction in any suit, action or proceeding.

17. Contractor Guaranties. Contractor shall:

- (a) Perform fully under the Contract;
 - (b) Guarantee the Goods or Services against defective material or workmanship and to repair any damage or marring occasioned in transit or, at the Client Agency's option, replace them;
 - (c) Furnish adequate protection from damage for all work and to repair damage of any kind, for which its workers are responsible, to the premises, Goods, the Contractor's work or that of Contractor Parties;
 - (d) With respect to the provision of Services, pay for all permits, licenses and fees and give all required or appropriate notices;
 - (e) Adhere to all Contractual provisions ensuring the confidentiality of Records that the Contractor has access to and are exempt from disclosure under the State's Freedom of Information Act or other applicable law; and
 - (f) Neither disclaim, exclude nor modify the implied warranties of fitness for a particular purpose or of merchantability.
18. Implied Warranties. DAS does not disclaim, exclude or modify the implied warranty of fitness for a particular purpose or the warranty of merchantability.
19. Goods, Standards and Appurtenances. Any Goods delivered must be standard new Goods, latest model, except as otherwise specifically stated in the Contract. Remanufactured, refurbished or reconditioned equipment may be accepted but only to the extent allowed under the Contract. Where the Contract does not specifically list or describe any parts or nominal appurtenances of equipment for the Goods, it shall be understood that the Contractor shall deliver such equipment and appurtenances as are usually provided with the manufacturer's stock model.
20. Delivery.
- (a) Delivery shall be made as ordered and in accordance with the Contract. Unless otherwise specified in the Contract, delivery shall be to a loading dock or receiving platform. The Contractor or Contractor's shipping designee shall be responsible for removal of Goods from the carrier and placement on the Client Agency loading dock or receiving platform. The receiving personnel of the Client Agency are not required to assist in this process. The decision of DAS as to reasonable compliance with delivery terms shall be final and binding. The burden of proof of proper receipt of the order shall rest with the Contractor.
 - (b) In order for the time of delivery to be extended, the Client Agency must first approve a request for extension from the time specified in the Contract, such extension applying only to the particular item or shipment.
 - (c) Goods shall be securely and properly packed for shipment, according to accepted standard commercial practice, without extra charge for packing cases, baling or sacks. The containers shall remain the property of the Client Agency unless otherwise stated in the Bid.
 - (d) All risk of loss and damage to the Goods transfers to the Client Agency upon Title vesting in the Client Agency.
21. Goods Inspection. The Client Agency shall determine the manner and prescribe the inspection of all Goods and the tests of all samples submitted to determine whether they comply with all of the specifications in the Contract. If any Goods fail in any way to meet the

specifications in the Contract, the Client Agency may, in its sole discretion, either reject it and owe nothing or accept it and pay for it on an adjusted price basis, depending on the degree to which the Goods meet the specifications. Any decision pertaining to any such failure or rejection shall be final and binding.

22. Setoff. In addition to all other remedies that DAS may have, the State, in its sole discretion, may setoff (1) any costs or expenses that the State incurs resulting from the Contractor's unexcused nonperformance under the Contract and under any other agreement or arrangement that the Contractor has with the State and (2) any other amounts that are due or may become due from the State to the Contractor, against amounts otherwise due or that may become due to the Contractor under the Contract, or under any other agreement or arrangement that the Contractor has with the State. The State's right of setoff shall not be deemed to be the State's exclusive remedy for the Contractor's or Contractor Parties' breach of the Contract, all of which shall survive any setoffs by the State.
23. Force Majeure. The State and the Contractor shall not be excused from their obligation to Perform in accordance with the Contract except in the case of Force Majeure events and as otherwise provided for in the Contract. In the case of any such exception, the nonperforming party shall give immediate written notice to the other, explaining the cause and probable duration of any such nonperformance.
24. Advertising. The Contractor shall not refer to sales to the State for advertising or promotional purposes, including, but not limited to, posting any material or data on the Internet, without DAS's prior written approval.
25. Americans With Disabilities Act. The Contractor shall be and remain in compliance with the Americans with Disabilities Act of 1990 ("Act"), to the extent applicable, during the term of the Contract. DAS may Cancel the Contract if the Contractor fails to comply with the Act.
26. Representations and Warranties. The Contractor, and the Bidder, as appropriate, represent and warrant to DAS for itself, Contractor Parties and Bidder Parties, as appropriate, that:
 - (a) if they are entities, they are duly and validly existing under the laws of their respective states of organization and authorized to conduct business in the State of Connecticut in the manner contemplated by the Contract.  - (c) the execution, delivery and Performance of the Contract will not violate, be in conflict with, result in a breach of or constitute (with or without due notice and/or lapse of time) a default under any of the following, as applicable: (1) any provision of law; (2) any order of any court or the State; or (3) any indenture, agreement, document or other instrument to which it is a party or by which it may be bound;
 - (d) they are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any governmental entity;

For purposes of the Contractor's obligation to disclose any Claims to DAS, the ten (10) Days in the section of this Contract concerning Disclosure of Contractor Parties Litigation shall run consecutively with the ten (10) Days provided for in this representation and warranty;

This change shall not relieve the Contractor of any responsibility for the accuracy and completeness of the Performance. DAS, after receiving written notice by the Contractor of any such change, may require such agreements, releases and other instruments evidencing, to DAS's satisfaction, that any individuals retiring or otherwise separating from the Contractor have been compensated in full or that provision has been made for compensation in full, for all work performed under terms of the Contract. The Contractor shall deliver such documents to DAS in accordance with the terms of DAS's written request. DAS may also

require, and the Contractor shall deliver, a financial statement showing that solvency of the Contractor is maintained. The death of any Contractor Party, as applicable, shall not release the Contractor from the obligation to Perform under the Contract; the surviving Contractor Parties, as appropriate, must continue to Perform under the Contract until Performance is fully completed.

41. Further Assurances. The parties shall provide such information, execute and deliver any instruments and documents and take such other actions as may be necessary or reasonably requested by the other party which are not inconsistent with the provisions of this Contract and which do not involve the vesting of rights or assumption of obligations other than those provided for in the Contract, in order to give full effect to the Contract and to carry out the intent of the Contract.

The Contractor and Contractor Parties shall cooperate fully as necessary or reasonably requested with the State and its agents in connection with such background checks.
44. Continued Performance. The Contractor and Contractor Parties shall continue to Perform their obligations under the Contract while any dispute concerning the Contract is being resolved.

The Contractor shall quickly resolve all labor disputes which result from the Contractor's or Contractor Parties' presence at the work site, or other action under their control. Labor disputes shall not be deemed to be sufficient cause to allow the Contractor to make any claim for additional compensation for cost, expenses or any other loss or damage, nor shall those disputes be deemed to be sufficient reason to relieve the Contractor from any of its obligations under the Contract.
46. Contractor Responsibility.
 - (a) The Contractor shall be responsible for the entire Performance under the Contract regardless of whether the Contractor itself performs. The Contractor shall be the sole point of contact concerning the management of the Contract, including Performance and payment issues. The Contractor is solely and completely responsible for adherence by the Contractor Parties to all applicable provisions of the Contract.

- (b) The Contractor shall exercise all reasonable care to avoid damage to the State's property or to property being made ready for the State's use, and to all property adjacent to any work site. The Contractor shall promptly report any damage, regardless of cause, to the State.
47. Severability. If any term or provision of the Contract or its application to any person, entity or circumstance shall, to any extent, be held to be invalid or unenforceable, the remainder of the Contract or the application of such term or provision shall not be affected as to persons, entities or circumstances other than those as to whom or to which it is held to be invalid or unenforceable. Each remaining term and provision of the Contract shall be valid and enforced to the fullest extent possible by law.
48. Confidential Information. The State will afford due regard to the Bidder's and Contractor's request for the protection of proprietary or confidential information which the State receives. However, all materials associated with the Bid and the Contract are subject to the terms of the Connecticut Freedom of Information Act ("FOIA") and all corresponding rules, regulations and interpretations. In making such a request, the Bidder or Contractor may not merely state generally that the materials are proprietary or confidential in nature and not, therefore, subject to release to third parties. Those particular sentences, paragraphs, pages or sections that the vendor believes are exempt from disclosure under the FOIA must be specifically identified as such. Convincing explanation and rationale sufficient to justify each exemption consistent with the FOIA must accompany the request. The rationale and explanation must be stated in terms of the prospective harm to the competitive position of the Bidder or Contractor that would result if the identified material were to be released and the reasons why the materials are legally exempt from release pursuant to the FOIA. To the extent that any other provision or part of the Contract, especially including the Bid, the Records and the specifications, conflicts or is in any way inconsistent with this section, this section controls and shall apply and the conflicting provision or part shall not be given effect. If the Bidder or Contractor indicates that certain documentation is submitted in confidence, by specifically and clearly marking said documentation as CONFIDENTIAL, DAS will endeavor to keep said information confidential to the extent permitted by law. DAS, however, has no obligation to initiate, prosecute or defend any legal proceeding or to seek a protective order or other similar relief to prevent disclosure of any information that is sought pursuant to a FOIA request. The Contractor shall have the burden of establishing the availability of any FOIA exemption in any proceeding where it is an issue. In no event shall DAS or the State have any liability for the disclosure of any documents or information in its possession which the State or DAS believes are required to be disclosed pursuant to the FOIA or other requirements of law.
49. Interpretation. The Contract contains numerous references to statutes and regulations. For purposes of interpretation, conflict resolution and otherwise, the content of those statutes and regulations shall govern over the content of the reference in the Contract to those statutes and regulations.
50. Cross-Default.
- (a) If the Contractor or Contractor Parties breach, default or in any way fail to Perform satisfactorily under the Contract, then DAS may, in its sole discretion, without more and without any action whatsoever required of the State, treat any such event as a breach, default or failure to perform under any or all other agreements or arrangements ("Other Agreements") that the Contractor or Contractor Parties have with DAS. Accordingly, DAS may then exercise at its sole option any and all of its rights or remedies provided for in the Contract or Other Agreements, either selectively or collectively and without such election being deemed to prejudice any rights or remedies of DAS, as if the Contractor or Contractor Parties had suffered a breach, default or failure to perform under the Other Agreements.

- (b) If the Contractor or Contractor Parties breach, default or in any way fail to perform satisfactorily under any or all Other Agreements with DAS or the State, then DAS may, in its sole discretion, without more and without any action whatsoever required of the State, treat any such event as a breach, default or failure to Perform under the Contract. Accordingly, the State may then exercise at its sole option any and all of its rights or remedies provided for in the Other Agreements or the Contract, either selectively or collectively and without such election being deemed to prejudice any rights or remedies of DAS or the State, as if the Contractor or Contractor Parties had suffered a breach, default or failure to Perform under the Contract.
51. Disclosure of Records. The Contract may be subject to the provisions of section 1-218 of the Connecticut General Statutes. In accordance with this section, each contract in excess of two million five hundred thousand dollars between a public agency and a person for the performance of a governmental function shall (a) provide that the public agency is entitled to receive a copy of records and files related to the performance of the governmental function, and (b) indicate that such records and files are subject to FOIA and may be disclosed by the public agency pursuant to FOIA. No request to inspect or copy such records or files shall be valid unless the request is made to the public agency in accordance with FOIA. Any complaint by a person who is denied the right to inspect or copy such records or files shall be brought to the Freedom of Information Commission in accordance with the provisions of sections 1-205 and 1-206 of the Connecticut General Statutes.
52. Summary of State Ethics Laws. Pursuant to the requirements of section 1-101qq of the Connecticut General Statutes, the summary of State ethics laws developed by the State Ethics Commission pursuant to section 1-81b of the Connecticut General Statutes is incorporated by reference into and made a part of the Contract as if the summary had been fully set forth in the Contract.
53. Sovereign Immunity. The parties acknowledge and agree that nothing in the Invitation to Bid or the Contract shall be construed as a modification, compromise or waiver by the State of any rights or defenses of any immunities provided by Federal law or the laws of the State of Connecticut to the State or any of its officers and employees, which they may have had, now have or will have with respect to all matters arising out of the Contract. To the extent that this section conflicts with any other section, this section shall govern.

General Bid / Contract Requirements

I. Motor Carrier Safety Review.

If the performance of the Contract requires the use and operation of any commercial motor vehicle, as defined in section 14-1 of the Connecticut General Statutes, or other motor vehicle with a gross vehicle weight rating (GVWR) of 18,000 pounds or more, each bidder will be the subject of an evaluation, conducted by the Connecticut Department of Motor Vehicles (CTDMV) of its motor carrier safety fitness. The primary factor in the evaluation is the current SAFESTAT score, calculated by the U.S. Federal Motor Carrier Safety Administration (FMCSA) in accordance with the provisions of Title 49, Section 385.1, et seq., of the Code of Federal Regulations.

To be deemed qualified, the bidder must have an overall SAFESTAT category rating of "D" or better, on the date of evaluation. In addition, the bidder's driver and vehicle out-of-service rates will be consulted. To be deemed qualified, the bidder must not have either a vehicle or driver out-of-service rate, by percentage of out-of-service

violations per the total number of inspections reported, that is more than twice the national average. In addition, the bidder must have a current federal safety management practices rating of "Satisfactory," as defined in 49 CFR section 385.3, as amended.

Bids on comparable items must clearly state the exact article being offered including any and all applicable options and the bidder shall furnish such other information concerning the article being offered as will be helpful in evaluating its acceptability for the purpose intended. If the bidder does not indicate that the article offered is other than as specified, it will be understood that the bidder is offering the article exactly as specified. Bidders must submit complete documentation on the specifications and quality levels of the proposed products. Bids submitted that do not contain this documentation are subject to rejection.

V. Prevailing wages / Minimum Wage Rates / Wage Regulations

Contractors will be required to pay prevailing wages for all work performed under this contract.

The Contractor shall comply with the provisions of CGS § 31-55a, which reads as follows: Each contractor that is awarded a contract on or after October 1, 2002, for (1) the construction of a state highway or bridge that falls under the provisions of section 31-54, or (2) the construction, remodeling, refinishing, refurbishing, rehabilitation, alteration or repair of any public works project that falls under the provisions of section 31-53 shall contact the Labor Commissioner on or before July first of each year, for the duration of such contract, to ascertain the prevailing rate of wages on an hourly basis and the amount of payment or contributions paid or payable on behalf of each mechanic, laborer or worker employed upon the work contracted to be done, and shall make any necessary adjustments to such prevailing rate of wages and such payment or contributions paid or payable on behalf of each such employee, effective each July 1st.

In the event it becomes necessary for the Contractor or any Subcontractor to employ any mechanic, laborer or worker in a trade or occupation for which no minimum wage is set forth, the Contractor must immediately notify the Labor Commissioner, who will ascertain the minimum applicable wage rate from the time of the initial employment of the person affected and during the continuance of such employment. Every Contractor or Subcontractor performing work for the State is subject to the provisions noted herein, as determined by the Labor Commissioner, and shall post the prevailing wages in prominent and easily accessible places at each work site. Information Bulletin #2 is attached regarding Connecticut General Statutes (CGS) § 31-55a.

This bid contains wage scales as provided by the DOL. All provisions outlined in these regulations must be respected throughout the life of the contract including any extensions. During the term of the contract the State will verify that these wage scales are being paid in accordance with CGS § 31. This regulation mandates certified payrolls and a statement of compliance to be submitted on a monthly basis to the Department of Transportation. The wage certification form must be included with the bid submission. Contractors are cautioned that utilization of the term “working supervisor” does not exclude the Contractor from paying this position less than the actual work being performed by this person as specified in the prevailing wage scales. The Contractor must return the wage certification form with their bid.

Questions regarding wage regulations should be directed to the State of Connecticut, Department of Labor (DOL), Division of Wage and Workplace Standards, at 860-263-6790.

Other offers of surety will be viewed on a case by case basis.

VII. Payment Bond

ConnDOT will notify the Contractor when a new bond is required. The required bond must be received prior to the Purchase Order being issued. Re-insurance arrangements will not be acceptable for Performance or Payment Bonds. A maximum of one (1) Co-surety will be acceptable for a Payment and/or Performance Bond. Be advised that ConnDOT, as obligee, will hold all surety companies which execute Payment and Performance Bonds as co-sureties, jointly and severally liable for the entire obligation set forth by such bonds. Required bonds and insurance must be on file before a purchase order can be issued.

The Using Agency will select the Contractor by one of the following four (4) methods:

- **Standard Contract Use**

The Using Agency will estimate the scope of services for a planned activity at a particular site. The costs for the scope of services will be evaluated using the unit prices of the Contractors in the Contract. The lowest-price Contractor will be contacted by the Using Agency to see if the Contractor is able to meet the schedule required for the work. Should the Contractor be unable to respond to the schedule requirements of the Using Agency, the next lowest-price Contractor will be contacted.

- **Specialized Contract Use**

The Using Agency will prepare a scope of work for a particular project, which will be provided to all awarded Contractors. All awarded Contractors will be requested to submit a cost proposal and work plan (as needed) for the required services. The Using Agency will evaluate each of the proposals and authorize the selected Contractor to proceed. The Using Agency may provide comments or other conditions to revise the selected Contractor's work plan. Any additional or unforeseen work will be paid under existing Contract items in accordance with Contract terms and conditions. The lowest-price Contractor will be contacted by the Using Agency to see if the Contractor is able to meet the schedule required for the work. Should the Contractor be unable to respond to the schedule requirements of the Using Agency, the next lowest-price Contractor will be contacted.

- **Combined Standard and Specialized Contract Use**

In some instances, the project scope may be such that the pricing will be in accordance with existing Contract unit prices for a portion of the project work (i.e. Standard Contract Use) while the remaining pricing may be solicited (i.e. Specialized Contract Use). The lowest-price Contractor for the total project scope will be contacted by the Using Agency to see if the Contractor is able to meet the schedule required for the work. Should the Contractor be unable to respond to the schedule requirements of the Using Agency, the next lowest-price Contractor will be contacted.

- **Immediate Response**

In the event of a spill or release, the State will select the Contractor based on the State's best interests. The State's best interests are determined by factors that include Contractor availability, equipment needs, geographic location, site familiarity, response time, specialized expertise, or other factors determined by the State.

Failure to submit the CON-32A within twenty (20) days of request will be considered a breach of the contract. Insurance certificates must document that the Contractor has all insurance required by this contract in the amounts cited in this document to protect the State in the event of a claim, and/or in accordance with any statutory requirements.

The Contractor shall produce, within five (5) business days, a copy or copies of all applicable insurance policies when requested by the State. In providing said policies the Contractor may redact provisions of the policy that are proprietary. This provision shall survive the suspension, expiration or termination of this contract.

With respect to the operations performed by the Contractor(s) under the terms of this contract and also those performed for the Contractor(s) by its subcontractors, the Contractor will be required to obtain at its own cost and for the duration of this contract, and any supplements thereto, for and in the name of the State of Connecticut in conjunction with paragraph (A) below, and with the State being named as an additional insured party with regard to the insurance required in paragraphs (B), (C), (E), (F), and (G), the minimum liability insurance coverage set forth in paragraphs, (A), (B), (C), (E), (F) and (G) at no direct cost to the State.
