Formative and Summative Evaluation of an Integrated Resource Information System

1.0 REQUEST FOR PROPOSAL OVERVIEW

Project Name: Formative and Summative Evaluation of an Integrated Resource Information System

RFP Number: RFP 645

RFP Release Date: July 16, 2009

RFP Due Date: August 12, 2009

1.1 Definitions

Commercially Useful means the goods and/or services to be provided by the HUB firm are a direct function of the Scope of Services described in the RFP.

Contractor means each successful respondent awarded a contract.

DDCE means Division of Diversity & Community Engagement.

District means the Milwaukee Public Schools.

HUB (“Historically Underutilized Business”) means a for-profit business that is 51% or more owned, controlled, and managed by minority, women, disadvantaged, emerging, SBA-8A or other MPS-targeted business owners who have been certified as such by an MPS-recognized agency.

MPS means the Milwaukee Public Schools.

Proposer/vendor/respondent means a firm submitting a response to this RFP.

RFP means Request for Proposal

Student Engagement means a method of further educating MPS students through required MPS contractor involvement in career education and employment opportunities for students.

1.2 Scope of Services Sought

MPS is seeking services from organizations with significant quantitative and qualitative experience in K12 educational program/policy evaluation to provide both formative and summative evaluations over the next two to three years as it builds and implements an Integrated Resource Information System (IRIS). Currently in the conceptual stage, IRIS is a performance management and decision-support system that will contain data on students, staff, professional development, and financials. MPS will build on an existing, robust student data warehouse by adding these other components and linking them in order to position itself to better answer questions about what works, for whom, and under what circumstances.

The selected vendor will work closely with MPS staff to design and conduct ad hoc formative evaluations throughout the project (e.g. reviewing effectiveness of revised school improvement planning process and professional development; identifying challenges and successes of implementing strategies identified in the Working Together, Achieving More strategic plan; reviewing data quality procedures for improvement). The vendor will also work with MPS staff to design and implement summative evaluations of the project (e.g. assess the impact of IRIS on MPS planning, budgeting, and implementation processes; evaluate technical quality of fidelity of implementation measures). During each year of the project, MPS and the selected vendor will identify expected deliverables. The selected vendor may also be required to work closely with the IRIS project manager and other MPS staff to meet various reporting requirements.

The total IRIS budget as approved by the Milwaukee Board of School Directors is \$2,433,964 in FY10 and \$3,270,689 in FY11. It is expected that the funds allocated for the evaluation will not exceed 10% of the total IRIS budget.

1.3 Qualifications & Eligibility of Vendors

Vendors must be able to demonstrate, on demand, that they have the assets, organization, and financial support to provide the products and services required in this RFP. The District may consider evidence of financial and technical qualifications in making the award.

Vendors must have 10+ years experience in large-scale quantitative and qualitative research in K12 education with particular expertise in performance management, decision-support and data structures. Proposals without this experience will not be considered.

1.4 Pricing

Respondents to this RFP must clearly state their firm's pricing structure. Travel and out-of-pocket costs attributable to the vendor should be included in the vendor's billing rates, as MPS does not reimburse directly for these costs. All fees, charges, billing rates, etc. must be explained in detail. Payments must be tied to performance or deliverables, which should be clearly identified. MPS does not pay in advance for services.

Vendors should propose a team of individuals who will work on the project over a 12 month period. Describe each person's time commitment to the project (%FTE) and provide the annual project cost along with his/her proposed role (e.g. John Doe, 25% FTE, \$20,000 per year, quantitative researcher).

1.5 Division of Diversity & Community Engagement (DDCE) Requirements

In educating the children and youth of Milwaukee, MPS is also a primary purchaser of goods and services in the Milwaukee marketplace. MPS believes it is obligated to display in its own operations the values of excellence, diversity, and economic responsibility that it strives to teach its students.

To that end, many MPS contracts require the use of Historically Underutilized Business (HUB) firms and the engagement of the MPS contract awardee in Student Employment and/or Student Career Education activities.

The HUB and Student Engagement "SE" requirements are listed below.

Appendix C is to be completed. Appendix C is the Prime Vendor Information Sheet, and should be completed by all respondents. This information will not be used in making any award and is kept solely for statistical reporting purposes to the Board of School Directors.

Historically Underutilized Business ("HUB") Requirements

HUB firms are defined as for-profit businesses 51% or more owned, controlled, and managed by minority, women, disadvantaged, emerging, small or other MPS-targeted business owners who have been certified as such by an MPS-recognized agency. MPS has an annual HUB participation goal equal to 35% of all applicable purchases. Contact DDCE for other eligible considerations.

The HUB participation requirement for this RFP is 5%.

Appendix B must be completed.

ALL HUB PARTICIPATION MUST BE COMMERCIALLY USEFUL TO THIS PROJECT. The HUB requirement may be met in several ways: (1) by identifying yourself as a certified HUB vendor who intends to perform a minimum of the required HUB participation for this RFP; (2) by engaging in a joint venture with a certified HUB firm(s); (3) by subcontracting with a certified HUB firm(s); or (4) by making second-tier purchases from a certified HUB firm(s). Respondents are free to meet HUB participation requirements with any certified HUB vendor as long as proof of certification is provided. You may also contact the DDCE Office for a list of MPS-registered, HUB firms.

A HUB Utilization Plan, attached as Appendix B, must be completed to document how you expect to meet the HUB requirement for this project. This will become a binding part of the contract. Failure to return the HUB Utilization Plan will result in your proposal being deemed non-responsive and ineligible for consideration. MPS reserves the right to award a contract to the vendor who submits a meaningful utilization plan that provides a real opportunity for HUB involvement.

Student Engagement Program

The Student Engagement Program seeks to maximize MPS Contractor involvement in career education and employment opportunities for students. The anticipated results are young people who are able to make better career and post-high school education choices that ultimately have a positive effect on our local business community. This program component consists of specific requirements for Contractors to engage in: (1) career education activities that directly involve MPS students, and/or (2) fulfill paid student employment hours that provide MPS students with an actual work experience. **Must be MPS students registered through the DDCE.**

A. Qualified Recipients

Career Awareness and Education Activities: (1) any MPS school site or (2) other DDCE approved options in the District.

Student Employment Requirement: (1) junior and senior high school students currently enrolled in an MPS school, or (2) with prior authorization from DDCE, students who have graduated from an MPS high school not more than twelve (12) months from their date of matriculation who are not COIN-certified.

B. Student Engagement Requirements

1. All vendors shall provide assigned hours of career education activities on each contract unless otherwise specified in the bid document. Contractors are allowed two (2) hours of preparation time per MPS project.
2. If a project is required to have student employment, MPS shall designate, prior to bid, the total MPS student hours of employment required. The successful bidder will be required to commit to providing a meaningful employment experience for one or more MPS students. Under no circumstances shall students work under conditions that, using reasonable standards, would be considered a hazardous work environment.

C. Program Specifications

1. Career Awareness and Education activities include but are not limited to the following:
 - a. Classroom presentations at MPS project sites or various Contractor career-specific activities.

In such cases, the Contractor maintains responsibility for the student’s wages as well as ensuring a reasonably safe and meaningful work experience. All alternative work assignments require DDCE approval.
 - e. Other DDCE approved Contractor provided options.

D. Student Engagement Sanctions

MPS shall withhold funds from the next pay request when Student Engagement requirements are not met. Contractors with questions about the Student Engagement Program should contact the Division of Diversity & Community Engagement.

The Student Engagement Requirement for this RFP is:

Specific requirements of the responses are set forth herein in Sections 4.2 and 4.3.

3.5 Joint Proposals

MPS requires a single vendor contact for all RFP items. In the event a group of vendors elect to submit a single response, all participating vendors must be identified in the response, and a "primary vendor" must be assigned who will be responsible for negotiating all contractual matters.

MPS reserves the right to accept the primary vendor, but reject any secondary vendor. The primary vendor will have the option of withdrawing its bid, without penalty, or replacing the rejected subcontractor. A contract will be written with the successful primary vendor only.

3.6 Withdrawal of Proposals

Proposals may be withdrawn prior to the time and date set for the opening. Such requests must be made in writing on company letterhead. Proposals may not be withdrawn after the time and date set for the opening for a period of ninety calendar days. Vendors who withdraw their proposals during this period may, at the sole discretion of the District, be removed from any and all bid lists for a period of six months following the withdrawal.

3.7 Rejection of Proposals

MPS reserves the right to reject any or all proposals that are not responsive to the RFP, are outside the fiscal constraint, or are not in MPS' best interest.

3.8 Incurring Costs

There is no express or implied obligation of MPS to reimburse any individual or firm for any costs incurred in preparing or submitting responses; for providing additional information when requested by MPS; or for participating in any selection interviews and contract negotiations.

3.9 Confidentiality

All responses to this RFP become the property of MPS upon submission. The District may use the response for any purpose it deems appropriate.

All documents submitted will be subject to the Open Records law of the State of Wisconsin. Notwithstanding this, the vendor may request to designate information as "Confidential" or "Proprietary" on the Form attached as Appendix A.

3.10 Vendor Conduct

During the RFP window (the date from release of this RFP to final award), vendors are not permitted to contact any District employees or members of the Board of School Directors regarding this RFP unless with the permission of the District's designated contact persons identified in Section 3.1. MPS reserves the right to delete or add services until the final contract signing.

A contract will be awarded to a responsible and responsive vendor whose proposal is most advantageous to MPS with price and other factors considered. For the purposes of this RFP, responsiveness is defined as a vendor's conformance to the requirements of the solicitation. Being non-responsive includes the failure to furnish information requested.

Responsible vendors are defined as vendors judged to have the ability to perform successfully under the terms of the contract. A responsible vendor has adequate financial resources or the ability to obtain such resources; has a satisfactory performance record; has a satisfactory record of integrity and business ethics; and has the necessary organizational and technical skills.

The certificate of insurance or policies of insurance evidencing all coverages must include a statement that MPS will be afforded a thirty (30) day written notice of cancellation, non-renewal or material change by any of Contractor's insurers providing the coverages required by MPS for the duration of this contract. Insurance companies must be acceptable to MPS and must have a current A.M. Best rating of A- or better.

Documentation of insurance in the form of Certificates of Insurance will be required to be submitted prior to the award of the contract. Documentation is not required at the time of RFP response. In your proposal, indicate whether or not you will be able to obtain the required coverages and meet the specified terms and conditions.

5.11 Indemnification

The Contractor will be required to defend, indemnify and hold harmless MPS, its agents, board members, officers, and employees (“indemnities”) from and against any and all actual or alleged claims, demands, actions, causes of action, injuries, personal injuries, contingent liabilities or damages and reasonable attorney fees. An indemnity's recovery is not limited due to the fact that MPS is named as an additional insured under any of the Contractor's insurance policies. The Contractor is solely responsible for any payment of any deductible or retention under its insurance policies.

5.12 Nondiscrimination

Contractors must not discriminate or deny participation in any program or activity on the basis of a person’s sex, race, religion, national origin, ancestry, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional/learning disability or event location. Contractors shall comply with all state and federal regulations.

5.13 Other Requirements

1. MPS has a Livable Wage policy that requires Contractors to pay their employees a minimum of \$7.70 per hour for any and all work performed directly or indirectly for MPS.
2. MPS encourages its Contractors to provide health and dental benefits to their employees.
3. Contractors and suppliers are obligated not to discriminate against any employee or applicant for employment because of race, color, religion, handicap, national origin, gender, age or socioeconomic status. This obligation includes but is not limited to the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
4. Contractors and suppliers are obligated to comply with all requirements of the Americans with Disabilities Act.
5. Contractor stipulates that any purchase of apparel in excess of \$5,000.00 will be manufactured only by responsible manufacturers and any subcontract will contain this same requirement.
6. The Contractors certifies that neither the vendor, its principals; its sub-recipients or their principals; or any subcontractors or their principals are suspended, debarred, proposed for debarment, voluntarily excluded from covered transactions, or otherwise disqualified by any federal department or agency from doing business with the Federal Government pursuant to Executive Orders 12549 and 12689.
7. Contractors are advised that all District contracts are subject to all legal requirements contained in the District Purchasing Policy (3.09) and state and federal statutes. When conflicts between the RFP and other legal requirements occur, the highest authority shall prevail.
8. If HUB participation is required, vendor must submit a HUB Affidavit of Payment form with each invoice to MPS. This form identifies activity and payment information for each HUB vendor being utilized. Payment will not be processed without this form, and it must be approved by DDCE.
