GENERAL TERMS AND CONDITIONS

NOTE. *When submitting your response to this solicitation return pages 1 through 47 of the solicitation and return the completed disk (see page 26) with prices and one paper copy of all of your price sheets.*

1. **ESTIMATED AMOUNT.** If there is an estimated total dollar value of the Contract listed in the Special Terms and Conditions, this shall not be construed as either the minimum or maximum amount. It shall also be understood and accepted by the responder that any quantities shown in this RFB are estimated quantities only and impose no obligation upon the State either minimum or maximum.
2. **TIME OF SUBMISSION.** All sealed responses must be received by the Materials Management Division (MMD) by the due date and time. All responses will be time-stamped showing the date and time received. LATE RESPONSES WILL NOT BE CONSIDERED.
3. **ALTERATIONS OR ERASURES.** An alteration or erasure of any price contained in the response may be rejected unless the price figure is crossed out and the correction is initialed by the person signing the response. THIS INCLUDES, BUT IS NOT LIMITED TO, CORRECTION FLUID AND TYPEWRITER CORRECTION TAPE.
4. **AUTHORIZED SIGNATURE.** The response must be fully and properly executed by an officer or other authorized representative of the responder. If the responder is a corporation, a secretarial certificate or the corporate minutes showing that the signing officer has authority to contractually obligate the corporation should be furnished. Where the corporation has designated an attorney-in-fact, the power of attorney form should be furnished. If the responder is a partnership, a letter of authorization should be furnished signed by one of the general partners. A sole proprietor must sign the response. Proof of authority of the person signing the response must be furnished upon request.
5. **FACSIMILE OR E-MAIL RESPONSES.** Neither facsimile nor e-mail responses will be considered unless specifically authorized by the State in the RFB document.
6. **ACCEPTANCE OR REJECTION OF RESPONSES.** The State reserves the right to accept or reject any or all responses, or parts of responses, and waive any informalities.
7. **ADDENDA TO THE RFB.** Changes to the RFB will be made by written addendum. Any addenda issued will become part of the RFB. Each responder must follow the directions on the addendum. All requests for clarification must be directed to the contact person listed in the RFB.
8. **RESPONDER ERRORS.** Prior to the opening of sealed responses any responder may withdraw its response by notifying the MMD director in writing of the desire to withdraw, by appearing in person at MMD and withdrawing the response, or by telegraphic writing or facsimile received by the director, requesting withdrawal of the response.

Subsequent to the opening of sealed responses, a responder may withdraw a response only upon showing that an obvious error exists in the response. The showing and request for withdrawal must be made in writing to the director within a reasonable time after the opening of the response and prior to the State's detrimental reliance on the response.
9. **IDENTIFICATION OF OFFER.** Responses shall indicate brand name, trademark, catalog number, model, etc., as applicable, on the response form for the products offered. If products offered are other than specified, the response should include descriptive literature with illustrations.
10. **SPECIFICATIONS.** Responses will be held to strict compliance with the specifications. If a response deviates from the specifications, the deviation must be clearly noted and the State reserves the right to reject the response. All specifications are for new items unless otherwise noted in the RFB document. Alternate responses offering lower quality will not be considered. The State reserves the right to reject any or all responses that are not an approved equal.
11. **MATERIAL DEVIATION.** The responder shall be presumed to be in agreement with these terms and conditions unless it takes specific exception to one or more of the conditions. Submission by the responder of its proposed language shall not be viewed as an exception unless the responder specifically states in the response that its proposed changes are intended to supersede the State's terms and conditions.

RESPONDERS ARE CAUTIONED THAT BY TAKING ANY EXCEPTION THEY MAY BE MATERIALLY DEVIATING FROM THE REQUEST FOR BID. IF A RESPONDER MATERIALLY DEVIATES FROM THE GENERAL TERMS AND CONDITIONS, SPECIAL TERMS, CONDITIONS AND SPECIFICATIONS, ITS RESPONSE MAY BE REJECTED.

A material deviation is an exception to the RFB General or Special Terms and Conditions, and specifications that:

- a. Gives the responder taking the exception a competitive advantage over other responders, or
- b. Gives the State something significantly different from that which the State requested.

12. **SAMPLES.** Not Applicable.

13. **DELIVERY.** The responder is to state the delivery time offered in the space provided on Page 1 of the RFB. When delivery time is an important factor, it will be stated in the Special Terms and Conditions, and may be a factor in the award. The State reserves the right to reject a lower-priced response that offers delayed or protracted delivery in favor of a higher-priced response offering a more timely delivery. Such responders are obligated to deliver within the quoted lead times. If delivery is not made within that time frame, the State reserves the right to purchase necessary quantities from alternate sources and charge any price premium to the Contract Vendor.

14. **PRICES.** Prices shall remain firm for the initial term of the Contract unless otherwise stated in the Special Terms and Conditions. A unit price and a total for the quantity must be stated for each item quoted. In case of an error in the total price, the unit price will prevail. Prices must be quoted in United States currency.

- a. **TRANSPORTATION.** All prices shall be FOB Destination, prepaid and allowed (with freight included in the price), to the ordering agency's receiving dock or warehouse unless otherwise stated in the Special Terms and Conditions. Price reductions must be passed on immediately to the State whenever they become effective. In those situations in which the "deliver-to" address has no receiving dock or agents, the Contract Vendor must be able to deliver to the person specified on the PO.
- b. **PRICE DECREASES.** During the life of the Contract, any or all temporary price reductions, promotional price offers, introductory pricing, or any other offers or promotions that provide prices lower than or discounts higher than those stated in the Contract, must be given immediately to the entities eligible to purchase from the Contract. Invoices for goods ordered or shipped or services performed during the decrease, or promotion, must immediately reflect such pricing.
- c. **PRICE INCREASES.** After the initial term of the Contract, a price increase may be allowed based upon a demonstrable industrywide or regional increase in the Contract Vendor's costs. Documentary evidence must be submitted prior to a proposed price increase. The amount of any increase is not to exceed 10 percent for any commodity/service over the life of the Contract. The exact amount of increase, if any, will be governed by the validity of the documentary evidence submitted. No price increase will be effective until approved by the Acquisition Management Specialist and set forth in a fully executed amendment to the Contract.

15. **TRADE DISCOUNTS.** Unless otherwise provided for by the RFB, trade discounts must be quoted as a single discount percentage.

16. **PAYMENT.** Minn. Stat. § 16A.124 requires payment within 30 days following receipt of an undisputed invoice, merchandise or service whichever is later. Terms requesting payment in less than 30 days will be changed to read "Net 30 days." The ordering entity is not required to pay the Contract Vendor for any goods and/or services provided without a written purchase order or other approved ordering document from the appropriate purchasing entity. In addition, all goods and/or services provided must meet all terms, conditions and specifications of the Contract and the ordering document and be accepted as satisfactory by the ordering entity before payment will be issued.

17. **CASH DISCOUNT TERMS.** Discounts offered for less than 30 days will not be considered in making the award. The date from which discount time is calculated shall be the date of receipt of the invoice, receipt of shipment or date of acceptance, whichever is later. If testing is performed, however, then the date shall be the date of acceptance of the goods or services.

18. **CONDITION AND PACKING.** Packaging and packing, if not specifically stated in the RFB document or specifications, must conform to the best commercial practices and ensure delivery in good condition. Goods must be marked and packing slips included to permit checking shipments against purchase orders and invoices.
19. **PUBLICITY.** Any publicity given to the program, publications or services provided resulting from a State contract for goods or services, including but not limited to notices, informational pamphlets, press releases, research, reports, signs and similar public notices prepared by or for the Contract Vendor, or its employees individually or jointly with others, or any subcontractors, shall identify the State as the sponsoring agency and shall not be released, unless such release is a specific part of an approved work plan included in the Contract prior to its approval by the Materials Management Division Acquisition Management Specialist and the Department of Administration Communications Office.

The Contract Vendor shall make no representations of the State's opinion or position as to the quality or effectiveness of the products and/or services that are the subject of this Contract without the prior written consent of the Department of Administration. Representations include any publicity, including but not limited to advertisements, notices, press releases, reports, signs, and similar public notices.

20. **SALES AND USE TAX WHEN FURNISHING PRODUCT ONLY. DO NOT** add sales tax to the prices being offered for furnishing product only. State agencies are subject to paying Minnesota sales and use taxes. Taxes will be paid to the Department of Revenue using Direct Payment Permit 1114, unless otherwise instructed in the Special Terms and Conditions of this solicitation. If orders are issued by Cooperative Purchasing Venture (CPV) Members, the Contract Vendor should confirm all of the tax requirements with the purchaser.
21. **ACTING IN CASES OF DOUBTFUL RESPONSIBILITY.** If the Manager of Acquisitions, on the basis of available evidence, concludes that a particular vendor appears to be insufficiently responsible to ensure adequate performance, the response may be rejected.
22. **NONRESPONSIVE OFFERS.** Responses that do not comply with the RFB will be considered nonresponsive and will be rejected.
23. **COPYRIGHT.** The responder shall save and hold harmless the State of Minnesota, its officers, agents, servants and employees, from liability of any kind or nature, arising from the use of any copyrighted or noncopyrighted composition, secret process, patented or nonpatented invention, article or appliance furnished or used in the performance of the Contract.
24. **AWARD.** Unless otherwise provided for in the RFB, the award will be made to the lowest responsible vendor meeting the specifications and all terms and conditions. Unless otherwise stated in the Special Terms and Conditions, the State reserves the right to award items separately, by grouping items, by total lot or by issuing multiple awards to more than one responder. The State reserves the right to accept all or part of an offer, to reject all offers, to cancel the solicitation, or to re-issue the solicitation, whichever is in the best interest of the State.
- a. **LOW-TIED RESPONSES.** Low-tied responses will be referred to the director of MMD. The director or delegate may enter into negotiation with the low-tied responders when the director deems such action to be in the best interest of the State.
- b. **TG/ED PREFERENCE.** In accordance with Minn. Stat. § 16C.16, Subds. 6 and 7, eligible certified targeted group (TG) businesses will receive a 6 percent preference and certified economically disadvantaged (ED) businesses will receive a 6 percent preference, except for construction which will receive a 4 percent preference, on the basis of award for this RFB. The preference is applied only to the first \$500,000 of the response. Eligible TG businesses must be currently certified by the Materials Management Division prior to the solicitation opening date and time. To verify TG eligibility and certification or ED certification, refer to the MMD web site at www.mmd.admin.state.mn.us under "Vendor Information," or call the division's Helpline at 651.296.2600.
- c. **VETERAN-OWNED/SERVICE DISABLED VETERAN-OWNED PREFERENCE.** In accordance with Laws of Minnesota, 2009, Chapter 101, Article 2, Section 56, eligible certified veteran-owned and eligible certified service-disabled veteran-owned small businesses of which the principal place of business is in Minnesota will receive a 6 percent preference on the basis of award for this RFB. The preference is applied only to the first \$500,000 of the response.

Eligible veteran-owned and eligible service-disabled veteran-owned small businesses

should complete the Veteran-Owned/Service Disabled Veteran-Owned Preference Form in this solicitation, and include the required documentation. Only eligible, certified, veteran-owned/service disabled small businesses that provide the required documentation, per the form, will be given the preference.

Eligible veteran-owned and eligible service-disabled veteran-owned small businesses must be **currently** certified by the U.S. Department of Veterans Affairs prior to the solicitation opening date and time to receive the preference.

Information regarding certification by the United States Department of Veterans Affairs may be found at <http://www.vetbiz.gov>.

25. **COMPETITION IN RESPONDING.** The State desires and encourages free and open competition among responders. Whenever and wherever possible, the State's specifications and the General Terms and Conditions will be designed to accomplish this objective, consistent with the necessity to satisfy the State's needs and while obtaining best value. Any evidence of collusion among responders in any form designed to defeat competitive responses will be reported to the Minnesota Attorney General for investigation and appropriate action. Suggestions from responders regarding the requirements of the RFB procedures are welcome and will be given careful consideration.
26. **GOVERNING LAW.** The RFB and the Contract will be construed in accordance with and performance governed by the laws of the State of Minnesota. Except to the extent that the provisions of the Contract are clearly inconsistent therewith, the Contract will be governed by the Uniform Commercial Code (UCC) as adopted by the State of Minnesota. To the extent the Contract entails delivery or performance of services, the services will be deemed "goods" within the meaning of the UCC, except when to deem such services as "goods" is unreasonable.
27. **LAWS AND REGULATIONS.** Any and all services, articles or equipment offered and furnished must comply fully with all local, State, and federal laws and regulations, including Minn. Stat. § 181.59 prohibiting discrimination.
28. **JURISDICTION AND VENUE.** The RFB and the Contract, amendments and supplements thereto, shall be governed by the laws of the State of Minnesota. Venue for all legal proceedings arising out of the Contract or breach thereof shall be in the State or federal court with competent jurisdiction in Ramsey County, Minnesota.
29. **SEVERABILITY.** If any provision of the Contract, including items incorporated by reference, is declared or found to be illegal, unenforceable, or void, then both the State and Contract Vendor will be relieved of all obligations arising under the provision; if the remainder of the Contract is capable of performance, it will not be affected by the declaration or finding and will be fully performed.
30. **SURVIVABILITY.** The following rights and duties of the State and responder will survive the expiration or cancellation of the resulting Contract(s). These rights and duties include, but are not limited to the paragraphs on Indemnification and Hold Harmless, State Audits, Government Data Practices, Governing Law, Jurisdiction and Venue, Intellectual Property Indemnification, and Publicity.
31. **ASSIGNMENT.** The Contract Vendor shall not sell, transfer, assign, or otherwise dispose of the Contract or any portion hereof or of any right, title, or interest herein without the prior written consent of the State's authorized agent. Such consent shall not be unreasonably withheld. The Contract Vendor shall give written notice to the State's authorized agent of such a possibility at least 30 days prior to the sale, transfer, assignment, or other disposition of the Contract. Failure to do so may result in the Contract Vendor being held in default. This consent requirement includes reassignment of the Contract due to a change in ownership, merger, or acquisition of the Contract Vendor or its subsidiary or affiliated corporations. This section shall not be construed as prohibiting the Contract Vendor's right to assign the Contract to corporations to provide some of the services hereunder. Notwithstanding the foregoing acknowledgment, the Contract Vendor shall remain solely liable for all performance required and provided under the terms and conditions of the Contract.
32. **CONFLICT OF TERMS.** In the event of any conflict between the General Terms and Conditions, and any Special Terms and Conditions, the Special Terms and Conditions govern.
33. **PURCHASE ORDERS.** The State requires that there will be no minimum order requirements or charges to process an individual purchase order unless otherwise stated in the special terms. The PO number must appear on all documents (e.g., invoices, packing slips, etc.).

34. **USAGE REPORT.** As per the requirements of the RFB, Contract Vendors are required to furnish usage data to the Acquisition Management Specialist. Unless otherwise specified in the Special Terms and Conditions, a report on Contract usage must consist of the total dollars expended by the State and other entities.
35. **CANCELLATION OF THE CONTRACT.** The Contract may be cancelled by the State or the commissioner of Administration at any time, with or without cause, upon 30 days' written notice to the Contract Vendor. In the event the Contract Vendor is in default, the Contract is subject to immediate cancellation to the extent allowable by applicable law. In the event of cancellation, the Contract Vendor shall be entitled to payment, determined on a pro rata basis, for work or services satisfactorily performed and accepted.
36. **FORCE MAJEURE.** Neither party hereto shall be considered in default in the performance of its obligations hereunder to the extent that performance of any such obligations is prevented or delayed by acts of God, war, riot or other catastrophes beyond the reasonable control of the party unless the act or occurrence could have been reasonably foreseen and reasonable action could have been taken to prevent the delay or failure to perform. A party defaulting under this provision must provide the other party prompt written notice of the default and take all necessary steps to bring about performance as soon as practicable.
37. **COPYRIGHTED MATERIAL WAIVER.** The State reserves the right to use, reproduce, and publish responses in any manner necessary for State agencies and local units of government to access the responses, including but not limited to photocopying, State Intranet/Internet postings, broadcast faxing, and direct mailing. In the event that a response contains copyrighted or trademarked materials, it is the responder's responsibility to obtain permission for the State to reproduce and publish the information, regardless of whether the responder is the manufacturer or reseller of the products listed in the materials. By signing its response, the responder certifies that it has obtained all necessary approvals for the reproduction and/or distribution of the contents of its response and agrees to indemnify, protect, save and hold the State, its representatives and employees harmless from any and all claims arising from the violation of this section and agrees to pay all legal fees incurred by the State in the defense of any such action.
38. **INSURANCE.** Prior to execution of the Contract, the successful Responder will be required to provide a copy of a Certificate of Insurance, including the workers' compensation insurance coverage requirements of Minn. Stat. § 176.181, subd. 2, and other coverages per the insurance requirements outlined in the solicitation.
39. **STATE AUDITS** (Minn. Stat. § 16C.05, Subd. 5). The books, records, documents, and accounting procedures and practices of the Contract Vendor and its employees, agents, or subcontractors relevant to the Contract must be made available to and subject to examination by the Legislative Auditor and/or the State Auditor for a minimum of six years after the end of the Contract.
40. **DISPUTE RESOLUTION PROCEDURES.** Any issue a responder has with the RFB document, which includes, but is not limited to, the terms, conditions, and specifications, must be submitted in writing to the AMS prior to the solicitation opening due date and time. Any issue a responder has with the Contract award must be submitted in writing to the AMS within five working days from the time the Contract award is made public. The State will respond to any protest received that follows the above procedure.
41. **NOTICE TO RESPONDERS.** Pursuant to Minn. Stat. § 270C.65, Subd. 3, Contract Vendors are required to provide their Federal Employer Identification Number or Social Security Number. This information may be used in the enforcement of federal and State tax laws. Supplying these numbers could result in action to require a Contract Vendor to file tax returns and pay delinquent tax liabilities. These numbers will be available to federal and State tax authorities and State personnel involved in the payment of State obligations.
42. **HAZARDOUS SUBSTANCES.** To the extent that the goods to be supplied to the State by the Contract Vendor contain or may create hazardous substances, harmful physical agents or infectious agents as set forth in applicable State and federal laws and regulations, the Contract Vendor must provide the State with Material Safety Data Sheets regarding those substances. A copy must be included with each delivery.
43. **RISK OF LOSS OR DAMAGE.** The State is relieved of all risks of loss or damage to the equipment during periods of transportation, installation, and during the time the equipment is in possession of the State, unless and until such time as unencumbered title for the goods is vested in the State and the goods are in exclusive possession of the State.
44. **INDEMNIFICATION, HOLD HARMLESS, AND LIMITATION OF LIABILITY.** The Contract Vendor shall indemnify, protect, save and hold harmless the State, its representatives and employees, from any and all claims or causes of

action, including all legal fees incurred by the State arising from the performance of the Contract by the Contract Vendor or its agents, employees, or subcontractors. This clause shall not be construed to bar any legal remedies the Contract Vendor may have with the State's failure to fulfill its obligations pursuant to the Contract.

The State agrees that Contractor, its principals, members and employees shall not be liable to the State for any actions, damages, claims, liabilities, costs, expenses, or losses in any way arising out of or relating to the goods provided or services performed hereunder for an aggregate amount in excess of \$10,000,000 or the contract amount, whichever is greater. This limitation of liability does not apply to damages for personal injury or death, or to Contractor's obligation to indemnify, defend and hold the State harmless against intellectual property infringement claims under paragraphs 23 and 64 of this Agreement. This indemnification does not include liabilities caused by the State's gross negligence or intentional wrong doing of the State.

45. **DEFAULT.** A State purchase order constitutes a binding Contract. All commodities furnished will be subject to inspection and acceptance by the ordering entity after delivery. No substitutions or cancellations are permitted without written approval of the State contracting agency. Back orders, failure to meet delivery requirements, or failures to meet specifications in the purchase order and/or the Contract authorizes the ordering entity to cancel the Contract or purchase order, or any portion of it, purchase elsewhere, and charge the full increase in cost and administrative handling to the defaulting Contract Vendor. In the event of default, the State reserves the right to pursue any other remedy available by law. A Contract Vendor may be removed from the vendors list, suspended or debarred from receiving a Contract for failure to comply with terms and conditions of the Contract, or for failure to pay the State for the cost incurred on the defaulted Contract.

46. **CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION.**

- a. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant [responder] is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal [response] is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverages section of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this response that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction [subcontract equal to or exceeding \$25,000] with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled, "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred,

suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

b. **Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions.**

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

47. **NONCOLLUSION CERTIFICATIONS.** The responder shall complete and submit the Affidavit of Noncollusion.

48. **DISPOSITION OF RESPONSES.** All materials submitted in response to this RFB will become property of the State and will become public record after the evaluation process is completed and an award decision made. If the responder submits information in response to this RFB that it believes to be trade secret materials, as defined by the Minnesota Government Data Practices Act, Minn. Stat. § 13.37, the responder must:

- a. clearly mark all trade secret materials in its response at the time of the response is submitted,
- b. include a statement with its response justifying the trade secret designation for each item, and
- c. defend any action seeking release of the materials it believes to be trade secret, and indemnify and hold harmless the State, its agents and employees, from any judgments awarded against the State in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives the State's award of a contract. In submitting a response to the RFB, the responder agrees that this indemnification survives as long as the trade secret materials are in possession of the State. The State is required to keep all the basic documents related to its contracts, including responses to RFBs, for a minimum of seven years.

The State will not consider the prices submitted by the responder to be trade secret materials.

49. **GOVERNMENT DATA PRACTICES.** The Contract Vendor and the State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, (and where applicable, if the State contracting party is part of the judicial branch, with the Rule of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court as the same may be amended from time to time) as it applies to all data provided by the State to the Contract Vendor and all data provided to the State by the Contract Vendor. In addition, the Minnesota Government Data Practices Act applies to all data created, collected, received, stored, used, maintained, or disseminated by the Contract Vendor in accordance with this Contract that is private, nonpublic, protected nonpublic, or confidential as defined by the Minnesota Government Data Practices Act, Ch. 13 (and where applicable, that is not accessible to the public under the Rules of Public Access to Records of the Judicial Branch).

In the event the Contract Vendor receives a request to release the data referred to in this article, the Contract Vendor must immediately notify the State. The State will give the Contract Vendor instructions concerning the release of the data to the requesting party before the data is released. The civil remedies of Minn. Stat. § 13.08, apply to the release of the data by either the Contract Vendor or the State.

The Contract Vendor agrees to indemnify, save, and hold the State of Minnesota, its agent and employees, harmless from all claims arising out of, resulting from, or in any manner attributable to any violation of any provision of the Minnesota Government Data Practices Act (and where applicable, the Rules of Public Access to Records of the Judicial Branch), including legal fees and disbursements paid or incurred to enforce this provision of the Contract. In the event that the Contract Vendor subcontracts any or all of the work to be performed under the Contract, the Contract Vendor shall retain responsibility under the terms of this paragraph for such work.

50. **EXCLUSIONS.** The Contract will not include items that are established under other general price contracts and special items not offered under the RFB, or emergency purchases or purchases involving trade-ins. Likewise, any requirements considered by the Manager of Acquisition Services to be beyond the normal operating requirements of the State, such as but not limited to equipment for new buildings, may be bid separately and purchased outside the Contract.
51. **NONVISUAL ACCESS STANDARDS.** Not Applicable.
52. **AFFIRMATIVE ACTION.** The State requires affirmative action compliance by its Contract Vendors.
- a. Covered contracts and Contract Vendors. One-time acquisitions, or a contract for a predetermined amount of goods and/or services, where the amount of your response is in excess of \$100,000 requires completion of the Affirmative Action Certification page. If the solicitation is for a contract for an indeterminate amount of goods and/or services, and the state estimated total value of the contract exceeds \$100,000 whether it will be a multiple award contract or not, you must complete the Affirmative Action Certification page. If the contract dollar amount or the state estimated total contract amount exceeds \$100,000 and the Contract Vendor employed more than 40 full-time employees on a single working day during the previous 12 months in Minnesota or in the state where it has its principle place of business, then the Contract Vendor must comply with the requirements of Minn. Stat. § 363A.36, Subd. 1 and Minnesota Rules 5000.3400-5000.3600. A Contract Vendor covered by Minn. Stat. § 363A.36, Subd. 1 because it employed more than 40 full-time employees in another state and which does not have a certificate of compliance must certify that it is in compliance with federal affirmative action requirements.
 - b. Minn. Stat. § 363A.36, Subd. 1 requires the Contract Vendor to have an affirmative action plan for the employment of minority persons, women, and qualified disabled individuals approved by the commissioner of Human Rights (commissioner) as indicated by a certificate of compliance. The law addresses suspension or revocation of a certificate of compliance and contract consequences in that event. A contract awarded without a certificate of compliance may be voided.
 - c. Minn. Rules 5000.3400-5000.3600 implement Minn. Stat. § 363A.36, Subd. 1. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a Contract Vendor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for noncompliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. Rules 5000.3400-5000.3600 including, but not limited to, parts 5000.3420-5000.3500 and 5000.3552-5000.3559.
 - d. Disabled Workers. The Contract Vendor must comply with the following affirmative action requirements for disabled workers.

"AFFIRMATIVE ACTION FOR DISABLED WORKERS

- (a) The contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
- (b) The contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

- (c) In the event of the contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363A.36, Subd. 1, and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
- (d) The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the commissioner of the Minnesota Department of Human Rights. Such notices must state the contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants, and the rights of employees and applicants.
- (e) The contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the contractor is bound by the terms of Minn. Stat. § 363A.36, Subd. 1, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons."

- e. Consequences. The consequences of a Contract Vendor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by the commissioner, refusal by the commissioner to approve subsequent plans, and termination of all or part of the Contract by the commissioner or the State.
- f. Certification. The Contract Vendor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36, Subd. 1 and Minnesota Rules 5000.3400-5000.3600 and is aware of the consequences for noncompliance.

- 53. **REQUEST FOR CLARIFICATION.** If a responder discovers any significant ambiguity, error, conflict, discrepancy, omission or other deficiency in the RFB, it shall immediately notify the Acquisition Management Specialist in writing, as specified in the introduction, of such error and request modification or clarification of the document.
- 54. **ENTIRE AGREEMENT.** A written Contract (including the contents of the RFB and the Contract Vendor's response incorporated therein by reference) and any written addenda thereto constitute the entire agreement of the parties.
- 55. **STATE REQUIREMENTS.** Not Applicable.
- 56. **STATE AGENCY CONTRACT USE.** The State intends to use the RFB and resulting Contract to meet its needs for goods and services purchased under the authority of the commissioner of Administration. An exception will be made when the commissioner of Administration or authorized delegate determines that the State will achieve its "best value" by utilizing alternative procurement methods as specified in Minn. Stat. Ch. 16C or other authorizing law.

The Contract must be used by State agencies unless a specific exception is granted by the Acquisition Management Specialist or authorized delegate unless otherwise provided for in the Special Terms and Conditions.

- 57. **ORGANIZATIONAL CONFLICTS OF INTEREST.** The responder warrants that, to the best of its knowledge and belief, and except as otherwise disclosed, there are no relevant facts or circumstances which could give rise to organizational conflicts of interest. An organizational conflict of interest exists when, because of existing or planned activities or because of relationships with other persons:
 - a Contract Vendor is unable or potentially unable to render impartial assistance or advice to the State;
 - the Contract Vendor's objectivity in performing the work is or might be otherwise impaired; or
 - the Contract Vendor has an unfair competitive advantage.

The Contract Vendor agrees that if an organizational conflict of interest is discovered after award, an immediate and full disclosure in writing shall be made to the Assistant Director of the Department of Administration's Materials Management Division that shall include a description of the action the Contract Vendor has taken or proposes to take to avoid or mitigate such conflicts. If an organizational conflict of interest is determined to exist, the State may, at its discretion, cancel the Contract. In the event the Contract Vendor was aware of an organizational conflict of interest prior to the award of the Contract and did not disclose the conflict to the AMS, the State may terminate the Contract for default. The provisions of this clause shall be included in all subcontracts for work to be performed, and the terms "Contract," "Contract Vendor," and "AMS" modified appropriately to preserve the State's rights.

58. **ENVIRONMENTAL PREFERENCE.** Not Applicable.
59. **AMENDMENTS.** The State reserves the right to make changes to the Contract, when mutually agreed to by the State of Minnesota and the Contract Vendor, if the changes are within the general scope of the Contract. The changes to the Contract will be made by Contract amendment. An approved Contract amendment means one approved by the authorized signatories of the Contract Vendor and the State as required by law.
60. **ELECTRONIC FUNDS TRANSFER (EFT) PAYMENT METHOD AND STRUCTURE.** In accordance with Minn. Stat. § 16A.40 the responder receiving the award of this Solicitation will be required to provide their bank routing information to the Department of Finance to enable payments to be made through EFT.
61. **OWNERSHIP**
- a. **Ownership of Documents/Copyright.** Any reports, studies, photographs, negatives, databases, computer programs, or other documents, whether in tangible or electronic forms, prepared by the Contract Vendor in the performance of its obligations under the Contract and paid for by the State shall be the exclusive property of the State and all such material shall be remitted to the State by the Contract Vendor upon completion, termination or cancellation of the Contract. The Contract Vendor shall not use, willingly allow or cause to allow such material to be used for any purpose other than performance of the Contract Vendor's obligations under this Contract without the prior written consent of the State.
 - b. **Rights, Title and Interest.** All rights, title, and interest in all of the intellectual property rights, including copyrights, patents, trade secrets, trade marks, and service marks in the said documents that the Contract Vendor conceives or originates, either individually or jointly with others, which arises out of the performance of the Contract, will be the property of the State and are, by the Contract, assigned to the State along with ownership of any and all copyrights in the copyrightable material. The Contract Vendor also agrees, upon the request of the State, to execute all papers and perform all other acts necessary to assist the State to obtain and register copyrights on such materials. Where applicable, works of authorship created by the Contract Vendor for the State in performance of the Contract shall be considered "works for hire" as defined in the U.S. Copyright Act.
62. **PUBLIC INFORMATION.** Once the information contained in the responses is deemed public information, interested parties may request to obtain the public information. You can call 651.201.2413 between the hours of 8:00 a.m. to 4:30 p.m. to arrange this.
63. **INTELLECTUAL PROPERTY INDEMNIFICATION.** The Contract Vendor warrants that any materials or products provided or produced by the Contract Vendor or utilized by the Contract Vendor in the performance of this Contract will not infringe upon or violate any patent, copyright, trade secret, or any other proprietary right of any third party. In the event of any such claim by any third party against the State, the State shall promptly notify the Contract Vendor. The Contract Vendor, at its own expense, shall indemnify; defend to the extent permitted by the Minnesota Attorney General's Office, and hold harmless the State against any loss, cost, expense, or liability (including legal fees) arising out of such a claim, whether or not such claim is successful against the State.
- If such a claim has occurred, or in the Contract Vendor's opinion is likely to occur, the Contract Vendor shall either procure for the State the right to continue using the materials or products or replacement or modified materials or products. If an option satisfactory to the State is not reasonably available, the State shall return the materials or products to the Contract Vendor, upon written request of the Contract Vendor and at the Contract Vendor's expense. This remedy is in addition to any other remedy provided by law.
64. **ANTITRUST.** The Contract Vendor hereby assigns to the State of Minnesota any and all claims for overcharges as to goods and/or services provided in connection with the Contract resulting from antitrust violations which arise under the antitrust laws of the United States and the antitrust laws of the State.
65. **PRODUCTS CONTAINING CERTAIN TYPES OF POLYBROMINATED DIPHENYL ETHER BANNED.** By signing and submitting a response to this solicitation, Contractor/Responder certifies that they have read and will comply with Laws of Minnesota, 2007, Chapter 57 (to be codified at Minn. Stat. §§ 325E.385-325E.388) as provided below.

325E.385 PRODUCTS CONTAINING POLYBROMINATED DIPHENYL ETHER.

Subdivision 1. **Definitions.** For the purposes of sections 325E.386 to 325E.388, the terms in this section have the meanings given them.

Subd. 2. **Commercial decabromodiphenyl ether.** “Commercial decabromodiphenyl ether” means the chemical mixture of decabromodiphenyl ether, including associated polybrominated diphenyl ether impurities not intentionally added.

Subd. 3. **Commissioner.** “Commissioner” means the commissioner of Pollution Control Agency.

Subd. 4. **Manufacturer.** “Manufacturer” means any person, firm, association, partnership, corporation, governmental entity, organization, or joint venture that produces a product containing polybrominated diphenyl ethers or an importer or domestic distributor of a noncombustible product containing polybrominated diphenyl ethers.

Subd. 5. **Polybrominated diphenyl ethers or PBDE's.** “Polybrominated diphenyl ethers” or “PBDE's” means chemical forms that consist of diphenyl ethers bound with bromine atoms. Polybrominated diphenyl ethers include, but are not limited to, the three primary forms of the commercial mixtures known as pentabromodiphenyl ether, octabromodiphenyl ether, and decabromodiphenyl ether.

Subd. 6. **Retailer.** “Retailer” means a person who offers a product for sale at retail through any means, including, but not limited to, remote offerings such as sales outlets, catalogs, or the Internet, but does not include a sale that is a wholesale transaction with a distributor or a retailer.

Subd. 7. **Used product.** “Used product” means any product that has been previously owned, purchased, or sold in commerce. Used product does not include any product manufactured after January 1, 2008.

325E.386 PRODUCTS CONTAINING CERTAIN POLYBROMINATED DIPHENYL ETHERS BANNED; EXEMPTIONS.

Subdivision. 1. **Penta- and octabromodiphenyl ethers.** Except as provided in subdivision 3, beginning January 1, 2008, a person may not manufacture, process, or distribute in commerce a product or flame-retardant part of a product containing more than one-tenth of one percent of pentabromodiphenyl ether or octabromodiphenyl ether by mass.

Subd. 2. **Exemptions.** The following products containing polybrominated diphenyl ethers are exempt from subdivision 1 and section 325E.387, subdivision 2:

(1) the sale or distribution of any used transportation vehicle with component parts containing polybrominated diphenyl ethers;

(2) the sale or distribution of any used transportation vehicle parts or new transportation vehicle parts manufactured before January 1, 2008, that contain polybrominated diphenyl ethers;

(3) the manufacture, sale, repair, distribution, maintenance, refurbishment, or modification of equipment containing polybrominated diphenyl ethers and used primarily for military or federally funded space program applications. This exemption does not cover consumer-based goods with broad applicability;

(4) the sale or distribution by a business, charity, public entity, or private party of any used product containing polybrominated diphenyl ethers;

(5) the manufacture, sale, or distribution of new carpet cushion made from recycled foam containing more than one-tenth of one percent polybrominated diphenyl ether;

(6) medical devices; or

(7) the manufacture, sale, repair, distribution, maintenance, refurbishment, or modification of telecommunications equipment containing polybrominated diphenyl ethers used by entities eligible to hold authorization in the Public Safety Pool under Code of Federal Regulations, title 47, part 90.

In-state retailers in possession of products on January 1, 2008, that are banned for sale under subdivision 1 may exhaust their stock through sales to the public. Nothing in this section restricts the ability of a manufacturer, importer, or distributor from transporting products containing polybrominated diphenyl ethers through the state, or storing such products in the state for later distribution outside the state.

325E.388 PENALTIES. A manufacturer who violates sections 325E.386 to 325E.388 is subject to a civil penalty not to exceed \$1,000 for each violation in the case of a first offense. A manufacturer is subject to a civil penalty not to exceed \$5,000 for each repeat offense. Penalties collected under this section must be deposited in an account in the special revenue fund and are appropriated in fiscal years 2008 and 2009 to the commissioner to implement and enforce this section.

66. EMPLOYEE STATUS. By order of the Governor's Executive Order 08-01, responders **MUST** certify their compliance with the Immigration Reform and Control Act of 1986 (8 U.S.C. 1101 et seq.) and certify their use of the *E-Verify* system established by the Department of Homeland Security.

If your response to this solicitation is or could be in excess of \$50,000, you must certify that you are in compliance with items 1 and 2 below. In addition, prior to the delivery of the product or initiation of services, vendors **MUST** obtain this certification from all subcontractors who will participate in the performance of the Contract. All subcontractor certifications must be kept on file with the Contract Vendor and made available to the state upon request.

1. Responders are in compliance with the Immigration Reform and Control Act of 1986 in relation to all employees performing work in the United States and that the responder and all its subcontractors do not knowingly employ persons in violation of the United States immigration laws. The Contract Vendor will obtain the State of Minnesota—Immigration Status Certification from all subcontractors who will participate in the performance of this contract and maintain subcontractor certifications for inspection by the state if such inspection is requested; and

2. The Contract Vendor and all its subcontractors will, by the date of the delivery of the product and/or performance of the services under this Contract, have implemented or are in the process of implementing the *E-Verify* program for all newly hired employees in the United States who will perform work on this Contract.

If the Contract Vendor and/or the subcontractors are not in compliance with the Immigration Reform and Control Act, or knowingly employ persons in violation of the US immigration laws, or haven't begun to implement the *E-Verify* program for all newly hired employees in support of this contract, the state reserves the right to determine what action it may take, including but not limited to cancelling the Contract, and/or suspending or debarring the Contract Vendor from state purchasing.

67. **STATE EMPLOYEE PARTICIPATION.** Not applicable.

68. **PREVAILING WAGE.** If this solicitation involves a project which includes erection, construction, remodeling, or repairing of a public building or other public work financed in whole or part by State funds, it is subject to prevailing wage laws in accordance with Minnesota Statutes §§ 177.30-.32, 177.41-.44, 16B, and 16C, and corresponding Rules 5200.1000 to 5200.1120.. The Contractor is solely responsible for payment of any and all required Prevailing Wage rates. In accordance with Minnesota Statutes §§ 177.30(4), 177.31, and 177.32 there are Contractor and subcontractor liabilities for failure to adhere to prevailing wage laws. For questions regarding the Prevailing Wage Laws, contact the Department of Labor and Industry at 651.284.5091.

State Of Minnesota – Affirmative Action Certification

If your response to this solicitation is or could be in excess of \$100,000, complete the information requested below to determine whether you are subject to the Minnesota Human Rights Act (Minnesota Statutes 363A.36) certification requirement, and to provide documentation of compliance if necessary. **It is your sole responsibility to provide this information and—if required—to apply for Human Rights certification prior to the due date and time in the solicitation and to obtain Human Rights certification prior to the execution of the contract. The State of Minnesota is under no obligation to delay proceeding with a contract until a company receives Human Rights certification.**

BOX A – For companies which have employed more than 40 full-time employees within Minnesota on any single working day during the previous 12 months. All other companies proceed to BOX B.

Your response will be rejected unless your business:

1. has a current Certificate of Compliance issued by the Minnesota Department of Human Rights (MDHR)
—or—
has submitted an affirmative action plan to the MDHR, which the Department received prior to the date and time the responses are due.

Check one of the following statements if you have employed more than 40 full-time employees in Minnesota on any single working day during the previous 12 months:

- ☐ We have a current Certificate of Compliance issued by the MDHR. **Proceed to BOX C. Include a copy of your certificate with your response.**
- ☐ We do not have a current Certificate of Compliance. However, we submitted an Affirmative Action Plan to the MDHR for approval, which the Department received on _____ (date). [If the date is the same as the response due date, indicate the time your plan was received: _____ (time)]. **Proceed to BOX C.**
- ☐ We do not have a Certificate of Compliance, nor has the MDHR received an Affirmative Action Plan from our company. **We acknowledge that our response will be rejected. Proceed to BOX C. Contact the Minnesota Department of Human Rights for assistance.** (See below for contact information.)

Please note: Certificates of Compliance must be issued by the Minnesota Department of Human Rights. Affirmative Action Plans approved by the Federal government, a county, or a municipality must still be received, reviewed, and approved by the Minnesota Department of Human Rights before a certificate can be issued.

BOX B – For those companies not described in BOX A

Check below.

- ☐ We have not employed more than 40 full-time employees on any single working day in Minnesota within the previous 12 months. **Proceed to BOX C.**

BOX C – For all companies

By signing this statement, you certify that the information provided is accurate and that you are authorized to sign on behalf of the responder. You also certify that you are in compliance with federal affirmative action requirements that may apply to your company. (These requirements are generally triggered only by participating as a prime or subcontractor on federal projects or contracts. Contractors are alerted to these requirements by the federal government.)

Trade Secret Information Form

Under Minnesota's Data Practices Act, data submitted in a response becomes public upon completion of the evaluation process and negotiations are complete, or upon completion of the selection process for a solicitation. However, "trade secret information" as defined in Minn. Stat. § 13.37, Subd. 1(b), cannot be disclosed to the public. While the majority of data submitted in a response is not trade secret information, the following form is needed to assist the state in making appropriate determinations about the release of data provided in a response.

All responders must select one of the following boxes:

- ☐ My response **does not** contain "trade secret information." I understand that my entire response will become public record in accordance with Minn. Stat. § 13.591.
- ☐ My response **does** contain trade secret information because it contains data that:
 1. is a formula, pattern, compilation, program, device, method, technique or process; **AND**
 2. is the subject of efforts by myself or my organization that are reasonable under the circumstances to maintain its secrecy; **AND**
 3. derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use.

Complete only if trade secret status is asserted:

I am claiming that aspects of my response contain trade secret information. I have completed the following:

- ☐ I have clearly marked and placed any data I claim to be "trade secret information" in a separate envelope **AND** I am attaching an explanation justifying the trade secret designation.

Please note that failure to attach an explanation may result in a determination that the data does not meet the statutory trade secret definition. All data for which trade secret status is not justified will become public in accordance with Minn. Stat. § 13.591.

By submitting this response, responder agrees to indemnify and hold the State, its agents and employees, harmless from any claims or causes of action relating to the State's withholding of data based upon reliance on the above representations, including the payment of all costs and attorney fees incurred by the State in defending such an action.

SERVICE AND DELIVERY

Service and delivery are important requirements for all State contracts. The successful responder will be expected to ship all orders within the time specified in its response or, in the case of unanticipated problems causing a delay, notify the agency of the problem and when the shipment will be made. All requests for information from State agencies will be answered promptly. A copy of all correspondence to State agencies shall be sent to Acquisitions, Materials Management Division, 112 Administration Building, St. Paul, MN 55155. **Any Contract Vendor found to be providing unsatisfactory service during the Contract period may be disqualified for a subsequent Contract award.**

SUBSEQUENT CONTRACT REVISIONS. No verbal or written instructions from State agencies or officials to change any provision of the resulting Contract shall be accepted by the Contract Vendor without the approval of the Acquisition Management Specialist (AMS). The Contract Vendor shall report any such requests to the AMS who will issue approval or denial in writing.

CONTRACT SAVINGS AND USAGE REPORTS

SAVINGS REPORT.

Responders are required to calculate the percentage savings the State will realize as a result of the Contract and include the amount of the percentage savings in the response.

Contract Prices Average: _____ % Less than the price quoted to the general public (for reporting purposes only).

USAGE REPORT, FREQUENCY (after Contract award).

Unless specified otherwise in the Special Terms and Conditions, the report on Contract usage must consist of the total dollars expended, broken down by:

- State agencies
- CPV members

Failure to provide these reports may result in Contract cancellation. The following reporting frequency is required, at a minimum:

- Annually, or as requested
- Final report after the end of the Contract

See the next page of an example of the data fields that are needed in your usage report.

ENVIRONMENTAL REPORTS

ENVIRONMENTAL PREFERENCE. Not Applicable.

ENVIRONMENTAL PRODUCTS AND SERVICES

Environmental Characteristics for Reporting Purposes. The State desires to purchase environmentally responsible goods and services where practicable. To identify these products and report the purchasing results, the State must know the environmentally responsible characteristics of the goods and services offered. Using the list of environmental codes below, specify which line items have environmentally responsible characteristics and enter the appropriate environmental code. The environmental codes* are:

EE = Energy Efficient	EM = Remanufactured
LT = Less Toxic	RE = Repair
PB = Plant-based	US = Used
RB = Rebuilt	WC = Water Conserving
RC = Recycled Content (post-consumer: _____ %)	MU = Multiple Codes Specify: _____
RK = Reduced Packaging	TO = Other Specify: _____
	NO = None

Enter the appropriate environmental code for each item offered, either after the description of the item, or after the price.

If all goods and services offered are the same environmental code, enter it here: _____

If none of the items being offered have environmental characteristics, please check and initial here: ☐ _____.

*See below for definitions of the environmental codes to assist in coding products by the line item.

Mercury: As per Minnesota Statutes, the State cannot buy mercury in thermometers and certain other products. Please certify below if your product does or does not contain mercury. The actual product specification will stipulate if mercury is prohibited.

Does your product contain mercury? ☐ Yes ☐ No

If yes, list the components that contain mercury:

Environmental Codes Definitions

EE (Energy Efficient) - A product that uses less energy (either electricity or fossil fuel) to accomplish its task relative to a comparable product or to an earlier version of the same product by the same manufacturer.

LT (Less Toxic) - A product containing a smaller amount of toxic substances relative to a comparable product or a product reformulated to be less toxic.

PB (Plant-Based) - A product derived from renewable resources, including fiber crops (such as kenaf); chemical extracts from oilseeds, nuts, fruits and vegetables (such as corn and soybeans); agricultural residues (such as wheat straw and corn stover); and wood wastes generated from processing and manufacturing operations. These products stand in contrast to those made from fossil fuels (such as petroleum) and other less renewable resources (such as virgin timber).

RB (Rebuilt) - A product refurbished to a level less than a total remanufacture. The warranty is by the rebuilder, and may be different from the same product when new or remanufactured. Also called reconditioned or refurbished.

RC (Recycled Content) - A product containing materials that have been recovered or diverted from the solid waste stream after consumer use (post-consumer).

RK (Reduced Packaging) - A product presented for use with less packaging or alternative methods of packaging or shipping.

EM (Remanufactured) - A product restored to its original condition by extensive rebuilding, usually given an equal or better warranty than a new product.

RE (Repair) - A product that has had a defect corrected and can again serve its original function. Repairing is a less comprehensive process than either remanufacturing or rebuilding.

US (Used) - A product used or owned before without further manufacture.

WC (Water Conserving) - A product that requires less water to operate or to manufacture than a comparable product, or a different version of the same product from the same manufacturer.

MU (Multiple Codes) - A product that has several significant environmentally responsible characteristics, and could be classified under more than one code, but not one code is predominant.

TO (Other) - A product having environmentally responsible characteristics that does not fit into any of the categories listed above.

(Note: If approved, you will receive your vendor number three business days after you register.)

Are you a sole proprietorship? ☐ Yes ☐ No

If you are a sole proprietorship, are you an independent contractor? ☐ Yes ☐ No

State of Minnesota — Immigration Status Certification

By order of the Governor's Executive Order 08-01, vendors and subcontractors MUST certify compliance with the Immigration Reform and Control Act of 1986 (8 U.S.C. 1101 et seq.) and certify use of the *E-Verify* system established by the Department of Homeland Security.

E-Verify program information can be found at <http://www.dhs.gov/ximgtn/programs>.

If any response to a solicitation is or could be in excess of \$50,000, vendors and subcontractors must certify compliance with items 1 and 2 below. In addition, prior to the delivery of the product or initiation of services, vendors MUST obtain this certification from all subcontractors who will participate in the performance of the contract. All subcontractor certifications must be kept on file with the contract vendor and made available to the state upon request.

1. The company shown below is in compliance with the Immigration Reform and Control Act of 1986 in relation to all employees performing work in the United States and does not knowingly employ persons in violation of the United States immigration laws. The company shown below will obtain this certification from all subcontractors who will participate in the performance of this contract and maintain subcontractor certifications for inspection by the state if such inspection is requested; and

2. By the date of the delivery of the product and/or performance of services, the company shown below will have implemented or will be in the process of implementing the *E-Verify* program for all newly hired employees in the United States who will perform work on behalf of the State of Minnesota.

I certify that the company shown below is in compliance with items 1 and 2 above and that I am authorized to sign on its behalf.

Name of Company: _____ Date: _____

Authorized Signature: _____ Telephone Number: _____

Printed Name: _____ Title: _____

If the contract vendor and/or the subcontractors are not in compliance with the Immigration Reform and Control Act, or knowingly employ persons in violation of the United States immigration laws, or have not begun or implemented the *E-Verify* program for all newly hired employees in support of the contract, the state reserves the right to determine what action it may take. This action could include, but would not be limited to cancellation of the contract, and/or suspending or debaring the contract vendor from state purchasing.

VETERAN-OWNED/SERVICE DISABLED VETERAN-OWNED PREFERENCE FORM

In accordance with Laws of Minnesota, 2009, Chapter 101, Article 2, Section 56, eligible certified veteran-owned and eligible certified service-disabled veteran-owned small businesses will receive a 6 percent preference on the basis of award for this RFB. The preference is applied only to the first \$500,000 of the response.

Eligible veteran-owned and eligible service-disabled veteran-owned small businesses are certified small businesses of which the principal place of business is in Minnesota and that are majority-owned and operated by either (check the box that applies and attach the certification documents with your response):

- ☐ (1) recently separated veterans, who are veterans as defined in Minn. Stat. § 197.447, who have served in active military service, at any time on or after September 11, 2001, and who have been discharged under honorable conditions from active service, as indicated by the person's United States Department of Defense form DD-214 or by the commissioner of veterans affairs; or

Required Documentation:

- certification by the United States Department of Veterans Affairs as a veteran-owned small business
- discharge form (DD-214) dated on or after September 11, 2001 with condition honorable

- ☐ (2) veterans who are veterans as defined in Minn. Stat. § 197.447, with service-connected disabilities, as determined at any time by the United States Department of Veterans Affairs.

Required Documentation:

- certification by the United States Department of Veterans Affairs as a service-disabled veteran-owned small business.

Eligible veteran-owned and eligible service-disabled veteran-owned small businesses must be **currently** certified by the U.S. Department of Veterans Affairs prior to the solicitation opening date and time to receive the preference.

Information regarding certification by the United States Department of Veterans Affairs may be found at <http://www.vetbiz.gov>.

Provide this form and the documentation above with your response. If you don't check a box above, or you don't provide the requested documentation, or you do not return this form, you will not be considered for this preference.

SPECIAL TERMS, CONDITIONS, AND SPECIFICATIONS

PREFACE STATEMENT. THE INFORMATION CONTAINED BELOW DESCRIBES THE SPECIAL TERMS, CONDITIONS AND SPECIFICATIONS APPLICABLE TO THE REQUEST FOR BID (RFB) AND SUBSEQUENT CONTRACT, AND IS IN ADDITION TO THE GENERAL TERMS AND CONDITIONS.

PURPOSE AND/OR BACKGROUND

1. **PURPOSE.** To establish a Contract to furnish fence materials for all requesting State of Minnesota Agencies and CPV members, on an as needed basis.
2. **NO INSTALLATION.** The Contract Vendor shall not install the fencing materials provided under this RFB. There will be a separate RFB for furnishing and installing fence materials.
3. **SALES AND USE TAX WHEN FURNISHING PRODUCT ONLY. DO NOT** add sales tax to the prices being offered for furnishing product only. State agencies are subject to paying Minnesota sales and use taxes. Taxes will be paid to the Department of Revenue using Direct Payment Permit 1114. If orders are issued by Cooperative Purchasing Venture (CPV) Members, the Contract Vendor should confirm all of the tax requirements with the purchaser.
4. **ESTIMATED AMOUNT.** The estimated total dollar value of the Contract for **one year** is \$10,000 to \$140,000. However, this shall not be construed as either the minimum or maximum amount. It shall also be understood and accepted by the responder that any quantities shown in this RFB are estimated quantities only and impose no obligation upon the State either minimum or maximum.
5. **INSTRUCTIONS FOR SUBMITTING YOUR RESPONSE - ELECTRONIC FILE TO DOWNLOAD, COMPLETE, AND RETURN.** Responders must download an Excel document from the following link:

[http://www.mmd.admin.state.mn.us/process/admin/spreadsheets/13611F-361\(5\)FencingPricePages.xls](http://www.mmd.admin.state.mn.us/process/admin/spreadsheets/13611F-361(5)FencingPricePages.xls)

This document contains solicitation items and quantities for entering price information. In order for you to download the document, you must type or copy and paste the link's file path and name into your browser address line. When the document file opens, use the "Save As..." feature to save the document to your computer hard drive or a disk.

The "Save As" feature does not work from the printed link - you need to put the complete file name and path in your browser's address line and open the document to be able to save the document to a disk. If you need assistance please contact our helpline at 651.296.2600.

6. **COOPERATIVE PURCHASING VENTURE (CPV) MEMBERS.** The Contract will also be available to all CPV members. Minn. Stat. § 16C.03, Subd. 10 authorizes the State, acting through its Materials Management Division, to enter into purchasing agreements with one or more governmental units and other entities allowable by law, as described in Minn. Stat. § 471.59, Subd. 1, to exercise jointly the purchasing powers and functions each has individually. This authority is referred to as the Cooperative Purchasing Venture program. For more information, see State web site www.mmd.admin.state.mn.us.
7. **PAYMENT.** All goods and/or services provided must meet all terms, conditions and specifications of the Contract and the ordering document and be accepted as satisfactory by the ordering entity before payment will be issued.
8. **DELIVERY REQUIREMENTS.** The Contract Vendor is to notify the area Maintenance Engineer in the ordering area 24 hours prior to delivery. All deliveries are to occur between 8:00 AM and 4:00 PM, Monday through Friday (except State holidays) unless an exception is made by the Area Maintenance Engineer or the contact person listed on the purchase order. All orders (except those for unusual quantities) are to be shipped within five working days after receipt of an order by the Contract Vendor. The Contract Vendor must notify the ordering agency if this cannot be accomplished.
9. **BID FORM SHEETS.** The Bid Form Sheets contain 309 of the most common-used items and will be the basis for determining the lowest qualified responder. Pricing is desired on each and every bid item blank. The State reserves the right to reject by bid item blank or the entire response because of empty bid item blanks and/or improper price alterations.

10. **CONTRACT PRICING.** Pricing for items not specifically listed on the Bid Form Sheet will be based on a discount percentage applied to the applicable manufacturer's price list. The discount percentage cannot be changed during the life of the Contract, unless the Contract Vendor offers to increase the discount percentage. Note: If a manufacturer's costs are reduced to the Contract Vendor, that cost reduction must be immediately passed on to the State. Price lists or catalog prices may be changed by addendum upon approval of the Acquisition Management Specialist once per year at the time of Contract extension, if applicable.
11. **FREIGHT (FOB).** All prices must be F.O.B. Destination. Orders of \$50.00 or more must be freight prepaid and allowed (the State will not pay for any costs other than the item pricing). Orders under \$50.00 shall be freight prepaid and added (freight charges added to the invoice as a separate line item).
12. **PRICING OFFERED IN RESPONSE.** Prices listed in your response to this solicitation must take into consideration all inherent costs of providing the requested goods and/or services. The responder agrees to pay any and all fees. The State will not pay any additional charges beyond the price(s) listed in the response, unless otherwise provided for by law or expressly allowed by the terms of the solicitation.
13. **CATALOGS AND PRICE LITERATURE.** The Contract Vendor shall furnish, and keep current, price lists in sufficient quantities to provide copies to all requesting agencies at no additional cost to the State for the term of the Contract. The agency or CPV member will contact the Contract Vendor directly for price lists. Responders are to submit copies of all applicable catalogs, on-line catalog addresses and/or price lists which are used for pricing purposes with their response.
14. **TECHNICAL ASSISTANCE.** The Contract Vendor shall furnish, without charge, technical assistance to be provided by a competent representative. This service shall consist of a visit, upon agency's request, and/or consultation and assistance on any special fencing problems or difficulties encountered.
15. **ITEMS OFFERED AS NEW.** All products, material, supplies and equipment offered and furnished must be new, of current manufacturer production, and must have been formally announced by the manufacturer as being commercially available as of the date of the solicitation opening, unless otherwise stated in this solicitation.
16. **AWARD OF RELATED CONTRACTS.** In the event the State undertakes or awards supplemental contracts for work related to the Contract or any portion thereof, the Contract Vendor shall cooperate fully with all other Contract Vendors and the State in all such cases. All contracts between subcontractors and the Contract Vendor shall include a provision requiring compliance with this section.
17. **AWARD OF SUCCESSOR CONTRACTS.** In the event the State undertakes or awards a successor contract for work related to the Contract or any portion thereof, the current Contract Vendor shall cooperate fully during the transition with all other Contract Vendors and the State in all such cases. All contracts between subcontractors and the Contract Vendor shall include a provision requiring compliance with this section.
18. **PURCHASING CARDS.** Contract Vendors will accept a purchasing card for order placement in addition to accepting a purchase order, without passing the processing fees for the purchasing card back to the State. The state's single purchase limit is \$2,500 on the purchasing card.
19. **GUARANTEE.** The products furnished under the Contract must be guaranteed against any defect due to faulty material or workmanship. Products with such defects will be replaced without charge.
20. **REQUIREMENTS FOR INSURANCE.** Successful responders will be required to furnish certificates of insurance for the coverages named in the General Insurance Requirements section of this solicitation.
21. **ADDITIONAL ITEMS.** During the contract period, the State of Minnesota reserves the right to request pricing for and add to the contract a limited number of like items to accommodate the need for any related fencing materials that may have been inadvertently omitted from the lists included in this request for bid. The State reserves the right to add additional items during the life of the Contract that fall under the scope of the Contract.
22. **SPECIFICATIONS.** All fencing materials shall comply with the Minnesota Department of Transportation (Mn/DOT) 2005 Spec Book Edition and Mn/DOT Standard Plates as applicable. The Mn/DOT Standard Specifications for Construction are available on-line at <http://www.dot.state.mn.us/pre-letting/spec/index.html>. The Mn/DOT Standard Plates are available on-line at <http://www.dot.state.mn.us/design/standard-plates/>. The pages from the 2005 Spec Book Edition and the plates that include the specifications for the fencing materials are also attached.

Fencing

2557.1 DESCRIPTION

This work consists of constructing fences.

2557.2 MATERIALS

If the type of material for metal products is not specified in the Contract, the Contractor may select the type of material. The Contractor shall use the same type of metal fence components on the entire Project.

All tubular metal posts shall be capped.

When coated metal posts are indicated in the Contract, the Contractor shall use the same coating on posts, post supports, rails, gate frames, expansion sleeves, and other hardware items or fittings. The Contractor shall use:

- (a) Zinc coating with zinc coated fence fabric.
- (b) Aluminum or zinc coating with aluminum coated steel fabric.
- (c) Vinyl coating with vinyl coated fence fabric. The vinyl coated posts, hardware, and fabric shall be black with a low to medium gloss, unless otherwise stated.

The Contractor shall use aluminum alloy posts, rails, frames, and other hardware items with aluminum alloy fence fabric.

C2	Structural Metal Posts.....	3406
C3	Blank	
C4	Treated Wood Posts.....	3413
D	Hardware and Fittings.....	3406
E	Concrete	

Concrete shall meet the requirements for Grade B, Type 3 concrete as specified in 2461.

2557.3 CONSTRUCTION REQUIREMENTS

A General

All brush, trees, and other obstructions that interfere with construction of the fence shall be removed and disposed of according to the applicable provisions of 1405, 2101, and 2104.3C. A smooth ground profile shall be provided at the fence line. The work necessary to accomplish these purposes shall, unless the Contract specifically provides payment for any part or all of the work, be incidental to fence construction and no direct compensation will be made therefor.

In general, the bottom of the fence shall follow the contour of the ground. At small stream crossings, drainage ditches, and other location where it is impractical to conform the fence to the ground contour the fence shall span the depression and, unless the Plans or the Engineer require otherwise, the space below the bottom of the fence shall be closed with extra fabric or wire as the Engineer directs. If extra length posts are needed at such locations, the Contractor shall furnish and install the longer posts in lieu of the standard length posts, together with any intermediate posts, stakes, braces, extra fabric, or wires as may be required. All such work and materials will be incidental to fence construction and no direct compensation will be made therefor except where the Contract specifically provides payment for any part or all of such work under separate items.

The Contractor shall make field repairs according to the manufacturer's recommendations.

B Installing Posts, Rails and Braces

B1 General

Posts shall be set plumb except at locations where the Engineer deems it more practical for the posts to be set perpendicular to the slope of the ground.

Corner posts, pull posts, end posts, and gate posts shall be installed at locations shown in the Plans or designated by the Engineer. In general, corner post assemblies will be required at all horizontal angle points where the deflection exceeds 20 degrees. Where practical, pull posts shall be spaced to provide a braced post at all points where:

- (a) The vertical alignment deflects by more than 20 degrees.
- (b) The post anchorage is necessary to counteract wire uplift.
- (c) An abrupt grade change on short runs cannot be avoided by shaping the ground to a uniform contour.

When fence posts are driven, the post top shall be protected against damage. All posts that are damaged during installation shall be removed and replaced.

When posts are placed on concrete walls, curbs or other concrete structures, methods and materials used for anchoring posts shall be as specified in the Plans.

If solid rock is encountered above the required elevation of the bottom of a post, the post shall be set at least 300 mm (12 inches) into the rock or with its bottom at the required elevation, whichever requires the lesser excavation into the rock. In such cases, the post shall be cut off at the bottom to provide the required height above the ground surface. Holes in rock shall provide a minimum clearance of 25 mm (1 inch) around the post, and shall be filled around the post with grout consisting of one part Portland cement, 0.1 part hydrated lime (if

desired) and 2 parts mortar sand, with sufficient water to give the proper consistency.

Concrete for setting posts and braces shall be thoroughly compacted around the posts and allowed to cure for not less than 3 days before the fence wire is installed.

The concrete may be poured into prebored holes without forming, provided the earth is firm enough to permit satisfactory placement and care is taken to prevent contamination of the concrete during placement.

Except as otherwise required for posts and braces set in rock or concrete, the annular space around all posts set in prebored holes shall be backfilled in layers using selected material from the excavation (unless special material is provided), with each layer thoroughly compacted to produce a rigid post setting.

All surplus excavated material shall be disposed of in low areas along the fence line, or as directed by the Engineer, and the adjacent area shall be finished neatly.

B2 Metal Post Installations

All posts for chain-link fabric fencing shall be set in concrete as provided for in the Plans, except that line posts may be driven provided that posts of sufficient extra length are furnished to allow drive setting at least 1.2 m (4 feet) into the ground.

Rolled steel line posts shall be driven.

Rolled steel end posts, corner posts and pull posts (together with the required braces) may be provided with anchor plates and brace plates and set in dug holes, or the anchor and brace plates may be omitted and the posts and braces set in concrete. All excavations around the posts and braces shall be backfilled, using the excavated material, and the backfill shall be thoroughly compacted.

Rolled steel gate posts shall be set in concrete.

At those locations where the Plans require the use of metal post extensions, the Contractor shall furnish and install posts of such extra length as may be directed by the Engineer. Where post splicing is necessary, the pipe ends at the splice shall be threaded and joined, employing a standard thread, coupling of the same material. Splices in the exposed upper portion of the post shall be avoided where practicable. A suitable plug shall be provided in the bottom end of each extended post.

B3 Wood Post Installations

Wood posts may be driven or set in prebored holes. In either case the larger end of the post shall be placed in the ground. When posts are driven, the end placed in the ground may be cut square or pointed. Except for holes in rock, the diameter of post holes shall be sufficiently large to provide a clearance of at least 75 mm (3 inches) around the post so as to permit proper backfill and compaction.

Wood braces shall conform to 3413, so far as they are applicable. The diameters of wood braces as shown in the Plans shall be construed to be the minimum permissible diameter at the small end, but the diameter at the small end shall be no greater than the top diameter of the smaller adjacent post.

C Installing Fence Wire

All fence wire shall be installed and pulled tight in accordance with standard practice and the recommendations of the manufacturer.

C1 Chain Link Fabric

Chain link fabric shall be placed in continuous runs between corner, end, and gate posts. The fabric shall be installed on the side of line posts that face away from the main road; except when the Engineer directs otherwise because of snow plowing or other concerns. Impacts from snow plowing should stress the posts rather than the fasteners.

At all ends of chain link fabric, a stretcher bar shall be threaded through the fabric loops and fastened to the posts by means of clamps as shown in the Plans.

Splices in the chain link fabric shall be made by weaving in a pre-bent wire of the same kind as that in the fabric.

C2 Barbed Wire and Woven Wire

Unless otherwise directed by the Engineer, barbed wire and woven wire to be installed on tangent alignment or on curves of 1 degree or less shall be placed on the side of line posts that faces away from the main roadbed. Where the fence is placed on horizontal curves exceeding 1 degree, the wire shall be placed on the side of line posts that is on the outside of the curve. At all corners the post shall be offset to the inside so that the wire will bear against the post.

Fence wire shall be fastened to end, corner, gate, or pull posts before being fastened to intermediate line posts. Woven wire shall be stretched until all longitudinal wires are taut and approximately 30 percent of the factory fabricated fence crimp (tension curves) has been removed.

At all major vertical grade changes, woven wire shall be cut and spliced at the pull post as may be necessary to obtain and maintain uniform tension in all horizontal wires. To the extent feasible, tension curves may be increased in number or depth, by use of a wire crimping tool, so as to accomplish the same objective.

Wires shall be fastened to metal line posts by means of approved wire clips or clamps and to wood posts by means of galvanized staples. Where the wire is looped around end, corner, or pull posts, the wire shall be wrapped around itself not less than 4 complete turns.

Wire staples of the U-shaped type shall be at least 45 mm (1-3/4 inches) long when used in pine posts and at least 50 mm (2 inches) long when used in cedar posts. L-shaped staples (with

serrated, barbed or ring shanks) may be of a length not less than 38 mm (1-1/2 inches).

U-shaped staples shall be driven diagonally across the wood grain so that both points do not enter between the same grain. Staples shall be sloped slightly upward, against the pull of the wire, in depressions where wire up-lift occurs, and shall be sloped slightly downward on level ground and over knolls. Wires shall be stapled tightly at corner, end, and pull posts, but on line posts the staples shall not be driven so tightly as to prevent movement of the wire. In no case shall staples be driven so tight as to damage the wire.

Splicing of wire at locations between posts shall be accomplished with an approved type of splicing sleeve or by wrapping each wire end around the other wire a sufficient number of turns to ensure a lasting connection. From 4 to 6 turns will be required, depending on the splicing method used, the type of wire, and the quality of workmanship. The Engineer will require that a splicing tool be used to obtain uniformly tight wraps where hand wrapping is not satisfactory.

Where splicing sleeves are used on woven wire, the horizontal distance between vertical wires shall be maintained approximately the same as that in the wire as fabricated. When woven wire is spliced by the wrap method, the two end stay wires shall abut each other and be enclosed within the wrap.

D Installing Gates

Where the Plans require gates, each gate shall be equipped with a "padlock keeper" of a design that will permit locking the gate with a padlock. The padlock will be furnished by the Department.

E Electrical Grounds

Electrical grounds consisting of copper coated steel rods having a nominal diameter of 15 mm (5/8 inch) or more and a minimum length of 2.4 m (8 feet) shall be installed along each fence line at the staked locations.

Ground rods shall be driven to an elevation approximately flush with the ground surface, at points directly below or adjacent to the fence wire, and each ground rod shall be connected to the fence with a solid No. 6 copper wire. The ground wire shall be attached to the ground rod and to the fence wires with approved type metal clamps in such a manner that each longitudinal fence wire is electrically grounded. No more than one connection will be required on woven wire and chain link fabric, that being near the bottom at each ground rod.

Electrical grounds are to be installed at locations established in accordance with the following requirements:

- (1) An electrical ground shall be installed on each fence line at the approximate point of crossing of each electric power line, and two grounds shall be installed at each pedestrian gate, one on each side of the gate opening and as close to the gate post as practicable.

- (2) Additional grounds shall be installed on each fence line as necessary to maintain a desired maximum spacing between grounds of 450 m (1500 feet) on fences where metal posts are used and 300 m (1000 feet) on fences where wood posts are used.
- (3) A minimum of one electrical ground shall be installed on each separate section of fence. A separate section of fence shall be defined as a run on which the electrical continuity has not been broken by gates, terminal posts, etc.
- (4) On each separate section of fence, the spacing of electrical grounds shall be as uniform as practicable and such that a ground will be located within a distance from each end not greater than one-half the desired maximum spacing interval.

2557.4 METHOD OF MEASUREMENT

A Wire Fence

Fence of each design will be measured separately, by length along the bottom of the fence, from center to center of end posts, exclusive of the lengths of gates as measured between gate posts.

B Brace Assemblies

Brace assemblies of each kind (wood or metal) will be measured separately by the number of each kind constructed complete-in-place, regardless of length, design, or anchorage. A brace assembly shall consist of a single wood or metal brace, installed as either a leg brace or as a horizontal brace between two consecutive posts (brace assemblies for chain link fences shall consist of two brace bars and a truss rod), together with the required brace plate or concrete anchor, post anchorages, and guy wires or truss rods.

C Electrical Grounds

Measurement will be by the number of ground rods and connections furnished and installed complete-in-place.

D Gates

Measurement will be by the number of individual units constructed complete-in-place.

E Metal Post Extensions

Metal post extensions will be measured by length of extensions, determined as the difference between the standard driven post length and the actual post length as installed.

2557.5 BASIS OF PAYMENT

Payment for fence of each design at the Contract price per unit of measure will be compensation in full for all costs of the installation and materials except those that the Contract specifically designates as having been included for payment under separate items.

Payment for brace assemblies of each kind at the Contract price per unit of measure will be compensation in full for furnishing and installing

the braces as specified, including the required brace plate or concrete anchor, post anchorages, and all guy wires or truss rods.

Payment for electrical grounds at the Contract price per unit of measure will be compensation in full for all costs of furnishing and - installing the ground rods as specified, complete with ground wire and connectors.

Payment for gates of each kind at the Contract price per unit of measure will be compensation in full for all costs of furnishing and installing the complete gate assembly as specified.

Payment for furnishing and installing metal fence post extensions as directed by the Engineer, at the Contract price per unit of measure will be compensation in full for all costs of furnishing and installing the post extensions as specified.

Payment for fencing will be made on the basis of the following schedule:

Highway-Railroad Grade Crossing Signals

2560.1 DESCRIPTION

This work shall consist of furnishing materials for and installing electrically operated highway-railroad grade crossing signals of the flashing light type, together with crossing gates and cantilever type signals if so required by the Contract.

2560.2 MATERIALS

A General Requirements

All materials and signal parts furnished by the Contractor shall meet the applicable requirements of the Association of American Railroads, the Railroad on whose line the signal will be installed, and the Rules and Specifications for Signs and Signals for Installations at Highway-Railroad Crossings contained within Chapter 8830 of Minnesota Rules, as last issued prior to the date of advertisement for bids.

3401.2

F Galvanizing

All posts shall be galvanized in accordance with ASTM A 123.

3401.3 INSPECTION AND TESTING

The posts will be inspected for compliance with the foregoing requirements at such time and place as the Engineer may elect.

The supplier shall furnish a certified mill analysis giving the chemical composition of each lot or heat of posts delivered.

Samples for testing may be taken by the Engineer from any posts furnished.

If, during the inspection of any lot of posts, it becomes apparent that the quantity of rejections will exceed 20 percent of the entire lot, the Engineer may reject the entire lot.

3403

Rolled Steel Fence Posts

3403.1 SCOPE

This Specification covers rolled steel posts and angles used for fencing.

3403.2 REQUIREMENTS

Rolled steel line posts and all angle-section post assemblies (for end, gate, corner, or intermediate brace assemblies) shall be furnished in accordance with ASTM A 702 and the details shown in the Plans.

3403.3 INSPECTION AND TESTING

The posts and braces will be inspected for compliance with the foregoing requirements at such time and place as the Engineer may elect.

The supplier shall furnish a certified mill analysis giving the chemical composition of each lot or heat of posts delivered. Samples for testing may be taken by the Engineer from any posts furnished.

3406

Structural Metal Fence Posts

3406.1 SCOPE

This Specification covers tubular metal posts and rails, and metal roll-formed "C" posts, with fittings, for fencing.

3406.2 REQUIREMENTS

A Materials

The posts, rails, hardware, and fittings shall be manufactured in accordance with AASHTO M 181. Grade 1 and Grade 2 posts will be allowed, except as follows: Grade 1 posts shall conform to ASTM A 53 for Schedule 40 galvanized steel pipe with plain ends. In addition to

the requirements of AASHTO M 181, interior coatings on Grade 2 posts will be required to withstand 650 hours of exposure to salt spray with no more than 5 percent red rust, when tested in accordance with ASTM B 117. The Contractor shall obtain prior approval from the Materials Engineer before using Grade 2 posts.

Posts for a Project shall be of the same grade and coating type. Post shall be Grade 1 when welding is required by the Contract.

Coatings on posts, hardware, and fittings shall be applied after welding and fabrication activities.

Tie wires, clips, and bands used for fastening chain link fabric to posts, rails, and braces shall be as specified in AASHTO M 181.

Type IV (PVC) posts, rails, frames, sleeves, and hardware items shall be first coated with zinc and then Class B bonded to a minimum vinyl thickness of 250 μm (0.01 inch).

B Dimensions

Posts, rails, and stretcher bars shall be as shown in the Contract. The AASHTO M 181 acceptable tolerance shall govern, except that posts more than 13 mm ($\frac{1}{2}$ inch) under the specified length will not be accepted.

All fittings and hardware shall be designed and fabricated to fasten to the posts in the proper manner. The tops shall be designed to fit securely over the posts.

3406.3 INSPECTION AND TESTING

Inspection for compliance with the foregoing requirements will be at such time and place as the Engineer may elect.

If, during the inspection of any lot, it becomes apparent that the quantity of rejections will exceed 20 percent of the entire lot, the Engineer may reject the entire lot.

Along with the samples, the Contractor shall provide a manufacturer's certification that the material was manufactured, sampled, tested, and inspected in accordance with these Specifications and has been found to meet these requirements.

3412

Wood Guardrail Posts

3412.1 SCOPE

This Specification covers preservative treated wood posts for use in guardrail construction. It includes both round posts and sawed timber posts of rectangular cross section, together with offset blocks.

3412.2 REQUIREMENTS

A Round Posts

A1 Species of Wood

pitch pockets; wane approximately one-eighth of any face; shakes approximately one-third the thickness; knots well spaced, sound and tight, knot clusters not permitted; knots may be anywhere, but the knot sizes shall not exceed 30 mm in 130 mm (1-3/16 inches in 5 inch) widths, 40 mm in 150 mm (1-1/2 inches in 6 inch) widths, or 50 mm in 200 mm (2 inches in 8 inch) widths. In rectangular sizes the wider face determines the size of the knots permitted.

D2 Dimensions

The posts and offset blocks shall be sawn to the full nominal dimensions shown in the Plans. Surfacing will not be required. Slight variations in sawing will be permitted to the extent that variations from the nominal for dry material shall not exceed 6 mm (1/4 inch) under or 13 mm (1/2 inch) over.

C Preservative Treatment

All posts and offset blocks shall be treated in accordance with 3491. The treated posts and offset blocks shall have a dry surface, a brown color when creosote treated, and shall be free of excess oil.

3412.3 INSPECTION 3426

3413

Wood Fence Posts (Treated)

3413.1 SCOPE

This Specification covers preservative treated wood posts for use in fence construction.

3413.2 REQUIREMENTS

A Species of Wood

The posts shall be of Northern White Cedar or any species of pine, except Lodgepole, and shall be cut from live, growing trees.

B Seasoning

Posts shall be sufficiently air-seasoned, in an approved manner for a suitable length of time and under favorable climatic conditions, or otherwise conditioned as part of the treating process to permit adequate penetration of preservative without damage to the posts.

C Manufacture

C1 Peeling

The posts shall have all of the inner bark shaved off and the knots shall be closely trimmed before the posts are treated.

C2 End Finish

The ends of all posts shall be cut square unless they are to be set by driving, in which case the larger end may have a blunt point. The length of the point shall not be more than one and one-half times the diameter of the pointed end.

3413.2

C3 Dimensions

Only naturally round posts will be acceptable. The length and minimum diameter of the posts shall be as shown in the Plans or specified in the Contract. Posts with a diameter at the small end up to 50 mm (2 inches) greater than the minimum specified will be acceptable.

The diameters of wood posts as shown in the Plans shall in all cases be construed to be the minimum permissible diameter at the small end.

C4 Quality

Knots will be permitted if sound, smoothly trimmed, and plainly do not impair the strength of the posts.

Excessive checking will not be permitted.

Short kinks will not be permitted. A line drawn between centers of the butt and tip shall not fall outside the center of the post by more than 2 percent of the post length.

Winding twist will be permitted provided it is not unsightly or exaggerated.

No decay will be permitted except that in Northern White Cedar, one pipe rot not over 6 mm (1/4 inch) in diameter will be allowed.

Defects of any kind that, in the opinion of the Engineer, give the post an unsightly appearance or impair the strength or durability will be cause for rejection.

D Preservative Treatment

Posts shall be treated in accordance with 3491.

All cutting, trimming and pointing of ends shall be done prior to treatment.

The treated posts shall have a dry surface, a dark brown to black color when creosote treated and shall be free from dripping or excessive oil.

GENERAL INSURANCE REQUIREMENTS

The Contractor/Contract Vendor (Contract Vendor), and/or their authorized distributor, dealer, reseller, subcontractor (Subcontractor), shall maintain insurance to cover claims which may arise from operations under this Contract, whether such operations are by the Contract Vendor, their Subcontractor, or by anyone directly or indirectly employed under this Contract. The State will determine whether the Contract Vendor or the Contract Vendor's Subcontractor insurance will be filed with the State.

The Contract Vendor, or their Subcontractor, shall not commence work under the Contract until they have obtained all the insurance described below and the State of Minnesota has approved such insurance. The Contract Vendor, or their Subcontractor, under this Contract can provide applicable services to the State of Minnesota and/or CPV members, hereinafter referred to as Owner.

All policies and certificates shall provide that the policies shall remain in force and effect throughout the term of the Contract.

REQUIREMENTS FOR THE CONTRACT VENDOR OR THEIR SUBCONTRACTOR:

The Contract Vendor's policy(ies), or their Subcontractor's policy(ies), shall be primary insurance to any other valid and collectible insurance available to the state of Minnesota with respect to any claim arising out of this Contract.

An Umbrella or Excess Liability insurance policy may be used to supplement the Contract Vendor's policy limits, or their Subcontractor's policy limits, to satisfy the full policy limits required by the Contract.

The Contract Vendor's policy(ies), or their Subcontractor's policy(ies), shall contain a provision that coverage afforded under the policy(ies) will not be cancelled without at least thirty (30) days advance written notice to the State of Minnesota.

The Contract Vendor, or their Subcontractor, is responsible for payment of Contract related insurance premiums and deductibles.

If the Contract Vendor, or their Subcontractor, is self-insured, a Certificate of Self-Insurance must be attached.

The Insurance Companies used must have an "AM Best" rating of A- (minus), Financial Size Category (FSC) VII or better, and be authorized to do business in the State of Minnesota.

NOTICE TO THE CONTRACT VENDOR OR THEIR SUBCONTRACTOR:

The failure of the State of Minnesota to obtain Certificate of Insurance, for the policies required under this Contract or renewals thereof or failure of the insurance company to notify the State of the cancellation of policies required under this Contract shall not constitute a waiver by the Owner to the Contract Vendor, or their Subcontractor, to provide such insurance.

The Owner will reserve the right to immediately terminate the Contract if the Contract Vendor, or their Subcontractor, is not in compliance with the insurance requirements and the Owner retains all rights to pursue any legal remedies against the Contract Vendor or their Subcontractor. All insurance policies must be open to inspection by the state, and copies of policies must be submitted to state's authorized agent upon written request.

NOTICE TO INSURER:

The Contract Vendor's insurance company, or their Subcontractor's insurance company, waives its right to assert the immunity of the State as a defense to any claims made under said insurance.

POLICY REQUIREMENTS:

1. Workers' Compensation Insurance:

- A. Statutory Compensation Coverage. If MN Statute 176.041 exempts the Contract Vendor, or their Subcontractor, from Workers' Compensation insurance or if the Contract Vendor, or their Subcontractor, has no employees in the State of Minnesota, the Contract Vendor, or their Subcontractor, must provide a written statement, signed by the authorized signer of the Contract, stating the qualifying exemption that excluded the Contract Vendor, or their Subcontractor, from MN Workers' Compensation requirements.

If during the course of the Contract the Contract Vendor, or their Subcontractor, becomes eligible for Workers' Compensation, the Contract Vendor, or their Subcontractor, must comply with the Workers' Compensation Insurance requirements included herein and provide the State of Minnesota with a certificate of insurance.

- B. Coverage B – Employer's Liability with limits of not less than:
\$100,000 Bodily Injury by Disease per Employee
\$500,000 Bodily Injury by Disease Aggregate
\$100,000 Bodily Injury by Accident

Evidence of Subcontractor insurance shall be filed with the Contract Vendor or as directed by the State.

2. Automobile Liability Insurance:

The Contract Vendor, or their Subcontractor, shall maintain insurance to cover liability arising out of the operations, use, or maintenance of all owned, non-owned and hired automobiles.

- A. Minimum Limits of Liability:
\$2,000,000 - Per Occurrence – Bodily Injury and Property Damage Combined Single Limit
- B. Coverages:
☒ Owned Automobile
☒ Non-owned Automobile
☒ Hired Automobile

Evidence of Subcontractor insurance shall be filed with the Contract Vendor or as directed by the State.

3. General Liability:

The Contract Vendor, or their Subcontractor, shall maintain insurance protecting it from claims for damages for bodily injury, including sickness or disease, death, and for care and loss of services as well as from claims for property damage, including loss of use which may arise from operations under the Contract.

- A. Minimum Limits of Liability:
\$2,000,000 - Per Occurrence
