

We are seeking private security firms thru out the United States that would be interested in partnering with our firm to compete for State and Federal government security contracts. We have capital available for training, recruiting and acquiring additional business.

The ideal partner will employ at least 50 security officers, be capable of providing both armed and unarmed services and must have been in business for at least one year. Experience with aviation or airport security is not required but would be a plus. No direct investment is required from our partners. This is a wonderful opportunity for a small to medium size company that wants to increase its market share. Interested firms should contact Mr. Mark Rangold at darconsulting@yahoo.com.
