

NOTICE TO BIDDERS

HILLSBOROUGH COUNTY AVIATION AUTHORITY

The Hillsborough County Aviation Authority hereby requests, pursuant to the Consultants Competitive Negotiation Act, Florida Statutes 287.055, letters of interest from firms desiring to render construction services for the following project:

LANDSIDE MAIN SWITCHGEAR REPLACEMENT TAMPA INTERNATIONAL AIRPORT HCAA PROJECT NO. 4385 08

Project Description:

This project is to replace the obsolete original Landside main electrical switchgear with modern, Square D switchgear and circuit breakers similar to what is installed at other facilities recently constructed at Tampa International Airport.

Additional Project Information:

Phased installation and removal of drawout low voltage (600 v or below) switchgear, extension of existing service entrance bus duct to new locations of switchgear main breakers, extension of existing feeder bus duct to new feeder breakers in new switchgear line ups, extension of existing cable feeders to new feeder breakers in existing switchgear line ups, coordination with manufacturer field service engineering group to fabricate and manufacture equipment connections required between new and existing equipment, and coordination and scheduling shut downs with owners and utility company.

The approximate total project cost including design, construction, construction contract administration, inspection, and other related administrative costs for this project is \$1,400,000.00. The consultant will be required to prepare its own construction cost estimates for this project.
