 - 8.5.3 The Bidder gave Tri-City Health Center written notice within **five (5)** days after the opening of the Bids of the mistake, specifying in the notice in detail the nature of the mistake and how the mistake occurred.

9. OPENING AND INITIAL REVIEW OF BIDS BY TRI-CITY HEALTH CENTER

- 9.1 Bids which have been submitted in accordance with the requirements of the Bidding Documents, and which are received on or before the Bid Deadline will be opened publicly, and the dollar amounts of each bid shall be read aloud.
- 9.2 Tri-City Health Center shall have the right to reject all Bids.
- 9.3 Tri-City Health Center shall have the right to reject any Bid not accompanied by any item required by the Bidding Documents, or a Bid that is in any other way incomplete or irregular.
- 9.4 Tri-City Health Center shall have the right to waive irregularities in a Bid, and to award the Contract to the Lowest Responsible Bidder (as determined by Tri-City Health Center), only if the irregularities are non-material and inconsequential.

10. TRI-CITY HEALTH CENTER'S DETERMINATION OF LOWEST RESPONSIBLE BIDDER

- 10.1 The term "Lowest Responsible Bidder" shall mean the "Lowest Monetary Bidder" whose Bid is "responsive," and who is "responsible" to perform the Work required by the Contract Documents, as those terms are defined by State law, including California Public Contract Code sections 20161, *et seq.* This section 10 summarizes the procedure by which Tri-City Health Center will determine the "Lowest Responsible Bidder" in accordance with State law.
- 10.2 Tri-City Health Center shall determine the "Lowest Monetary Bidder" on the basis of the Bid Amount, in accordance with the calculation criteria set forth on the Bid.
- 10.3 After the "Lowest Monetary Bidder" has been determined, the Lowest Monetary Bidder's Bid will be evaluated by the Project Manager in order to determine whether or not that Bid is "responsive." The term "responsive" is defined by State law, but generally means that the Bid has been prepared and submitted in accordance with the requirements of the Bidding Requirements.
- 10.4 If the Lowest Monetary Bidder's Bid is responsive, that Bidder's qualifications will be evaluated by the Project Manager to determine whether or not the Bidder is "responsible" to perform the Work required by the Contract Documents. The

TRI-CITY HEALTH CENTER CONTRACT DOCUMENTS

Project Manager shall review “responsibility” of Bidders based upon Tri-City Health Center’s analysis of the information submitted as a part of the Bid Forms in accordance with the criteria set forth in Instructions To Bidders section 11.

- 10.5 If the Project Manager finds that the Lowest Monetary Bidder submitted a responsive Bid, and that the Bidder is responsible, then that Bidder shall be deemed the apparent “Lowest Responsible Bidder”.
- 10.6 If the Project Manager finds that the Lowest Monetary Bidder’s Bid is not responsive, or that the Lowest Monetary Bidder is not responsible, then the Project Manager may review the responsiveness and responsibility of the next Low Monetary Bidder. If the Project Manager finds that the next Low Monetary Bidder is responsive and responsible, then that next Low Monetary Bidder shall be deemed the apparent “Lowest Responsible Bidder”. This process may continue until the Project Manager finds the Lowest Monetary Bidder, which is also responsive and responsible. In the event that one or more Low Monetary Bidders are found by the Project Manager to be non-responsive or non-responsible, those Bidders will be given notice and a reasonable opportunity to present additional relevant evidence to the Project Manager, within **five (5)** working days after the Bidder receives the notice.
- 10.7 Tri-City Health Center may investigate the responsibility and qualifications of all Bidders to whom the award is contemplated for a period not to exceed **sixty (60)** days after the Bid opening. The **sixty (60)** day review period may be extended upon the written request by the Project Manager and written approval by the affected Bidders.

11. TRI-CITY HEALTH CENTER’S DETERMINATION OF RESPONSIBILITY

- 11.1 The term “responsible” is defined by California law, but generally means that the Bidder is able to demonstrate that it possesses: (1) the capacity to perform the Work required by the Contract Documents with respect to financial strength, resources available, and experience; and (2) the integrity and trustworthiness to complete performance of the Work in accordance with the Contract Documents. Tri-City Health Center may consider the following factors, in relation to the Work to be performed for this Project, in determining whether or not a Bidder is “responsible”:
 - 11.1.1 Demonstrated financial strength including, but not limited to, resources available, bonding capacity, and available insurance.
 - 11.1.2 Successful completion of projects of similar scope and size. In reviewing this factor, Tri-City Health Center may consider elements including, but not limited to, contract amount of completed projects, timeliness of performance, and, if necessary, evaluation of Bidder’s work by previous clients, or subcontractors.
 - 11.1.3 History of claims, litigation, and termination or disqualification from projects.
- 11.2 Tri-City Health Center will make its determination of responsibility based upon information submitted by Bidders with the Bid Forms, and, if necessary, interviews with previous clients, or subcontractors with whom the Bidder and the Bidder’s subcontractor have worked. If a non-responsive or non-responsible Bidder submits additional evidence pursuant to Instructions To Bidders section 10, then that additional evidence shall be considered by the Project Manager in making its determination of the Lowest Responsible Bidder, and award of the Contract.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
