- 2. Staffing and Project Organization 25%**

Qualifications of project staff, particularly key personnel and especially the Project Manager; key personnel's level of involvement in performing related work cited in "Qualifications of the Firm" section; logic of project organization; adequacy of labor commitment; concurrence in the restrictions on changes in key personnel.
- 3. Work Plan 30%**

- 4. Cost and Price 20%**

Reasonableness of the total price and competitiveness of this amount with other offers received; adequacy of data in support of figures quoted; reasonableness of individual task budgets.

B. EVALUATION PROCEDURE

An evaluation committee will be appointed to review all proposals received for this RFP. The committee is comprised of Authority staff and may include outside personnel. The committee members will evaluate the written proposals using criteria identified in Section III A. A list of top ranked proposals, firms within a competitive range, will be developed based upon the totals of each committee members' score for each proposal.

During the evaluation period, the Authority may interview some or all of the proposing firms. The Authority has established **February 2, 2010**, as the date to conduct interviews. All prospective Offerors will be asked to keep this date

available. No other interview dates will be provided, therefore, if an Offeror is unable to attend the interview on this date, its proposal may be eliminated from further discussion. The interview may consist of a short presentation by the Offeror after which the evaluation committee will ask questions related to the firm's proposal and qualifications.

At the conclusion of the proposal evaluations, Offerors remaining within the competitive range may be asked to submit a Best and Final Offer (BAFO). In the BAFO request, the firms may be asked to provide additional information, confirm or clarify issues and submit a final cost/price offer. A deadline for submission will be stipulated.

At the conclusion of the evaluation process, the evaluation committee will select the Offeror with the highest final ranking or a short list of top ranked firms within the competitive range whose proposal(s) is most advantageous to the Authority.

C. AWARD

The Authority will evaluate the proposals received and will select the proposal considered to be the most competitive. The Authority may also negotiate contract terms with the selected Offeror prior to award, and expressly reserves the right to negotiate with several Offerors simultaneously and, thereafter, to award a contract to the Offeror offering the most favorable terms to the Authority.

The Authority reserves the right to award its total requirements to one Offeror or to apportion those requirements among several Offerors as the Authority may deem to be in its best interest. In addition, negotiations may or may not be conducted with Offerors; therefore, the proposal submitted should contain Offeror's most favorable terms and conditions, since the selection and award may be made without discussion with any Offeror.

D. NOTIFICATION OF AWARD AND DEBRIEFING

Offerors who submit a proposal in response to this RFP shall be notified via CAMM NET of the contract award. Such notification shall be made within three (3) days of the date the contract is awarded.

Offerors who were not awarded the contract may obtain a debriefing concerning the strengths and weaknesses of their proposal. Unsuccessful Offerors, who wish to be debriefed, must request the debriefing in writing or electronic mail and the Authority must receive it within three (3) days of notification of the contract award.

SCOPE OF WORK

SCOPE OF WORK

LOCAL TRANSPORTATION AUTHORITY M2 TRIENNIAL REVIEW

BACKGROUND

On November 7, 2006 the voters of Orange County approved with 69.7% of the vote a Renewed Measure M (M2) investment plan. The plan provides a revenue stream from April, 2011 through April, 2041 to fund a litany of transportation improvements that work in conjunction with, and are in addition to, the projects approved in the original Measure M (M1) investment plan that expires in April, 2011. M2 has an accompanying ordinance that provides for added safeguards.

The Orange County Transportation Authority (Authority) intends to build on the experience gained in administering the M1 program to benefit the M2 program. Also, while M2 revenues will not be received until 2011, the Board of Directors has approved an Early Action Plan so preparatory work on some projects has begun, requiring several administrative functions to be adequately prepared for direct and indirect charges. At this point, the Early Action Plan is well established and will be updated or replaced for the next assessment cycle. This will be an action item for the next review cycle, but not current.

Ordinance No. 3 states: "A performance assessment shall be conducted at least once every three years to evaluate the efficiency, effectiveness, economy and program results of the Authority in satisfying the provisions and requirements of the Investment Summary of the Plan, the Plan and the Ordinance. A copy of the performance assessment shall be provided to the Taxpayers Oversight Committee." Authority General Counsel has opined that the ordinance became effective the day after the election thus starting the clock on the three-year review period. The Taxpayers Oversight Committee (TOC) has recommended that the initial review cover the period from November 8, 2008 through June 30, 2009.

Consultant services are required to conduct an initial triennial performance assessment as required by the Local Transportation Authority Ordinance No. 3. The initial truncated period will cover November 8, 2006 through June 30, 2009. Thereafter, the performance assessment period will span from July 1, 2009 through June 30, 2012 and then each subsequent three year period.

A. Scope

The Scope of Work for this project includes a Measure M2 performance assessment of the Authority for the period of November 8, 2006 through June 30, 2009. This will be the first performance assessment conducted for Measure M2. The Consultant shall report project progress to the OCTA Measure M Program Director. The scope of this effort is

focused on performance and any matters involving accounting controls should be referred to a handling under Internal Audit standards conformance task.

Task 1: M2 Early Action Plan (EAP)

The Consultant shall examine the appropriateness of advancing projects vs. “pay as you go.” The Consultant shall determine if the EAP was sufficiently defined to create a reasonable set of project initiation efforts. The Consultant shall determine if an appropriate resource analysis to deliver the program was performed and what steps were taken to implement any recommendations. The Consultant shall evaluate approach, procedures and actions taken to implement and/or allocate funds to advance specific programs or projects. The Consultant shall determine whether OCTA utilized an adequate and open public process in determining the projects that were included in the Early Action Plan.

Task 2: M2 Plan of Finance

The Consultant shall determine if OCTA's initial Plan of Finance was sufficiently complete to accommodate the early action projects. The Consultant shall assess if there are aspects of the Plan of Finance that should have been clarified, expanded or otherwise enhanced to make the Plan more useful and or understandable to the public and program management.

Task 3: Readiness and Market Conditions Studies and Follow-up

The Consultant shall identify how OCTA has succeeded in implementing recommendations identified by the studies and determine reasonable accomplishment dates for each recommendation.

Task 4: Outreach and Public Communications

The Consultant shall identify what steps were taken to communicate activities related to the EAP development, Plan of Finance Development and project activities. The Consultant shall assess if reasonable measures are being utilized and whether changes are necessary.

Task 5: Taxpayer Oversight Committee

The Consultant shall assess the appropriateness of the process by which the Taxpayers Oversight Committee was formed and convened. The Consultant shall review meeting minutes, correspondence and otherwise ascertain that all elements of TOC roles and responsibilities were fulfilled (i.e. annual certification from chair). Taxpayer Oversight Committee minutes and reports shall be specifically provided for review by consultants.

Task 6: State Board of Equalization (SBOE)

The SBOE acts as OCTA's collection agent for the tax funded revenue. The Consultant shall review the official requirements of the tax collection/distribution agreement and report on the existence and detail of the agreement. Tax collection matters can be subsequently considered with items such as sales tax, but are not relevant to this effort until collection activities begin in 2011.

Task 7: Environmental Committees Program Oversight

The Consultant shall assess the appropriateness of the process by which the environmental committees for water quality allocation and freeway mitigation program oversight were formed and convened. The Consultant shall assess if the requirements and responsiveness of both committees are being fulfilled consistent with the Ordinance.

Task 8: Revenue Forecasting

The Consultant shall assess and report on the scope and appropriateness of OCTA's efforts to forecast revenues. Examples of questions to assess are as follows:

- (1) Have the forecasting techniques been reasonable and have the techniques been updated to recognize changed economic conditions?
- (2) How has OCTA reacted to the economic realities in using the economic forecasts?
- (3) Do results imply that changes should be made in the way OCTA forecasts revenues?

Task 9: Project Management Controls

The Consultant shall assess to what extent the Authority has accomplished clear and concise project controls beginning with development of program management procedures. The Consultant shall recommend the appropriate split of roles between the project managers, finance and Contracts Administration and Materials Management (CMM) for approvals (i.e. approval of invoices). The Consultant shall review current performance measurements and make recommendations for specific measurements to be tracked and reported to the TOC. The Consultant shall consider further additions or enhancements to the potential management controls to enable further a broader review scope including reporting frequency, formats, and general content. It will likely be the next review cycle before procedures and processes developed by local municipalities will be advanced sufficiently for audit review. Also, tools and procedures being adopted to enable OCTA to better automatically review program management should be incorporated as they are deployed.

Task 10: Sampling of Change Orders

While it is still early in the processing cycle, the Consultant shall select contracts and agreements and determine the appropriateness, reasonableness and justification for change orders. The Consultant shall determine if the review and approval process for the changes were warranted and justified.

Task 11: Contractual Performance of Vendors

The Consultant shall compare performance of vendors to standards employed by the Director of CAMM to determine if the Authority has consistent M2 procurement and purchasing actions. The Consultant shall determine if CAMM contract administration practices have been equivalently applied to be consistent with the broader OCTA rules and practices.

B. Sampling of Potential Data Sources to Support Work

OCTA's Measure M Program Director will be the contractor's resource for collecting relevant data and referrals to other OCTA personnel. The list of personnel who will provide relevant information to facilitate this scope of work will include OCTA program personnel for Measure M, business and support personnel that directly or indirectly enable program activities and staff who directly participate in Measure M oversight and management including the Taxpayers Oversight Committee.

Among OCTA significant source documents are:

- a) Early Action Plan
- b) Major workshop planning and decision guidelines
- c) Agendas for both OCTA Board of Directors Meetings, the Taxpayer Oversight Committee and the environmental committees
- d) Updated versions of the Early Action Plan
- e) Program guidelines and schedule documents
- f) Financial planning documents
- g) Initial study papers on selected environmental and other focus programs
- h) Initial and follow up public and official program communications
- i) Any relative performance from similar county experience with Measure M-like programs that may be of interest
- j) Taxpayer Oversight Committee planning and guidance documents
- k) Contractor and staffing resource planning documents.

These and other sources will be made available to the consultant.

C. DELIVERABLES

By written notice or order, AUTHORITY may, from time to time, order work suspension and/or make changes in the general scope of this Agreement, including, but not limited to, the services furnished to AUTHORITY by CONSULTANT as described in the Scope of Work. If any such work suspension or change causes an increase or decrease in the price of this Agreement, or in the time required for its performance, CONSULTANT shall promptly notify AUTHORITY thereof and assert its claim for adjustment within ten (10) calendar days after the change or work suspension is ordered, and

an equitable adjustment shall be negotiated. However, nothing in this clause shall excuse CONSULTANT from proceeding immediately with the agreement as changed.

The decision of the Director, Camm, shall be final and conclusive.

B. The provisions of this Article shall not be pleaded in any suit involving a question of fact arising under this Agreement as limiting judicial review of any such decision to cases where fraud by such official or his representative or board is alleged, provided, however, that any such decision shall be final and conclusive unless the same is fraudulent or capricious or arbitrary or so grossly erroneous as necessarily to imply bad faith or is not supported by substantial evidence. In connection with any appeal proceeding under this Article, CONSULTANT shall be afforded an opportunity to be heard and to offer evidence in support of its appeal.

C. Pending final decision of a dispute hereunder, CONSULTANT shall proceed diligently with the performance of this Agreement and in accordance with the decision of AUTHORITY's Director, Camm. This Disputes clause does not preclude consideration of questions of law in connection with decisions provided for above. Nothing in this Agreement, however, shall be construed as making final the decision of any AUTHORITY official or representative on a question of law, which questions shall be settled in accordance with the laws of the state of California.

ARTICLE 13. TERMINATION

A. AUTHORITY may terminate this Agreement for its convenience at any time, in whole or part, by giving CONSULTANT written notice thereof. Thereafter, CONSULTANT

shall have no further claims against AUTHORITY under this Agreement.

B. AUTHORITY may terminate this Agreement for CONSULTANT's default if a federal or state proceeding for the relief of debtors is undertaken by or against CONSULTANT, or if CONSULTANT makes an assignment for the benefit of creditors, or if CONSULTANT breaches any term(s) or violates any provision(s) of this Agreement and does not cure such breach or violation within ten (10) calendar days after written notice thereof by AUTHORITY. CONSULTANT shall be liable for all reasonable costs incurred by AUTHORITY as a result of such default including, but not limited to, reprourement costs of the same or similar services defaulted by CONSULTANT under this Agreement.

B. AUTHORITY hereby consents to CONSULTANT's subcontracting portions of the Scope of Work to the parties identified below for the functions described in CONSULTANT's proposal. CONSULTANT shall include in the subcontract agreement the stipulation that CONSULTANT, not AUTHORITY, is solely responsible for payment to the subcontractor for the amounts owing and that the subcontractor shall have no claim, and shall take no action, against AUTHORITY, its officers, directors,

ARTICLE 22. OWNERSHIP OF REPORTS AND DOCUMENTS

A. The originals of all letters, documents, reports and other products and data produced under this Agreement shall be delivered to, and become the property of AUTHORITY. performance of this Agreement shall not, without prior written approval of AUTHORITY, be used for any purposes other than the performance under this Agreement, nor be disclosed to an entity not connected with the performance of the project. CONSULTANT shall comply with AUTHORITY's policies regarding such material. Nothing furnished to CONSULTANT, which is otherwise known to CONSULTANT or is or becomes generally known to the related industry shall be deemed confidential. S. letters patent or copyright and CONSULTANT shall pay all costs and damages finally awarded in any such suit or claim, provided that CONSULTANT is promptly notified in writing of the suit or claim and given authority, information and assistance at CONSULTANT's expense for the defense of same. However, CONSULTANT will not indemnify AUTHORITY if the suit or claim results from: (1) AUTHORITY's alteration of a deliverable, such that said deliverable in its altered form infringes upon any presently existing U.S. letters patent or copyright; or (2) the use of a deliverable in combination with other material not provided by CONSULTANT when such use in combination infringes upon an existing U.S. letters patent or copyright.

B. CONSULTANT shall have sole control of the defense of any such claim or suit and all negotiations for settlement thereof. CONSULTANT shall not be obligated to indemnify AUTHORITY under any settlement made without CONSULTANT's consent or in the event AUTHORITY fails to cooperate fully in the defense of any suit or claim, provided, however, that said defense shall be at CONSULTANT's expense. If the use or sale of said item is enjoined as a result of such suit or claim, CONSULTANT, at no expense to AUTHORITY, shall obtain for AUTHORITY the right to use and sell said item, or shall substitute an equivalent item acceptable to AUTHORITY and extend this patent and copyright indemnity thereto.

DRUG-FREE WORKPLACE ACT OF 1988

THE FEDERAL LAW

This law, enacted November 1988, with subsequent modification in 1994 by the Federal Acquisition Streamlining Act, (*raising the contractor amount from \$25,000 to \$100,000*), requires compliance by all organizations contracting with any U. S. Federal agency in the amount of \$100,000 or more that does not involve the acquisition of commercial goods via a procurement contract or purchase order, and is performed in whole in the United States. It also requires that *all* organizations receiving federal grants, regardless of amount granted, maintain a drug-free workplace in compliance with the Drug-Free Workplace Act of 1988. The Law further requires that all *individual* contractors and grant recipients, regardless of dollar amount/value of the contract or grant, comply with the Law.

Certification that this requirement is being met must be done in the following manner:

By publishing a statement informing all covered employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the covered workplace, and what actions will be taken against employees in the event of violations of such statement.

By providing **ALL** covered employees with a copy of the above-described statement, including the information that as a condition of employment on the Federal contract or grant, the employee must abide by the terms and conditions of the policy statement.

For Federal contractors this encompasses employees involved in the performance of the contract. For Federal grantees all employees must come under this requirement as the act includes all "direct charge" employees (those whose services are directly & explicitly paid for by grant funds), and "indirect charge" employees (members of grantee's organization who perform support or overhead functions related to the grant and for which the Federal Government pays its share of expenses under the grant program).

Among "indirect charge" employees, those whose impact or involvement is insignificant to the performance of the grant are exempted from coverage. Any other person, who is on the grantee's payroll and works in any activity under the grant, even if not paid from grant funds, is also considered to be an employee. Temporary personnel and

consultants who are on the grantee's payroll are covered. Similar workers, who are not on the grantee's payroll, but on the payroll of contractors working for the grantee, are not covered even if physical place of employment is in the grantee's workplace.

By establishing a continuing, drug-free awareness program to inform employees of the dangers of drug abuse; the company's drug-free workplace policy; the penalties for drug abuse violations occurring in the workplace; the availability of any drug counseling, rehabilitation, and/or employee assistance plans offered through the employer.

By requiring each employee directly involved in the work of the contract or grant to notify the employer of any criminal drug statute conviction for a violation occurring in the workplace not less than five (5) calendar days after such conviction.

By notifying the Federal agency with which the employer has the contract or grant of any such conviction within ten (10) days after being notified by an employee or any other person with knowledge of a conviction.

By requiring the imposition of sanctions or remedial measures, including termination, for an employee convicted of a drug abuse violation in the workplace. These sanctions may be participation in a drug rehabilitation program if so stated in the company policy.

By continuing to make a "good-faith" effort to comply with all of the requirements as set forth in the Drug-Free Workplace Act.

All employers covered by the law are subject to suspension of payments, termination of the contract or grant, suspension or debarment if the head of the contracting or granting organization determines that the employer has made any type of false certification to the contracting or grant office, has not fulfilled the requirements of the law, or has excessive drug violation convictions in the workplace. Penalties may also be imposed upon those employing a number of individuals convicted of criminal drug offenses as this demonstrates a lack of good faith effort to provide a drug-free workplace. The contract or grant officer may determine the number on a case-by-case basis. Employers who are debarred are ineligible for other Federal contracts or grants for up to five (5) years. Compliance may be audited by the Federal agency administering the contract or grant.

The Drug-free Workplace Act does not require employers to establish an employee assistance program (EAP) or to implement drug testing as a part of the program.
