1. INTRODUCTION

1.1. Purpose and Overview

DHHS publishes a market rate survey on a biennial bases representing the cost of child care in New Hampshire.

This RFP is published to solicit proposals to conduct and report out on the market rate survey of licensed child care programs within the State of New Hampshire.

The market rate survey is to cover the entire geographic area of New Hampshire and ensure equal representation of providers over the geographic area. The survey is to represent all categories of licensed child care providers. The market rate survey report needs to include trends based on the past 12 years of NH market rate surveys. The survey is required to have at minimum a response by 60% of NH's licensed child care programs.

All data tables, in the report, for statewide and regional licensed child care program rates for child care will be divided by age of children and type of child care program and will include the 25th, 50th, 75th and 90th percentile

The results of the survey will be used to set New Hampshire child care scholarship program reimbursement rates for licensed child care programs serving children eligible for child care scholarship.

The contractor shall ensure all aspects of the market rate survey including survey development, survey distribution, data collection and analysis, report generation are provided, and shall conduct a public meeting to announce the report findings. The contractor will be responsible for capturing sufficient information to produce complete rate tables for all categories of licensed child care surveyed across all regions of the state.

To meet the Department's need for information that will assist in policy development, the market rate survey will include up to one (1) page of questions related to a specific topic determined by the Department.

To meet the Department's timetable for establishing the child care scholarship reimbursement rates for SFY 2016-2017, all work associated with this contract must be completed by November 1, 2014.

2. BACKGROUND AND REQUIRED SERVICES

2.1. New Hampshire DHHS Market Rate Survey of Licensed Child Care Providers

In New Hampshire, the Child Care Scholarship Program administers child care services using Federal Child Care and Development Funds (CCDF) to provide financial assistance for children found eligible for child care scholarship based upon the need of their parents to participate in work activities including employment, job training, education, and job search. Federal law and regulations (statute at 658E(c)(4) and the regulations at §98.43(b)(1)) mandate that child care scholarship reimbursement rates paid to child care programs for children receiving child care scholarship must be sufficient to ensure that the children have equal access to high quality child care when compared to children whose families are not eligible for child care scholarship. The CCDF regulation referenced above directs states to demonstrate this access by reference to a market rate survey. Thus market rate surveys play a key role in state administration of CCDF.

The Department is required by the Federal Office of Child Care to conduct a market rate survey every two years to determine what licensed child care programs charge families for child care in order to set child care scholarship reimbursement rates that meet the requirements of Federal law and NH administrative rules (Federal regulations (§98.43(b)(2)) and New Hampshire administrative rules (He-C 6910.17)). To remain in compliance with and assure the integrity of the child care scholarship program, the primary outcome for this contract is a legally defensible market rate survey that can be used to support the establishment of child care scholarship reimbursement rates across the State of New Hampshire.

3. STATEMENT OF WORK

3.1. Covered Populations and Services

The market rate survey will include licensed child care programs throughout New Hampshire.

The contractor selected shall provide for all aspects of the market rate survey including survey development, survey distribution, data collection and analysis, report generation, and conducting a public meeting to announce the report findings. The contractor will be responsible for capturing sufficient information to produce complete rate tables for all categories of licensed child care surveyed across all regions of the state.

To meet the Department's need for information that will assist in policy development, the market rate survey will include up to one (1) page of questions related to a specific topic determined by the Department.

Market Rate Survey of Licensed Child Care Providers In New Hampshire

To meet the Department's need for data for national reporting purposes, the market rate survey report will include trends based on the past 12 years of market rate surveys.

To meet the threshold of producing a legally defensible market rate survey, the survey results will include responses from at least 60% of NH's licensed child care programs.

To meet Department's need for data for the Federal Office of Child Care, all data tables for statewide and regional licensed child care program rates for child care will be divided by age of children and type of child care provider, and will include the 25th, 50th, 75th and 90th percentile.

To meet the Department's timetable for establishing the child care scholarship reimbursement rates for SFY 2016-2017, all work associated with this contract must be completed by November 1, 2014.

To meet the Department's need for information concerning the operation of child care programs in the state, the survey will collect and the contractor will report on data regarding: the percent of privately held vs. not-for-profit programs; the types of programs; Head Start programs; DHHS child care scholarship enrollment; month, days and hours of operation; non-traditional hours of care; full vs part day programs; licensed capacity, enrollment and attendance; sliding fee scales; and full time vs. part time rates;

The market rate survey must provide child care program rates for licensed family home providers including group family home providers separately from licensed child care center providers and must require responses for the following age groups: 6 weeks-11 months, 12-23 months, 24-36 months, 36-59 months, 60-72 months, for full time care and for school age children through 12 years old for before/after school care.

8. MANDATORY BUSINESS SPECIFICATIONS

8.1. Contract Terms, Conditions and Penalties, Forms

The State of New Hampshire sample contract is attached; bidder to agree to minimum requirement as set forth in the Appendix B.

The Department and the Contractor agree that the actual damages that the Department will sustain in the event the Vendor fails to maintain the required performance standards throughout the life of the contract will be uncertain in amount and difficult and impracticable to determine. The Contractor acknowledges and agrees that any failure to achieve required performance levels by the Contractor will more than likely substantially delay and disrupt the Department's operations. Therefore the parties agree that liquidated damages shall be determined as part of the contract specifications.

Assessment of liquidated damages shall be in addition to, and not in lieu of, such other remedies as may be available to the Department. Except and to the extent expressly provided herein, the Department shall be entitled to recover liquidated damages applicable to any given incident.

The Department will determine compliance and assessment of liquidated damages as often as it deems reasonable necessary to ensure required performance standards are met. Amounts due the State as liquidated damages may be deducted by the State from any fees payable to the Contractor and any amount outstanding over and above the amounts deducted from the invoice will be promptly tendered by check from the Contractor to the State.

The State intends to negotiate with the awarded vendor to include liquidated damages in the Contract in the event any deliverables are not met.

Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

- Monitor the subcontractor's performance on an ongoing basis
- Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

(3) Obligations and Activities of Business Associate.

- a. Business Associate shall report to the designated Privacy Officer of Covered Entity, in writing, any use or disclosure of PHI in violation of the Agreement, including any security incident involving Covered Entity data, in accordance with the HITECH Act, Subtitle D, Part 1, Sec. 13402.

Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section (3)b and (3)k herein. The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard provision #13 of this Agreement for the purpose of use and disclosure of protected health information.
- e. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.
