- 7.6.3 You shall cause your insurance agent, broker or insurer to enter any restrictive or exclusionary provisions or endorsements that may affect you, us, and those required to be named as Additional Insureds, into "Special Exclusions" in Ins-Cert.com.
- 7.6.4 You further agree, upon our oral or written request, to furnish copies of your policies, certified by an authorized representative of the insurer(s), within ten (10) days of request.
- 7.6.5 All of your insurance policies shall contain a provision that written notice shall be given to the Board's Risk Management department, at least thirty (30) days prior to cancellation, except ten (10) days for non-payment of premium. In the event that you are notified that an insurer intends to terminate or non-renew a policy or reduce coverage below our requirements, you shall arrange acceptable alternate coverage to comply with our requirements and cause replacement coverage data to be obtained. In addition you shall cause your agent, broker or insurer to enter a cancellation date into Ins-Cert.com, as soon as the effective date is known to the agency, brokerage or insurer, (if insurer enters data).
- 7.6.6 Upon execution of the contract or prior to commencement of work, whichever is first, you shall have your insurance agent(s), broker(s), or Insurer(s) enter your policy information into www.Ins-Cert.com, and link your policy data to us. You shall cause your insurance data to be kept current on Ins-Cert.com for the period of time you are liable for your product or work, but not less than through the warranty period of our contract.

- 7.6.7 No policy submitted shall be subject to limitations, conditions or restrictions that are inconsistent with the intent of the Insurance Requirements to be fulfilled by you. The Board's decision thereon shall be final.
- 7.6.8 Approval, disapproval or failure to act by the Board regarding any insurance obtained by you shall not relieve you of full responsibility or liability for damages and accidents as set forth herein. Neither shall the bankruptcy, insolvency or denial of liability by the insurance company exonerate you from liability.
- 7.6.9 No special payment, except when separate line item is provided, shall be made by the Board for any insurance that the Contractor may be required to carry; all are included in the Contract amount and the Contract unit prices.

8 PROTECTION AND RESTORATION OF PROPERTY

- 8.1 The Contractor shall be responsible for all damage or injury to property of any character, during the prosecution of the Work, resulting from any act, omission, neglect, or misconduct in his/her manner or method of executing the Work, or at any time due to defective Work or materials, and said responsibility will not be released until the project shall have been completed and accepted.
- 8.2 When or where any direct or indirect damage or injury is done to public or private property by or on account of any act, omission, neglect, or misconduct in the execution of the Work, or in consequence of the nonexecution thereof by the Contractor, the Contractor shall restore, at its own expense, such property to a condition similar or equal to that existing before such damage or injury was done, by repairing, or otherwise restoring as may be directed, or he shall make good such damage or injury in an acceptable manner.

9 PUBLIC CONVENIENCE AND SAFETY

The Contractor shall control its operations and those of its subcontractors and all suppliers to assure the least inconvenience to the Board operation. Under all circumstances, safety shall be the most important consideration.

10 – 18 INTENTIONALLY OMITTED

19 SMALL BUSINESS ENTERPRISE (SBE) PROVISIONS

Notification is hereby given that a SBE contract specific goal has been established for this Contract. The Contractor/vendor has committed to twenty percent (20%) SBE participation of the total dollar value of this Contract including any change orders and/or modifications throughout the term of this contract/agreement. The commitment is a contractual commitment upon execution of the contract.

19.1 GENERAL REQUIREMENTS

- 19.1.1 It is the policy of the Dallas/Fort Worth International Airport Board of Directors ("Board") to support the growth and development of Small Business Enterprises ("SBEs") that can successfully compete for Airport prime contracting and subcontracting opportunities.
- 19.1.2 A "Contractor" is defined as one who participates, through a contract or any other contractual agreement in an Airport-funded contract opportunity. For purposes of these Provisions, a Contractor is one who seeks to do business with the Board by submission of a bid or proposal on any such contract or subcontract. A Contractor includes but is not limited to a Contractor, consultant, or vendor.

- 19.1.3 It is the policy of the Board to ensure non-discrimination in the award and administration of Board Contracts. Consequently, the Contractor must fully comply with the requirements of the Board's Small Business Enterprise Program Policies and Administrative Procedures in proposing and performing hereunder.
- 19.1.4 The Contractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of the Board's Policies. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy, as the Board deems appropriate. The Contractor shall insert an Article containing all of the provisions of this Section, including this paragraph, in all subcontracts hereunder, except altered as necessary for the proper identification of the contracting parties and the Board under this Contract.
- 19.1.5 The Business Diversity & Development Department ("BDDD") is responsible to ensure compliance with the Board's SBE Policy and Administrative Procedures. BDDD has the mission to proactively facilitate and maximize business and capacity building opportunities for SBEs by collaborating with internal customers and implementing effective innovative programs and approaches for prime and subcontracting opportunities.
- 19.1.6 The Contractor specifically agrees to comply with all applicable provisions of the Board's SBE Policy and Administrative Procedures and any amendments thereto. SBE and Non-SBE subcontractors also agree to comply with all applicable provisions of the Board's SBE Policy and Administrative Procedures ("Policies").
- 19.1.7 The Contractor shall maintain records, as specified in the Audit and Records Section of the Special Provisions in the contract, showing:
- 19.1.8 Subcontract/supplier awards, including awards to SBEs;
- 19.1.9 Specific efforts to identify and award such Contracts to SBEs, such as when requested, copies of executed contracts with SBEs to establish actual SBE project participation.
- 19.2 ADMINISTRATIVE REQUIREMENTS
- 19.2.1 All Contractors are charged with knowledge of and are solely responsible for complying with each requirement of the Policies making a bid and, if awarded a contract, in performing the work described in the contract documents. These instructions are intended only to generally assist the Contractor in preparing and submitting a compliant bid. Should any questions arise regarding specific circumstances, Contractors must consult with the BDDD office at 972-973-5500.
- 19.2.2 The Contractor shall appoint a high-level official to administer and coordinate the Contractor's efforts to carry out its SBE contractual commitments.
- 19.2.3 The Contractor agrees to submit monthly reports of payments and subcontract and/or supplier awards to SBEs and Non-SBEs in such form and manner and at such times as the Board shall prescribe.
- 19.2.4 The Contractor shall provide BDDD access to all books, records, accounts and personnel in accordance with the Audit and Records section of these Special Provisions. Such access will be used for, among other purposes, determining SBE participation and compliance with the Policies. All Contractors may be subject to interim and post-contract SBE audits. Audit determination(s) regarding Contractor's compliance with the SBE Policies may be considered and have a bearing on consideration of the Contractor for award of future Contracts.

19.3 GOALS AND GOOD FAITH EFFORTS

- 19.3.1 Each Contractor must comply with the terms and conditions of the Policies in making its bid or proposal and, if awarded the Contract, in performing all work thereunder. A Contractor's failure to comply with any Rules or Regulations promulgated pursuant thereto, or any additional requirements contained herein may render a bid or proposal non-responsive and may constitute cause for rejection.
- 19.3.1.1 Responsive; compliance with requirements. If a bid/proposal meets the contract-specific goal or shows an adequate good faith effort in accordance with the Policies, then BDDD shall notify the procuring department to regard the bid/proposal as responsive.
- 19.3.1.2 Non-Responsive; failure to meet requirements. If a bid/proposal subject to a contract-specific goal does not meet the goal or show an adequate good faith effort, or provide the necessary documentation or forms outlined in the Policies, then BDDD shall notify the procuring department to regard the bid/proposal as non-responsive. Such determination shall result in no further consideration of the bid/proposal by the Airport.
- 19.3.1.2.1 *Informal meeting.* If BDDD finds the bid/proposal non-responsive in accordance with the above, the non-responsive bidder/proposer may request an informal meeting with the Vice President or designee within two (2) business days from the date that the Airport notifies the bidder/proposer of the inadequacy of the proposal. Such meeting shall be scheduled by BDDD. All deficiencies in the bid/proposer shall be explained to the bidder or proposer at such meeting after which the bidder/proposer shall be allowed to clarify the original documentation submitted. BDDD will at no time, however, allow additional information, documentation, certification certificates, subcontractors, joint venturers, suppliers, manufacturers, manufacturer's representatives or brokers that may later be added to the contract or to the original participation submitted at the time of the bid or proposal to be counted toward meeting of the project goal. If after this informal meeting the Vice President still finds the bid or proposal to be non-responsive, the Vice President or designee's decision shall stand with no further consideration.
- 19.3.2 Under the Policies, BDDD has established a contract-specific goal for this Contract. The specific goal for this Contract is stated in the Advertisement and Invitation to Bid. In order to comply with the proposal requirements, a Contractor must either meet the SBE contract-specific goal or demonstrate that the Contractor has made sufficient good faith efforts to meet the Contract goal. If the Contractor will not meet the SBE goal, it shall nevertheless be eligible for award of the Contract if it can demonstrate to BDDD that it has made good faith efforts to meet the SBE goal. This good faith effort documentation must be submitted with the Contractor's bid or proposal.
- 19.3.3 A Contractor cannot require exclusive subcontracting or teaming arrangements or agreements with subcontractors.
- 19.3.4 For Contracts awarded using the procurement methods of Indefinite Delivery, Job-Order-Contract, Construction Management-at-Risk or Design Build, the Vice President of BDDD may determine the requirements to address the Contract goal by means of a Compliance Plan for utilization of SBEs on such Contract, or for alternative demonstration of good faith efforts by the Proposer. The development, scope and utilization of such compliance plans shall be addressed in a separate document.
- 19.3.5 In evaluating a Contractor's good faith efforts submission, BDDD will only consider those documented efforts that occurred prior to the good faith effort submission.
- 19.3.6 The submission of good faith efforts documentation is a matter of responsiveness and shall include a specific response to each of the following factors with the bid or proposal. In addition, a Contractor may supplement its responses to include any additional information with the bid or proposal the Contractor believes may be relevant. Failure of the Contractor to demonstrate

adequate good faith efforts as to any one of the following categories shall render the overall good faith showing insufficient and the bid/proposal non-responsive. The required SBE good faith efforts are set forth below:

- 19.3.6.1 Whether the Contractor attended any pre-bid or pre-proposal meetings to discuss subcontracting and supplier opportunities for SBE participation (*acceptable documentation shall include copies of the meeting sign-in sheets with Contractor name noted as signed-in*);
- 19.3.6.2 Whether the Contractor advertised in general circulation, trade association, and/or SBE focused media concerning subcontracting and supplier opportunities (*acceptable documentation shall be copies of advertisement, newspaper page where advertisement was posted or print media confirmations*);
- 19.3.6.3 Whether the Contractor provided written notice via email or facsimile to a reasonable number of SBEs and/or contacted a reasonable number of SBEs via telephone about the subcontracting/supplier opportunities. A "reasonable number of SBEs" is based on the number of all SBEs available in the areas of subcontracting or supplier opportunities (*acceptable contact modes for solicitation shall be letters, facsimile transmissions, telephone communications and email*);
- 19.3.6.4 Whether the Contractor solicited the SBEs at least five (5) business days prior to bid submission, exclusive of the day the bids are opened, to allow SBEs to participate effectively. Also, whether the Contractor followed up those initial solicitations of interest by contacting SBEs at least three (3) business days prior to bid opening to determine with certainty whether the SBEs were interested (*appropriate steps may be demonstrated by second contact attempts by letter, facsimile transmission, telephone communication or email, if bidder/proposer failed to make contact on its first attempt*);
- 19.3.6.5 Whether the Contractor selected portions of the work to be performed by SBEs in order to increase the likelihood of meeting the SBE goals including, where appropriate, breaking down the Contract into economically feasible subcontracts to facilitate SBE participation. This includes portions of the work to be performed by SBEs the Contractor would otherwise prefer to perform with its own workforce. The ability or desire of a Contractor to perform the services of a Contract with its own workforce does not relieve the Contractor of the responsibility to meet the Contract goal or demonstrate good faith efforts to do so (*The bidder/proposer shall make a moderate and reasonable adjustment to the normal and practiced industry standard that demonstrates a reasonable willingness to divide up scopes of work to provide more opportunities for SBEs to bid/quote*);
- 19.3.6.6 Whether the Contractor provided interested SBEs with adequate information about the plans, specifications, scope of work and requirements of the Contract or adequate information about the locations of the plans, specifications, scope of work and requirements of the Contract (*such access shall be provided at least five (5) business days before bid date or proposal submission*);
- 19.3.6.7 Whether the Contractor fairly investigated and evaluated the interested SBEs' regarding their capabilities, not rejecting SBEs as unqualified without sound reasons based on a thorough investigation. Also, whether the Contractor provided verification, including a statement giving the Contractor's reasons for its conclusion, that it rejected each non-utilized SBE because the SBE was not qualified. Qualifications must be based on factors other than solely the amount of the SBE's bid. A Contractor may not reject a SBE as being unqualified without sound reasons based on a reasonably thorough investigation and assessment of the SBE's capabilities and expertise. (*Appropriate steps may be demonstrated with a summary matrix that identifies all bidders/proposers, evaluation criteria, assessments, conclusions and verifications*);
- 19.3.6.8 Whether the Contractor negotiated in good faith with interested SBEs regarding price, using good business judgment and not rejecting reasonable quotes from interested SBE firms. Also,

whether the Contractor provided written documentation why the Contractor and each of the SBEs contacted did not succeed in negotiating an agreement (*Good faith negotiation shall mean scheduled meaningful discussions that demonstrably seek to find reasonable ways to utilize the SBE on the Contract*);

- 19.3.6.9 Whether the Contractor made efforts to assist interested SBEs in obtaining Board or Contractor-required bonding, lines of credit, insurance, etc.;
- 19.3.6.10 Whether the Contractor made efforts to assist interested SBEs in obtaining necessary equipment, supplies, materials, or related assistance or services;
- 19.3.6.11 Whether the Contractor effectively used the services of available minority and women community organizations; chambers and contractor groups; local, State, and Federal business assistance offices, and other organizations that provide assistance in the identification of SBEs (*acceptable contact modes for solicitation shall be letters, facsimile transmissions, telephone communications and email, list(s) of SBEs identified, marketing brochure or flyers*);
- 19.3.6.12 Whether the Contractor obtained written documentation from the Board's approved Surety Support Consultant, if applicable, or from a bona fide surety company indicating that bonding was denied and for what reason(s), prior to the SBE being rejected as a potential subcontractor for failing to obtain Contractor-required bonding. Documentation furnished by a surety company will be subject to verification by BDDD; and
- 19.3.6.13 Whether other Contractors have attained a sufficient level of SBE participation to meet the Contract goals will also be taken into consideration in determining whether the Contractor has made a good faith effort.
- 19.3.7 BDDD will review not only at the different kinds of efforts that the Contractor has made but also the quantity and intensity of those efforts. Efforts that are merely pro-forma are not good faith efforts to meet the goal, even if they are sincerely motivated. BDDD will also consider if, given all relevant circumstances, the Contractor's efforts could reasonably be expected to produce a level of SBE participation sufficient to meet the goal.
- 19.3.8 Whether or not the contract-specific goal has been met and/or whether there were sufficient good faith efforts is considered a matter of the Contractor's responsiveness. The requirement to submit documentation that the goal has been met or good faith documentation in the manner prescribed by BDDD is considered a matter of the Contractor's responsiveness. The Board will only award Contracts to Contractors determined to be responsive and responsible. If a Contractor fails to submit good faith efforts documentation with the bid or proposal, it waives the right to appeal the good faith efforts decision. The Vice President of BDDD or designee shall be responsible for determining whether the Contractor made the required good faith effort to meet the SBE Contract goal and, if not, shall recommend that the Contractor be deemed non-responsive.
- 19.3.9 If a Contractor desires a review of the Vice President of BDDD's decision, it shall file a written request for final reconsideration within five (5) business days after receipt of the decision to the Reconsideration Official:

Executive Vice President
Administration & Diversity
P.O. Box 619428
DFW Airport, TX 75261

As part of the reconsideration, the Contractor will have the opportunity to provide written documentation or argument concerning the issue of good faith.

19.3.10 The Contractor has a continuing obligation as a covenant of performance to meet the SBE utilization to which it committed at Contract award, inclusive of change orders, amendments, and modifications. If the Contractor during Contract performance must replace a SBE for any reason, it must follow the provisions herein governing the substitution of SBEs and make documented good faith efforts to meet its original SBE contractual commitment.

19.3.10.1 Such good faith efforts during Contract performance must include, but are not limited to:

19.3.10.1.1 Solicitation of SBEs that are certified in the applicable area of work or specialty;

19.3.10.1.2 Providing interested SBEs with adequate information about the plans, specifications, scope of work and requirements of the Contract;

19.3.10.1.3 Fairly investigating and evaluating the interested SBEs' regarding their capabilities, not rejecting SBEs as unqualified without sound reasons based on a thorough investigation, and providing verification, including a statement giving the Contractor's reasons for its conclusion, that it rejected each non-utilized SBE because the SBE was not qualified. Qualifications must be based on factors other than solely the amount of the SBEs bid;

19.3.10.1.4 Negotiating in good faith with interested SBEs regarding price, using good business judgment and not rejecting reasonable quotes from interested SBEs and providing written documentation why the Contractor and any of the SBEs contacted did not succeed in negotiating an agreement; and

19.3.10.1.5 Effectively using the services of available small, minority and women community organizations; chambers and contractor groups; local, State, and Federal business assistance offices, and other organizations that provide assistance in the identification of SBEs

19.3.10.2 A Contractor determined not to have made continuing good faith efforts to meet its SBE contractual commitments may request an administrative review and final reconsideration by the Vice President of BDDD. The Contractor may elect to meet in person to discuss whether the Contractor made continuing good faith efforts in accordance with the Policies. BDDD's determination shall be final.

19.4 COUNTING SBE PARTICIPATION

19.4.1 BDDD will evaluate each bid or proposal to determine the responsiveness of the bid or proposal to the SBE requirements. In determining if a Contractor's committed levels of participation meet or exceed the solicitation's SBE goal, BDDD shall base its determination solely on the information provided in the bid or proposal document.

19.4.2 Unless otherwise specified in the solicitation, all bids or proposals for the provision of Indefinite Delivery or Job-Order-Contracts for a period of time and with no delineation of the dollar amount for specific on-call projects, the Contractor shall submit only the anticipated overall percentage of SBE contractual commitment and post award, submit a completed Compliance Plan for review and approval by the Vice President of BDDD.

19.4.3 If a joint venture is proposed to meet the contract-specific goal or any portion thereof, the total value of the distinct and clearly defined portions of the work of the Contract that the SBE will perform with its own workforce; reflect its capital contribution, control, management and profits; and for which it is at risk will be counted.

19.4.4 When calculating participation levels, percentages and dollar amounts for each SBE, the Contractor cannot round up in determining whether or not the total of these amounts meets or exceeds the contract-specific goal.

- 19.4.5 An SBE must be certified as an SBE by a Board-approved entity and have a place of business in the Airport's market area at the time of bid or proposal submission to be counted towards meeting the contract-specific goal. Other certifications are not acceptable.
- 19.4.6 Post award, the Contractor may count towards its SBE contractual commitment a SBE that is certified during the performance of the Contract if the SBE is added to the Contract or substituted for a SBE pursuant to section herein.
- 19.4.7 The Contractor may not count toward its SBE contractual commitment the dollar value of work performed by a SBE after it has ceased to be certified as a SBE, except where the SBE is no longer certified because it has exceeded the size standard per the SBE Policies.
- 19.4.8 SBE prime Contractors can count their self-performance toward meeting the contract-specific goal, but only for the scope of work and at the percentage level they will self- perform.
- 19.4.9 When a SBE participates in a Contract, the Contractor shall count only the value of the work actually performed by the SBE toward SBE goals.
- 19.4.10 A Contractor cannot count toward the SBE contractual commitment amounts paid to an affiliate subcontractor, as defined in 49 C.F.R. Part 16.5
- 19.4.11 The Contractor shall count the entire amount of that portion of a Contract (or other Contract not covered by this section) that is performed by the SBEs own work forces. The Contractor may count the cost of supplies and materials obtained by the SBE for the work of the Contract, including supplies purchased or equipment leased by the SBE (except supplies and equipment the SBE subcontractor purchases or leases from the prime Contractor or its affiliate).
- 19.4.12 The Contractor shall count toward the SBE goals the entire amount of fees or commissions charged by a SBE for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds or insurance specifically required for the performance of an Board Contract, provided it determines the fee to be reasonable and not excessive as compared with fees customarily allowed for similar services.
- 19.4.13 When a SBE subcontracts part of the work of its Contract to another firm, the value of the subcontracted work may be counted towards the SBE goal only if the SBE's subcontractor is itself a SBE. Work that a SBE subcontracts to a non-SBE firm does not count toward SBE goals.
- 19.4.14 The Contractor will count expenditures to a SBE subcontractor towards the SBE goal only if the SBE is performing a commercially useful function on the Contract.
- 19.4.14.1 A SBE performs a commercially useful function when it is responsible for execution of the work of the Contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the SBE must also be responsible, with respect to materials and supplies used on the Contract, for negotiating price, determining quality and quantity, ordering the materials, and installing (where applicable) and paying for the materials itself. To determine whether a SBE is performing a commercially useful function, the Contractor must evaluate the amount of the work subcontracted, industry practices, whether the amount the firm is to be paid under the Contract is commensurate with the work it is actually performing, the SBE credit claimed for its performance of the work, and other relevant factors.
- 19.4.14.2 A SBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, Contract, or project through which funds are passed in order to obtain the appearance of SBE participation. In determining whether a SBE is such an extra participant, the Contractor must examine, among other relevant factors, similar transaction, particularly those in which SBEs do not participate.

- 19.4.14.3 If a SBE does not perform or exercise responsibility for at least 30 percent of the total cost of its Contract with its own work forces, or the SBE subcontracts a greater portion of the work of a Contract then would be expected on the basis of normal industry practice for the type of work involved, the Contractor must presume that it is not performing a commercially useful function.
- 19.4.14.4 When a SBE is presumed not to be performing a commercially useful function as provided in this section, the SBE may present evidence to rebut this presumption. BDDD may determine that the firm is performing a commercially useful function given the type of work involved and normal industry practices.
- 19.4.15 The Contractor shall use the following factors in determining whether a SBE trucking company is performing a commercially useful function:
- 19.4.15.1 The SBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular Contract, and there cannot be a contrived arrangement for the purpose of appearing to meet the SBE goal.
- 19.4.15.2 The SBE must itself own and operate at least one fully licensed, insured and operational truck used on the Contract.
- 19.4.15.3 The SBE shall receive credit for the total value of the transportation services it provides on the Contract using trucks it owns, insures, and operates using drivers it employs.
- 19.4.15.4 The SBE may lease trucks from another SBE, including an owner-operator who is certified as a SBE. The SBE who leases trucks from another SBE shall receive credit for the total value of the transportation services the lessee SBE provides on the Contract.
- 19.4.15.5 The SBE may also lease trucks from a non-SBE, including from an owner-operator. The SBE who leases trucks from a non-SBE is entitled to a credit only for the fee or commission it receives as a result of the lease arrangement. The SBE does not receive credit for the total value of the transportation services provided by the lessee, since these services are not provided by a SBE.
- 19.4.15.6 For purposes of this paragraph, a lease must indicate that the SBE has exclusive use and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the SBE, so long as the lease gives the SBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the SBE.
- 19.4.16 The Contractor shall count expenditures to SBEs for materials or supplies towards the SBE goal as follows:
- 19.4.16.1 SBE Manufacturer
- 19.4.16.1.1 If the materials or supplies are obtained from a SBE manufacturer, count one hundred percent (100%) of the cost of the materials or supplies towards the SBE goal.
- 19.4.16.1.2 For purposes of this paragraph, a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the Contract and of the general character described by the specifications.
- 19.4.16.2 SBE Regular Dealer
- 19.4.16.2.1.1 If the materials or supplies are purchased from a SBE regular dealer, count sixty percent (60%) of the cost of the materials or supplies towards the SBE goal.

- 19.4.16.2.1.2 For purposes of this section a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which materials, supplies, articles or equipment of the general character described by the specifications and required under the Contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question.
- 19.4.16.2.1.3 A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business as provided in this paragraph if the person both owns and operates distribution equipment for the products. Any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or contract-by-contract basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers within the meaning of this paragraph.
- 19.4.17 With respect to materials or supplies purchased from a SBE which is neither a manufacturer nor a regular dealer, count the entire amount of fees or commission charges for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on a job site, towards the SBE goal, provided the fees are reasonable and not excessive as compared with fees customarily allowed for similar services. However, the Contractor shall not count any portion of the cost of the materials and supplies themselves toward SBE goals.
- 19.4.18 If a SBE subcontractor is not certified at the time of the execution of the Contract, supplemental agreement or subcontract, the Contractor may not count the firm's participation towards the SBE goal until the firm is certified. Additionally, the Contractor shall not count the dollar value of work performed under a Contract with a firm after it has ceased to be SBE certified, except where the SBE is no longer certified because it has exceeded the size standard per the SBE Policy and administrative procedures..
- 19.4.19 The Board reserves the right to reject the participation of a certified firm for credit towards meeting the Contract goal, in its sole discretion.
- 19.4.20 BDDD will count SBE participation where the SBE or joint venture partner performs a portion of work on the Contract and the percentage of ownership or equity of the SBE in joint venture. BDDD will allow the joint venture to count the portion of the total dollar value of the Contract equal to the distinct, clearly defined portion of the work of the Contract that the SBE joint venture partner performs with its own forces toward the SBE commitment and for which it is at risk.
- 19.4.21 The Contractor shall not count the participation of a SBE subcontractor toward the goal until the amount has been actually paid to the SBE.
- 19.4.22 The following expenditures to SBE firms may also count toward the SBE goal:
- 19.4.22.1 The fees or commissions charged for providing a bona fide service, such as professional, technical, consultant or managerial services, and assistance in the procurement of essential personnel, facilities, equipment, materials or supplies required for performance of the Contract, provided that the fee or commission is determined by the Board to be reasonable and not excessive as compared with fees customarily allowed for similar services.
- 19.4.22.2 The fees charged for delivery of material and supplies required on a job site (but not the cost of materials and supplies themselves) when the hauler, trucker or delivery service is not also the manufacturer of or a regular dealer in the materials and supplies, provided that the fee is determined by BDDD to be reasonable and not excessive as compared with fees customarily allowed for similar services.

- 19.4.22.3 The fees of commission charged for providing any bonds or insurance specifically required for the performance of the Contract, provided that the fee or commission is determined by BDDD to be reasonable and not excessive as compared with fees customarily allowed for similar services.

19.5 CERTIFICATION

- 19.5.1 In order to count the participation of SBEs towards the Contract goal, the SBE must be certified by the Small Business Administration 8(a) Program, Texas Department of Transportation (TxDOT), North Central Texas Regional Certification Agency, D/FW Minority Supplier Development Council or the Women's Business Council Southwest. Other certifications are not acceptable.
- 19.5.2 In addition to having a valid certification from one of the entities listed above, the SBE must have a place of business in the Airport's market area at the time the firm is submitted for credit towards meet the SBE goal, which is defined as the North Texas Commission twelve-county area of Dallas, Tarrant, Collin, Delta, Denton, Ellis, Hunt, Johnson, Kaufman, Parker, Rockwall, and Wise counties. The SBE must provide any requested documentation to establish its place of business to the satisfaction of BDDD.
- 19.5.3 **The Contractor must submit to BDDD a properly completed SBE certificate or letter, with all required attachments, for all SBE participation (self-performance, subcontractors or suppliers) proposed to meet the Contract goal at the time of bid/proposal submission.** The Board reserves the right to reject the participation of a certified firm for credit towards meeting the Contract goal, in its sole discretion. Such rejection shall be in writing and state the reason(s) for the rejection. A Contractor whose proposed certified firm is rejected for goal credit may request reconsideration of the rejection to BDDD in writing. The request for reconsideration must be received by BDDD within five (5) business days of the notification of rejection. BDDD's decision on the request shall be final.
- 19.5.4 A firm must be certified as a SBE by an agency accepted by BDDD at the time of bid or proposal submission to be counted towards meeting the goal for purposes of determining Contract award.
- 19.5.5 Post award, a Contractor may count SBEs certified during the performance of the Contract towards its SBE contractual commitment once documentation confirming such certification is submitted to BDDD.
- 19.5.6 BDDD and the Texas Department of Transportation maintain a current listing of certified SBEs. Bidders and proposers must utilize these Directories to assist them in locating SBEs for the work required on the Contract. The SBE Directories are located at:
<http://www.dot.state.tx.us/business/sbeinfo.htm>
<https://dfw.diversitysoftware.com/FrontEnd/VendorSearchPublic.asp?TN=dfw&XID=5886>
- 19.5.7 SBE certification does not constitute a representation or warranty as to the qualifications or capabilities of any certified firm.

"The Contractor must maintain the SBE participation level to which it committed at contract award throughout the performance of the Contract. A Contractor may not terminate for convenience a SBE subcontractor (or an approved substitute SBE) and then perform the work of the terminated subcontract with its own workforces, those of an affiliate or any other firm, without the prior written consent from BDDD. When a SBE subcontractor is terminated, or fails to complete its work on the Contract for any reason, the Contractor is required to make good faith efforts to substitute another SBE to fulfill its SBE contractual commitment."

- 19.6.3 The **Schedule of Subcontractors** form must list all subcontractors the Contractor intends to use in performing the work of the project, including non-SBEs, and detail the preliminary and/or final percentage and dollar commitment of the Contractor to SBE participation. Only SBEs identified and the levels of participation listed for each at the time of bid submission will be considered in determining whether the Contractor has met the goal. All SBEs must be properly certified under the guidelines of the CERTIFICATION section. Submission of the **Intent to Perform as a Subcontractor** form for each SBE shall constitute a representation by the Contractor to the Board that it believes the SBE to be certified as a SBE to perform the work as designated. It shall also represent a commitment by the Contractor that if it is awarded the Contract, it will enter into a subcontract with the SBE for the work described at the approximate price and percentage set forth in the **Intent to Perform as a Subcontractor** form.
- 19.6.4 If the SBE's information or status changes after the form has been submitted but prior to award of the Contract, the Contractor must immediately notify BDDD of the change and a written explanation for the change by submitting a **Request for Approval of Change to Final Schedule of Subcontractors** form. No change in SBE participation after bid submission, but prior to Contract award, may change, or be deemed to change, the Contractor's submitted bid amount. The Modification and Substitutions section of the Policies shall govern the modifications and substitutions of the SBEs that occur after Contract award.
- 19.6.5 Except as authorized by BDDD, the Contractor shall enter into formal agreements with the SBEs listed on the **Final Schedule of Subcontractors** and **Intent to Perform as a Subcontractor** forms within ten (10) business days after receipt of the Contract executed by the Board. If requested, the Contractor must provide the BDDD copies of those agreements within five (5) business days of the written request.
- 19.6.6 Alternative **Compliance Plan**
- 19.6.6.1 When the project design is not complete or at a level of completeness allowing for final competitive pricing proposals, BDDD's may, in its sole discretion, require bidders or proposers for a construction or construction-related professional services Contract to submit a Compliance Plan in lieu of the above forms. The Compliance Plan shall be developed in accordance with the following requirements:
- 19.6.6.1.1 BDDD may require separate goals for project professional services and for project construction services, or a project aggregate goal. The Compliance Plan may be required to address the project professional services goal and project the construction goal, only the project construction goal or any project aggregate goal in BDDD's discretion.
- 19.6.6.1.2 The construction goal shall be expressed as a percentage of either the total amount of any lump sum construction Contract awarded to complete a project, or in the alternative, the total estimated "cost of the work" as that term is defined in any guaranteed maximum price Contract awarded to complete a project.
- 19.6.6.1.3 The Airport department head shall provide a good faith estimate of the construction cost upon which a construction goal shall be set and the bidder or proposer must provide a refined estimate at the time of the submission of a proposed Compliance Plan, if the amount is not reflected in an executed Contract.

- 19.6.6.1.4 After consultation with the Department head or a designated representative, BDDD shall establish a timetable for submittal and review of the proposed Compliance Plan.
- 19.6.6.1.5 At BDDD's sole discretion, it may require submission and review of a proposed Compliance Plan during the solicitation process as a solicitation submittal requirement or after the conclusion of the solicitation process as a component of Contract negotiations and award. Failure to comply with the submittal timetable may, at BDDD's sole discretion, result in no further consideration of the proposed Compliance Plan and rejection of the proposal.
- 19.6.6.2 At a minimum, a proposed Compliance Plan must:
- 19.6.6.2.1 Comply with the Policies, including affirming that BDDD shall have prompt, full and complete access to all bidder or proposer and subcontractor personnel, books and records required to monitor and assure performance of the approved Compliance Plan and acknowledging the Board's right to withhold payment in the event of non-compliance and subject the Contractor to other sanctions pursuant to the Policies.
- 19.6.6.2.2 Provide a detailed program for community outreach and support to enhance SBE opportunities.
- 19.6.6.2.3 Provide a detailed program describing how the bidders or proposers will divide up the anticipated work into economically feasible units calculated to enhance SBE opportunities.
- 19.6.6.2.4 Describe in detail how the bidders or proposers will make good faith efforts to meet the project goal, including work that the bidders or proposers would normally self-perform, and provide for review, reconciliation milestones and audit opportunities for BDDD.
- 19.6.6.2.5 If the proposed Compliance Plan is based upon a phased or packaged buy out of the project construction work, the bidders or proposers will describe the process by which the bidders or proposers will address the project goal on a phased/ package or cumulative basis.
- 19.6.6.2.6 Describe how the bidders or proposers will comply with the requirements herein as part of the subcontractor buyout of the construction work, including use of commitment forms, Schedule of Subcontractors, Intent to Perform and joint venture forms to adequately document committed participation attained.
- 19.6.6.2.7 Contain a specific acknowledgement of the bidder's or proposer's continuing duty to meet the requirements of the Policies. The Compliance Plan must detail how the proposer will make good faith efforts to maintain its SBE commitments.
- 19.6.6.2.8 Set forth how the bidders or proposers will comply with BDDD's online reporting system for tabulation of participation performance and plan administration and for monitoring and reporting progress and participation performance to BDDD.
- 19.6.6.2.9 Recommend methods for supporting BDDD administration and oversight of the Compliance Plan.
- 19.6.6.2.10 Set forth a detailed methodology for issuance of notice(s) of non-compliance to the bidder's or proposer's subcontractors with the Compliance Plan and a reasonable opportunity to cure.
- 19.6.6.2.11 Set forth a detailed methodology for final reconciliation of participation performance, measured against the established goal and plan close out.
- 19.6.7 BDDD shall approve or initially reject, with comments, the proposed Compliance Plan. If the proposed Compliance Plan is rejected, the bidder or proposer may submit a revised Compliance Plan by a date set by BDDD. BDDD in its sole discretion may meet with the proposer to discuss any deficiencies that must be addressed in the revised Compliance Plan. If BDDD determines the

revised Compliance Plan is insufficient to meet the requirements of the Policies, it shall notify the department head in writing of the rejection and the reasons for the rejection. BDDD's determination shall be final and result in no further consideration of the proposal or, in the event a Contract has been awarded, in withdrawal of the award for cause. In no event shall a Contract to construct a project be executed or continue without an approved Compliance Plan.

19.7 PAYMENT

- 19.7.1 It is Board policy that all Contractor invoices submitted to it in compliance with the Contract will be paid by it within 30 days of its receipt.
- 19.7.2 All Contractors must comply with the Texas Prompt Pay Act (Chapter 2251; Texas Government Code) in paying all sums, including retainage withheld from subcontractors, to subcontractors, subconsultants, vendors, materialmen, suppliers and similar persons or entities, including paying such persons or entities within 10 days of receiving payment from the Board their appropriate share of such payment. No Contractor that has received payment of an undisputed amount from the Board may withhold from any subcontractor its undisputed appropriate share of such payment.
- 19.7.3 No Contractor may withhold retainage from any subcontractor at a higher percentage rate than retainage is withheld by the Board from Contractor. Except for the Texas Prompt Pay Act requirement that a Contractor release retainage to a subcontractor within 10 days of that subcontractor's invoice for retainage, each Contractor must withhold/release retainage from/to each subcontractor in at least the same manner as retainage is withheld/released by the Board from/to Contractor (and must include provisions in its subcontracts ensuring this), including, but not limited to mirroring the Board's treatment of retainage withheld/released to Contractor concerning the following subjects:
 - 19.7.3.1 the percentage amount of retainage withheld/released;
 - 19.7.3.2 the schedule for withholding/releasing retainage;
 - 19.7.3.3 the phased release of retainage according to any phased completion (substantial/final) of portions of the project;
 - 19.7.3.4 the optional cessation of withholding retainage prior to substantial/final completion of, or final payment for, the project (e.g. optional cessation when 50% of project is substantially complete, with an owner's right to resume withholding retainage upon the occurrence of certain events);
 - 19.7.3.5 the release of retainage prior to final payment, less an amount withheld to cover a percentage of the value of punch-list work required before final completion is certified (e.g. retention of 200% of the value of punch-list work pending certification of final completion).
- 19.7.4 Each Contractor must address (and implement) in its subcontracts the subject of retainage so that each subcontractor is treated by the Contractor in the same manner as Board treats Contractor. Nothing in this provision precludes a Contractor from including in its subcontracts retainage provisions that are more favorable than those contained in the Contract between Board and Contractor, including, but not limited to, provisions withholding retainage at a lesser percentage rate, releasing retainage in part/whole earlier than retainage released by Board and/or withholding less retainage than Board withholds to cover the value of punch-list work required to be completed before final completion certification.
- 19.7.5 DFW encourages all Contractors and their subcontractors, subconsultants, vendors, materialmen, suppliers and similar persons or entities to make payment of invoices submitted to them more expeditiously than required under the Texas Prompt Pay Act.

- 19.7.6 Payment by a Contractor in violation of the terms of the Contract or applicable law will constitute a material breach of this Contract.
- 19.7.7 The Board may withhold progress payments until the Contractor demonstrates compliance with the payment terms of this Contract or applicable law, including withholding progress payments solely relating to monies payable to Contractor for work it self-performs or associated retainage.
- 19.7.8 The Board may also exercise any other rights or remedies available to it under this Contract or applicable law if Contractor fails to comply with the payment terms of this Contract or applicable law.
- 19.7.9 In an effort to remove the obstacle of the length of time for subcontractor payments on Board procurements, the Board has an Expedited Payment Policy for eligible Contractors that may elect to voluntarily participate in. This policy is applicable if a Contractor has been awarded a multi-year Contract for construction and/or maintenance services of at least \$10,000,000 in Contract value. The Expedited Payment program requires those eligible Contractors that voluntarily participate in the program to pay their subcontractors within seven (7) calendar days after receipt of the subcontractor's invoice. The Board would then pay interest and provide other incentives to the Contractor on eligible expedited payments according to the Expedited Payment Process and Policy. The terms for Expedited Payment will be negotiated prior to the issuance of the Notice to Proceed.
- 19.7.10 To ensure that the Contractor meets all its SBE contractual commitments, BDDD will review the Contractor's SBE utilization throughout the term of the Contract, including any term extensions of the original Contract period. If a Contract includes a SBE contractual commitment, the Contractor must report all SBE payments using the BDDD's online reporting system and submit a **Pay Period Activity Report (PPAR) (with verifying information)** concurrent with the Contractor's submission of payment requests with each invoice. The information reflected on the PPAR will be utilized to provide constant monitoring of the payments made to the SBE as well as non-SBE subcontractors in relation to the percentage of work performed. Failure to include a required PPAR form with the invoice utilizing the Board's online reporting system will result in the invoice being returned to the Contractor.
- 19.7.11 Contract Close Out: To ensure that the Contractor meets all its SBE contractual commitments, BDDD will review the Contractor's SBE utilization throughout the term of the Contract, including any term extensions of the original Contract period, prior to receiving final payment. If a Contract includes a SBE contractual commitment, the Contractor must report all SBE payments using BDDD's online reporting system and submit **Final Pay Period Activity Report (with verifying information)** concurrent with the Contractor's submission of final payment request.
- 19.7.12 BDDD encourages all Contractors that may have a dispute with any subcontractor to attempt to resolve such dispute through appropriate formal or informal alternative dispute resolution procedures, including, but not limited to, negotiation, mediation, collaborative law, arbitration and/or conciliation, prior to seeking BDDD's assistance in resolving the dispute. If any Contractor or subcontractor does seek BDDD's assistance, it may require them to first attempt to resolve their dispute through appropriate alternative dispute resolution procedures and to provide BDDD with evidence of their good faith attempts to resolve the dispute as a condition of further assistance from BDDD.
- 19.8 MODIFICATIONS OR SUBSTITUTIONS
- 19.8.1 This Section applies to all subcontractor modifications, changes and substitutions under this Contract. The Contractor shall comply with this Section to the extent needed to achieve its SBE contractual commitment stated in its **Commitment to Small Business Enterprise (SBE) Participation** form.

- 19.8.2 The Contractor understands that if change orders or any other Contract modifications are issued under the Contract, the Contractor shall have a continuing obligation to immediately inform BDDD in writing of any agreed upon increase or decrease in the scope of work of such Contract, regardless of whether such increase or decrease in scope of work has been reduced to writing at the time of notification.
- 19.8.3 The Contractor agrees that if change orders or other Contract modifications are issued under the Contract that include an increase in the scope of work whether by amendment, change order, force account or otherwise which increases or decreases the dollar value of the Contract, whether or not such change is within the scope of work designated for performance by a SBE at the time of Contract award, then such amendment, change order or other modification shall be contemporaneously submitted to BDDD. The Contractor must make good faith efforts to meet its SBE contractual commitment. If the Contractor is unable to meet its SBE contractual commitment, it must submit a **Request for Approval of Change to Final Schedule of Subcontractors**, must be approved in writing by BDDD.
- 19.8.4 The Contractor cannot terminate or otherwise change the terms of its Final Schedule of Subcontractors prior to or after Contract award without the prior written consent of BDDD. This includes, but is not limited to, instances in which the Contractor seeks to perform work originally designated for a SBE subcontractor with its own forces or those of an affiliate, a non-SBE or another SBE.
- 19.8.5 The Contractor must demonstrate good cause to terminate the SBE to the satisfaction of BDDD. Good cause includes the following circumstances:
- 19.8.5.1 The listed SBE subcontractor fails or refuses to execute a written Contract.
- 19.8.5.2 The listed SBE subcontractor fails or refuses to meet the Contractor's reasonable, nondiscriminatory bond requirements.
- 19.8.5.3 The listed SBE subcontractor becomes bankrupt, insolvent or exhibits credit unworthiness.
- 19.8.5.4 The listed SBE is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to federal or state law.
- 19.8.5.5 BDDD has determined that the listed SBE subcontractor is not a responsible contractor.
- 19.8.5.6 The listed SBE subcontractor voluntarily withdraws from the project and provides BDDD written notice of its withdrawal.
- 19.8.5.7 The listed SBE subcontractor is ineligible to receive to receive credit for the type of work required.
- 19.8.5.8 The SBE owner dies or becomes disabled with the result that the listed SBE subcontractor is unable to complete its work on the Contract.
- 19.8.5.9 Other good cause as determined in BDDD's sole discretion,
- Good cause does not include where the Contractor seeks to terminate a SBE it relied upon to obtain the Contract so that the Contractor can self-perform the work or substitute another SBE or non-SBE subcontractor to perform the work for which the SBE was engaged or listed on the **Final Schedule of Subcontractors**.
- 19.8.6 The Contractor must give the SBE notice in writing, with a copy to BDDD, of its intent to request to terminate and/or substitute, and the detailed reasons for the request. The Contractor and the SBE must attempt to negotiate a resolution of the situation, and if the negotiation is unsuccessful,

the Contractor must document this effort before the Contractor seeks BDDD's approval to substitute the SBE.

- 19.8.7 Contractors must meet the above criteria and process before requesting prior written approval of any material change in the ownership, control, duties, functions and responsibilities of any SBE. The Contractor cannot make any changes to the **Final Schedule of Subcontractors** without the prior written consent of BDDD.
- 19.8.8 If the Contractor proposes to terminate or substitute a SBE subcontractor for any reason, the Contractor must make good faith efforts as defined herein to find a substitute SBE subcontractor for the original SBE to meet its SBE contractual commitment. Its good faith efforts shall be directed at finding another SBE to perform or provide at least the same amount of work, material or service under the Contract as the original SBE to the extent necessary to meet its SBE contractual commitment. The Contractor may also find additional SBEs and/or adjust the current/projected SBE participation to meet its SBE contractual commitment.
- 19.8.9 The Contractor must submit an **Intent to Perform as a Subcontractor** form for each proposed new SBE subcontractor. BDDD will approve or disapprove the substitution based on the Contractor's documented compliance with these provisions.
- 19.8.10 All changes to the **Intent to Perform As A Subcontractor** form must be submitted for review and approval through the **Request for Approval of Change to Final Schedule of Subcontractors** form when adding, changing, or deleting any subcontractor.
- 19.8.11 If the Contractor does not comply with these provisions relating to the modification or termination of, and/or substitution for a SBE subcontractor, the Board may elect to apply Contract remedies as described in the Board's Policies. Additionally, the Board may order the Contractor to forfeit the profits from the terminated portion of the SBE subcontract.

19.9 COMPLIANCE AND ENFORCEMENT

- 19.9.1 These Compliance and Enforcement Provisions address the additional contractual remedies available to Board as a result of Contractor's failure to comply with the obligations set forth in the SBE Program requirements. The contractual remedies set forth in the SBE Program are also applicable to the Contractor's failure to comply with the Program requirements, as well as any remedies available at law or in equity. These remedies are not intended to apply to Contractor's failure to comply with other obligations under the Contract unrelated to the Program requirements or preclude Board's recovery of its actual damages for such unrelated breaches.
- 19.9.2 The Contractor must forward all necessary documents and information during the course of performance under this Contract and to close out the Contract and must cooperate with BDDD in providing any information, including the final accounting for SBE participation on the Contract.
- 19.9.3 BDDD is empowered to receive and investigate complaints and allegations by SBEs, third parties or Board Staff, or to initiate its own investigations, regarding Contractor's compliance with the Program requirements. If BDDD determines that an investigation is warranted, the Contractor must fully cooperate with the investigation and provide complete, truthful information to the Board concerning the investigation and Contractor's compliance with the Program requirements.
- 19.9.4 The failure of the Contractor to meet the SBE contractual commitment or comply with any other aspect of the Program requirements will constitute a material breach of the Contract entitling the Board to exercise any remedy available in this Contract, the Program requirements or applicable law.
- 19.9.5 The Board may report any suspected false, fraudulent or dishonest conduct relating to the Contractor's performance of the Program requirements to the Board's Department of Audit

Services or to any applicable enforcement agency, including the State Attorney General's Office and appropriate federal law enforcement authorities.

19.9.6 If Contractor is in breach of any of the Program requirements, the Board may exercise any of following remedies, in addition to any other remedies available to it under this Contract or at law or in equity:

19.9.6.1 withholding funds payable under this Contract, including, but not limited to, funds payable for work self-performed by the Contractor or applicable retainage;

19.9.6.2 temporarily suspending, at no cost to DFW, Contractor's performance under the Agreement/Contract;

19.9.6.3 termination of the Agreement/Contract;

19.9.6.4 suspension/debarment, in accordance with applicable law, of Contractor for a period of time from participating in any solicitations issued by DFW for severity of breach of Contract.

19.9.7 With respect to SBE firms, a finding of non-compliance could result in a denial of certification or removal of eligibility and/or suspension and debarment.

END OF SPECIAL PROVISIONS

GENERAL TERMS AND CONDITIONS

1 ASSIGNMENT

The Contractor is prohibited from assigning, transferring, conveying, subletting, or otherwise disposing of the Contract or its rights, title, or interests therein, or its power to execute such agreement to any other person, company, or corporation without the prior approval, in writing, by the Dallas/Fort Worth International Airport Board's (Board) Vice President of Procurement and Materials Management Department (PMM), whose approval shall be discretionary. Such consent shall not relieve the assignor of liability in the event of default by its assignee.

2 CHANGES IN CONTRACT

The Board reserves the right to make changes in the scope of the Work as may be considered necessary or desirable, and Contractor shall perform the Work as altered, whether increased or decreased, for a new Contract price equitably adjusted to reflect the changes. No allowance will be made for anticipated profits where the scope of the Work has been diminished. All Contract changes must be executed in writing by Contract Change Order signed by the Vice President of PMM or designee from the PMM Department. Payment will be made only for actual quantities of products delivered or Work performed.

3 CODE OF BUSINESS ETHICS

- 3.1 All Board employees must adhere to the Board's Code of Business Ethics, which is included in this Section by reference. The Contractor is therefore prohibited from offering or providing Board employees, directly or indirectly, any gifts or other items that the Board's Code of Business Ethics does not allow the employee to accept. The Contractor shall ensure that all of its management and other Fair Labor Standard Act-exempt employees associated with this Contract read and understand the Board's Code of Business Ethics. The Board may require each such employee of the Contractor to acknowledge in writing that they have read and do understand the Board's Code of Business Ethics found online at www.dfwairport.com.
- 3.2 Additionally, the Board frequently uses outside contractors to perform functions similar to those performed by Board employees (e.g., project managers, quality assurance inspectors, payment analysts, contract administrators, etc.). Contractor employees who perform work associated with this Contract (including any supplemental agreements, extra work authorizations, delivery orders, change orders, etc.) shall comply, in all respects, with the Board's Code of Business Ethics as it relates to their assigned scope of work on this Contract. For example, a quality assurance inspector may not accept a gift from a subcontractor that he or she is monitoring, if the Board's Code of Business Ethics would prohibit a Board employee performing the same duties from accepting the gift.
- 3.3 Any questions related to the interpretation of this Section shall be directed to the Airport Board's General Counsel.
- 3.4 The Contractor shall insert an Article containing all the provisions of this Section, including this paragraph, in all subcontracts hereunder executed except altered as necessary for the proper identification of the contracting parties and the Board under this Contract.

4 COMPLIANCE WITH LAWS

Contractor shall comply with all applicable Federal, State and Local laws, statutes and ordinances, and with all applicable regulations or orders of any governmental department, board, bureau or agency, including the Board.

5 CONFIDENTIAL OR PROPRIETARY INFORMATION

Any portion of the Contractor's Bid that is marked confidential or proprietary, or clearly states contains trade secrets of the Contractor may not necessarily guarantee the non-release of the information under the Public Information Act or as otherwise required by law. If access is requested to information in the Contractor's Bid so marked, the Board shall review the issues thoroughly and, if justified, shall request an opinion by the Attorney General's office prior to releasing any information requested under the Public Information Act.

6 DELIVERY / PERFORMANCE OF SERVICES

- 6.1 Performance will be made only upon authorization of the Board's Vice President of PMM and shall thereafter be made if, as, and when required and ordered by the Board.
- 6.2 Performance shall be at the location identified in the Contract or purchase order. When no location is specified, the Board's Technical Representative will provide direction.
- 6.3 The scope of this contract and requirements of the Board as shown in the contract specifications and bid shall not be considered as binding on the Board, and the work actually may be less than or greater than projected.
- 6.4 Bidder warrants that all work under the contract will be of the type and quality specified, and the Board's Vice President of PMM or designee, may reject, and/or refuse work that falls below the quality required in the specifications.
- 6.5 Failure by the Contractor to make reasonable progress as and when requested shall entitle the Vice President of PMM or designee, to seek work from alternate sources wherever available, with the right to seek reimbursement from the Contractor for amounts, if any, paid by the Board over and above the bid price.
- 6.6 All materials delivered shall be free of any and all liens and shall upon acceptance thereof become the property of the Board, free and clear of any materialman's, supplier's, or other type liens.
- 6.7 All work performed under this Contract, as herein shown under the Specifications, shall be of the highest quality workmanship and shall in every respect meet or exceed the industry standards for this type contract.
- 6.8 Authorized Board personnel on a routine basis will make inspections. The Contractor must correct any deficiencies in the work performance disclosed during such inspections following receipt of notification. Continued failure to take such corrective actions could, at the Board's discretion, lead to termination of the Contract.
- 6.9 Failure of Contractor to fully comply with the terms and provisions of this Contract shall constitute grounds for declaring the Contractor in default.
- 6.10 Acceptance by the Board of any delivery shall not relieve the Contractor/Supplier of any guarantee or warranty, express or implied, nor shall it be considered an acceptance of material not in accordance with the Specifications and shall not waive the Board's right to request replacement of defective material.
- 6.11 The Contractor shall at all times when Work is in progress be represented in person, either by a qualified superintendent, or by other designated, qualified representative who is duly authorized

to receive and execute orders of the Board.

7 SMALL BUSINESS ENTERPRISE (SBE) PARTICIPATION

- 7.1 It is the policy of the Board to remove barriers for Small Business Enterprises (SBEs) to compete and create a level playing field for SBEs to participate in Board contracts and related subcontracts.
- 7.2 Additional SBE Program requirements, if any, shall be included in the Special Provisions Section of this Contract.
- 7.3 The Contractor specifically agrees to comply with all applicable provisions of the Board's SBE Program and any amendments thereto. The Contractor agrees to include all Board SBE Program requirements in all subcontracts and to further require all subcontractors to include all SBE Program requirements into all sub-subcontracts. All subcontractors at all tiers agree to comply with all applicable provisions of the Board's SBE Program.

8 DISPUTE RESOLUTION

The Board and Contractor agree that before either party files suit against the other to enforce, or otherwise relating to, the terms of this Contract, it shall notify the other party of its intent to sue. Upon delivery and receipt of such notice, the parties agree to submit the matter to be litigated to mediation before a mutually-agreed upon mediator and to diligently pursue a mediated settlement until such time as the parties mutually agree to terminate such mediation or the mediator declares an impasse. No lawsuit under or relating to this Contract by one party against the other may be filed until mediation of the issue has ended in accordance with the terms hereof. Notwithstanding the foregoing, this section may be enforced by action for specific performance or injunctive relief.

9 FINANCIAL INTEREST

Contractor understands that Article 11 of the Contract and Agreement between The City of Dallas and The City of Fort Worth, dated April 15, 1968, prohibits any officer or employee of the Board from having any financial interest, direct or indirect, in any Contract with the Board, or be financially interested, directly or indirectly, in the sale to the Board of any land, materials, supplies, equipment or services, except on behalf of the Board as an officer or employee thereof. Any violation of this prohibition shall constitute malfeasance in office, and any officer or employee adjudged guilty thereof shall thereby be subject to removal from his/her office or position by the Board or the Chief Executive Officer. Any violation of this provision by a member of the Board shall be grounds for removal by a vote of two-thirds (2/3rds) of the City Council appointing such member.

10 FISCAL YEAR FUNDING

13 INDEPENDENT CONTRACTOR

The relationship of Contractor to Board is that of Independent Contractor. Under no circumstances shall Board be considered in privity of Contract with any subcontractor or supplier hired by Contractor, and such subcontractor or supplier, if any, shall look solely to Contractor or to the Contract Bond Surety, if any, for recovery of any claims for monies owed for material supplied or labor performed relating to the Work hereunder.

14 JURISDICTION

This Contract shall be construed in accordance with the laws and court decisions of the State of Texas and be enforceable in Dallas County or Tarrant County, Texas, and if legal action is necessary by either party with respect to the enforcement of any and all of its terms and conditions, exclusive venue for same shall lie in Dallas and Tarrant Counties, Texas.

15 NON-DISCRIMINATION

As a condition of this Contract, Contractor hereby covenants that it will take all necessary action to insure that, in connection with any Work under this Contract, it will not discriminate in the treatment or employment of any individual or groups of individuals on the grounds of race, color, religion, national origin, age, sex, or handicap unrelated to job performance, either directly, indirectly or through contractual or other arrangements. In this regard, Contractor shall keep, retain and safeguard all records relating to this Contract or Work performed hereunder for a minimum period of three years following final payment by Board or resolution of outstanding issues between the Board and Contractor, whichever is later, with full access allowed to authorized representatives of the Board upon request for purposes of evaluating compliance With this and other provisions of the Contract.

16 NOTICE OF DELAYS

Whenever the Contractor encounters any difficulty which is delaying or threatens to delay timely performance (including actual or potential labor disputes), the Contractor shall immediately give notice in writing to the Vice President of PMM, or designee, including all relevant information. Such notice shall not in any way constitute a basis for an extension of the delivery or performance schedule or be construed as a waiver by the Board of any right or remedies to which it is entitled by law or pursuant to provisions herein. Failure to give such notice, however, may be grounds for denial of any request for an extension of the delivery or performance schedule because of such delay.

17 PERSONAL LIABILITY OF PUBLIC OFFICIALS

In carrying out any of the Contract provisions or in exercising any power or authority granted to him by this Contract, neither the Board's Technical Representative, his/her authorized representatives, nor any employees or officers of the Board shall be personally liable.

18 SEVERABILITY

If any provision of the Contract is declared or found to be illegal, unenforceable or void, in whole or in part, then both parties shall be relieved of all obligations arising under such provision, but only to the extent that it is illegal, unenforceable or void, it being the intent and agreement of the parties that the Contract shall be deemed amended by modifying such provision to the extent necessary to make it legal and enforceable while preserving its intent or, if that is not possible, by substituting therefore another provision that is legal and enforceable and achieves the same objectives. Any such invalidity, illegality, or unenforceability shall not affect any other provision of the Contract. The parties agree to negotiate in good faith for a proper amendment to the Contract in the event any provision

thereof is declared illegal, invalid or unenforceable.

19 SUBLETTING OF CONTRACT

The Board will not recognize any subcontractor on the Work. The Contractor shall at all times when Work is in progress be represented in person, either by a qualified superintendent, or by other designated, qualified representative who is duly authorized to receive and execute orders of the Board's Technical Representative.

21 TEMPORARY SUSPENSION OF THE WORK

- 21.1 The Board Technical Representative, in conjunction with PMM, shall have the authority to suspend the Work wholly, or in part, for such period or periods as he may deem necessary, due to unsuitable weather, or such other conditions as are considered unfavorable for the performance of the work, or for such time as is necessary due to the failure on the part of the Contractor to carry out orders given or perform any or all provisions of the Contract.
- 21.2 In the event that the Contractor is ordered by the Board's Technical Representative, in writing, to suspend Work, in whole or in part, for some unforeseen cause not otherwise provided for in the Contract and over which the Contractor has no control, the Contractor shall be paid that part of the Work, if any, not shut down, and for extended overhead, if any relating to the part of the Work suspended. No allowance will be made for anticipated profits. The period of shutdown shall be computed from the effective date of the Technical Representative's order to suspend Work to the effective date of the Technical Representative's order to resume the Work. Claims for extended overhead shall be filed with the Board's Technical Representative within the time period stated in the Board's Technical Representative's order to resume Work. The Contractor shall submit with his/her claim information substantiating the amount shown on the claim. The Board's Technical Representative will forward the Contractor's claim to the Board for consideration in accordance with local laws or ordinances. No provision of this article shall be construed as entitling the Contractor to compensation for delays due to inclement weather, for suspensions made at the request of the Contractor, or for any other delay provided for in the Contract, plans, or specifications.
- 21.3 If it should become necessary to suspend Work for an indefinite period, the Contractor shall store all materials in such manner that they will not become an obstruction nor likely to become damaged in any way.

In the event of a default by the Contractor of this Contract or of any one or more Delivery Orders issued hereunder, the Contractor shall be given written notice to cure. Such notice shall describe the default and may, but shall not be required to, recommend a remedy to the default. The Contractor shall have seven (7) days to respond to the notice in writing, which notice shall describe the cure and any associated plan of action. The Contractor shall have thirty (30) days from the date of its receipt of the notice of default to cure the default. If the Contractor has not cured the default on the 31st day after receipt of the notice, the Board may terminate the contract and/or pursue any and all relief, at law or in equity, to which it may be entitled by reason of such default.

23 TERMINATION OF CONTRACT FOR BOARD CONVENIENCE

Whenever the Board, in its discretion, deems it to be in the Board's best interests, it may terminate this Contract for the Board's convenience. Such termination shall be effective thirty (30) days after Board delivers written notice of such termination for convenience to the Contractor. Upon receipt of such notice from Board, Contractor shall not thereafter incur, and Board shall have no liability for, any costs under this Contract that are not necessary for actual performance of the Contract between the date of the notice of termination for convenience and the effective date of that termination for convenience. In the event of a termination for convenience hereunder, Board shall have no liability to Contractor for lost or anticipated profit resulting therefrom.

D/S/M/WBE GOOD FAITH EFFORT PLAN

NOTE: Complete form and attach support documentation only if the SBE goal is not achieved.

The following factors are taken into account when assessing a good faith effort response. These factors are minimally considered as good faith efforts and demonstrate specific initiatives made in attempting to achieve the contract-specific SBE goal. These factors should not be considered as a template, checklist or some quantitative formula. Proposers are required to meet all factors outlined below and provide support documentation in order for the good faith effort plan to be assessed. **CHECKING THE BOXES ONLY AND NOT SUBMITTING PROPER SUPPORT DOCUMENTATION IS NOT EVIDENCE OF A PROPER DEMONSTRATION OF GOOD FAITH EFFORT. SUBMITTAL OF THE CHECKLIST, WITH NO ADDITIONAL DOCUMENTATION, WILL NOT BE CONSIDERED ADEQUATE DEMONSTRATION OF GOOD FAITH EFFORT.** Proposers are not limited to these particular areas and may include other efforts deemed appropriate

GOOD FAITH EFFORT FACTORS	Yes (✓)	No
Whether the Contractor attended any pre-bid or pre-proposal meetings to discuss subcontracting and supplier opportunities for SBE participation (<i>acceptable documentation shall include copies of the meeting sign-in sheets with Contractor name noted as signed-in</i>)

Whether the Contractor solicited SBEs at least five (5) business days prior to bid opening and whether the Contractor followed up those initial solicitations of interest by contacting SBEs at least three (3) business days prior to bid opening to determine with certainty whether the SBEs were interested (<i>appropriate steps may be demonstrated by second contact attempts by letter, facsimile transmission, telephone communication or email, if bidder/proposer failed to make contact on its first attempt</i>);		
Whether the Contractor selected portions of the work to be performed by SBEs in order to increase the likelihood of meeting the SBE goals including, where appropriate, breaking down the Contract into economically feasible subcontracts to facilitate SBE participation. (<i>The bidder/proposer shall make a moderate and reasonable adjustment to the normal and practiced industry standard that demonstrates a reasonable willingness to divide up scopes of work to provide more opportunities for SBEs to bid/quote</i>);		
Whether the Contractor provided interested SBEs with adequate information about the plans, specifications, scope of work and requirements of the Contract or adequate information about the locations of the plans, specifications, scope of work and requirements of the Contract (<i>such access shall be provided at least five (5) business days before bid date or proposal submission</i>);

(<i>Appropriate steps may be demonstrated with a summary matrix that identifies all bidders/proposers, evaluation criteria, assessments, conclusions and verifications</i>);		
Whether the Contractor negotiated in good faith with interested SBEs regarding price, using good business judgment and not rejecting reasonable quotes from interested SBE firms. Also, whether the Contractor provided written documentation why the Contractor and each of the SBEs contacted did not succeed in negotiating an agreement (<i>Good faith negotiation shall mean scheduled meaningful discussions that demonstrably seek to find reasonable ways to utilize the SBE on the Contract</i>);		

Whether the Contractor made efforts to assist interested SBEs in obtaining Board or Contractor-required bonding, lines of credit, insurance, etc.;		
Whether the Contractor made efforts to assist interested SBEs in obtaining necessary equipment, supplies, materials, or related assistance or services;		
Whether the Contractor effectively used the services of available minority and women community organizations; chambers and contractor groups; local, State, and Federal business assistance offices, and other organizations that provide assistance in the identification of SBEs (<i>acceptable contact modes for solicitation shall be letters, facsimile transmissions, telephone communications and email, list(s) of SBEs identified, marketing brochure or flyers</i>);		
Whether the Contractor obtained written documentation from the Board's approved Surety Support Consultant, if applicable, or from a <u>bona fide</u> surety company indicating that bonding was denied and for what reason(s), prior to the SBE being rejected as a potential subcontractor for failing to obtain Contractor-required bonding. Documentation furnished by a surety company will be subject to verification by BDDD.		

Whether other Contractors have attained a sufficient level of SBE participation to meet the Contract goals will also be taken into consideration in determining whether the Contractor has made a good faith effort.
