

MARKETING SERVICES. Gilbert is inviting qualifications for a downtown development and marketing plan. This plan will be a part of the overall comprehensive plan that the City is currently in the process of developing. The overall goal of the downtown plan is to find functional and usable tools for downtown businesses as well as the City of Gilbert. The City has a total of \$14,000 budgeted (and approved) for this 4 ½ month project. We are not interested in a boiler-plate or clunky document. We are seeking innovation, energy and creativity over outdated planning principles. Deadline to submit bid : April 26th. Contact Michael Darrow, (218) 748-2232.
