

REVISED
NOTICE TO ARCHITECTS, ENGINEERS, AND PLANNERS

NOTICE IS HEREBY GIVEN, that the City of Oklahoma City has a certain Capital Improvement project that requires the services of a consulting firm.

In order to be considered, the Consultant must comply with the Resolution establishing procedure for "Selection of Architects, Engineers, and Planners" adopted by the City Council on November 18, 1986, a copy of which may be obtained at <http://www.okc.gov/pw/admin.html> or from the office of the Public Works Department Director.

The Project is as follows: **Project No. BC-0180**, Pedestrian Bridge over I-40 in the vicinity of S.W. 9th Street and Harvey Avenue

Estimated Project Cost – \$3,300,000

The pedestrian bridge (30 feet wide and 440 feet long) will be constructed over the new, semi-depressed section of 10-lane interstate highway and the BN&SF Railroad, on the south edge of downtown Oklahoma City, Oklahoma. The City is seeking a design that is iconic in its presentation to both freeway and bridge users. The bridge is a pivotal element in the City's efforts to provide a strong pedestrian connection between the downtown core and the Oklahoma River (see Core to Shore Plan at www.okc.gov).

Firms selected for further consideration (finalists) will be requested to produce a conceptual bridge design along with a model of the design. The City will contract with each finalist providing a stipend of \$10,000 for the design work. Finalists will have sixty (60) days to complete concept designs, after which they will be required to present their concept designs to the Selection Committee. The Selection Committee will recommend a firm to City Council for a contract.

Further information regarding the project can be found at <http://www.okc.gov/pw/notice.html> For additional assistance or questions concerning this project, contact Laura Story, P.E., Assistant City Engineer, at (405) 297-3010, (laura.story@okc.gov) or Russell Claus, Planner IV, at (405) 297-1628 (Russell.claus@okc.gov).

The selection committee shall evaluate firms submitting Letters of Interest and qualifications based on the following criteria:

1. Experience and Skill. Demonstration of architectural, engineering, and design experience on similar projects.
2. Professional Qualifications. Demonstration of relevant experience and qualifications for all persons in the development team that will be actively engaged in the project.

3. Record of Past Performance. Demonstration of experience in successful performance of similar tasks. The proposer is required to illustrate how projects were successful and how these experiences are significant to the successful fulfillment of the requirements of this request. Examples of previous relevant work and references may be requested.

The City may request the submission of additional information to assist in its evaluation.

Please include a 254 Form with your Letter of Interest.

Time Schedule for the above project: Preliminary Report/Preliminary Plans required within sixty (60) days and Final Plans and Specifications within ninety (90) days of the issuance of the Work Order. Last date for submitting Letter of Interest **(eight (8) copies of letter and all attachments)** to the Public Works Department Director, 420 W. Main Street, Suite 700, Oklahoma City, OK 73102: **prior to 5:00 p.m., March 10, 2008.**

A handwritten signature in cursive script, appearing to read "D. Clowers", written in black ink.

Dennis Clowers, P.E., Director
Public Works Department
