

NEW JERSEY WATER SUPPLY AUTHORITY
SOLICITATION OF PROPOSALS
FOR
PROFESSIONAL ENGINEERING SERVICES

The New Jersey Water Supply Authority is soliciting the submission of Statements of Qualifications and Technical Proposals for professional engineering services for the following project:

Dredging of the Delaware and Raritan Canal
From Kingston-Station 1862+00 to Amwell Road – 2418+00
Franklin Township, Somerset County, New Jersey

Note that fee proposals are **not** being requested at this time.

A copy of the **Scope of Services** for this project may be obtained by contacting the Authority's Procurement Office at (908) 638-6121, ext. 300 or at the address indicated below.

The Statements of Qualifications and Technical Proposals will be evaluated by the Authority's Selection Committee using the following criteria as follows:

- a. Approach presented in the Technical Proposal including Schedule for the proposed work. (45 points).
 - Technical approach and project understanding
 - List of anticipated permits
 - Schedule
- b. Experience and technical competence of the personnel proposed for the project. (30 points).

The consultant shall submit a proposed organization chart that will be responsible for the project along with resumes of members of the project team. The designated Project Manager must be clearly identified and their experience on similar projects must be demonstrated. Members of the project team who have worked on reference projects should be identified.

- c. Record of satisfactory performance by the firm on similar projects. (20 points).
Record must establish the ability to properly manage the contract including project costs, quality control and completion of the work on schedule. The evaluation will consider all members of any joint venture.
- Company work history on relevant projects
 - Identification of sub-consultants
 - References
- d. Location of Firm (5 points)

After evaluation of all of the submitted Technical Proposals, the highest rated firms, as judged by the Authority's Selection Committee, will be asked to submit a Fee Proposal.

Inquiries concerning this Solicitation may be directed to (908) 638-6121, ext. 261.

Three copies of the Statement of Qualifications and the Technical Proposal should be submitted to:

New Jersey Water Supply Authority
1851 Route 31
PO Box 5196
Clinton, New Jersey 08809

RFP WSA-R09012

Proposals must be received by **4:00 p.m. March 26, 2009**
