Budget : \$ 5,120,000

Project
Description : One-Two Sentences
The University of North Carolina at Greensboro is seeking statements of interest from qualified design professionals to provide advance planning services for a new railroad pedestrian underpass located at the southern end of the campus near the intersection of Forest Street and Oakland Avenue. This new pedestrian structure will cross under the North Carolina Railroad corridor to facilitate safer pedestrian and bicycle connections between the core of the main campus and the West Lee Street area of Greensboro. Interested firms should have extensive experience in the design of railroad pedestrian grade separation structures. Responses should be no more than 30 pages in length (double sided), excluding Form SF 254. Submit one copy of the response in the following format: Tab1: Executive Summary; Tab 2: Project Team Organization; Tab 3: Design and Construction Management Plan; Tab 4: Similar Project Experience (primary designer and consultants); Tab 5: Minority Business Participation Plan; Tab 6: Current Form SF 254. Current authorized funding is for advance planning only. The selected firm may be retained through full design and construction at UNC-G's option.
