

MCBPAC Now Seeking Proposals for Construction Manager at Risk Services

The Mt Crested Butte Performing Arts Center (MCBPAC) has retained a stellar architectural team to begin design of the proposed Biery-Witt Center at Mt Crested Butte. This team is currently in the Schematic Design phase. The Building Committee is now prepared to issue an RFP for a Construction Manager at Risk to provide Pre-Construction Services to the Design Team and the MCBPAC. It is expected that the successful firm will also deliver Construction Services under a Guaranteed Maximum Price arrangement.

The project is a public/private venture between the Town of Mt. Crested Butte and MCBPAC, a not-for-profit 501(c) (3) corporation that will be the owner and operator of the facility. The PAC will be built on 1.81 acres in Mt. Crested Butte. The performance hall will consist of approximately 500-seats with ancillary and support spaces customary for a facility of its size and utilization.

Any and all firms interested in reviewing and responding to the RFP should contact Erica Daugherty, General Manager, MCBPAC, at edaugherty@mcbpac.org or 970-349-4769.

Proposals are due to the MCBPAC on August 18, 2014
