1.0 INFORMATION FOR BIDDERS

1.1 Purpose and Intent of the Procurement

1.1.1 Purpose

This Request for Proposal (RFP) is issued by the University of Medicine and Dentistry of New Jersey (UMDNJ), Department of Purchasing Services on behalf of University Behavioral HealthCare and its component University Correctional Health Care (UCHC) unit pursuant to a service agreement (the "Service Agreement") between UMDNJ and the New Jersey Department of Corrections (NJDOC).

The purpose of this RFP is to select one or more companies to contract with UMDNJ to provide respiratory consultations, related equipment, and associated replacement equipment supplies for inmates and civilly committed resident populations of the NJDOC. Some of the equipment, specifically equipment designed for one-patient use, will be purchased. Wherever possible UMDNJ desires to rent equipment designed for multiple patient use. UMDNJ is interested in receiving proposals from professionally qualified firms that perform all three of the following functions:

- (1) Provide consultations prior to the discharge of an inmate/patient from a hospital or other setting. [Note: Most of the consultation services will be provided prior to patient discharge at St. Francis Medical Center, Trenton, New Jersey];
- (2) Provide respiratory assistance equipment designed to address the inmate/patient's condition; and
- (3) Provide replacement supplies to permit the equipment to be used in the clinical treatment of respiratory patients.

Depending on the inmate/patient's diagnosis and condition, the consultation and equipment may be provided at the hospital and the equipment transported with the inmate/patient to the correctional facility to which he or she is assigned, or alternatively the consultation and provision of equipment may be provided at the NJDOC facility where the inmate/patient is assigned. Bidders submitting proposals must include both the alternatives described above. Services under this contract will begin on or about April 1, 2013

1.1.2 Intent

It is the University's intent to award a contract to one or more firms to provide respiratory consultations and related equipment for the inmates and civilly committed resident populations of the New Jersey Department of Corrections (NJDOC) who require this service, as one part of an overall program to provide all medical and dental services for the NJDOC's adult correctional facilities.

Any contract will be awarded to a responsible bidder whose bid, conforming to this request for proposal, is most advantageous to the UMDNJ, price and other factors considered.

1.1.2.1 Method of Engagement

In the event more than one contract is awarded pursuant to this RFP, the contractors will be ranked 1 – 3 etc., according to the best value evaluation as described in Section 6.3 herein, including price and technical components.

If more than one contract is awarded for services, the following method of engagement shall apply:

UCHC will first contact the highest ranked contractor for the region (Northern, Central or South) in which the NJDOC facility requiring service is located. If such highest ranked contractor is not able to respond to the request for service with an on-site respiratory consultation within six (6) hours, the second ranked contractor for such region will be contacted, etc.

1.2 Background

UBHC is the integrated behavioral healthcare system of the UMDNJ. In partnership with the Departments of Psychiatry at Robert Wood Johnson Medical School, The New Jersey Medical School and the School of Osteopathic Medicine, UBHC provides academically-based clinical mental health programs and services throughout the State of New Jersey. While furthering the clinical teaching, research and training missions of the University and its medical schools, UBHC provides support for New Jersey State initiatives and public sector programs as well as for employers and the corporate community.

UCHC is the healthcare unit of UBHC, providing medical and mental health services to inmates of the UNDOC.

UMDNJ became the provider of health care services to NJDOC inmates and resident populations beginning October 1, 2008, pursuant to a service agreement (“Agreement”) between UMDNJ and NJDOC. UMDNJ is seeking proposals through an open and competitive bid process to subcontract with the University to provide respiratory consultations and equipment for the inmate and resident populations of NJDOC. The healthcare services that UCHC shall provide to NJDOC inmates shall include medical and dental services, healthcare personnel and program support services for NJDOC’s adult correctional facilities for the term of the contract.

This contract is strictly for bidders who will provide respiratory consultations, the related equipment and associated replacement equipment supplies for inmates and civilly committed resident populations of the New Jersey Department of Corrections’ (NJDOC), as more fully described in Section 3.0, Scope of Work.

UMDNJ supports NJDOC policy that respiratory consultations and equipment will be made available when an inmate’s or resident’s health would be adversely affected without such treatment, i.e. medical necessity within a prison setting.

Respiratory consultations and related equipment provided under the agreement resulting from this procurement will be provided as described in Section 1.1.1 above. The specific sites at which inmates and residents are located who may require medically necessary respiratory consultations and related equipment are situated throughout the State of New Jersey. The addresses and the census of the thirteen state prisons.

1.4.9 HIPAA Compliance

As a State Agency, New Jersey State regulations require that we obtain documentation regarding our vendor “HIPAA Compliance” status. In order to be in compliance and conduct business with your company for the procurements of goods and/or services, it will be necessary for your company to complete a Business Associate Agreement. This agreement involves the access to protected health information that is considered protected pursuant to federal, state and/or local laws and regulations in accordance with the privacy requirements of the “HIPAA” – Health Insurance Portability and Accountability Act of 1996. The requirement is a precondition of entering into a valid and binding contract.

The HIPAA privacy rules permit disclosure of patient information without authorization in certain situations in which no business associate agreement is needed. However, in the day to day interaction of providing the devices and services under this Request for Proposal, the Contractor may well have access to information unrelated to the patient receiving the medical device. For example, the Contractor’s representative may be in a patient room with a patient not receiving a device. A Contractor’s representative may have discussions with a physician regarding the Contractor’s device and receive patient information by way of an example for future cases. A Contractor’s representative may see another patient’s X-rays while in a room reviewing a patient's records. For these and similar reasons, it is prudent to have a business associate agreement in place to safeguard these patients' rights to privacy.

1.4.10 Business Registration Notice

All New Jersey and out of State business organizations must obtain a Business Registration Certificate (BRC) from the Department of the Treasury, Division of Revenue, prior to conducting business with the State of New Jersey. Proof of valid business registration must be submitted by a bidder at the time established by the purchasing Service Department before contract award. Failure to meet this deadline may render the proposed contract ineligible for award. No contract shall be made without proof of valid NJ Business Registration. The business registration form (Form NJ-REG) can be found online at www.state.nj.us/njbgs.

1.4.11 Deficit Reduction Act

The University of Medicine and Dentistry is committed to the prevention and detection of any fraud, waste, and abuse within the University related to all health care programs, including Federal and State programs. To this end, UMDNJ maintains a vigorous compliance program geared in part to educating our community on the range of fraud and abuse laws, including the importance of submitting accurate claims and reports to the Federal and State governments. Our policies prohibit the knowing submission of a false claim for payment in relation to any health care program, including a Federal or State funded health care program. Such a submission is a violation of Federal and State law and can result in significant administrative and civil penalties under the Federal and State False Claims Acts.

To assist UMDNJ in meeting its legal and ethical obligations, any employee, contractor or agent who is aware of the preparation or submission of a false claim or report or reasonably suspects any other potential fraud, waste, or abuse in relation to a Federal or State funded health care program is required to report such information to his or her supervisor and UMDNJ's Office of Ethics and Compliance. Any employee of UMDNJ who in good faith reports such information will be protected against retaliation for coming forward with such information both under UMDNJ's internal compliance policies and procedures and United States and New Jersey law.

As an organization, UMDNJ obligates itself to investigate any such information swiftly and thoroughly through its internal compliance programs and mechanisms. Nonetheless, if an employee, contractor or agent believes that the organization's response is deficient and unresponsive, the employee shall bring these concerns to UMDNJ's Office of Ethics and Compliance. If such follow-up still does not trigger an investigation, after a reasonable period of time, the employee, contractor or agent has the ability to bring his/her concerns to the appropriate government agency under the relevant Federal and/or State laws.

This information shall be provided to all UMDNJ employees and all contractors and agents of UMDNJ.

1.4.12 Federal and State Laws and Regulations Regarding Healthcare

The University is committed to compliance with all federal and state regulations regarding healthcare, including but not limited to licensing, Stark and anti-kickback laws, Medicare and Medicaid regulations. All goods provided under this RFP and the Contract award under this RFP must comply with all applicable laws. In addition, if a violation comes to the attention of either party, or any changes in the laws or regulations occurs which make the Contract entered into between the parties as a result of this RFP, to be in violation of any applicable law, then the agreement shall be amended to address the violation or to comply with the change, or be terminated if amending will not resolve the violation.

1.4.13 Merger provision for future/amended contracts

Vendor acknowledges that the "New Jersey Medical and Health Sciences Education Restructuring Act" (P.L. 2012, c. 45, hereinafter, the "Act") will, if implemented as currently enumerated on July 1, 2013, change the structure of the University of Medicine and Dentistry of New Jersey ("UMDNJ"). The Act specifies that all of the schools, institutes, and centers of UMDNJ (each, a "Unit") – other than the School of Osteopathic Medicine ("SOM"), and University Hospital in Newark ("UH") – will be transferred to and become part of Rutgers, The State University of New Jersey ("Rutgers") as of July 1, 2013. The School of Osteopathic Medicine will be transferred to and become part of Rowan University ("Rowan"). University Hospital will be separately incorporated. Rutgers, Rowan and University Hospital are defined as "Successor Organizations". Accordingly, and notwithstanding any other provision of this contract and RFP to the contrary, if the scope of work to be carried out by Vendor under this contract relates to all of UMDNJ or to more than one Unit of UMDNJ, such scope of work and contract for the scope of work for each Unit will be assigned, as of and after the dissolution of UMDNJ on or around July 1, 2013 and assuming the Act is implemented, to the Successor Organizations of those Units of UMDNJ. Any language in this contract that expressly relates to

UMDNJ as a whole, or infers that the contract relates to services for UMDNJ as a whole, will as of the dissolution of UMDNJ, be deemed to mean those Units being transferred to Rutgers, Rowan or University Hospital, as applicable. Vendor acknowledges that upon the dissolution of UMDNJ this contract may be bifurcated or trifurcated among Rutgers, Rowan, and/or University Hospital (as applicable) and that the applicable Successor Organizations will each have a separate contract with Vendor as a result. UMDNJ and/or Rutgers, Rowan, or University Hospital will provide the appropriate contact information to whom Vendor shall send all notices and inquires under this contract after the dissolution of UMDNJ. In the event neither Rutgers, Rowan, University Hospital nor UMDNJ provides any such contact information, Vendor is directed to use the existing contact information. Neither Rowan, Rutgers nor University Hospital will be responsible for payment of the services provided by Vendor to the Successor Organizations.

In the event the scope of Vendor's services under this contract relates to Units of UMDNJ that are being transferred to Rutgers, and also to Units of UMDNJ that are not being transferred to Rutgers, the contract will survive, as described above, but each Successor Organization reserves the right to reestablish the price that will be paid to Vendor on account of performing this contract. Vendor expressly acknowledges and agrees that the scope of work under this contract may be reduced because certain, existing UMDNJ Units may no longer be covered by this contract after the dissolution of UMDNJ. The price paid by each Successor Organization will be reduced in relative proportion to the decrease in services, if any, and Vendor expressly accepts this provision and acknowledges the possibility of a price reduction on account of the merger specified by the Act.

Vendor further expressly acknowledges and accepts that after the dissolution of UMDNJ, nothing in this contract will relate to units of the Successor Organizations that are not, on the effective date of this contract, currently Units of UMDNJ. In other words, the merger contemplated by the Act will not *increase* the scope of Vendor's services under this contract – unless a Successor Organization and Vendor expressly amend this contract (by mutually acceptable amendment signed by both parties) to expand the Vendor's scope of services.

3.1.6 Charges for the above examination, evaluation and any related reports shall be included in the charge for the equipment, as provided below. In no event shall the contractor make a separate charge for such examination and evaluation services.

4.32 Contractor's Personnel

4.32.1 Direct Management of Personnel

The Contractor will be solely responsible for all direct management, supervision, and control of the work performed by the personnel supplied by the Contractor. The Contractor agrees that, upon request by the University's Project Manager, the Contractor shall remove from the work crew any of its personnel who are, in the opinion of the University, engaging in improper conduct or who are not qualified or needed to perform the work assigned to them. Examples of improper conduct include, but are not limited to, insobriety, sleeping on the job, insubordination, tardiness, inappropriate familiarity with inmates/patients or facility staff or substandard performance. The University shall have the option to amend the contract resulting from the RFP in order to comply with all applicable local, State and Federal laws, rules and regulations.

5.0 PROPOSAL PREPARATION AND SUBMISSION INSTRUCTIONS

5.1 General

The bidder must follow instructions contained in this Request for Proposal and in the bid cover sheet in preparing and submitting its bid proposal. The bidder is advised to read thoroughly and to follow all instructions.

The information required to be submitted in response to this Request for Proposal has been determined to be essential in the bid evaluation and contract award process. Any qualifying statements made by the bidder to the Request for Proposal's requirements could result in a determination that the bidder's proposal is materially non-responsive. Each bidder is given wide latitude in the degree of detail it elects to offer or the extent to which plans, designs, systems, processes and procedures are revealed. Each bidder is cautioned, however, that insufficient detail may result in a determination that the bid proposal is materially non-responsive or, in the alternative, may result in a low technical score being given to the bid proposal.

The bidder is instructed to clearly identify any requirement of this Request for Proposal that the bidder cannot satisfy.

5.2 Proposal Delivery and Identification

In order to be considered for award a bid proposal must arrive at the Department of Purchasing Services in accordance with the instructions on the Request for Proposal cover sheet. Bidders submitting proposals are cautioned to allow adequate delivery time to ensure timely delivery of proposals. UMDNJ regulations mandate that late proposals are ineligible for consideration. The exterior of all bid proposal packages must be labeled with the Request for Proposal identification number, final bid opening date and the buyer's name.

5.3 Number of Bid Proposal Copies

Each bidder must submit one (1) complete original bid proposal, clearly marked as the "ORIGINAL" bid proposal in hard copy format and one (1) in an electronic format, such as compact disc (CD) or USB Flash Drive. It is suggested that the bidder make and retain a complete copy of its bid proposal.

5.4 Proposal Form and Content

The proposal should follow the format indicated in the following Sections of this Request for Proposal. The bidder should limit their response to one volume, if at all possible, with that volume divided into the three (3) following subsections:

5.5 Subsection 1 – Forms

The following forms are required with bidder’s proposal and shall be submitted with bidder’s proposal:

5.5.1 Ownership Disclosure Form

The bidder must complete the attached Ownership Disclosure Form. A complete Ownership Disclosure Form must be received prior to, or accompanying, the bid. Failure to do so will preclude the award of a contract.

5.5.2 “Exhibit A” Terms and Conditions

The following forms are required before Contract award and may be submitted with bidder’s proposal:

5.5.4 Affirmative Action

Before contract award, the proposed contractor must submit either a New Jersey Affirmative Action Certificate, or evidence that the bidder is operating under a federally approved or sanctioned affirmative action program. The requirement is a precondition of entering into a valid and binding contract.

The Intended awardee(s) not in possession of either a New Jersey Certificate of Employee Information or a Federal Letter of Approval must complete the Affirmative Action Employee Information Report (AA-302) located on the web at http://www.nj.gov/treasury/purchase/forms/AA_%20Supplement.pdf, and submit their form along with the required fee to the State of New Jersey to obtain the required NJ Affirmative Action Certificate.

5.5.5 Business Registration Notice

In accordance with N.J.S.A. 52:32-44(b), a bidder and its named subcontractors must have a valid Business Registration Certificate (“BRC”) issued by the Department of Treasury, Division of Revenue prior to the award of a contract. To facilitate the proposal evaluation and contract award process, the bidder should submit a copy of its valid BRC and those of any named subcontractors with its proposal.

Any bidder, inclusive of any named subcontractors, who does not have a valid business registration at the time of the proposal submission opening or whose BRC was revoked prior to the submission of the proposal should proceed immediately to register its business or seek reinstatement of a revoked BRC. Bidders are cautioned that it may require a significant amount of time to secure the re-instatement of a revoked BRC. The process can require actions by both the Division of Revenue and the Division of Taxation. For this reason, a bidder’s early attention to this requirement is highly recommended. The bidder and its named subcontractors may register with the Division of Revenue, obtain a copy of an existing BRC or obtain information necessary to seek re-instatement of a revoked BRC online at

<http://www.state.nj.us/treasury/revenue/busregcert.shtml>.

A bidder otherwise identified by the Purchasing Services as a responsive and responsible bidder, inclusive of any named subcontractors, but that was not business registered at the time of submission of its proposal must be so registered and in possession of a valid BRC by a deadline to be specified in writing by the Purchasing Services. A bidder who fails to comply with this requirement by the deadline specified by the Purchasing Services will be deemed ineligible for contract award. Under any circumstance, the Purchasing Services will rely upon information available from computerized systems maintained by the State as a basis to verify independently compliance with the requirement for business registration.

5.5.6 Business Associate Agreement-(If Applicable)

The bidder must complete the attached Business Associate Agreement, involving the access to protected health information that is considered protected pursuant to federal, state and/or local laws and regulations in accordance with the privacy requirements of the “HIPAA” – Health Insurance Portability and Accountability Act of 1996. The requirement is a precondition of entering into a valid and binding contract.

5.5.7 Executive Order 117 Compliance and Certification

Effective November 15, 2008, all UMDNJ contractors are required to comply with Executive Order 117. In the early Fall of 2008, Governor Jon S. Corzine signed Executive Order No. 117, which is designed to enhance New Jersey’s efforts to protect the integrity of government contractual decisions and increase the public’s confidence in government. The Executive Order builds on the provisions of P.L. 2005, c. 51 (“Chapter 51”), which limits contributions to certain political candidates and committees by for-profit business entities that are, or seek to become, State government vendors.

Bidders should submit the Executive Order 117 Certification with their bid proposal. If the bidder fails to submit the Executive Order 117 Certification, the bidder, if selected for contract award, must submit and comply with Executive Order 117 requirements before the contract award can be finalized. The Executive Order 117 Certification with instructions may be found on the UMDNJ Purchasing Services Department’s website at: <http://www.umdny.edu/purchweb/vendors/index.htm>

The use of GANTT, Pert or other charts is at the option of the bidder.

The bidder should provide a comprehensive listing of contracts of similar size and scope that it has successfully completed, as evidence of the bidder's ability to successfully complete the services required by this RFP. Emphasis should be placed on contracts that are similar in size and scope to those required by this RFP. A description of all such contracts should include and should show how such contracts relate to the ability of the firm to complete the services required by this RFP. For each such contract, the bidder should provide the name and telephone number of a contact person for the other contract party. Beginning and ending dates should also be given for each contract.

In order to provide UMDNJ with the ability to judge the bidder's financial capacity and capabilities to undertake and successfully complete the contract, the bidder should submit certified financial statements to include a balance sheet, income statement and statement of cash flow, and all applicable notes for the most recent calendar year or the bidder's most recent fiscal year. If certified financial statements are not available, the bidder should provide either a reviewed or compiled statement from an independent accountant setting forth the same information required for the certified financial statements, together with a certification from the Chief Executive Officer and the Chief Financial Officer, that the financial statements and other information included in the statements fairly present in all material respects the financial condition, results of operations and cash flows of the bidder as of, and for, the periods presented in the statements. In addition, the bidder should submit a bank reference.

Vendors should provide the most recent financial statements at the time of the submission of the bid and again (if more current) at time of contract award. If the information is not supplied with the bid proposal, UMDNJ may still require the bidder to submit it. If the bidder fails to comply with the request within five (5) business days, UMDNJ may deem the proposal non-responsive.

A bidder may designate specific financial information as not subject to disclosure when the bidder has a good faith legal/factual basis for such assertion. Bidder may submit specific financial documents in a separate, sealed package clearly marked "Confidential-Financial Information" along with the Bid Proposal. UMDNJ reserves the right to make the determination to accept the assertion and shall so advise the bidder. This information will be treated as confidential under provisions of Open Public Records Act and the common law

5.8 Section 4 – Cost Proposal

Failure to submit all information required will result in the bid being considered non-responsive. Each bidder is requested to hold its cost proposal firm for a minimum of 120 days so that an award can be made.

The bidder's cost proposal must be submitted in hard copy format and an electronic MS Excel spreadsheet. The Excel spreadsheet must follow the same layout or format as the table shown in Section 8.0, Price Sheet. NOTE: The bidder's signature on the cover of this RFP guarantees that prices set forth within the preprinted price lists and/or catalogs will govern for the period of the contract. The bidder also acknowledges that, notwithstanding any reference to price escalation clauses, FOB shipping point, and shipping charges contained in the preprinted price lists, catalogs, and/or literature, such references shall not be part of any contract awarded as a result of this RFP.

Once submitted there can be NO alterations or modifications to the pricing of the original proposal without UMDNJ approval.

6.0 PROPOSAL EVALUATION AND CONTRACT AWARD

6.1 Evaluation Committee

Bids will be evaluated by an Evaluation Committee composed of members of affected departments together with representative(s) from the Department of Purchasing Services. Representatives from other governmental agencies may also serve on the Evaluation Committee. On occasion, the Evaluation Committee may choose to make use of the expertise of an outside consultant in an advisory role.

6.2 Oral Presentation and/or Clarification of Bids

A bidder may be required to give an oral presentation to the Evaluation Committee concerning its bid proposal. The Evaluation Committee may also require a bidder to submit written responses to questions regarding its bid.

The purpose of such communication with a bidder, either through an oral presentation or a letter of clarification, is to provide an opportunity for the bidder to clarify or elaborate on its bid. The original bid, as submitted, however, cannot be supplemented, changed, or corrected in any way during the evaluation process. No comments regarding other bids are permitted. Bidders may not attend presentations made by their competitors.

It is within the Evaluation Committee's discretion whether to require a bidder to give an oral presentation or require a bidder to submit written responses to questions regarding its bid. Action by the Evaluation Committee in this regard should not be construed to imply acceptance or rejection of a bid. The Purchasing Services' buyer is the sole point of contact regarding any request for an oral presentation or written clarification.

6.3 Evaluation Criteria

The following evaluation criteria categories, not necessarily listed in order of significance, will be used to evaluate bid proposals received in response to this Request for Proposal. The evaluation criteria categories may be used to develop more detailed evaluation criteria to be used in the evaluation process.

- 6.3.1 The quality of the services proposed and their conformance to the requirements of this Request for Proposal.
- 6.3.2 The bidder's detailed approach and plans to perform the services required by the Scope of Work Section of this RFP.
- 6.3.3 The bidder's documented experience in successfully providing respiratory consultation and equipment to institutions of similar size and scope as UMDNJ.
- 6.3.4 The overall ability of the bidder to mobilize, undertake and successfully complete the Contract. This judgment will include, but not be limited to the following factors: the

number and qualifications of management, supervisory and other staff proposed by the bidder to complete the contract, the availability and commitment to the contract of the bidder's management, supervisory and other staff proposed, the bidder's contract management plan, including the bidder's organizational chart, the bidder's financial stability, and the bidder's internal investment in resource and development.

6.3.5 The bidder's cost proposal.

6.4 University's Right to Consider Additional Information

6.4.1 The Vice President of Supply Chain may obtain any information determined to be appropriate regarding the ability of the bidder to supply and/or render the service required by this Request for Proposal.

6.4.2 The Vice President of Supply Chain may consider such other factors that, in the opinion of the Vice President, are important in evaluating the bidder's proposal and awarding Contracts as determined to be in the best interest of the University.

6.4.3 The University reserves the right to request all bidders to explain the method used to arrive at any or all cost or pricing figures.

6.4.4 When making the Contract award decision, the University may consider evidence of formal or other complaints against any bidder(s) by the University for Contracts held in the past or present by the bidder.

6.4.5 The University reserves the right to check the bidder's financial capacity and ability to successfully undertake and complete the services required by this Request for Proposal by any means deemed appropriate.

6.4.6 The University reserves the right to conduct site inspections of any facility(s) serviced by the bidder(s) to assist in judging the bidder's ability to provide the services required by this Request for Proposal. This applies to all facilities services by the bidder or any subcontractor to the bidder. This right extends to all facilities of which the University is aware, or about which it becomes aware, that the bidder is servicing, whether or not the facility is listed in the bidder's proposal.

6.5 Contract Award

The Contract shall only be awarded after a full evaluation has been completed. Bidders who submit a proposal are not guaranteed a Contract award. The Contract shall be awarded with reasonable promptness by written notice to that responsible and responsive bidder whose bid, conforming to the Request for Proposal, will be most advantageous to UMDNJ, price and other factors considered. Any or all bids may be rejected when the Vice President of Supply Chain Management determines that it is in the public interest to do so.

6.6 NEGOTIATION AND BEST AND FINAL OFFER (BAFO) After evaluating bid proposals, the evaluation committee may enter into negotiations with each bidder in the competitive range, unless there are too many highly rated proposals to evaluate efficiently. In this situation, UMDNJ may limit the competitive range to the number of proposals that will permit efficient competition among the most highly rated proposals. The primary purpose of negotiations is to maximize UMDNJ's ability to get the best value, based on the requirements and evaluation criteria set forth in the RFP. Negotiations may involve the identification of significant proposal weaknesses, ambiguities and other deficiencies that could limit a bidder's award potential, including payments. More rounds of negotiations may be held with one bidder in the competitive range than with another. Negotiations will be structured to safeguard information and ensure that all bidders in the competitive range are treated fairly. When the evaluation committee determines to conclude negotiations, all bidders in the competitive range will be so notified and advised of the time and place for submission of best and final offers. The best and final offer can modify any aspect of the bid proposal, provided mandatory RFP requirements are satisfied and further provided that the revised payment proposal is not higher than the original payment proposal. Any revised payment proposal that is not equal to or higher in payment than the original payment proposal will be rejected as nonresponsive. Evaluation of the best and final offers will be on the basis of payment and the evaluation criteria set forth in the RFP. If, after review of the best and final offers, clarification is required, it may be sought from the bidders. If further negotiation is desired after evaluation of the revised proposals, it will be followed by another BAFO opportunity. UMDNJ reserves the right to reassess the competitive range before proceeding with a subsequent round of negotiations and BAFO submissions and to remove from the competitive range any proposal that is no longer considered to be a leading contender for award. After evaluation of the final BAFO submissions, the evaluation committee will recommend to the Vice President for award the responsible bidder(s) whose bid proposal(s), conforming to the RFP, is most advantageous to the State, payment and other factors considered. The Vice President may accept, reject or modify the recommendation of the Evaluation Committee. The Vice President may negotiate further increases in payment with the selected bidder. Negotiations will only be conducted in those circumstances where they are deemed by UMDNJ to be in UMDNJ's best interests and to maximize the UMDNJ's ability to get the best value. Therefore, bidders are advised to submit their best technical and payment proposals in response to this RFP, because the UMDNJ may, after evaluation, make a contract award based on the content of these initial submissions, without further negotiation with any bidder. All contacts, records of initial evaluations, any correspondence with bidders related to any request for clarification, negotiation or BAFO, any revised technical and/or payment proposals, the Evaluation Committee Report and the Award Recommendation, will remain confidential until a Notice of Intent to Award a contract is issued.

6.7 Bidder's Right to Challenge a Contract Award

Except in cases of emergency, bidders have the right to protest a proposed contract award.

A bidder's protest must be submitted to the buyer of record with a copy to the Vice President of Supply Chain Management ("Vice President") within ten (10) days of receipt of notice to the bidder that it did not receive a contract award for its submitted bid proposal or notice that an award had been made to another bidder. The protest period may be shortened by the Vice President of Supply Chain Management. If the protest period is shortened or a protest period is

not authorized due to emergency, all bidders will receive notice of the shortened protest period or emergency in the notice sent to bidder on the award of the contract.

Notices of Contract award under this section may be faxed, e-mailed, sent by regular mail or by any other means, excluding telephonic communication, conducive to transmitting the notice. If notice is sent by regular mail, the recipient is deemed to have received the notice three (3) days after mailing.

If a bidder files a protest to a contract award under this section, the bidder must set forth in writing with specificity the basis of the protest. At the time of the protest filing, the bidder must also submit all documentation supporting the basis of the protest. Failure to comply with these requirements may lead to rejection of the protest and UMDNJ award of the contract.

The protest will be reviewed and addressed with reasonable promptness. If deemed necessary by Vice President, a hearing may be held on the merits of the protest. In all cases, the Vice President will notify the bidder of the final determination on the protest.

7.0 BIDDER’S DATA SHEETS (FORMS TO BE COMPLETED BY BIDDER)

The bidder should fully complete and submit the following Bidder’s Data Sheets. Failure to satisfactorily complete and submit the Bidder’s Data Sheets may result in a determination that your bid is non-responsive, resulting in rejection of your bid.

7.1 OVERALL TECHNICAL APPROACH AND PLANS

In narrative format, the bidder shall describe its approach and plans for accomplishing the work outlined in the Scope of Work Section, Section 3.0. The bidder must set forth its understanding of the requirements of this RFP and its ability to successfully complete the Contract

7.2 LISTING OF POTENTIAL PROBLEMS

The bidder should include below a summary of any areas it anticipates encountering in implementing or providing the services or other work elements as detailed in the Scope of Work of this RFP. The bidder should list potential problems, which the bidder, in its judgment, feels may become problems. It is important for the bidder to convince the University of its understanding of, and ability to solve, these problem areas.

1. Potential Problem:

2. Show in a brief narrative that you understand the cause and substance of the potential problem. Be specific.

3. Give a specific recommendation on how to address and solve the problem.

This image shows a blank sheet of white paper with horizontal blue ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

(MAKE ADDITIONAL COPIES OF THIS SHEET, IF NECESSARY)

7.3 CONTACT INFORMATION

7.3.1 The bidder should provide the location of bidder's business office that will be responsible for management of this contract.

C. Gross annual revenues may not exceed \$12 million.

3. Program Requirements

Public contracting entities are now subject to meeting a 25% minimum overall goal collectively for the three categories of small business.

4. New Reporting Requirement

Public contracting authorities must now report annually on their outreach efforts.

5. Important Process Change

1. Be made to the Covered Entity without unreasonable delay and in no event later than ten (10) days following the discovery of a breach, except in the case of a Business Associate that is an agent of the Covered Entity, in which case the Business Associate must provide the Covered Entity with immediate notification of the breach, except where law enforcement officials determine that a notification would impede a criminal investigation or cause damage to national security. Unless the language in the underlying agreement between the parties indicates that a Business Associate is an independent contractor, then the Business Associate shall be considered an agent of UMDNJ for purposes of breach notification.

2. To the extent possible, provide the identity of each Individual whose Unsecured PHI was, or is reasonably believed to have been, Breached, and any other information that the Covered Entity is required to include in the notice to affected Individuals under 45 C.F.R. 164.404(c), either at the time of notice of Breach to the Covered Entity or as promptly thereafter as information becomes available. Include information in substantially the same form as the "Notification To the Covered Entity About A Breach of Unsecured Protected Health Information" available to Business Associates at UMDNJ's website at [http://www.umdj.edu/hipaaweb/BN/NOTIFICATION TO THE COVERED ENTITY.pdf](http://www.umdj.edu/hipaaweb/BN/NOTIFICATION%20TO%20THE%20COVERED%20ENTITY.pdf).

D. Business Associate is subject to the same legal requirements to cure, terminate or report violations to the Secretary of HHS under the same duty and in the same manner as Covered Entity.

E. Business Associate shall mitigate, to the extent practicable, any harmful effect known to it resulting from an unauthorized use or disclosure of PHI or Breach of Unsecured PHI.

F. Business Associate shall ensure that any agent, including a subcontractor, to whom it provides PHI (i) received from, or (ii) created or received by Business Associate on behalf of, a Covered Entity agrees, in writing, to the same restrictions and conditions that apply through this BAA to Business Associate with respect to such PHI.

G. Business Associate (i) shall provide Covered Entity access to its premises for a review and demonstration of its internal practices and procedures for safeguarding PHI and, (ii) to the extent applicable, shall provide access for inspection and copying of PHI in a Designated Record Set at reasonable times at the request of Covered Entity or, as directed by Covered Entity, to an Individual (45 C.F.R. 164.524). If Business Associate maintains an Electronic Health Record, Business Associate shall provide such information in electronic format to enable Covered Entity to fulfill its obligations under the HITECH Act. (42 U.S.C. §17935(e)).

H. Business Associate shall, upon request with reasonable notice, provide Covered Entity with an accounting of uses and disclosures of PHI provided to it by Covered Entity.

I. Business Associate agrees to use, disclose and request (i) only the minimum necessary PHI, as defined by law, and (ii) to the extent practicable, only the limited data set of PHI excluding direct identifiers, as defined in 45 C.F.R. 164.514(e)(2).

J. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for a Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI (45 C.F.R. 164.528). Should a Covered Entity or an Individual request an accounting of disclosures of PHI pursuant to 45 C.F.R. 164.528, Business Associate agrees to promptly provide Covered Entity with information in a format and manner sufficient to respond no later than sixty (60) days after receipt of such request, subject to specific statutory exceptions.

K. Business Associate shall make its internal practices, books and records, including policies and procedures, relating to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of, Covered Entity, available to Covered Entity at the request of Covered Entity, or the Secretary of HHS, for purposes of the Secretary determining Covered Entity's compliance with HIPAA and/or the HITECH Act in the time, manner and place designated by the Covered Entity and/or the Secretary.

L. To the extent applicable, Business Associate shall make any amendment(s) to PHI in a Designated Record Set that Covered Entity directs or agrees to, no later than sixty (60) days after receipt of such request from a Covered Entity or Individual.

M. Business Associate agrees to abide by the limitations on marketing communications to Individuals regarding the purchase and use of products or services set forth in the HITECH Act and the HITECH Regulations.

N. Business Associate agrees and acknowledges that the administrative rules governing, and the civil and criminal penalties for violating, HIPAA, the HITECH Act, the HIPAA Regulations and the HITECH Regulations, apply to it in the same manner as they apply to Covered Entity, as more fully set forth at UMDNJ's website at <http://www.umdnj.edu/complweb/policies/index.htm>.

IV. Term and Termination

A. Term. The term of this BAA shall be effective as of the effective date of the Underlying Agreement and shall terminate when all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or, if it is infeasible to return or destroy PHI, protections are extended to such information, in accordance with the termination provisions of this Section IV.

B. Termination for Cause. Upon Covered Entity's knowledge of a material breach by Business Associate, Covered Entity shall either:

1. Provide an opportunity for Business Associate to cure the breach or end the violation, and terminate this BAA and the Underlying Agreement if Business Associate does not cure the breach or end the violation within the time specified by Covered Entity;

2. Immediately terminate this BAA and/or the Underlying Agreement if Business Associate has breached a material term of this BAA and cure is not possible; or

3. If neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary of HHS.

C. Effect of Termination.

1. (a) Except as provided in paragraph C.2 of this Section, upon termination of this BAA, for any reason, Business Associate shall return or destroy all PHI received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity. This provision shall apply to PHI that is in the possession of subcontractors or agents of Business Associate. Business Associate shall retain no copies of PHI.

(b) Except as provided in paragraph C.2 of this Section, if Covered Entity, in its sole discretion, requires that Business Associate destroy any or all PHI received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity, either due to the termination of this BAA or otherwise, Business Associate shall certify, in writing, to Covered Entity that the PHI has been destroyed and rendered indecipherable, pursuant to HIPAA and the HITECH Act. This provision also shall apply to PHI that is in the possession of subcontractors or agents of Business Associate.

2. In the event that Business Associate determines that returning or destroying the PHI is infeasible, Business Associate shall provide to Covered Entity written notification of

the conditions that make return or destruction infeasible within thirty (30) calendar days of such request. In such case, Business Associate shall extend the protections of this BAA to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. This provision also shall apply to PHI that is in the possession of subcontractors or agents of Business Associate.

3. Should the Business Associate make a disclosure of PHI in violation of this BAA, Covered Entity shall have the right to immediately terminate any contract, other than this BAA, then in force between the Parties, including the Underlying Agreement.

4. The provisions of this Section IV.C. shall survive the termination of this BAA and the Underlying Agreement for any reason.

V. Remedies In Event of Breach

A. Business Associate agrees and acknowledges that irreparable harm will result to Covered Entity, and to its business, in the event of breach by Business Associate of any covenants, duties, obligations and assurances in this BAA and further agrees that remedy at law for any such breach shall be inadequate and that damages resulting there from are not susceptible to being measured in monetary terms. In the event of any such breach or threatened breach by Business Associate, Covered Entity shall be entitled to (i) immediately enjoin and restrain Business Associate from any continuing violations and (ii) reimbursement for reasonable attorneys' fees, costs and expenses incurred as a proximate result of the breach. The remedies in this Section V shall be in addition to any action for damages and/or other remedy available to Covered Entity for such breach.

B. Business Associate shall indemnify and hold Covered Entity, its directors, officers, employees and agents harmless from any and all liabilities, damages, reasonable attorneys' fees, costs and expenses incurred by Covered Entity as a result of a breach of this BAA caused by Business Associate's actions or inactions and/or those of its employees and agents.

C. Business Associate agrees and acknowledges that the provisions of this BAA shall be strictly construed.

VI. Miscellaneous

A. Independent Contractor. None of the provisions of this BAA and/or the Underlying Agreement are intended to create nor shall be deemed or construed to have created any relationship between the Parties other than that of independent entities contracting with each other unless otherwise explicitly stated in this BAA or the Underlying Agreement.

B. Detrimental Reliance By Covered Entity. Business Associate agrees and acknowledges that its covenants, duties, obligations and assurances herein shall be

detrimentally relied upon by Covered Entity in choosing to commence or continue a business relationship with Business Associate. G. Covered Entity's Notices To Business Associate. Covered Entity's Notices to Business Associate are available on UMDNJ's website at http://www.umdj.edu/hipaaweb/privacy/privacy_NPPUMDNJ03.htm. H. Compliance With State Law. Business Associate agrees and acknowledges that as the holder of individually identifiable health information it is subject to New Jersey law. In the event of any conflict between federal health care laws and New Jersey law, the Business Associate shall comply with the more restrictive provision.

I. Conflict Among Contracts. Should there be conflict between the terms of this BAA and any other contract between the Parties (either previous or subsequent to the date of this BAA), the terms of this BAA shall control unless the Parties, in a subsequent writing, specifically otherwise provide.

J. Modification. This BAA may only be modified by a writing signed by the Parties. The Parties agree to take such action subsequent to this BAA as necessary to amend the BAA from time to time as necessary for the Parties to comply with the requirements of any applicable law.

5.15.5 If the Contractor fails or refuses to correct or replace the non-conforming supplies within a period of ten (10 days) (or such longer period as UMDNJ may authorize in writing) after receipt of notice from UMDNJ specifying such failure or refusal, UMDNJ may, by contract or otherwise, correct or replace them with similar supplies and charge to the Contractor the cost occasioned to UMDNJ thereby. In addition, if the Contractor fails to furnish timely disposition instructions, UMDNJ may dispose of the non-conforming supplies for the Contractor's account in a reasonable manner, in which case UMDNJ is entitled to reimbursement from the Contractor or from the proceeds for the reasonable expenses of the care and disposition of the non-conforming supplies, as well as for excess costs incurred or to be incurred.

5.15.6 Any supplies or parts thereof corrected or furnished in replacement pursuant to this clause shall also be subject to all the provisions of this clause to the extent as supplies initially delivered.

5.15.7 The word "supplies" as used herein includes related services.

5.15.8 The rights and remedies of UMDNJ provided in this clause are in addition to and do not limit any rights afforded to UMDNJ by any other clause of the contract.

5.15.9 Failure to agree upon any determination to be made under this clause shall be a dispute concerning a question of fact within the meaning of the "Disputes" clause of this contract.

5.16 Material and Workmanship

Unless otherwise specifically provided in this contract, all equipment, material, and articles covered by this contract are to be new and of the most suitable grade for the purpose intended. The Contractor shall number all other identifying data and information respecting the performance, capacity, nature, and rating of the machinery and mechanical and other equipment, which the Contractor contemplates incorporating in the work. When required by this contract or when called for by UMDNJ, the Contractor shall furnish for approval by UMDNJ full information concerning the material or articles (including, but not limited to, items such as Material Safety Data (MSD) sheets), which the Contractor contemplates incorporating in the work. No materials will be accepted unless MSD's have been provided and the containers are labeled according to OSHA 29CFR 1910, 1200 and the New Jersey Right to Know Law. When so directed, samples shall be submitted for approval, and this shall be done at the Contractor's expense, with all shipping charges prepaid. Machinery, equipment, material, and articles installed or used without required approval shall be at the risk of subsequent rejection.

5.17 Inspection and Tests

All supplies shall be subject to inspection and test by UMDNJ.

5.18 Price Fluctuation During Contract

Unless otherwise noted by UMDNJ, all prices quoted shall be firm through issuance of a contract or purchase order and shall not be subject to increase during the period of the contract. In the event of a manufacturer's or Contractor's price decreases during the contract period, UMDNJ shall receive the full benefit of such price reduction on any undelivered purchase order and on any subsequent order placed during the contract period. The Vice President of Supply Chain Management must be notified in writing of any price reduction within five (5) days of the effective date.

Failure to report price reductions will result in cancellation of contract for cause, pursuant to the provisions of these Standard Terms and Conditions.

5.19 Delivery Costs

All shipments must be made "F.O.B. Destination." Regardless of the method of quoting shipments, the Contractor shall assume all costs, liability and responsibility for the delivery of merchandise in good condition to UMDNJ.

"F.O.B. Destination" does not cover "spotting, but does include delivery on the receiving platform at any destination within UMDNJ, unless otherwise specified. No additional charges will be allowed for any additional transportation costs resulting from partial shipments made at the Contractor's convenience when a single shipment is ordered. The weights and measures of UMDNJ shall govern.

6.0 STANDARDS PROHIBITING CONFLICTS OF INTEREST

No bidder or contractor shall pay, offer to pay, or agree to pay, either directly or indirectly, any fees commission, compensation, gift, gratuity, or other thing of value of any kind to any UMDNJ officer or employee as defined by N.J.S.A. 52:13D-13b. with which such bidder or contractor transacts or offers or proposes to transact business, or to any member of the immediate family, as defined by N.J.S.A. 52:13013i., of any such UMDNJ officer or employee, or any partnership, firm, or corporation with which they are employed or associated, or in which such officer or employee has an interest within the meaning of N.J.S.A. 52:130-13g.

The solicitation of any fee, commission, compensation, gift, gratuity or other thing of value by any UMDNJ officer or employee from any bidder or contractor shall be reported in writing forthwith by the bidder or contractor to the Attorney General and the New Jersey Executive Commission on Ethical Standards.

No bidder or contractor may, directly or indirectly, undertake any private business, commercial or entrepreneurial relationship with, whether or not pursuant to employment, contract or other agreement, express or implied, or sell any interest in such bidder or contractor to, any UMDNJ officer or employee having any duties or responsibilities in connection with the purchase, acquisition or sale of any property or services by or to UMDNJ or any instrumentality thereof, or with any person, firm or entity with which he is employed or associated or in which he has an interest within the meaning of N.J.S.A. 52:130-13g. Any relationships subject to this provision shall be reported in writing forthwith to the Executive Commission on Ethical Standards, which may grant a waiver of this restriction upon application of the UMDNJ officer or employee or upon a finding that the present or proposed relationship does not present the potential, actuality or appearance of a conflict of interest.

No bidder or contractor shall influence, or attempt to influence or cause to be influenced, any UMDNJ officer or employee in his official capacity in any manner which might tend to impair the objectivity or independence of judgment of said officer or employee.

No bidder or contractor shall cause or influence, or attempt to cause or influence, any UMDNJ officer or employee to use, or attempt to use, his official position to secure unwarranted privileges or advantages for the bidder or contractor or any other person, bidder, contractor or corporation.

The provisions cited above shall not be construed to prohibit a UMDNJ officer or employee from receiving gifts from or contracting with bidder or contractor under the same terms and conditions as are offered or made available to members of the general public, subject to any guidelines promulgated by the New Jersey Executive Commission on Ethical Standards. UMDNJ reserves the right to take any or all of the following actions upon bidder's or contractor's violation of any of the foregoing provisions:

- _ (a) Immediate termination of this or any contract between UMDNJ, the bidder or contractor;
- _ (b) Disqualification of bidder or contractor from any future contracts, bids or requests for bid; and,
- _ (c) Any other action, at law or in equity.

Section B: Terms and Conditions Governing Bids and Proposals

1.0 APPLICABILITY OF STANDARD TERMS AND CONDITIONS

Unless the bidder is specifically instructed otherwise in the solicitation document (i.e., Request for Proposal (IFB), or Invitation for Bids (IFB)), the following terms and conditions will apply to all contracts or purchase agreements made with the University of Medicine and Dentistry of New Jersey (UMDNJ). These terms are in addition to the terms and conditions set forth in the solicitation document and should be read in conjunction with same unless the solicitation document specifically indicates otherwise. If a bidder proposes changes or modifications or takes exception to any UMDNJ's terms and conditions, the bidder must so state specifically in writing in the bid proposal. Any proposed change, modification, or exception in UMDNJ's terms and conditions by a bidder will be a factor in the determination of an award of a contractor purchase agreement.

2.0 STATE LAW REQUIRING MANDATORY COMPLIANCE BY ALL CONTRACTORS

2.1 Corporate Authority

All New Jersey corporations must obtain a Certificate of Incorporation from the Department of the Treasury, Division of Revenue, prior to conducting business in the State of New Jersey.

If a bidder receiving a notice of intent to award is the proposed contract awardee and such bidder is a corporation incorporated in a state other than New Jersey, such bidder must provide either a copy of its Certificate of Authority to do business in New Jersey, issued by the New Jersey Department of the Treasury, Division of Revenue, or evidence of its application to the Division of Revenue for such Certificate of Authority, within seven (7) days of the notice of intent to award.

If a bidder awarded a contract or purchase agreement is an individual not residing in this state or a partnership organized under the laws of another state, then the bidder shall execute a power of attorney designating the State Treasurer as its true and lawful attorney to receive process in any civil actions which may arise out of the performance of this contract or agreement. This appointment of the State Treasurer shall be irrevocable and binding upon the bidder, its heirs, executors, administrators, successors or assigns. Within ten (10) days of receipt of this process, the Treasurer shall forward same to the bidder at the address designated herein.

3.0 PROPOSALS TERMS

3.1 Contract Amount

The estimated amount of the contract(s), when stated in the solicitation document, shall not be construed as either the maximum or minimum amount which UMDNJ shall be obliged to order as the result of this solicitation document or any contract entered into as a result of this solicitation document.

3.2 Vice President's Right of Final Bid Acceptance

The contract shall be awarded to that responsible bidder whose bid, conforming to the solicitation document, will be most advantageous to UMDNJ, price and other factors considered. Awards will not be based on any discounts offered by the bidder. The Vice President reserves the right to reject any or all bids, or to award in whole or in part if deemed to be in the best interest of UMDNJ to do so.

3.3 Causes for Automatic Rejection of Bids

Bids may be automatically rejected for the following reasons:

3.3.1 No signature on at least one copy of the bid;

3.3.2 Bid not received on or before the scheduled time, date specified, and place designated on the bid request form (or as amended during the procurement process via addendum);

3.3.3 Failure to attend a mandatory pre-bid conference and/or mandatory site inspection;

3.3.4 Failure to initial a price alteration. If a unit price in the bid has been altered, the bidder's initials must appear adjacent to the alteration. Examples of alterations include, but are not limited to, cross-outs and erasures, with re-entered prices. If the alteration has not been so initialed, that particular item only in the bid will be automatically rejected, except as follows: If the extended price is correct and does not contain alterations, it shall be considered the bid price. If the extended total price does not contain alterations and the altered unit price is not initialed, the extended total price is considered as the bid price. In the event of an automatic rejection of a price (or prices), when the bid contains multiple items, the remainder of the bid will be evaluated;

3.3.5 If information essential to a bid evaluation, including, but not limited to, price, terms, and product description is submitted in pencil;

3.3.6 Failure to comply with Ownership Disclosure requirements promulgated pursuant to N.J.S.A. 52:2524.2.

3.4 UMDNJ's Right to Inspect Bidder's Facilities UMDNJ reserves the right to inspect the bidder's establishment before making an award, for the purposes of ascertaining whether the bidder has the necessary facilities for performing the contract.

3.5 UMDNJ's Right to Request Further Information

The Director of Purchasing Services reserves the right to request all information which may assist in making a contract award, including factors necessary to evaluate the bidder's financial ability.

Further, the Director of Purchasing Services reserves the right to request a bidder to explain in detail how the bid price was determined. Section 952 of the Omnibus Reconciliation Act of 1980 (P.L. 96-499) requires that providers include in contracts for services a provision allowing the Federal Government to have access to all documents and records that are needed to verify the Contractor's cost, if the value of the contract over 12 months is at least \$10,000.

3.6 Brand Name Specification

When a specification requires a particular manufacturer or brand, it indicates the quality and characteristics of the item being specified. Failure on the part of the bidder to confirm its provision of the manufacturer and/or brand specified shall be construed by UMDNJ to mean that the bidder will furnish the brand as specified. In instances where manufacturer or brand are specified, the bidder may offer the brand specified, or may offer an "equal" item, provided that the item is similar to the specified brand in all essential characteristics in terms of quality and functionality.

3.7 Samples UMDNJ reserves the right to require the bidder/Contractor to submit samples for approval. UMDNJ shall be the sole judge as to whether said materials meet its requirements. All literature and/or samples submitted in connection with this bid shall become the property of UMDNJ.

When "Samples Required" is indicated in a solicitation document, it shall be understood that all bidders shall furnish and deliver samples for each item where specified.

Sample(s) shall be delivered to UMDNJ at the time of bid submission.

Sample(s) delivered shall be tagged indicating the name of the bidder, the UMDNJ bid number, bid item number and complete description of item.

Failure to submit samples required may disqualify a bid.

3.8 Corrections

Erasures or other changes in bids must be explained or otherwise noted over signature of bidder.

3.9 Bid Security

3.9.1 Bid Security

If bid security is required, such security must be submitted with the bid in the amount listed in the solicitation document, see N.J.A.C. 17:12-2.4. Acceptable forms of bid security are as follows:

- (a) A properly executed individual bid bond issued by an insurance or security company authorized to do business in the State of New Jersey; or,
- (b) A certified or cashier's check drawn to the order of UMDNJ; or,
- (c) An irrevocable letter of credit drawn naming the Treasurer, UMDNJ as beneficiary issued by a federally-insured financial institution.

UMDNJ will hold all bid security during the evaluation process. As soon as is practicable after completion of the evaluation, UMDNJ will:

- (a) Issue an award notice for those offers accepted by UMDNJ; and,
- (b) Return all bond securities to those who have not been issued an award notice.

All bid security from Contractors who have been issued an award notice shall be held until the successful execution of all required contractual documents and bonds (performance bond, insurance, etc.). If the Contractor fails to execute the required contractual documents and bonds within thirty (30) calendar days after receipt of award notice, the Contractor may be found in default and the contract terminated by UMDNJ. In case of default, UMDNJ reserves all rights, inclusive of, but not limited to, the right to purchase material and/or to complete the required work in accordance with the New Jersey Administrative Code and to recover any actual excess costs from the Contractor. Collection against the bid security shall be one of the measures available toward the recovery of any excess costs.

3.10 Complaints

Where a bidder has a history of performance problems as demonstrated by formal complaints and/or contract cancellations for cause pursuant these Standard Terms and Conditions, a bidder may be bypassed for this award. See N.J.A.C. 17:12 –2.8.

3.11 Subcontracting or Assignment

In the event the bidder proposes to subcontract for the services to be performed under the terms of the contract award it shall state so in its bid and attach for approval a list of said subcontractors and an itemization of the products and/or services to be supplied by them.

Nothing contained in the specifications shall be construed as creating any contractual relationship between any subcontractor and UMDNJ.

4.0 TERMS RELATING TO PRICE QUOTATION

4.1 Delivery Costs

Unless otherwise noted in the solicitation document, all prices for items in bid proposals are to be submitted "F.O.B. Destination." Proposals submitted other than "F.O.B. Destination" may not be considered. Regardless of the method of quoting shipments, the Contractor shall assume all costs, liability and responsibility for the delivery of merchandise in good condition to UMDNJ.

"F.O.B. Destination" does not cover "spotting," but does include delivery on the receiving platform at any destination within UMDNJ, unless otherwise specified. No additional charges will be allowed for any additional transportation costs resulting from partial shipments made at the Contractor's convenience when a single shipment is ordered. The weights and measures of UMDNJ shall govern.

4.2 C.O.D. Terms

C.O.D. terms are not acceptable as part of a bid proposal and will be cause for rejection of a bid.
