GENERAL INSTRUCTIONS AND CONDITIONS

DIVERSITY IN EMPLOYMENT AND CONTRACTING REQUIREMENTS – The City of Portland seeks to extend contracting opportunities to Minority Business Enterprises, Women Business Enterprises and Emerging Small Businesses (M/W/ESBs) in order to promote their economic growth and to provide additional competition for City contracts. Therefore, the City has established an overall 20% utilization goal in awarding PTE contracts to ESBs. No goal is set for the use of M/WBE firms, but the City is committed to ensuring that such firms receive opportunities and equal consideration to be awarded City PTE contracts.

ENVIRONMENTALLY PREFERABLE PROCUREMENT – In accordance with the City's Sustainable City Principles and the City's Sustainable Procurement Strategy, it is the policy of the City of Portland to encourage the use of products or services that help to minimize the human health and environmental impacts of City operations. Therefore, proposers are encouraged to incorporate environmentally preferable products or services into their responses wherever possible. "Environmentally preferable" means products or services that have a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose. This comparison may consider raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance, or disposal of the product or service. To view the above City policies go to www.portlandonline.com and navigate to "Charter, Code & Policies Documents".

INVESTIGATION- The proposer shall make all investigations necessary to inform it regarding the service(s) to be performed under this request for proposal.

SPECIAL CONDITIONS - Where special conditions are written in the Request for Proposal, these special conditions shall take precedence over any conditions listed under the Professional, Technical and Expert Service "General Instructions and Conditions".

CLARIFICATION OF REQUEST FOR PROPOSAL- Proposers who request a clarification of the RFP requirements must submit questions in writing to the person(s) shown in the REFER QUESTIONS TO section on the cover of this RFP, or present them verbally at a scheduled pre-submittal conference, if one has been scheduled. The City must receive written questions no later than the date stated herein. The City will issue a response in the form of an addendum to the RFP if a substantive clarification is in order.

Oral instructions or information concerning the request for proposal given out by Bureau or Office managers, employees or agents to prospective proposers shall not bind the City.

ADDENDUM – Any change to this RFP shall be made by written addendum issued no later than 72 hours prior to the proposal due date. The City is not responsible for any explanation, clarification or approval made or given in any manner except by addendum.

COST OF PROPOSAL- This Request for Proposal does not commit the City to pay any costs incurred by any proposer in the submission of a proposal or in making necessary studies or designs for the preparation thereof, or for procuring or contracting for the services to be furnished under the request for proposal.

CANCELLATION – The City reserves the right to modify, revise or cancel this RFP. Receipt and evaluation of proposals or the completion of interviews do not obligate the City to award a contract.

LATE PROPOSALS- Proposals received after the scheduled closing time for filing will be returned to the proposer unopened.

REJECTION OF PROPOSALS- The City reserves the right to reject any or all responses to the Request for Proposal if found in the City's best interest to do so. In the City's discretion, litigation between the City and a proposer shall be cause for proposal rejection, regardless of when that litigation comes to the City's attention and regardless how

the consultant's proposal may have been scored. Proposals may also be rejected if they use subcontractors or subconsultants who are involved in litigation with the City. Proposers concerned about possible rejection on this basis should contact the City before submission of a proposal for a preliminary determination of whether its proposal will be rejected.

CITY OF PORTLAND BUSINESS LICENSE - Successful consultant shall obtain a current City of Portland Business License prior to initiation of contract and commencement of the work.

WORKERS COMPENSATION INSURANCE – the successful consultant shall be covered by Workers Compensation Insurance or shall provide evidence that State law does not require such coverage.

CERTIFICATION AS AN EEO AFFIRMATIVE ACTION EMPLOYER- Proposers must be certified as Equal Employment Opportunity Affirmative Action Employers as prescribed by Chapter 3.100 of the Code of the City of Portland. The required documentation must be filed with the Bureau of Purchases, City of Portland, prior to contract execution.

The required documentation must be filed with the Bureau of Purchases, City of Portland, prior to contract execution.

CONFLICT OF INTEREST - A proposer filing a proposal thereby certifies that no officer, agent or employee of the City who has a pecuniary interest in this request for proposal has participated in the contract negotiations on the part of the City, that the proposal is made in good faith without fraud, collusion or connection of any kind with any other proposer of the same call for proposals, and that the proposer is competing solely in its own behalf without connection with or obligation to, any undisclosed person or firm.

CONFIDENTIALITY – All information submitted by proposers shall be public record and subject to disclosure pursuant to the Oregon Public Records Act (ORS 192.410 et seq.), except such portions of the proposals for which proposer requests exception from disclosure consistent with Oregon Law. Any portion of a proposal that the proposer claims constitutes a "trade secret" or is "confidential" must meet the requirements of ORS 192.501(2) and ORS 192.502(4). If the entire proposal is marked as constituting a "trade secret" or being "confidential," at the City's sole discretion, such a proposal may be rejected as non-responsive.

If a request to inspect the proposal is made, the City will notify the proposer of the request. If the City refuses to release the records, the proposer agrees to provide information sufficient to sustain its position to the District Attorney of Multnomah County, who currently considers such appeals. If the District Attorney orders that the records be disclosed, the City will notify the proposer in order for the proposer to take all appropriate legal action. The proposer further agrees to hold harmless, defend and indemnify the City for all costs, expenses and attorney fees that may be imposed on the City as a result of appealing any decision regarding the proposer's records.

These Professional, Technical and Expert Services Request for Proposal "General Terms and Conditions" are not to be construed as exclusive remedies or as a limitation upon rights or remedies that may be or may become available under ORS Chapter 279.

PART I

CONTRACT REQUIREMENTS

SECTION A

GENERAL INFORMATION

1. INTRODUCTION

The Bureau of Environmental Services (BES) Watershed Management Group implements watershed improvement programs and projects to improve watershed health throughout Portland. In 2005, the Portland City Council approved the Portland Watershed Management Plan (PWMP). The PWMP establishes watershed health goals and objectives. Sustainable stormwater management, including the use of ecoroofs, is an important component of restoring and protecting watershed health. The PWMP can be viewed online at <http://www.portlandonline.com/bes/index.cfm?c=38965>

2. BACKGROUND

In November 2007, Commissioner Sam Adams unveiled Grey to Green (G2G), a program which expands the bureau's current efforts to restore and enhance watershed health.

G2G set a goal of 43 new acres of ecoroofs to be constructed over a five year period. An ecoroof is a lightweight vegetated roof system that manages stormwater and is used in place of conventional roofing material. The ecoroofs may be constructed on new or existing buildings, and may be constructed on any type of building (commercial, industrial, residential, institutional, etc.). For information about ecoroofs, see the City of Portland web page www.portlandonline.com/bes/ecoroof

3. SCOPE OF WORK

The City of Portland, Bureau of Environmental Services, is seeking proposals from individuals, firms, teams, or consultants, hereafter called "Proposer(s)," with demonstrated experience in structural engineering, and proposes to engage the successful Proposer for the following services:

- Evaluate the weight-bearing capacity and determine the reserve capacity of existing buildings to determine if they can be retrofitted with an ecoroof
- Provide limited training for BES staff in building evaluations
- Recommend evaluation criteria to the City to use when evaluating the weight-bearing capacity of existing buildings

The resulting analysis will be used to pre-qualify a building for an ecoroof grant. The analysis shall be prepared by a structural engineer registered in Oregon. The work shall be done in conformance with applicable professional and building code standards.

It is possible that a more complete structural analysis may be required as part of the resulting construction project if the building owner applies for and receives a grant to retrofit a building. The more complete analysis is not part of the scope of work for this contract.

Services will be provided on an "as-needed" basis. A Task Order will be developed and signed by the Contractor and BES for each individual building that will be evaluated. Final results are expected within three weeks of BES approving the Task Order for each individual building. There will be no guarantee of any expenditures on this contract, as services will be billed as provided and approved by BES.

The successful Proposer shall be expected to enter into a not-to-exceed Professional, Technical, and Expert Services Contract with the City. A sample of the City's standard contract can be viewed at:

<http://www.portlandonline.com/shared/cfm/image.cfm?id=27067>.

4. TASK ORDERS

Contract services provided will be authorized via Task Orders issued by the BES Watershed and Environmental Management Group.

Individual projects will be assigned as project needs are identified under this on-call contract. The scope of work, schedule, and compensation for each project will be established in writing via a Task Order prior to commencement of the work. Any changes to the cost, scope of work or schedule must be agreed to by the consultant and the City in writing as an amendment to the Task Order.

5. PROJECT FUNDING

The anticipated cost for the services described herein is \$75,000 over a two-year period. It is anticipated that the budget for each Task Order will be between \$1,500 and \$3,000. The Proposer's proposal shall include the Proposer's true estimated cost to perform the work irrespective of the City's budgeted funds for this work.

SECTION B

- d. Prepare a report for BES review and comment.
- e. Provide limited training for BES technical staff on conducting an in-field evaluation. The training should enable BES staff to do an initial determination whether or not a weight-bearing analysis should be completed. Evaluation criteria for BES staff to use for the evaluation will be developed by the successful Proposer.

2. WORK PERFORMED BY THE CITY

The City has assigned a project manager to oversee the successful Proposer's work and provide support as needed. Specific duties the City will perform include:

- c. Specifies if a subject building can or cannot hold an ecoroof and explain why.
- d. Describe the structural upgrades necessary, if any, to enable the building to be retrofitted with an ecoroof.

All deliverables and resulting work products from this contract will become the property of the City of Portland.

4. **PLACE OF PERFORMANCE** Contract performance will take place primarily at the Proposer's facility, a third-party location, or any combination thereof.

The Proposer shall anticipate delays in such places and include the cost of delay in the proposed cost. The successful Proposer's employees and agents shall carry sufficient identification to show by whom they are employed and display it upon request to security personnel. City project managers have discretion to require the successful Proposer's employees and agents to be escorted to and from any public office, facility or work site if national or local security appears to require it.
7. **INSURANCE**
- The successful Proposer(s) shall agree to maintain continuous, uninterrupted coverage of all insurance as required by the City. There shall be no cancellation, material change, reduction of limits or intent not to renew the insurance coverage(s) without a 30-day written notice from the successful Proposer or its insurer(s) to the City.
- Workers' Compensation Insurance** in compliance with ORS 656.017, which requires subject employers to provide Oregon workers' compensation coverage for all their subject workers (firms with one or more employees, unless exempt under ORS 656.027).

- Professional Liability Insurance** with a combined single limit of not less than \$1,000,000 per claim, incident, or occurrence. This is to cover damages caused by negligent acts, errors or omissions related to the professional services to be provided under this contract. If insurance coverage is provided on a "claims made" basis, the successful Proposer shall acquire a "tail" coverage or continue the same coverage for three years after completion of the contract, provided coverage is available and economically feasible. If such coverage is not available or economically feasible, contractor shall notify City immediately.
- Certificates of Insurance:** As evidence of the insurance coverages, the successful Proposer shall furnish acceptable insurance certificates to the City at the time signed contracts are returned to the City. The certificate will specify all of the parties who are Additional Insureds and will include the 30-day cancellation clause as identified above. All communications shall be through the contact(s) referenced in Part II, Section A.2 of the RFP. At the City's sole discretion, communications with members of the evaluation committee, other City staff or elected City officials for the purpose of unfairly influencing the outcome of this RFP may be cause for the Proposer's proposal to be rejected and disqualified from further consideration.

For contracts over \$100,000, the evaluation committee's recommendation for contract award will be submitted to the Portland City Council for approval. The City has the right to reject any or all proposals for good cause, in the public interest.

NOTE: In the City's discretion, litigation between the City and a Proposer shall be cause for proposal rejection, regardless of when that litigation comes to the City's attention and regardless how the Proposer's proposal may have been scored. Proposals may also be rejected if they use subcontractors or subconsultants who are involved in litigation with the City. Proposers concerned about possible rejection on this basis should contact the City before submission of a proposal for a preliminary determination of whether its proposal will be rejected.

**3. CLARIFYING
PROPOSAL DURING
EVALUATION**

During the evaluation process, the City has the right to require any clarification or change its needs in order to understand the Proposer's view and approach to the project and scope of the work.

SECTION B

CONTRACT AWARD

**1. CONSULTANT
SELECTION**

The City will award a contract to the highest scoring Proposer. Should the City not reach a favorable agreement with the highest scoring Proposer, at the City's sole discretion, the City shall terminate negotiations and commence negotiations with the second highest scoring Proposer and so on until a favorable agreement is reached. A consultant selection process will be carried out under Portland City Code Chapter 5.68.

**2. CONTRACT
DEVELOPMENT**

The proposal and all responses provided by the successful Proposer may become a part of the final contract. The form of contract shall be the City's Contract for PTE Services.

**3. AWARD REVIEW
AND PROTESTS**

REVIEW:

Following the Notice of Intent to Award, the public may view proposal documents. However, any proprietary information so designated by the Proposer as a trade secret and meeting the requirements of ORS 192.501(2) will not be disclosed unless the Multnomah County District Attorney determines that disclosure is required. At this time, Proposers not awarded the contract may seek additional clarification or debriefing, request time to review the selection procedures or discuss the scoring methods utilized by the evaluation committee.

PROTESTS OF CONTRACT AWARDS:

Protests may be submitted to the Purchasing Agent only for contracts in excess of the formal limit established by the City Auditor (reference <http://www.portlandonline.com/omf/index.cfm?a=74585&c=27353>), and only from those Proposers who would receive the contract if their protest were successful.

Protests must be received by the Purchasing Agent within seven (7) calendar days UNLESS OTHERWISE NOTED following the date of the City's Notice of Intent to Award was issued. The protest must specifically state the reason for the protest and show how its proposal or the winning proposal was mis-scored or show how the selection process deviated from that described in the solicitation document. The contract award process will be put on hold until the protest has been resolved.

Timely protests must include all legal and factual information regarding the protest, and a statement of the form of relief requested. Protests received later than specified or from other than the Proposer who would receive the contract if the protest was successful will not be considered. The exercise of judgment used by the evaluators in scoring the written proposals and interviews, including the use of outside expertise, is not grounds for appeal.

The Purchasing Agent may waive any procedural irregularities that had no material affect on the selection of the proposed contractor, invalidate the proposed award, amend the award decision, request the evaluation committee re-evaluate any proposal or require the bureau to cancel the solicitation and begin again to solicit new proposals. In the event the matter is returned to the evaluation committee, the Purchasing Agent shall issue a notice canceling the Notice of Intent to Award.

Decisions of the Purchasing Agent are final and conclude the administrative appeals process.

4. KICK-OFF MEETING

If requested by the City, the successful Proposer shall begin work by attending an orientation meeting to take place within 10 days following execution of the contract.
