SECTION B – INTRODUCTION

B.1 PURPOSE OF SOLICITATION: The purpose of this ITB is to establish a Price Agreement for the purchase of vehicles by Authorized Purchasers (as defined in Exhibit A) to cover **ALL Smith Electric** passenger cars, light trucks, cab and chassis trucks, passenger/cargo vans and wagons, police vehicles, sport utility vehicles, alternative fuel vehicles and all Electric Vehicles currently under production for Model Year 2011 and that are placed into production by Smith Electric Motor Corporation in Model Years during the term of the Price Agreement.

All Smith Electric dealerships are invited and encouraged to submit a bid. The State intends to award a Price Agreement or Price Agreements to a Smith Electric dealership or dealerships. This is a Price Agreement for an initial term of about five years with option to extend for additional one-year terms not to exceed a cumulative Price Agreement term of ten (10) years. See Price Agreement Section 2.3.

This ITB is a multiple award opportunity. See Section B.5 for method of award of price agreement.

ORS 279B.215 authorizes specification of particular brands. DAS SPO is issuing ITBs for vehicles by brand name, with the intent to make concurrent price agreements for comparable vehicles of several brands.

The State invites all Smith Electric dealerships, in association with the manufacturer, to extend their most favorable pricing to the State and Authorized Purchasers. The State will consider bids from dealerships that provide at least Triple Net Prices on Standard Equipped vehicles and all factory installed options. State also invites Bidders to make available to the Authorized Purchaser all advertised and unadvertised customer and dealer incentives, rebates and optional equipment discounts not included in the Triple Net Price and offered by the manufacturer to encourage sales.

Dealerships are encouraged to work closely with the manufacturer in obtaining any additional discounts, such as bid assistance, that may be passed on to the State and Authorized Purchasers. The State desires each dealership to offer a fixed percentage discount ("Discount" in Attachment 1) for each vehicle and factory installed options purchased under the Price Agreement. The contract price for a vehicle ("Final Bid Price" in Attachment 1) must be inclusive of dealer overhead, profit, vehicle registration fee, initial gas, diesel or alternative fuel, preparation and pre-delivery servicing expenses, and on-site customer delivery within 60 miles of Contractor's location. The State encourages dealerships to carefully consider their Discount amount to assure that it is adequate to cover dealership requirements and still provide high quality customer assistance and support; yet slim enough to provide a competitive edge sufficient to win the competitive bidding for Price Agreement.

Authorized Purchasers will place vehicle orders directly with the successful Contractor. In most cases, Authorized Purchasers will have predetermined their vehicle configuration and will provide a worksheet listing the vehicle to be purchased; selected optional equipment with the manufacturer's codes for package, option, or other equipment; selected exterior and interior colors; and computed purchase price using price for vehicle and factory installed options in Attachment 1.

In Attachment 3 to Price Agreement SPO encourages Authorized Purchasers to compare one model or vehicle against that offered under another price agreement and check with other Authorized Purchasers regarding group or quantity buys in order to obtain the best price from competition at time of purchase.

B.2 Estimate of Purchases:

B.2.1 INITIAL PURCHASE: This is an invitation to bid for a Price Agreement with no guarantee of a minimum or maximum purchase. Past purchases are no guarantee for future purchases.

B.2.2 ORCPP Participants and WSPC Participants (as defined in Exhibit A) may also be entitled to make purchases under an awarded Price Agreement. SPO has no estimate of the volume of those potential purchases. However, by agreeing to accept orders stated in Section G, Offeror agrees to supply all Goods ordered by ORCPP Participants and WSPC Participants (subject to the qualifications stated in Section G pertaining to WSPC Participants) during the term of any awarded Price Agreement.

B.3 OFFER SUBMISSION ITEMS: The information listed below shall be included in Offer submission, and the Bid must be SIGNED BY OFFEROR'S AUTHORIZED REPRESENTATIVE.

Section E: Recycled Products

Section F: Residency Statement

Section G: ORCPP and WSPC Participation

EXHIBIT A, PRICE AGREEMENT (Complete and Return the entire Exhibit with Offer.)

All other documents identified in the ITB as required submissions, all submissions shall be signed or initialed when required.

B.3.1 INFORMATION TO BE SUBMITTED WITH OFFER: Offerors must submit the following information/documentation with the Offer or by Offer modification prior to Closing. **Attachment 1.**

B.3.2 Certain Addenda (when so instructed) Bidder shall sign and return all designated Addenda with the Offer documents.

B.3.3 The apparent successful Offeror shall provide all required proofs of insurance to SPO within **(7) seven** calendar days of notification of intent to award. SPO may reject the Offer if the apparent successful Offeror fails to present the required documents within the **(7)** calendar-day period. Offerors are encouraged to consult their insurance agent(s) prior to Offer submission about the insurance requirements contained in the ITB.

All Offers and copies must be complete in all respects, including necessary signatures, certifications, documentation, responses on pricing and Specifications pages, and any other required information. All necessary attachments (residency statement, Bid bond, references,

descriptive literature, manufacturers' warranties, e.g.) must be submitted with the Offer in the required format.

B.4 METHOD OF BIDDING

Bidder must correctly fill all blanks in this Invitation to Bid requiring a response where applicable.

Bidder must complete Attachment 1 using the instructions in Attachment 1.

Bidder must submit its Bid for receipt by SPO by the required due date and time.

See Section C.12 Offer Evaluation Criteria and Section C.12.1 Responsiveness.

SPO seeks a Discount by Model based on computation of Triple Net Price for the "market basket" of vehicles listed in Attachment 1

Bidders note particularly this instruction in Attachment 1:

" Bidder must state a Discount by model for each vehicle bid. Discount is a total of available bid assistance. It must include at least the Triple Net Price of the Standard Equipped base vehicle (net invoice LESS HOLDBACK, LESS ADVERTISING, LESS FINANCING) and should include any other incentives offered by the manufacturer, such as bid allowance, DAA, PPA, bid assistance, advertising allowance, financing allowance, incentive or other industry names."

Bidder should be prepared to provide detail about Bidder's computation of Triple Net Price and Discount. SPO must be able to verify the Bidder's calculations and the substance of Bidder's bid in order to find the bid responsive. Specifically, a Bidder must provide supporting data, calculations, or clarification if SPO requests it. SPO will reject a bid as nonresponsive if SPO cannot verify it.

SPO must be able to verify independently Bidder's Triple Net Prices offered. Prices that cannot be verified by the State will not be considered and the bid will be rejected as nonresponsive.

All Standard Equipment must be installed in all vehicles and included as part of the Base Model Price. Bidder must not delete Standard Equipment from the vehicle or add Standard Equipment as additional cost item(s) to increase the Base Model Price. Bid prices that include amounts for Standard Equipment in addition to the Base Model Price will be rejected as unresponsive.

Bidder should consider three "nets" in triple net price to determine Final Bid Price. The first net is the difference between the manufacturer suggested retail price (MSRP) of the vehicle and the vehicle invoice price. The second net is all advertised and unadvertised customer and dealer incentives and rebates available to the dealer on the vehicle and model. Use the invoice price of the vehicle and take out the amount of all rebates and incentives. The third net, is the vehicle holdback, which SPO expects to be between 1% to 4% of manufacturer

suggested retail price for the vehicle depending on the manufacturer.

B.5 METHOD OF AWARD: The State intends to award at a minimum one (1) Price Agreement to a Smith Electric dealership based on the lowest total Final Bid Price for the list of Models designated "market basket" in Attachment 1. DAS SPO will rank the responsive Bids from all Bidders from lowest to highest total Final Bid Price for the market basket and make an award from that list.

The State reserves the right to make a multiple awards by geographic region from the ODOT (Oregon Department of Transportation) regional map dated April of 2008 in the number of Price Agreements and regions that would best serve the needs of State in a region. If DAS SPO awards by region, it will rank the responsive Bids from Bidders at locations in a region from lowest to highest total Final Bid Price for the market basket, and award in order of rank for that region. Award by region may result in an award to a Bidder in a region at a higher bid than an unsuccessful Bidder with a lower bid in another region. DAS SPO has determined that a total Final Bid Price that is x% higher than the lowest total Final Bid Price overall is not reasonably competitive and not eligible for regional award. The ODOT regional zones and regions map are available for view online at: <http://www.oregon.gov/ODOT/HighwayRegions.shtml>

The State may also choose to split an award along product lines in the best interest of the State: e.g. light trucks to a dealership specializing in truck sales only or alternative fuel vehicles to a dealership equipped and authorized by the manufacturer to support/service AFC's.

State's choice to use region as a basis for award does not limit statewide sales by Contractor or purchases by Authorized Purchasers

SECTION 4 – SPECIAL CONTRACT TERMS AND CONDITIONS

4.1 PRICE AGREEMENT RENEWAL OPTION; PROPOSED NET INVOICE INCREASES FOR 2011 and SUCCEEDING MODEL YEARS:

4.1.1 Extension Terms. The parties by agreement may extend the term of this Price Agreement at the end of each Model Year for up to five additional one year periods after the initial term of the Price Agreement not to exceed a cumulative Price Agreement term of ten (10) years. Except as noted in this section Net Invoice changes, Contractor must agree to the same terms and conditions of the original Price Agreement as amended from time to time. Requests for Price Agreement extension must be initiated by and detailed in writing by the Contractor no later than 90 days before the expiration date of the Price Agreement. Factors that may influence the State to renew a Price Agreement include quality of customer services and assistance, increased Discount in Attachment 1, decrease in Dealer Profit, other discounts not included in Discount for 2011 models, other value-added services available to Authorized Purchaser.

4.1.2 Net Invoice Increases for Model Years; SPO Response. A) For 2011 Model Year vehicles, and any subsequent Model Year vehicles introduced for sale during the term of this Price Agreement, Contractor shall prepare and deliver a Net Invoice increase letter proposing Net Invoice increases for such Model Year, together with the effective Model Year pricing change date established by the manufacturer, to Price Agreement Administrator within five (5) business days of Contractor's receipt of Model Year prices from the manufacturer. The Net Invoice increase letter is the Contractor's firm offer of Net Invoice for the specified Model for that Model Year. B) Following receipt of a Net Invoice increase letter in accordance with this section, SPO may, at its sole discretion, elect for a proposed Net Invoice increase for a Model to accept it by amendment to Attachment 1, reject it and strike the Model from the Price Agreement, or conditionally reject it pending additional supporting documentation necessary to accept it. C) The Net Invoice for a Model in Attachment 1 remains unchanged for subsequent Model Year vehicles absent amendment to Attachment 1 by timely use of the process in this section 4.1.2.

4.1.3 New Models for Subsequent Model Years; SPO Response. A) For new Models introduced for sale in 2011 Model Year and any subsequent Model Year during the term of this Price Agreement, Contractor shall prepare and deliver a new Model letter proposing Attachment 1 information for all columns, to Price Agreement Administrator within five (5) business days of Contractor's receipt of Model prices from the manufacturer. The new Model letter is the Contractor's firm offer of Net Invoice for the specified Model for that Model Year. B) Following receipt of a new Model letter in accordance with this section, SPO may, at its sole discretion, elect for a proposed new Model to accept Model at Net Invoice and Discount by amendment to Attachment 1, reject it, or conditionally reject it pending additional supporting documentation necessary to accept or modify Net Invoice and Discount. C) Contractor shall follow the instructions to Bidder in Attachment 1 (and related explanation in ITB # 102-1736-10 posted at ORPIN) to compute Net Invoice and Discount for a new Model. SPO expects a product of the Triple Net Invoice pricing.

4.1.4 Contractor Cooperation: SPO may request that Contractor produce documents and information as deemed necessary in SPO's sole discretion to verify and analyze the

proposed change to Attachment 1. Contractor shall prepare and deliver documentation and information responsive to the SPO request within five (5) Business Days of Contractor's receipt of the SPO request.

4.2 SERVICE RATING AND EVALUATION: Beginning in model year 2010, the State will conduct surveys (see Reporting section 2) of Authorized Purchasers to assess the quality of services and products provided by each Contractor. Customer ratings will be incorporated into the process in determining renewals and future awards. State may consider Contractor performance which may include:

- a) Commitment to and provision of superior customer services and assistance, particularly build/delivery dates,
- b) Adherence to the terms and conditions of the Price Agreement and resulting contracts,
- c) Attention paid to pre-servicing, registration and delivery requirements,
- d) Provision of accurate invoices and vehicles free of defect and damage.

4.3 ADVERTISING: Contractor shall place no advertising, such as dealer's name, logo or emblems on vehicles. Contractor shall reimburse Authorized Purchaser for any costs incurred for removal of advertising from a vehicle.

4.4 TERMINATION OF PRICE AGREEMENT: In addition to those reasons stated in section 2.6, the State may terminate the Price Agreement(s) upon 30 days written notice to Contractor for reasons including but not limited to, unauthorized substitution of product or equipment, excessive delays in filling orders, poor workmanship, failure to perform as outlined in the specifications, inadequate customer service/support, unsatisfactory customer survey results and pricing irregularities contrary to the Price Agreement and not supported by written documentation from the manufacturer.

4.5 INVOICE: Contractor shall mail or deliver the original invoice to Authorized Purchaser within 24 hours of the time the vehicle is delivered. Authorized Purchasers will verify that correct pricing has been applied, note discrepancies in pricing and make adjustments to the invoice to reflect the correct contract price. Contractor shall include the Price Agreement and purchase order number on all invoices, bills of lading, packages and correspondence associated with the vehicle purchase transaction.

4.6 AUTHORIZED PURCHASER ORDER PROCEDURE: SPO encourages the Authorized Purchaser to follow the applicable general procedures outlined in Attachment 3 when determining with which Contractor (if multiple contracts exist) a given order will be placed or when determining which make/model will be purchased (if competing makes/models exist). SPO encourages Authorized Purchasers to compare one model or vehicle against that offered under another price agreement and check with other Authorized Purchasers regarding group or quantity buys in order to obtain the best price from competition at time of purchase. Authorized Purchaser may decide to place an order with a contractor other than the contractor with the lowest price if, through analysis based on published or empirically collected data, the Authorized Purchaser finds that additional value-added features, safety, services, or other features are in the best interests of the Authorized Purchaser. Items that may influence the decision may include 1) lead times, 2) warranties, 3) reliability reports, 4) safety ratings, 5) crash tests, 6) service reports, 7) operating costs, 8) resale values. Authorized Purchaser must determine individually if any and what documentation is necessary for this decision for the Authorized Purchaser file.
