The supply of a Boatswain's Beach Coloring Book

We hereby invite all interested entities to submit bids for the supply of a Boatswain's Beach Children Coloring Book.

1. ABOUT BOATSWAIN'S BEACH

Boatswain's Beach pronounced 'Bo-suns' Beach, is a one-of-a-kind, 23 acre adventure marine park that will be the premier tourist attraction of the Cayman Islands. The park's features include:

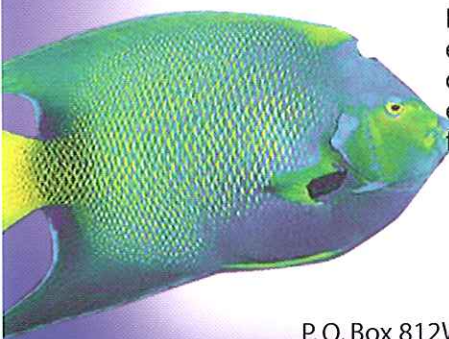

- a 1.3 million gallon salt water lagoon in which visitors can swim and snorkel with fish and other marine life
- a "Predator Tank", home to sharks, eels and barracudas, amongst others
- a free-flight bird aviary
- an iguana sanctuary
- an historic Caymanian street with porch side artisans
- a touch pool for interacting with starfish, urchins, and crabs
- full service restaurant, bar and deli offering Caymanian cuisine

Boatswain's Beach celebrates the relationship between Cayman's people and the sea through a very tactile, colorful, educational and memorable experience. Visitors to the park will experience the rich history of Caymanian life in a fun, interactive and safe environment while providing opportunities to observe and interact with native marine creatures. As part of this emphasis on Cayman's heritage, the historic Cayman Turtle Farm will make its new home within Boatswain's Beach.

2. VISION

Goal is to create two different versions of a kid's coloring book for Cayman Turtle Farm / Boatswain's Beach. One book will be used for promotional materials and the next book for selling in the retail shop (i.e. a full color version vs. black and white version).

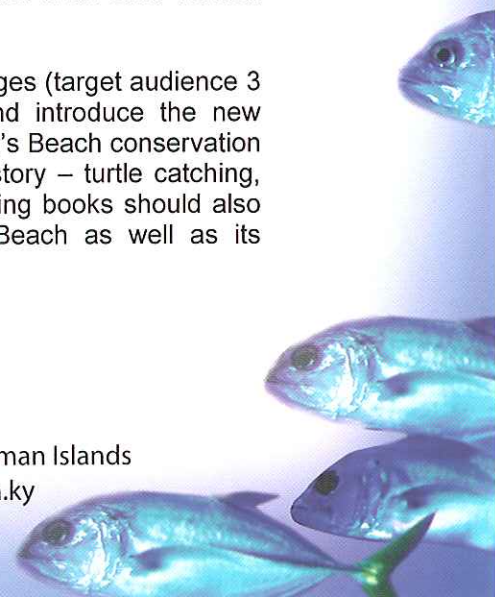

The coloring books should be suitable for children of all ages (target audience 3 – 11 with teenagers and parents as an extension) and introduce the new Boatswain's Beach Park. They should highlight Boatswain's Beach conservation efforts, history and culture of the islands (i.e. marine history – turtle catching, catboats etc.), animals, and membership club. The coloring books should also enhance the Educational Programme at Boatswain's Beach as well as its features.
