The bidder must follow instructions contained in this RFP and in the bid cover sheet in preparing and submitting its bid proposal. The bidder is advised to read thoroughly and to follow all instructions.

The information required to be submitted in response to this RFP has been determined to be essential in the bid evaluation and contract award process. Any qualifying statements made by the bidder to the RFP's requirements could result in a determination that the bidder's proposal is materially non-responsive.

Each bidder is given wide latitude in the degree of detail it elects to offer or the extent to which plans, designs, systems, processes and procedures are revealed. Each bidder is cautioned, however, that insufficient detail may result in a determination that the bid proposal is materially non-responsive or, in the alternative, may result in a low technical score being given to the bid proposal.

The bidder is instructed to clearly identify any requirement of this RFP that the bidder cannot satisfy.

5.2 Proposal Delivery and Identification

In order to be considered a bid proposal must arrive at the Department of Purchasing Services in accordance with the instructions on the RFP cover sheet. 5.3 Number of Bid Proposal Copies

Each bidder must submit one (1) complete original bid proposal, clearly marked as the "ORIGINAL" bid proposal in hard copy format and one (1) in an electronic format, such as compact disc (CD) or USB Flash Drive. It is suggested that the bidder make and retain a complete copy of its bid proposal.

6.4.3 The University reserves the right to request all bidders to explain the method used to arrive at any or all cost or pricing figures.

6.4.4 When making the contract award decision, the University may consider evidence of formal or other complaints against any bidder(s) by the University for contracts held in the past or present by the bidder.

6.4.5 The University reserves the right to check the bidder's financial capacity and ability to successfully undertake and provide the services required by this RFP by any means deemed appropriate.

6.4.6 The University reserves the right to conduct site inspections of any facility(s) serviced by the bidder(s) to assist in judging the bidder's ability to provide the services required by this RFP. This applies to all facilities services by the bidder or any sub-contractor to the bidder. This right extends to all facilities of which the University is aware, or about which it becomes aware, that the bidder is servicing, whether or not the facility is listed in the bidder's proposal.

6.5 NEGOTIATION AND BEST AND FINAL OFFER (BAFO)

After evaluating bid proposals, the evaluation committee may enter into negotiations with each bidder in the competitive range, unless there are too many highly rated proposals to evaluate efficiently. In this situation, UMDNJ may limit the competitive range to the number of proposals that will permit efficient competition among the most highly rated proposals. The primary purpose of negotiations is to maximize UMDNJ's ability to get the best value, based on the requirements and evaluation criteria set forth in the RFP. Negotiations may involve the identification of significant proposal weaknesses, ambiguities and other deficiencies that could limit a bidder's award potential, including payments. More rounds of negotiations may be held with one bidder in the competitive range than with another. Negotiations will be structured to safeguard information and ensure that all bidders in the competitive range are treated fairly. When the evaluation committee determines to conclude negotiations, all bidders in the competitive range will be so notified and advised of the time and place for submission of best and final offers. The best and final offer can modify any aspect of the bid proposal, provided mandatory RFP requirements are satisfied and further provided that the revised payment proposal is not higher than the original payment proposal. Any revised payment proposal that is not equal to or higher in payment than the original payment proposal will be rejected as non-responsive.

Evaluation of the best and final offers will be on the basis of payment and the evaluation criteria set forth in the RFP. If, after review of the best and final offers, clarification is required, it may be sought from the bidders. If further negotiation is desired after evaluation of the revised proposals, it will be followed by another BAFO opportunity. UMDNJ reserves the right to reassess the competitive range before proceeding with a subsequent round of negotiations and BAFO submissions and to remove from the competitive range any proposal that is no longer considered to be a leading contender for award. After evaluation of the final BAFO submissions, the evaluation committee will recommend to the Vice President for award the responsible bidder(s) whose bid proposal(s), conforming to the RFP, is most advantageous to the State, payment and other factors considered. The Vice President may accept, reject or modify the recommendation of the Evaluation Committee. The Vice President may negotiate further increases in payment with the selected bidder.

Negotiations will only be conducted in those circumstances where they are deemed by UMDNJ to be in UMDNJ's best interests and to maximize the UMDNJ's ability to get the best value. Therefore, bidders are advised to submit their best technical and payment proposals in response to this RFP, because the UMDNJ may, after evaluation, make a contract award based on the content of these initial submissions, without further negotiation with any bidder.

All contacts, records of initial evaluations, any correspondence with bidders related to any request for clarification, negotiation or BAFO, any revised technical and/or payment proposals, the Evaluation Committee Report and the Award Recommendation, will remain confidential until a Notice of Intent to Award a contract is issued.

6.6 Contract Award

The contract shall be awarded with reasonable promptness by written notice to that responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to UMDNJ, price and other factors considered. Any or all bids may be rejected when the Vice President determines that it is in the public interest to do so.

6.7 Bidder's Right to Challenge a Contract Award

Except in cases of emergency, bidders have the right to protest a proposed contract award.

A bidder's protest must be submitted to the buyer of record with a copy to the Vice President of Supply Chain Management ("Vice President") within ten (10) days of receipt of notice to the bidder that it did not receive a contract award for its submitted bid proposal or notice that an award had been made to another bidder. The protest period may be shortened by the Vice President of Supply Chain Management. If the protest period is shortened or a protest period is not authorized due to emergency, all bidders will receive notice of the shortened protest period or emergency in the notice sent to bidder on the award of the contract.

Notices of contract award under this section may be faxed, e-mailed, sent by regular mail or by any other means, excluding telephonic communication, conducive to transmitting the notice. If notice is sent by regular mail, the recipient is deemed to have received the notice three (3) days after mailing.

If a bidder files a protest to a contract award under this section, the bidder must set forth in writing with specificity the basis of the protest. At the time of the protest filing, the bidder must also submit all documentation supporting the basis of the protest. Failure to comply with these requirements may lead to rejection of the protest and UMDNJ award of the contract.

The protest will be reviewed and addressed with reasonable promptness. If deemed necessary by Vice President, a hearing may be held on the merits of the protest. In all cases, the Vice President will notify the bidder of the final determination on the protest.

7.0 BIDDER'S INFORMATION

IV. **Term and Termination**

A. **Term.** The term of this BAA shall be effective as of the effective date of the Underlying Agreement and shall terminate when all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or, if it is infeasible to return or destroy PHI, protections are extended to such information, in accordance with the termination provisions of this Section IV.

B. **Termination for Cause.** Upon Covered Entity's knowledge of a material breach by Business Associate, Covered Entity shall either:

1. Provide an opportunity for Business Associate to cure the breach or end the violation, and terminate this BAA and the Underlying Agreement if Business Associate does not cure the breach or end the violation within the time specified by Covered Entity;

2. Immediately terminate this BAA and/or the Underlying Agreement if Business Associate has breached a material term of this BAA and cure is not possible; or

3. If neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary of HHS.

C. Effect of Termination.

1. (a) Except as provided in paragraph C.2 of this Section, upon termination of this BAA, for any reason, Business Associate shall return or destroy all PHI received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity. This provision shall apply to PHI that is in the possession of subcontractors or agents of Business Associate. Business Associate shall retain no copies of PHI.

(b) Except as provided in paragraph C.2 of this Section, if Covered Entity, in its sole discretion, requires that Business Associate destroy any or all PHI received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity, either due to the termination of this BAA or otherwise, Business Associate shall certify, in writing, to Covered Entity that the PHI has been destroyed and rendered indecipherable, pursuant to HIPAA and the HITECH Act. This provision also shall apply to PHI that is in the possession of subcontractors or agents of Business Associate.

2. In the event that Business Associate determines that returning or destroying the PHI is infeasible, Business Associate shall provide to Covered Entity written notification of the conditions that make return or destruction infeasible within thirty (30) calendar days of such request. In such case, Business Associate shall extend the protections of this BAA to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. This provision also shall apply to PHI that is in the possession of subcontractors or agents of Business Associate.

3. Should the Business Associate make a disclosure of PHI in violation of this BAA, Covered Entity shall have the right to immediately terminate any contract, other than this BAA, then in force between the Parties, including the Underlying Agreement.

4. The provisions of this Section IV.C, shall survive the termination of this BAA and the Underlying Agreement for any reason.

V. Remedies In Event of Breach

A. Business Associate agrees and acknowledges that irreparable harm will result to Covered Entity, and to its business, in the event of breach by Business Associate of any covenants, duties, obligations and assurances in this BAA and further agrees that remedy at law for any such breach shall be inadequate and that damages resulting there from are not susceptible to being measured in monetary terms. In the event of any such breach or threatened breach by Business Associate, Covered Entity shall be entitled to (i) immediately enjoin and restrain Business Associate from any continuing violations and (ii) reimbursement for reasonable attorneys' fees, costs and expenses incurred as a proximate result of the breach. The remedies in this Section V shall be in addition to any action for damages and/or other remedy available to Covered Entity for such breach.

B. Business Associate shall indemnify and hold Covered Entity, its directors, officers, employees and agents harmless from any and all liabilities, damages, reasonable attorneys' fees, costs and expenses incurred by Covered Entity as a result of a breach of this BAA caused by Business Associate's actions or inactions and/or those of its employees and agents.

C. Business Associate agrees and acknowledges that the provisions of this BAA shall be strictly construed.

5.15.9 Failure to agree upon any determination to be made under this clause shall be a dispute concerning a question of fact within the meaning of the "Disputes" clause of this contract.

5.16 Material and Workmanship

Unless otherwise specifically provided in this contract, all equipment, material, and articles covered by this contract are to be new and of the most suitable grade for the purpose intended. The Contractor shall number all other identifying data and information respecting the performance, capacity, nature, and rating of the machinery and mechanical and other equipment, which the Contractor contemplates incorporating in the work. When required by this contract or when called for by UMDNJ, the Contractor shall furnish for approval by UMDNJ full information concerning the material or articles (including, but not limited to, items such as Material Safety Data (MSD) sheets), which the Contractor contemplates incorporating in the work.

No materials will be accepted unless MSD's have been provided and the containers are labeled according to OSHA 29CFR 1910, 1200 and the New Jersey Right to Know Law. When so directed, samples shall be submitted for approval, and this shall be done at the Contractor's expense, with all shipping charges prepaid. Machinery, equipment, material, and articles installed or used without required approval shall be at the risk of subsequent rejection.

5.17 Inspection and Tests

All supplies shall be subject to inspection and test by UMDNJ.

5.18 Price Fluctuation During Contract

Unless otherwise noted by UMDNJ, all prices quoted shall be firm through issuance of a contract or purchase order and shall not be subject to increase during the period of the contract. In the event of a manufacturer's or Contractor's price decreases during the contract period, UMDNJ shall receive the full benefit of such price reduction on any undelivered purchase order and on any subsequent order placed during the contract period. The Executive Director of Materials Management must be notified in writing of any price reduction within five (5) days of the effective date.

Failure to report price reductions will result in cancellation of contract for cause, pursuant to the provisions of these Standard Terms and Conditions.

5.19 Delivery Costs

All shipments must be made "F.O.B. Destination." Regardless of the method of quoting shipments, the Contractor shall assume all costs, liability and responsibility for the delivery of merchandise in good condition to UMDNJ.

"F.O.B. Destination" does not cover "spotting, but does include delivery on the receiving platform at any destination within UMDNJ, unless otherwise specified. No additional charges will be allowed for any additional transportation costs resulting from partial shipments made at the Contractor's convenience when a single shipment is ordered. The weights and measures of UMDNJ shall govern.

6.0 STANDARDS PROHIBITING CONFLICTS OF INTEREST

No bidder or contractor shall pay, offer to pay, or agree to pay, either directly or indirectly, any fees commission, compensation, gift, gratuity, or other thing of value of any kind to any UMDNJ officer or employee as defined by N.J.S.A. 52:13D-13b. with which such bidder or contractor transacts or offers or proposes to transact business, or to any member of the immediate family, as defined by N.J.S.A. 52:13013i., of any such UMDNJ officer or employee, or any partnership, firm, or corporation with which they are employed or associated, or in which such officer or employee has an interest within the meaning of N.J.S.A. 52:130-13g.

The solicitation of any fee, commission, compensation, gift, gratuity or other thing of value by any UMDNJ officer or employee from any bidder or contractor shall be reported in writing forthwith by the bidder or contractor to the Attorney General and the New Jersey Executive Commission on Ethical Standards.

No bidder or contractor may, directly or indirectly, undertake any private business, commercial or entrepreneurial relationship with, whether or not pursuant to employment, contract or other agreement, express or implied, or sell any interest in such bidder or contractor to, any UMDNJ officer or employee having any duties or responsibilities in connection with the purchase, acquisition or sale of any property or services by or to UMDNJ or any instrumentality thereof, or with any person, firm or entity with which he is employed or associated or in which he has an interest within the meaning of N.J.S.A. 52:130-13g. Any relationships subject to this provision shall be reported in writing forthwith to the Executive Commission on Ethical Standards, which may grant a waiver of this restriction upon application of the UMDNJ officer or employee or upon a finding that the present or proposed relationship does not present the potential, actuality or appearance of a conflict of interest.

No bidder or contractor shall influence, or attempt to influence or cause to be influenced, any UMDNJ officer or employee in his official capacity in any manner which might tend to impair the objectivity or independence of judgment of said officer or employee.

No bidder or contractor shall cause or influence, or attempt to cause or influence, any UMDNJ officer or employee to use, or attempt to use, his official position to secure unwarranted privileges or advantages for the bidder or contractor or any other person, bidder, contractor or corporation.

The provisions cited above shall not be construed to prohibit a UMDNJ officer or employee from receiving gifts from or contracting with bidder or contractor under the same terms and conditions as are offered or made available to members of the general public, subject to any guidelines promulgated by the New Jersey Executive Commission on Ethical Standards. UMDNJ reserves the right to take any or all of the following actions upon bidder's or contractor's violation of any of the foregoing provisions:

- _ (a) Immediate termination of this or any contract between UMDNJ, the bidder or contractor;
- _ (b) Disqualification of bidder or contractor from any future contracts, bids or requests for bid; and,
- _ (c) Any other action, at law or in equity.

Section B: Terms and Conditions Governing Bids and Proposals

1.0 APPLICABILITY OF STANDARD TERMS AND CONDITIONS

Unless the bidder is specifically instructed otherwise in the solicitation document (i.e., Request for Proposal (RFP), or Invitation for Bids (IFB)), the following terms and conditions will apply to all contracts or purchase agreements made with the University of Medicine and Dentistry of New Jersey (UMDNJ). These terms are in addition to the terms and conditions set forth in the solicitation document and should be read in conjunction with same unless the solicitation document specifically indicates otherwise. If a bidder proposes changes or modifications or takes exception to any UMDNJ's terms and conditions, the bidder must so state specifically in writing in the bid proposal. Any proposed change, modification, or exception in UMDNJ's terms and conditions by a bidder will be a factor in the determination of an award of a contractor purchase agreement.

2.0 STATE LAW REQUIRING MANDATORY COMPLIANCE BY ALL CONTRACTORS

2.1 Corporate Authority

All New Jersey corporations must obtain a Certificate of Incorporation from the Department of the Treasury, Division of Revenue, prior to conducting business in the State of New Jersey.

If a bidder receiving a notice of intent to award is the proposed contract awardee and such bidder is a corporation incorporated in a state other than New Jersey, such bidder must provide either a copy of its Certificate of Authority to do business in New Jersey, issued by the New Jersey Department of the Treasury, Division of Revenue, or evidence of its application to the Division of Revenue for such Certificate of Authority, within seven (7) days of the notice of intent to award.

If a bidder awarded a contract or purchase agreement is an individual not residing in this state or a partnership organized under the laws of another state, then the bidder shall execute a power of attorney designating the State Treasurer as its true and lawful attorney to receive process in any civil actions which may arise out of the performance of this contract or agreement. This appointment of the State Treasurer shall be irrevocable and binding upon the bidder, its heirs, executors, administrators, successors or assigns. Within ten (10) days of receipt of this process, the Treasurer shall forward same to the bidder at the address designated herein.

3.0 PROPOSALS TERMS

3.1 Contract Amount

The estimated amount of the contract(s), when stated in the solicitation document, shall not be construed as either the maximum or minimum amount which UMDNJ shall be obliged to order as the result of this solicitation document or any contract entered into as a result of this solicitation document.

3.2 Director of Purchasing Service's Right of Final Bid Acceptance

The contract shall be awarded to that responsible bidder whose bid, conforming to the solicitation document, will be most advantageous to UMDNJ, price and other factors considered. Awards will not be based on any discounts offered by the bidder. The Director of Purchasing Services reserves the right to reject any or all bids, or to award in whole or in part if deemed to be in the best interest of UMDNJ to do so.

3.3 Causes for Automatic Rejection of Bids

Bids may be automatically rejected for the following reasons:

3.3.1 No signature on at least one copy of the bid;

3.3.2 Bid not received on or before the scheduled time, date specified, and place designated on the bid request form (or as amended during the procurement process via addendum);

3.3.3 Failure to attend a mandatory pre-bid conference and/or mandatory site inspection;

3.3.4 Failure to initial a price alteration. If a unit price in the bid has been altered, the bidder's initials must appear adjacent to the alteration. Examples of alterations include, but are not limited to, cross-outs and erasures, with re-entered prices. If the alteration has not been so initialed, that particular item only in the bid will be automatically rejected, except as follows: If the extended price is correct and does not contain alterations, it shall be considered the bid price. If the extended total price does not contain alterations and the altered unit price is not initialed, the extended total price is considered as the bid price. In the event of an automatic rejection of a price (or prices), when the bid contains multiple items, the remainder of the bid will be evaluated;

3.3.5 If information essential to a bid evaluation, including, but not limited to, price, terms, and product description is submitted in pencil;

3.3.6 Failure to comply with Ownership Disclosure requirements promulgated pursuant to N.J.S.A. 52:2524.2.

3.4 UMDNJ's Right to Inspect Bidder's Facilities UMDNJ reserves the right to inspect the bidder's establishment before making an award, for the purposes of ascertaining whether the bidder has the necessary facilities for performing the contract.

3.5 UMDNJ's Right to Request Further Information

The Director of Purchasing Services reserves the right to request all information which may assist in making a contract award, including factors necessary to evaluate the bidder's financial ability.

Further, the Director of Purchasing Services reserves the right to request a bidder to explain in detail how the bid price was determined. Section 952 of the Omnibus Reconciliation Act of 1980 (P.L. 96-499) requires that providers include in contracts for services a provision allowing the Federal Government to have access to all documents and records that are needed to verify the Contractor's cost, if the value of the contract over 12 months is at least \$10,000.

3.6 Brand Name Specification

When a specification requires a particular manufacturer or brand, it indicates the quality and characteristics of the item being specified. Failure on the part of the bidder to confirm its provision of the manufacturer and/or brand specified shall be construed by UMDNJ to mean that the bidder will furnish the brand as specified. In instances where manufacturer or brand are specified, the bidder may offer the brand specified, or may offer an "equal" item, provided that the item is similar to the specified brand in all essential characteristics in terms of quality and functionality.

3.7 Samples UMDNJ reserves the right to require the bidder/Contractor to submit samples for approval. UMDNJ shall be the sole judge as to whether said materials meet its requirements. All literature and/or samples submitted in connection with this bid shall become the property of UMDNJ.

When "Samples Required" is indicated in a solicitation document, it shall be understood that all bidders shall furnish and deliver samples for each item where specified.

Sample(s) shall be delivered to UMDNJ at the time of bid submission.

Sample(s) delivered shall be tagged indicating the name of the bidder, the UMDNJ bid number, bid item number and complete description of item.

Failure to submit samples required may disqualify a bid.

3.8 Corrections

Erasures or other changes in bids must be explained or otherwise noted over signature of bidder.

3.9 Bid Security

3.9.1 Bid Security

If bid security is required, such security must be submitted with the bid in the amount listed in the solicitation document, see N.J.A.C. 17:12-2.4. Acceptable forms of bid security are as follows:

- (a) A properly executed individual bid bond issued by an insurance or security company authorized to do business in the State of New Jersey; or,
- (b) A certified or cashier's check drawn to the order of UMDNJ; or,
- (c) An irrevocable letter of credit drawn naming the Treasurer, UMDNJ as beneficiary issued by a federally-insured financial institution.

UMDNJ will hold all bid security during the evaluation process. As soon as is practicable after completion of the evaluation, UMDNJ will:

- (a) Issue an award notice for those offers accepted by UMDNJ; and,
- (b) Return all bond securities to those who have not been issued an award notice.

All bid security from Contractors who have been issued an award notice shall be held until the successful execution of all required contractual documents and bonds (performance bond, insurance, etc.). If the Contractor fails to execute the required contractual documents and bonds within thirty (30) calendar days after receipt of award notice, the Contractor may be found in default and the contract terminated by UMDNJ. In case of default, UMDNJ reserves all rights, inclusive of, but not limited to, the right to purchase material and/or to complete the required work in accordance with the New Jersey Administrative Code and to recover any actual excess costs from the Contractor. Collection against the bid security shall be one of the measures available toward the recovery of any excess costs.

3.10 Complaints

Where a bidder has a history of performance problems as demonstrated by formal complaints and/or contract cancellations for cause pursuant these Standard Terms and Conditions, a bidder may be bypassed for this award. See N.J.A.C. 17:12 –2.8.

3.11 Subcontracting or Assignment

In the event the bidder proposes to subcontract for the services to be performed under the terms of the contract award it shall state so in its bid and attach for approval a list of said subcontractors and an itemization of the products and/or services to be supplied by them.

Nothing contained in the specifications shall be construed as creating any contractual relationship between any subcontractor and UMDNJ.

4.0 TERMS RELATING TO PRICE QUOTATION

4.1 Delivery Costs

Unless otherwise noted in the solicitation document, all prices for items in bid proposals are to be submitted “F.O.B. Destination.” Proposals submitted other than “F.O.B. Destination” may not be considered. Regardless of the method of quoting shipments, the Contractor shall assume all costs, liability and responsibility for the delivery of merchandise in good condition to UMDNJ.

“F.O.B. Destination” does not cover “spotting,” but does include delivery on the receiving platform at any destination within UMDNJ, unless otherwise specified. No additional charges will be allowed for any additional transportation costs resulting from partial shipments made at the Contractor’s convenience when a single shipment is ordered. The weights and measures of UMDNJ shall govern.

4.2 C.O.D. Terms

C.O.D. terms are not acceptable as part of a bid proposal and will be cause for rejection of a bid.
