I. GENERAL INFORMATION

A. Purpose of this Request for Proposal (RFP)

The Rector and Visitors of the University of Virginia (the “University”) seeks an experienced firm with the ability to pick up all items to be surplus, to include, but not limited to: equipment, furniture, appliances, and supplies. The expectation is surplus items will be picked up on a weekly basis from the various University departments and sell the items on behalf of the University.

This RFP is part of a competitive procurement process which helps to serve the University's best interests. It also provides firms with a fair opportunity for their services to be considered. The process of competitive negotiation being used in this case should not be confused with the different process of competitive sealed bidding. The latter process is usually used where the goods or services being procured can be described precisely and price is generally the determinative factor. With competitive negotiation, however, price is not required to be the determinative factor, although it may be, and the University has the flexibility it needs to negotiate with firms to arrive at a mutually agreeable relationship.

For ease of reference, each firm or individual receiving this RFP is referred to as a “firm” and the firm or individual selected to provide services for the University is referred to as the “Selected Firm.” This RFP states the instructions for submitting proposals and the procedure and criteria by which a firm may be selected.

II. BACKGROUND

A. University Background

When Thomas Jefferson founded the University in 1819, he intended it to be nothing less than a world-class institution of higher learning. Jefferson's spirit lives on – not only in the Rotunda and Academical Village he designed, and which remain treasures of American architecture, but in the University's standing as a leader in education, research, and community service.

The 24,000 plus students attending the University work within a true meritocracy and live by an Honor Code unique among American universities. Each student is exposed to the widest spectrum of disciplines – from arts and athletics to humanities and technology. Our students also enjoy a unique connection to the world beyond college through the University's outstanding professional training, exemplified by its nationally ranked schools of Law, Business, and Medicine. The University as a whole has had a consistently high ranking not only among public schools, where it often heads the list, but among all American universities, public and private.

Over 12,400 permanent University faculty and staff are committed to serving both the local and national community. The University makes a real difference in the world, through its invaluable research, a hospital ranked among the nation's finest, and graduates who have consistently been among the forefront of our nation's shapers. At the University, our bright future is the direct result of our great history

B. Surplus Background

The University currently has its own surplus office which is tasked with administering and collecting surplus items from the various departments throughout the University. Items surplused include but are not limited to: furniture, appliances, athletic equipment, lab equipment, etc.

For furniture and appliances (except window air conditioners), a contracted Selected Firm picks up the items from each department and provides a percentage of the selling price back to the University. It is estimated that over 3,000 items, of all sizes and condition, are picked up each year.

Other items are collected by the University, brought to a University warehouse, and then uploaded on GovDeals.com to be sold, with the University receiving a portion of the selling price. Approximately 1,240 lots were sold at auction during calendar year 2011 for a total of ~\$291,500. For further information about the items auctioned and the price paid, see Attachment 5, Surplus 2011 Data. Information about GovDeals can be viewed at GovDeals.com.

NOTE: Any electronic equipment and devices that may contain electronic data, such as computers, laptops, printers, etc. are surplus through a different contract and would not be part of any resulting agreement.

III. SCOPE OF SERVICES

It is the University's intent to enter into an Agreement with the Selected Firm to provide total surplus management for all its surplus items (except any electronic equipment and devices that may contain electronic data). The University envisions the Selected Firm providing the following services:

- A. Pickup surplus items at various locations throughout the University on a regular schedule (at least weekly) and store the items in a Selected Firm's warehouse.
- B. Sell the items through an approved University online auction site and provide a percentage of the proceeds back to the University *OR* sell the items through an approved University online auction site and the University will pay the Selected Firm a percentage of the proceeds.

The above is what the University envisions. However, the University encourages firms to submit alternative solutions to meet the University's ultimate goal of not being directly involved in the collection and disposal of surplus items.

IV. CONTENTS OF THE PROPOSAL

Proposals should include information requested in this section. Emphasis will be on completeness and clarity of content, and needs to be organized in the order in which the requirements are presented in the RFP. Proposals will be prepared simply and economically, providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP.

- A. A brief history of the firm. Include the name of the firm's primary contact during the RFP process, to include phone numbers and email address.
- B. Services
Provide an overview of the proposed solution and describe how the requirements as set forth in Section III, Services, will be met. Please address each item in Section III in the

- C. Provide at least three references where similar Services have been provided. Include the name of the firm / organization, the year the project was implemented, the complete mailing address, and the name of the contact person and its telephone number and email address.
- D. Financial Proposal
1. The firm's proposed pricing model.
 2. State the firm's agreement to receive payments electronically via Bank of America's ("BoA") ePayables® method of electronic payment or BoA's PayMode® method of electronic payment.  3. Provide a list of clients with which the firm has signed a term contract that allows for cooperative procurement and/or if the firm has a General Service Accounting (GSA) schedule contract.
 4. Provide the amount of annual sales the firm has with each VASCUPP Member Institution. A list of the VASCUPP Members can be found at <http://www.vcu.edu/procurement/coopcon.htm>
- F. The firm's Small, Woman-owned and Minority-owned (SWAM) businesses status and/or how the firm intends to utilize SWAM firms in regards to this particular procurement. For more information about SWAM and the University's SWAM plan, please refer to Attachment 3 and this site: www.procurement.virginia.edu/main/publicpostings/rfp/SWAMplan.pdf. Any questions related to SWAM business and SWAM subcontracting opportunities can be directed to Les Haughton, Director, Supplier Diversity, at (434) 924-7174 or lh7sn@virginia.edu.
- G. Provide any other information which the University should consider in evaluating the firm's proposal.

V. BASIS OF SELECTION

The University will evaluate proposals, and if a firm is to be selected, select the firm on the basis of:

- A. The firm's plan to provide the University with the services as described in Section II, Background Information, and Section III, Scope of Services;
- B. The firm's experience in providing Services similar to those described in this RFP, to include the firm's references from clients;
- C. The firm's financial proposal;
- D. The contractual terms that would govern the relationship between the University and the Selected Firm;
- E. The firm's Small, Woman-owned and Minority-owned (SWAM) businesses status and/or the firm's plan for utilization of SWAM businesses. *Note:* A 10% minimum weight will be given to this criterion in evaluating proposals; and
- F. Any other factors relevant to the firm's capacity and willingness to meet the University requirements.

Proposals will be evaluated based upon the overall merits/value of the proposal including, but not limited to, price. All proposals received will be carefully evaluated by the University. The University then intends to conduct negotiations with two or more firms. After negotiations have been conducted, if the University chooses to make award, the University will select the firm which, in its opinion, best meets the needs of the University. Alternately, if the University determines in writing and in its sole discretion that only one firm is fully qualified, or that one firm is clearly more highly qualified than the others under consideration, it may decide to negotiate and award an agreement to that single firm. In either event, the University intends to execute a mutually satisfactory written agreement which will reflect and largely incorporate this RFP as reconciled with any pertinent documents, such as the proposal submitted and relevant negotiation correspondence.

Because the University may choose to negotiate and award to a single firm as discussed above, each firm must include in its written proposal all requirements, terms or conditions it may have, and should not assume that an opportunity will exist to add such matters after the proposal is submitted.

Any firm(s) invited to negotiations should note that the University reserves the right to begin negotiations by combining the best aspects of submitted proposals from all responding firms as the basis for subsequent formation of any Agreement resulting from this RFP.

Firms should also note that, as described within, certain matters will automatically be deemed part of the proposal.

VI. TERMS AND CONDITIONS

This solicitation and any subsequent award are subject to:

- A. The University's Mandatory Contractual Provisions, Attachment 1. Each proposal received by the University in response to this RFP will automatically be deemed to include the firm's agreement to these provisions. Although such provisions will govern the firm's proposals as submitted, the University and one or more firms may later mutually agree to amend such provisions, such as when additional time is needed to consider proposals, or when contractual negotiations or performance indicate that such amendments are appropriate.
- B. The University's Preferred Contractual Provisions, Attachment 2. **Unless a firm expressly and specifically states its exception to any of the Preferred Provisions in its written proposal and/or provides proposed modifications, then the proposal from the firm will automatically be deemed to include those provisions.**
- C. The University's Procedure for Resolution of Contractual Claims, Attachment 3.
- D. The Selected Firm registering as a vendor with the University of Virginia.

Attachment 3
Procedure for Resolution of Contractual Claims

The Virginia Acts of Assembly of 2007, Chapter 943, Chapter 3, Exhibit P and its attachments requires contractors with the University to submit any claims, whether for money or other relief, in writing no later than 60 days after final payment; however, written notice of the contractors intention to file such a claim must be given at the time of the occurrence or beginning of the work upon which the claim is based.

The University's procedure for deciding such contractual claims is:

- A. The Selected Firm must provide the written claim to:
Assistant Director of Procurement Services
University of Virginia
1001 North Emmet Street
P. O. Box 400202
Charlottesville, Virginia 22904-4202
- B. Although the Selected Firm may, if it chooses, attempt to resolve its claim by dealing with a University department other than the one stated in Section A above, the Selected Firm must submit any unresolved claim in writing no later than 60 days after final payment to the Assistant Director of Procurement Services if it wishes to pursue its claim.
- C. Upon receiving the written claim, the Assistant Director of Procurement Services will review the written materials relating to the claim and decide whether to discuss the merits of the claim with the Selected Firm. If such discussion is to be held, the Assistant Director of Procurement Services will contact the Selected Firm and arrange such discussion. The manner of conducting such discussion will be as the Assistant Director and the Selected Firm mutually agree.
- D. The Assistant Director of Procurement Services will mail his or her decision to the Selected Firm within 60 days after receipt of the claim. The decision will state the reason for granting or denying the claim.

- E. The Selected Firm may appeal the decision to:
- Director of Procurement Services
 - University of Virginia
 - Carruthers Hall
 - 1001 North Emmet Street
 - P.O. Box 400202
 - Charlottesville, Virginia 22904-4202

by providing a written statement explaining the basis of the appeal, within 15 days after the Selected Firm's receipt of the decision.

- F. Upon receiving the written appeal, the Director of Procurement Services will review the written materials relating to the claim and decide whether to discuss the merits of the claim with the Selected Firm. If such discussion is to be held, the Director of Procurement Services will contact the Selected Firm and arrange such discussion. The manner of conducting such discussion will be as the Director of Procurement Services and the Selected Firm mutually agree.
- G. The Director of Procurement Services will mail his or her decision to the Selected Firm within 60 days after the Director of Procurement Services receipt of the appeal. The decision will state the reasons for granting or denying the appeal.
- H. Nothing in this attachment will preclude the Selected Firm from filing a claim in any court of the Commonwealth of Virginia to seek legal or equitable remedy if a dispute should arise, in addition to such other remedies as are expressly provided in this Agreement, provided the Selected Firm not file such a claim unless and until it has complied fully with the procedure set forth in this attachment.

Vice President for Management and Budget's Request for Commitment

Office of the Vice President for Management and Budget

Greetings:

The quality of service the University of Virginia is able to deliver to its customers is directly related to the excellent support we receive from you and many other outstanding suppliers of services. Without you, we would not be able to fulfill our educational, health care and research missions. An important part of our procurement program involves our commitment to doing business with small, women- and minority-owned (SWaM) businesses. As one of our most important firmss, we look to you to help us achieve this objective.

We conduct substantial business with small firms. We have a particular institutional focus on developing long-term business relationships with minority-and women-owned businesses. We count on our majority firms to help us achieve our goal.

I seek your assistance in two areas. First, to the extent practical, I ask that you involve small, women-and minority-owned businesses in the delivery of services you provide to The University. The office of Procurement and Supplier Diversity Services is ready to assist you in identifying qualified diverse business partners. Second, I seek your help in reporting your results through our quarterly subcontracting reports. The terms and conditions previously provided to your organization outlined this process.

This effort is important to us. We depend on you in so many ways – this is another way that we can partner with your company to make things better.

Sincerely,

A handwritten signature in black ink that reads "Colette Sheehy".

Colette Sheehy
Vice President for Management and Budget
