TWO (2) YEAR AGREEMENT FOR THE LEASE OF FIFTY-SIX (56) VEHICLES**

A. Preparation of Bids:

1. Bidders are expected to examine this bid form, attached drawings, specifications, if any, and all instructions. Failure to do so will be at the Bidder's risk.
2. All prices and notations must be in ink or typewritten. No erasure permitted. All bids must be signed with the firm name and by a responsible officer or employee. Obligations assumed by such signature must be fulfilled.
3. Each bidder shall furnish the information required on the bid form and each accompanying sheet thereof on which he/she makes an entry.
4. Unit price for each unit bid shall be shown. A total shall be entered in the amount column for each item bid. In case of discrepancy between a unit price and extended price, the unit prices will be presumed to be correct.

Therefore, bidders must submit with their bids, all pricing pages on the forms provided clearly indicating which items are bid and which are not. Failure to submit these pages will render such bid non-responsive.

City of Orlando has implemented a Purchasing Card Program to streamline our procurement process. In order to expedite payments to our suppliers, we are using The First Chicago MasterCard Purchasing Card rather than the traditional Field Purchase Order.

By making purchases with the Purchasing Card, we can more effectively control our procurement activities and achieve a significant cost savings over our current paper purchasing/payment system.

As one of the City of Orlando's valued suppliers, your business can also achieve cost savings results by accepting our Purchasing Card. Some of the identified supplier benefits of this Program are:

- * Payment within 48-72 hours
- * Direct electronic deposit to your primary banking account
- * Increase in working capital
- * Elimination of invoicing
- * Reduced collection efforts
- * Enhanced corporate relationships
- * Reduced billing costs
- * Enhanced reporting
- * Increase sales as a "Preferred Supplier"

Additionally, you will be able to grow your customer base by accepting purchasing cards from other corporate customers as well as all major credit cards.

Payments made to the successful bidder or proposer of this solicitation process will quite possibly be by use of a MasterCard Purchasing Card. Therefore, it is imperative that vendors doing business with the City accept MasterCard.

The City's Purchasing Card system is controlled by the magnetic strip on the back of the card. This magnetic strip will provide needed accounting information to the City and will also restrict the use of the card to certain suppliers and limits set by the City. A magnetic strip card reading terminal is necessary to perform this function.

If you already accept MasterCard, you probably have such a terminal. If you do not accept MasterCard, please contact any bank that offers the MasterCard program.

33. LIVING WAGE POLICY:

All covered service contractors, as well as their subcontractors, shall pay to all of their employees providing services pursuant to a contract with the City, a living wage for the time spent providing covered services to the City. (This provision does not include general administrative personnel unless they are assigned to a City project.) “Living wage” means compensation for employment of not less than \$8.50 per hour for straight time, exclusive of FICA, unemployment taxes, and workers compensation insurance and employee benefits. Necessary payroll documentation shall be provided to confirm compliance with this provision or the service contractor shall allow the City to audit (at service contractor’s place of business) its payroll records to determine if compliance has been achieved. Failure to comply with the provision may result in termination of the contract and/or preclusion from future City contracts. This provision shall apply to all bid and proposal awards for services, which involve City expenditures that exceed \$100,000.00 per year.

More particularly, this provision shall apply to single and multiple award contracts for services regardless of the initial value of the award whenever City expenditures exceed \$100,000.00 in any one-contract year. As for multiple award contracts (contract award which will be divided among several contractors), at the point when the City has expended \$100,000.00 on that contract in any one contract year, regardless of whether such expenditure was to one contractor or several contractors, then the living wage provision shall apply to all contractors who are a party to that award. For those contracts whose initial value was less than \$100,000.00 but exceeded \$100,000.00 prior to the end of the contract term, this provision will be applicable to that contract in the next quarter.

To further clarify, the Living Wage policy does not apply to part time employees, nor the part time employees of all subcontractors. Furthermore, the workers of temporary employment agencies are not covered by the City’s Living Wage Policy.

34. RECIPROCAL LOCAL PREFERENCE:

In the event the most responsive and responsible response to any Invitation to Bid or Request for Proposal is by a vendor whose principal place of business is in a county which grants a preference for the procurement of such goods or services to a vendor whose principal place of business is in such county, then the City may award a preference to the (next) most responsive and responsible vendor having a principal place of business in the Metropolitan Statistical Area, (i.e., Orange, Seminole, Lake and Osceola Counties). Such preference shall be equal to the preference granted by the county in which the most responsive and responsible vendor has its principal place of business.

35. EMERGENCY SUPPORT:

It is hereby made a part of this Invitation for Bid that before, during and after a public emergency, disaster, hurricane, flood, or other acts of God, that the City of Orlando shall be provided goods and services on a first priority basis. It is vital and imperative that the majority of citizens are protected from any emergency situation which threatens public health and safety, as determined by the City. Vendor / Contractor agrees to provide / rent / sell / lease all goods and services required by the City on a first priority basis. The City expects to pay a fair and reasonable price for all goods and services in the event of a disaster, emergency or hurricane. Vendor / Contractor shall furnish a twenty-four (24) hour phone number in the event of such an emergency.

36. MULTIPLE AWARDS:

The City reserves the right in its sole discretion after evaluation of all responsive bids, proposals or qualification statements to award the work described herein to more than one responsive bidder, proposer or respondent. In such case, by the terms of the final Agreement entered into with the City for the work or by a separate written notice from the City, the City shall designate one or more of the bidders, proposers or respondents selected for award as the primary provider(s) and the remaining providers selected for award as secondary or alternate providers. In such cases where an award is made to more than one responsive bidder, proposer or responder, the City shall apportion the work among the various primary, secondary and alternate providers in such manner and at such time as it deems appropriate under the circumstances in its sole discretion and no minimum amount or proportion of work is guaranteed to any single provider or class of providers irrespective of such provider's designation as primary, secondary or alternate.

37. SUBCONTRACTORS:

The Contractor shall have the right to employ subcontractors provided, however, that the Contractor shall: 1) inform the City as to what particular services the subcontractors shall be employed to do; 2) inform the City as to what extent (what percentage) of the total Project Services each subcontractor shall be employed to do; 3) be solely responsible for the performance of all of its subcontractors including, but not limited to, their maintenance of schedules and performance of services, and the resolution of all contract disputes; 4) terminate the use and services of any subcontractors upon receipt of written notice from the City (which may be made for the City's convenience); 5) promptly replace each such terminated subcontractor with a subcontractor of comparable experience and expertise; 6) cause a subcontractor to remove any employee(s) from a Project at the City's request (again for the City's convenience); 7) assure that such employee(s) shall be promptly replaced by other employee(s) of comparable experience and expertise. It is also understood that the City does not, by accepting a subcontractor, warrant or guarantee the reliability of effectiveness of their services.

Work Outside Scope and Time of Payment: The City shall have no obligation to reimburse the Contractor for the services of any subcontractor not previously made known to the City, or that are otherwise outside of the Scope of the Project unless and until the City has given written approval of such reimbursement.

The City shall have no liability or obligation to the Contractor for services rendered by a subcontractor agreement, and the Contractor also agrees to pay all such subcontractors for Project-related services within thirty (30) calendar days after the Contractor's receipt of payment, from the City, for work performed by the subcontractors, unless such payment is disputed by the Contractor, and the City receives written notice thereof.

Sub-Contractor Agreements: The Contractor shall provide the City with a copy of their standard sub-contractor Agreement, and shall inform all subcontractors that all services performed under their respective sub-contracts shall strictly comply with all terms and provisions of the Agreement between the City and the Contractor. The Contractor shall also furnish the City, upon demand, a copy of all subcontractor Agreements.

The Contractor shall perform all of its obligations and functions under the Contract by means of its own employees, or by a duly qualified subcontractor, which is approved in advance by the City. In the event a subcontractor is employed, the Contractor shall continuously monitor the subcontractor's performance, shall remain fully responsible to insure that the subcontractor performs as required and itself perform or remedy any obligations or functions, which the subcontractor fails to perform properly.

The Contract with the City shall be referred to and incorporated within any contractual arrangement between the Contractor and a subcontractor, and in such contractual arrangement, the subcontractor shall give its express written consent to the provisions of this Section. To the extent feasible, the provisions of the Contract with the City shall apply to any such subcontractor in the same manner as they apply to the Contractor. However, such application shall not make any subcontractor a party to the Contract with the City, nor a third party beneficiary thereof.

38. ORDER OF PRECEDENCE

This solicitation shall be included and incorporated in the final agreement or purchase order. Unless otherwise expressly provided in the final agreement or purchase order, in the event of any conflict between the terms of the final agreement or purchase order, the City's solicitation, and the vendor's response, the order of precedence shall be the final agreement or purchase order, followed by the solicitation, and then the response to the solicitation.
