**TRANSPORTATION & MOBILITY PLANNING  
DIVISION**

**Technical Support to Develop the 2035 State Highway Plan**

**Reference: TMPD 07-01**

Virginia Department of Transportation

# **VDOT**

## GENERAL

The Transportation & Mobility Planning Division (TMPD) of the Virginia Department of Transportation (VDOT) is requesting a proposal (RFP) from consulting firms who wish to be considered for providing professional engineering\planning services in the development of the Commonwealth's 2035 State Highway Plan. The 2035 State Highway Plan will detail proposed improvements to Virginia's federal functional classified roadways. This contract will be comprised of two main initiatives. The first initiative is to conduct a thorough examination of Virginia's Interstate and Primary highway systems to identify short/mid-term operational and safety improvements. This initiative is entitled TOPICS (Targeted Operational Projects to Improve Capacity and Safety). The second initiative is to provide technical support in developing Regional Long-Range Plans (RLRPs) for the non-metropolitan areas of the state. These two statewide efforts will be carried concurrently. This Request for Proposal does not commit VDOT to award a contract, to pay any costs incurred in the preparation of a proposal for this request, or to procure or contract for services. VDOT reserves the right to make multiple awards, to accept or reject any or all proposals received as a result of this request, to negotiate with any qualified firm or to modify or cancel in part or in its entirety the Request for Proposal if it is in the best interest of the Department to do so.

The estimated total cost of this contract is \$4,000,000.

### **SCOPE – Interstate and Primary TOPICS** (Targeted Operational Projects to Improve Capacity and Safety)

The TOPICS initiative will be completed during the first 24 months of the contract. The scope of work shall include a thorough examination of Virginia's Interstate and Primary highway systems to identify short/mid-term operational and safety improvements that:

- are low cost (<\$10,000,000)
- address identified mobility and/or safety problems,
- require minimal PE and right-of-way, and
- can be implemented quickly (0-48 months)

#### Example Improvements

- turn lanes – construction or extension
- ramps – extend acceleration or deceleration lanes
- access management – consolidate entrances, close cross-overs, improve inter-parcel access
- improve sight distance
- reconfigure/reconstruct intersections – install roundabout, realign approaches, install signal system
- install shoulders or medians
- signage and stripping

The selected firm will conduct a series of operational and safety studies across the Commonwealth along the Interstate and Primary road systems. The selected firm will work with a study team in each Construction District (comprised of representatives from VDOT, MPO and PDC staff) to:

- Collect traffic data
- Conduct traffic analysis,
- Identify operational and/or safety issues
- Develop and evaluate alternatives
- Formalize conceptual plans for preferred alternatives
- Prepare final reports
- Develop VDOT compliant web content with project maps, descriptions, and cost estimates to be uploaded to VDOT's external website.
- Complete TOPICS plan for each VDOT Construction District within 24 months

### **SCOPE – Regional Long-Range Plans for Transportation**

The second initiative is to provide technical support in developing Regional Long-Range Plans (RLRPs) for the non-metropolitan areas of the state. Starting in July of 2006, VDOT instituted a new initiative for the Rural Transportation Planning Program. This new initiative is aimed at creating regional transportation plans in rural areas that compliment those in the metropolitan areas of the state. By partnering with Virginia's Planning District Commissions and the local governments each represents, VDOT will be able to work with each region to evaluate the transportation system in the rural areas and to recommend a range of transportation improvements that could best satisfy existing and future transportation needs. The regional plan will identify needs based upon the Goals and Objectives established by the region. Improving the transportation system remains vital to improving the quality of life and continued economic growth and prosperity in Virginia. The provision for the effective, safe and efficient movement of people and goods is a basic goal of all transportation programs in the Commonwealth of Virginia. These regional plans will be developed with this basic goal in mind, as well as incorporating further consideration of environmental issues and local desires.

The Virginia Department of Transportation will use these regional plans as a foundation for the 2035 State Highway Plan. The analysis and plan recommendations are limited to those transportation facilities within the PDC's boundaries that are outside of established metropolitan study areas. The transportation system to be evaluated will be limited to federal functional classified routes of minor collector and above. The selected firm will work with VDOT, Planning District Commissions, and local governments to:

#### **Phase 1 (18-24 months)**

- Formalize regional goals and objectives
- Conduct public outreach
- Collect traffic and land use data
- Conduct traffic analysis
- Identify transportation system deficiencies
- Develop and evaluate alternatives

#### **Phase 2**

- Formalize plan recommendations
- Prepare final reports and web content
- Complete RLRPs within 36 months

These two initiatives are co-dependent with the RLRPs providing an opportunity for local input to interstate and primary system recommendations and the TOPICS analysis providing operational improvements to feed into the RLRPs.

All contact for information should be directed to Bill Guiher of the Transportation Mobility Planning Division at (804)786-9483.

## EXPRESSION OF INTEREST

1. The Expression of Interest shall be organized in the following order:
  - Transmittal letter
  - Table of Contents
  - Scope of Work
  - Response to RFP Expression of Interest Items 2-14
  - Present Workload with Department sheet
  - Team Organization Chart
  - GSA Form 255 – one combined for the project team
  - GSA Form 254 – one for each firm
  - Firm Data Sheet
  - Certification Regarding Debarment sheets
2. Furnish five copies of current GSA Forms 254 for each firm involved and five copies of one combined GSA Form 255 for the project team. The GSA Form 255 must specify the number of personnel by discipline for each office where the work is to be performed. In Section 4 of GSA Form 255, list only the full time employees assigned to the office(s) at the time of this submission. Section 8 of GSA Form 255 is limited to one page with not more than 10 projects total (prime and subconsultants combined) on the one page and should primarily list experience of offices where the work will be performed and of the people shown in the organizational chart. If the experience shown is for a branch office other than where the work will be performed, it should be clearly indicated as such. More detailed descriptions for Section 8b may be expanded into Section 10. In Section 9 of GSA Form 255, references to “Federal agencies” are to be replaced by “Virginia Department of Transportation or transportation agencies of other states.”
3. If more than one firm will participate in the contract, state the type of arrangement between the firms, the names and addresses of all firms, description of the work that each firm will perform, and the percentage of work to be performed by each in Section 5 and 6 of GSA Form 255. Indicate office locations at which the work will be performed. A one page organizational chart showing all firms involved and key personnel assignments and responsibilities is required to be included.
4. In Section 7 of GSA Form 255, indicate KEY PERSONNEL ONLY who will be assigned to this project and give the experience record of each. Key personnel are defined as those to whom the project will be assigned and who will be performing the actual design/services. The project manager shall have a minimum of five years experience in managing similar type and size

projects. In Section 7c, indicate the location of the office where the person is currently working if different from where work is to be performed. In Section 7c, part time personnel, personnel not employed on the date of the form, or personnel used on an “as needed basis” must have their status clearly indicated. Section 7g may be expanded to provide a total of a one page resume per individual.

5. Section 10 of GSA Form 255 is limited to a maximum of ten pages. This section should describe the organization of the proposed project staff indicating the role of each by individual. If subconsultants are proposed, the role of each subconsultant should be discussed. It should also include statements that are responsive to the attached criteria that will be used to evaluate your submission. This is the ONLY section of the submission which may include pictures or graphics (included in the ten page limit). List any computer and CADD equipment and any specialized computer software packages that you will use on this VDOT project.
6. It is the policy of the Virginia Department of Transportation that Disadvantaged Business Enterprises (DBEs) as defined in 49 CFR Part 26 shall have the maximum opportunity to participate in the performance of federally funded consultant contracts. Consultants are encouraged to take all necessary and reasonable steps to ensure that DBEs have the maximum opportunity to compete for and perform services on the contract, including participation in any subsequent supplemental contracts. If the consultant intends to subcontract a portion of the services on the project, the consultant is encouraged to seek out and consider DBEs as potential subcontractors. The consultant is encouraged to contact DBEs to solicit their interest, capability and qualifications. Any agreement between a consultant and a DBE whereby the DBE promises not to provide services to other consultants is prohibited. The Department feels that these services support 10% DBE participation.

49 CFR Part 26 requires VDOT to collect certain data about firms attempting to participate in VDOT contracts. This data must be provided on the enclosed Firm Data Sheet.

If DBE is not certified, the DBE must become certified (with the Virginia Department of Minority Business Enterprise) prior to your response being submitted. If DBE is the prime consultant, the firm will receive full credit for planned involvement of their own forces, as well as the work that they commit to be performed by DBE subcontractors. DBE prime consultants are encouraged to make the same outreach efforts as other consultants. DBE credit will be awarded only for work actually being performed by DBE themselves. When a DBE prime consultant or subconsultant subcontracts work to another firm, the work counts toward DBE goals only if the other firm is itself a DBE. A DBE must perform or exercise responsibility for at least 30% of the total cost of its contract with its own force.

DBE certification entitles consultants to participate in VDOT’s DBE program. However, this certification does not guarantee that the firm will obtain VDOT work nor does it attest to the firm’s abilities to perform any particular work.

7. If any firms involved with this submission currently have work with the Department, indicate the projects, the division managing the projects, the amount of outstanding fee remaining, and the estimated date of completion. For limited services term contracts, include only the amount of all

tasks orders executed or under negotiation. Also, include your estimated fees for pending supplemental agreements and any projects for which the firms have been selected but have not executed an agreement. Work of affiliated and/or subsidiary companies is to be included. The outstanding workload of any Virginia Department of Minority Business Enterprise certified DBE prime or subconsultant is not to be included. When DBE firms graduate from the program, their workload incurred while a DBE will be exempted for the next three years. Any workload obtained after graduating from the program will be counted. Work being performed under the Public Private Transportation Act (PPTA) or as a subcontractor on a Design-Build project shall not be included. Work being performed as a prime or joint venture on a Design-Build project shall be included. The outstanding fee remaining is the maximum total compensation payable less the amount previously paid to date. Only Category B work will be counted in the scoring criteria. This information shall be submitted using the attached Present Workload with VDOT form. Please carefully read the instructions on the Present Workload with Department form.

8. Give names and detailed addresses of all affiliated and/or subsidiary companies. Indicate which companies are subsidiaries. If a situation arises in responding to this questionnaire where you are unsure whether another firm is or is not an affiliate, doubt should be resolved in favor of affiliation and the firm should be listed accordingly.

Affiliate - Any business entity which is closely associated to another business entity so that one entity controls or has the power to control the other entity either directly or indirectly; or, when a third party has the power to control or controls both; or where one business entity has been so closely allied with another business entity through an established course of dealings, including but not limited to the lending of financial wherewithal, engaging in joint ventures, etc. as to cause a public perception that the two firms are one entity. Firms which are owned by a holding company or a third party, but otherwise meet the above conditions and do not have interlocking directorships or joint officers serving, are not considered to be affiliates.

9. In one (1) page or less, provide information that will indicate your firm's ability to meet the time schedule for this project. The estimated length of the project is 36 months.
10. In two (2) pages or less, please furnish any other information you wish that would indicate your qualifications to perform the work required for this project.
11. A project approach discussion is neither required nor desired for this project.
12. In addition to the page restrictions listed above, a maximum of five (5) additional pages may be included in the Expression of Interest. All pages are to be 8 1/2" X 11" and printed on one side with single-spaced type no smaller than 12 pitch.
13. Please indicate, by executing and returning the attached Certification Regarding Debarment forms, if your firm, subconsultant, subcontractor, or any person associated therewith in the capacity of owner, partner, director, officer or any position involving the administration of Federal or State funds:

- Is currently under suspension, debarment, voluntary exclusion or determination of

ineligibility by any federal agency.

- Has been suspended, debarred, voluntarily excluded or determined ineligible by any federal agency within the past 3 years.
- Does have a proposed debarment pending; or has been indicted, convicted, or had a civil judgement rendered against it or them by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past 3 years.

Any of the above conditions will not necessarily result in denial of award, but will be considered in determining offeror responsibility. For any condition noted, indicate to whom it applies, initiating agency, and dates of action. Providing false information may result in Federal criminal prosecution or administrative sanctions.

14. If the prime consultant or subconsultant does not have the in-house capability to provide non-professional services, each with an estimated cost of \$5,000 or greater, such as diving services, soil drilling, sampling services or laboratory testing, these services must be subcontracted in accordance with State procurement procedures once a contract is executed, with no opportunity for DBE credit in the selection of the most qualified firm or team. Clearly indicate these services in the EOI.

#### ADMINISTRATIVE

1. All business entities, except for sole proprietorships, are required to register with the Virginia State Corporation Commission (A Business Registration Guide is available on the Internet at <http://www.state.va.us/scc/division/clk/brg.htm>). Foreign Professional corporations and Foreign Professional Limited Liability Companies must possess a Commonwealth of Virginia Certificate of Authority from the State Corporation Commission to render professional services. Any business entity other than a professional corporation, professional limited liability company or sole proprietorships that do not employ other individuals for which licensing is required must be registered in the Commonwealth of Virginia with the Department of Professional & Occupational Regulation, Virginia Board for Architects, Professional Engineers, Land Surveyors and Landscape Architects (<http://www.state.va.us/dpor>). Board regulations require that all professional corporations and business entities that have branch offices located in Virginia which offer or render any professional services relating to the professions regulated by the Board be registered with the Board. Registration involves completing the required application and submitting the required registration fee for each and every branch office location in the Commonwealth. All branch offices which offer or render any professional service must have at least one full-time resident professional in responsible charge who is licensed in the profession offered or rendered at each branch. All firms involved that are to provide professional services must meet this criteria prior to submitting an Expression of Interest to the Department. Individual engineers shall meet the requirements of Chapter 4, Title 54.1 of the Code of Virginia.
2. The Department will not consider for award any cost proposals submitted by any consultants and will not consent to subcontracting any portions of the contract to any subconsultants in violation of the provisions of the Federal Immigration Reform and Control Act of 1986, which prohibits employment of illegal aliens.

3. The method of payment for this contract will be cost plus fixed fee. This contract shall be performed and audited in compliance with cost principles contained in the Federal Acquisition Regulations (FAR) of Part 31 of Title 48 of the Code of Federal Regulations. The overhead rate shall be established by an audit by a cognizant government agency or independent CPA firm.
4. All firms submitting Expressions of Interest (prime consultants, joint ventures and subconsultants) must have internal control systems in place that meet Federal requirements for accounting. These systems must comply with requirements of 48CFR31, "Federal Acquisition Regulations, Contract Cost Principles and Procedures," and 23CFR172, "Administration of Negotiated Contracts." All firms selected for a project (prime consultants, joint ventures and subconsultants) must submit their FAR audit data to the Department within 10 work days of being notified of their selection. Should any firm on the consultant team fail to submit the required audit data within the 10 work days, negotiations will be terminated by the Department and the next most qualified team invited to submit a proposal.
5. Submittals shall be prepared simply and economically, providing a straightforward, concise description of the firm's capabilities to satisfy the requirements of the RFP. Emphasis should be on completeness and clarity of content. Elaborate brochures and other representations beyond that sufficient to present a complete and effective proposal are neither required nor desired. Please do not duplicate information furnished in the GSA Form 254 or 255 elsewhere in the submittal. All information must be submitted in QUINTUPLET and received no later than 4:00 p.m. on February 9, 2007. Responses received after this time will not be considered.

US Postal Service regular mail, send to:

Mr. W. W. Barker  
Administrative Services Division  
Virginia Department of Transportation  
1401 E. Broad Street  
Richmond, Virginia 23219

Hand delivery, US Postal Service express mail, or private delivery service (FEDEX, UPS, etc.), send to:

Mr. W. W. Barker  
Administrative Services Division  
Virginia Department of Transportation  
1st Floor Reception Desk  
1201 E. Broad Street  
Richmond, Virginia 23219

6. The Department assures compliance with Title VI of the Civil Rights Act of 1964, as amended. The consultant and all subconsultants selected for this project will be required to submit a Title VI Evaluation Report (EEO-D2) within 10 work days of notification of selection when requested

by the Department. This requirement applies to all consulting firms when the contract amount equals or exceeds \$10,000.

7. The Department does not discriminate against an offeror because of race, religion, color, sex, national origin, age, disability, or any other basis prohibited by state law relating to discrimination in employment.
8. Any offeror who desires to protest the award of a contract shall submit such protest in writing to the Department no later than ten days after the announcement of the award. Public announcement of the award shall be posted on the Department's Business Center Internet site.
9. eVA Business-to-Government Vendor Registration: The eVA Internet electronic procurement solution, web site portal (<http://www.eva.state.va.us>), streamlines and automates government purchasing activities in the Commonwealth. The portal is the gateway for vendors to conduct business with state agencies and public bodies. All vendors desiring to provide goods and/or services to the Commonwealth shall participate in the eVA Internet e-procurement solution either through the eVA Basic Vendor Registration Service or eVA Premium Vendor Registration Service. All bidders or offerors must register in eVA; failure to register will result in the bid/proposal/ expression of interest being rejected.
  - a. eVA Basic Vendor Registration Service: \$25 Annual Fee plus a Transaction Fee of 1% per order received. The maximum transaction fee is \$500 per order for eVA registered, DMBE-Certified Small Businesses and \$1,500 per order for eVA registered, non DMBE-Certified Small Businesses. eVA Basic Vendor Registration Service includes electronic order receipt, vendor catalog posting, on-line registration, and electronic bidding.
  - b. eVA Premium Vendor Registration Service: \$25 Annual Fee plus a Transaction Fee of 1% per order received. The maximum transaction fee is \$500 per order for eVA registered, DMBE-Certified Small Businesses and \$1,500 per order for eVA registered non DMBE-Certified Small Businesses. eVA Premium Vendor Registration Service includes all benefits of the eVA Basic Vendor Registration Service plus automatic email or fax notification of solicitations and amendments, and ability to research historical procurement data, as they become available.
10. Year 2000 Compliant (and Enablement) Warranty: The consultant warrants that all software, firmware and hardware product(s) delivered to the Department under any agreement, and which is used in accordance with the product documentation provided by the consultant, shall be 4-digit Year 2000 compliant (or approved enabled). All products shall accurately process all date-change data from start to finish, including, but not limited to, twentieth, twenty-first centuries and leap year calculations.

Any product provided under the agreement discovered not to be Year 2000 compliant after acceptance shall be corrected by the consultant at no additional cost to the Department. Failure to correct the deficiency shall subject the consultant to default action.

The consultant shall not be responsible for correcting any product(s) (e.g., hardware, software,

firmware) which were not provided under the agreement or for correcting any previously owned Department products that are used in combination with the Department's product(s). However, if this solicitation identifies any product or sources of data to be used in combination with the product(s) delivered under the resulting agreement, the consultant shall be responsible for providing all necessary interface(s) or other appropriate means for assuring that data output from such other product(s) or source(s) is automatically corrected before being processed by the product(s) or system provided under this agreement.

**PRESENT WORKLOAD WITH DEPARTMENT**  
**(List Amount of Each With VDOT by Division)**

[illegible]

\* Projects include contracts under negotiation. For limited services term contracts, include the amount of all task orders executed or under negotiation.

Please list all VDOT projects followed by their Category letter. Only those projects in Category B are to be totaled and counted on this selection.

Category A: Term Surveying and Utility Designation/Location Contracts.

Category B: Preliminary Engineering Contracts - includes transportation planning and environmental studies, utility relocation and design, and roadway and bridge design.

Category C: Construction Engineering Contracts - includes construction inspection, preparation of final estimates, and bridge and traffic structure safety inspection.

Category D: Operation and maintenance Contracts - includes operation and maintenance of traffic management systems.

\*\* Amount of contract includes contingency and non-salary direct cost and all executed supplemental agreements.

### \*\*\* Excluding Subconsultants

For any work that has been exempted by VDOT, you must include a copy of the exemption letter with this submittal.

Work being performed under the Public Private Transportation Act (PPTA) or as a subcontractor on a Design-Build project shall not be included. Work being performed as a prime or joint venture on a Design-Build project shall be included.

† The outstanding workload of any certified DBE prime and subconsultant is not to be included. When DBE firms graduate from the program, their workload incurred while a DBE will be exempted for the next three years. Any work obtained after graduating from the program will be counted.

## FIRM DATA SHEET

Funding: F (S=State F=Federal)

Project No.: TMPD 07-01

Division: Transportation & Mobility Planning

EOI Due Date: February 9, 2007

The prime consultant is responsible for submitting the information requested below on all firms on the project team, both prime and all subconsultants. All firms are to be reported on one combined sheet unless the number of firms requires the use of an additional sheet. Failure to submit all of the required data will result in the Expression of Interest not being considered.

| Firm's Name and Address | Firm's DBE/SWAM Status * | Firm's Age | Firm's Annual Gross Receipts |
|-------------------------|--------------------------|------------|------------------------------|
|                         |                          |            |                              |
|                         |                          |            |                              |
|                         |                          |            |                              |
|                         |                          |            |                              |
|                         |                          |            |                              |
|                         |                          |            |                              |

\* YD = DBE Firm Certified by DMBE

N = DBE/SWAM Firm Not Certified by DMBE

NA = Firm Not Claiming DBE/SWAM Status

YS = SWAM Firm Certified by DMBE. Indicate whether small, woman-owned, or small business.

DMBE is the Virginia Department of Minority Business Enterprise

### CERTIFICATION REGARDING DEBARMENT

PRIMARY COVERED TRANSACTIONS

Project: Technical Support to Develop the 2035 State Highway Plan

TMPD 07-01

- 1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
  - a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency.
  - b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgement rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; and have not been convicted of any violations of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;
  - c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1) b) of this certification; and
  - d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
- 2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

The undersigned makes the foregoing statements to be filed with the proposal submitted on behalf of the offeror for contracts to be let by the Commonwealth Transportation Board.

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | 0-500,000           | 10                 |  |  |  |      |        |                        |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                     |                    |  |  |  |      | TOTAL  |                        |

\*CATEGORIES OF WORKLOAD:

A - TERM SURVEYING AND UTILITY DESIGNATION/LOCATION CONTRACTS

B - PRELIMINARY ENGINEERING CONTRACTS - includes transportation planning and environmental studies, utility relocation and design, and roadway and bridge design.

C - CONSTRUCTION ENGINEERING CONTRACTS - includes construction inspection, preparation of final estimates, and bridge and traffic structure safety inspection.

D - OPERATION AND MAINTENANCE CONTRACTS - includes operation and maintenance of traffic management systems.

\*\*When determining total Present Workload with Department, the outstanding workload of each DBE subconsultant will not be counted.

† The outstanding workload of any certified DBE prime and subconsultant is not to be included. When DBE firms graduate from the program, their workload incurred while a DBW will be exempted for the next three years. Any work obtained after graduating from the program will be counted.

In determining the final short list, the top ranked firms and their subconsultants will have their VDOT Consultant Performance Reports reviewed and/or references checked.

## CONSULTANT SELECTION EVALUATION

Consultant firms will be evaluated using some or all of the following factors. The factors are in no particular order of importance and some only apply to the final selection. Discussion of some of these factors will be included in the narrative evaluation of the consultant(s) and used to justify the final selection:

1. Qualification/experience of the prime consultant. Has the prime consultant recent experience in similar type and size projects?
2. Qualifications/experience of subconsultants. Have they recent experience in similar type and size projects and/or are they a recognized specialist?
3. Depending on the nature of the project, the geographical location of consultant's work location(s) with respect to project site. (To be included in Score Sheet under Organizational Capability only when Applicable).
4. Responses to questions asked during the presentation. (Consideration should be given to the fact that the number of personnel representing the consultant(s) at a presentation is limited and they may not be able to answer every question asked of them. However, the consultant(s) may have a very capable staff that, if present, could answer the question.)
5. The consultant(s) have definite policies and procedures to be used in development of construction documents, reports, studies, etc.
6. The consultant(s) have sufficient staff for proposed and current workload.
7. The consultant(s) identified specific personnel in charge and key individuals and their qualifications/experience.
8. The consultant identified relationships and processes in working with subconsultants to meet schedules.
9. The consultant has worked with the proposed subconsultant(s) before.
10. The consultant's expected use of any innovative or alternate approaches.
11. The specifically assigned project manager has worked on similar type and size projects and has experience in all facets of the project.
12. The consultant(s) have good working knowledge of VDOT policies and procedures, standard design specifications, and applicable federal, state and local laws and regulations.
13. How does the staff size compare with workload and schedules?
14. Were the consultant(s) committed to meet the budget and schedule and did they have internal policies and procedures to do this?
15. Do the consultant(s) have special strengths or weaknesses that may affect performance?
16. The consultant(s) understanding of the project requirements. (Adequate scoping should have been provided to the consultant between being short listed and the presentation.)
17. The consultant(s) past record of performance.
18. The consultant(s) sensitivity to community involvement.

In evaluating consultant(s), major emphasis should not be put on the showiness of the Expression-of-Interest or presentation. All information submitted in the Expression of Interest must be taken into consideration. All relevant experience must be considered, not just previous VDOT experience.
