In conformity with the FCC Schools and Library Division (SLD), "Universal Service Fund" (a.k.a. "E-Rate funding") application process, Golden Rule Charter School is seeking responses from qualified providers of Telecommunications Services including:

Attached to the BID is a copy of a recent monthly bill for each of the District's sites plus a listing of the current BTN's/WTN's. For bidding purposes, please provide a bid for the same amount of minutes and same amount of services. If there is a one-time connection fee, please list this fee separately. All existing telephone numbers must be retained.

The School would like to receive proposals based upon a three year contract term starting July 1, 2010 and ending on June 30, 2011 with two possible one-year extensions through June 30, 2014. Annually, the School administration offices operate 12 months, and its schools operate for 10 months. Quote must include any other costs associated with switching from our present supplier. If vendors can provide "better" rates by modifying the length of contract, please provide this option as part of your BID. Provide monthly unit pricing for each component of this system, plus any applicable state or local discounts that may apply outside of the e-rate program.

Vendors shall also provide in their BID response their Erate Service Provider Identification Number (SPIN). The vendor must agree to provide Erate discounts on the District's monthly bills as the means of providing discounts to the District. The Service Provider must be listed as an eligible telecommunications company by the state of Texas.

Vendors interested in responding to this invitation may do so no later than **2:00 P.M. on February 8, 2010** at the offices of K-12 Solutions Group, Inc, 9608 Spokane Ave, Bakersfield, CA, 93312. Along with the Service Providers proposal, it is required that the Service Provider include a copy of the multi-year contract. Please sign and date the contract. Once all proposals have been received, the School will sign, date, and return the lowest responsible bidders contract.

To receive the highest consideration by the District, it is desired that each bidder provide the following information in their BID response: Provide a Statement of Reference that includes a description of the bidder's organization, firm name, primary contact person to support this contract(s), business address and phone/fax numbers of the office and corporation facility that would provide support under said contract(s); a brief history of your firm including all costs (itemized) for initial installation, any fixed costs, utilization costs (such as cost per call and cost per minute/increment). Provide an implementation plan (including a schedule) that would be necessary to cut over services. Provide any specific or required dialing codes that would be necessary with your solution.

No bid will be accepted from or contract awarded to a bidder who is not licensed in accordance with the law, who does not hold a license qualifying him to perform work under this contract, is currently licensed in the state of Texas, is licensed to provide Erate and/or who has not successfully performed on projects of similar character and scope to the proposed work.

The initial contract term shall be for three (3) years from July 1, 2010 through June 30, 2011. The School reserves the option to extend this contract for a period of two (2) additional years at a time through June 30, 2014, not to exceed a total of five (5) contract years. An extension option must be mutually acceptable to both parties. Any request for and acceptance of an extension shall be in written form, and shall include any requests and justifications for adjustment in compensation.
