SELECTION PROCEDURE

1. Competitive Sealed Proposals will be evaluated by a committee (2 AAC 12, Article 4). Evaluation of responses to criteria set forth in Part C results in a numerical score for each proposal. Each criterion in Part C has an assigned weight for this RFP which demonstrates its relative importance. The total of all weights is 100 (100%). Each one percent weight equates to a range of 0-5 points per Evaluator. The maximum points (score) obtainable for any proposal is equal to the product of 500 multiplied by the number of Evaluators.
2. Scoring of proposals will be accomplished as follows:
 - 2.1 Each Evaluator will individually read and rate each Offeror's response to each criterion described in Part C - Section I - Technical Proposal. Ratings will be based solely on contents of proposal and per the Contracting Agency's standard Instructions for Evaluation Committee. Except as may be stated within any criterion description in Part C, a rating of "5" = Best Response from all Offerors; "4" to "1" = Progressively Less Responsive; "0" = Non-Responsive. Ratings are multiplied by the assigned weights for each criterion to obtain criteria scores.
 - 2.2 After scoring Part C - Section I - Technical Proposal, criteria scores for Part C - Section II - Preferences, and Section III - Price (if applicable), will be determined as stated within such criteria descriptions.
 - 2.3 After completion of individual ratings, the Evaluation Committee will meet to discuss proposals. Evaluators may then alter their ratings, however, any changes shall be based solely on the criteria set forth in Part C.
 - 2.4 The total score for each Offeror will be obtained by summing the scores determined for each criterion in Sections I, II and III of Part C. The order of ranking for negotiations shall be as follows: highest scored Offeror will be ranked first, next highest scored second, etcetera.
3. Evaluators may discuss factual knowledge of, and may investigate Offerors' and proposed Subcontractors' prior work experience and performance, including projects referenced in proposal, available written evaluations, etcetera, and may contact listed references or other persons knowledgeable of a Contractor's and/or a Subcontractor's past performance. Factors such as overall experience relative to the proposed contract, quality of work, control of cost, and ability to meet schedules may be addressed. If any issues of significant concern to the proposed contract are discovered, the Committee may:
 - 3.1 Provide written recommendations for consideration during contract negotiations;
 - 3.2 Conduct discussions in accordance with paragraph 4, below.
4. The Committee may decide to conduct discussions (or "interviews") with responsible Offerors whose proposals are determined to be reasonably susceptible of being selected for award for the purpose of clarification to assure full understanding of, and responsiveness to, the solicitation requirements (AS 36.30.240 & 2 AAC 12.290). Offerors selected by the Committee for discussions may be permitted to submit Best and Final Offers (BAFO) for final Committee Evaluation. After discussions and any BAFO's, Evaluators will determine the final scoring and ranking for contract negotiations by evaluating written and oral responses using only the criteria set forth in Part C of this RFP (2 AAC 12.260(b)).
5. All Offerors will be advised of the Offeror selected for negotiation and, after completion of negotiations, a Notice of Intent to Award will be provided to all Offerors. If contract negotiations are unsuccessful with Offeror(s) selected for negotiation, the Contracting Agency may either cancel the solicitation or negotiate with other Offerors in the order of ranking.

NOTICES

PART

A

1. The Contracting Agency is an equal opportunity employer.
2. Copies of contract documents are available for review at the Contracting Agency's office. Offerors located outside the general vicinity of the Contracting Agency's office may telephone the Agency Contact identified on page one of this Part A for a discussion of such items.

General Conditions of the Professional Services Agreement are contained in the Small Procurement Standard Provisions Booklet which is located on the Department's WEB site. To view or download the booklet follow these steps:

- A. log on to the web page at www.dot.state.ak.us
- B. select Procurement
- C. select Professional Services, Construction Related
- D. select Small Procurement Standard Provisions Booklet

The General Conditions are the **same** for both Competitive Sealed Proposals and Small Procurements.

3. Offerors are specifically advised that a contract shall not be in effect until a written agreement is executed by an authorized agent of the Contracting Agency. The Contracting Agency shall not be liable for any cost incurred by an Offeror in response to this solicitation, including any work done, even in good faith, prior to execution of a contract and issuance of a Notice to Proceed.
4. The Contracting Agency expressly reserves the right to waive minor informalities, negotiate changes or reject any and all proposals and to not award the proposed contract, if in its best interest. "Minor Informalities" means matters of form rather than substance which are evident from the submittal, or are insignificant matters that have a negligible effect on price, quantity, quality, delivery, or contractual conditions and can be waived or corrected without prejudice to other Offerors (2 AAC 12.990).
5. All proposals shall be open for public inspection (AS 36.30.230) after a Notice of Intent to Award is issued. Offerors should not include proprietary information in proposals if such information should not be disclosed to the public. Any language within a submittal purporting to render all or portions of a proposal confidential will be disregarded. Proprietary information which may be provided after selection for contract negotiations will be confidential if expressly agreed to by the Contracting Agency (AS 36.30.230).
6. Substitution for any personnel named in a proposal may result in termination of negotiations.
7. If it is discovered that a selected Offeror is in arrears on taxes due the State of Alaska, a contract may not be awarded until the Alaska Department of Revenue approves the payment provisions for the contract.
8. **Offerors and proposed subcontractors shall be in compliance with the statutory requirements for Alaska licensing included in the certification statement on Page 2 of Part D in this RFP package. Non-compliance shall result in rejection of proposal.**
9. **PRICE COMPETITION:** Price cannot be an Evaluation Criterion in accordance with Article 3 of AS 36.30 for services that must be performed only by Architects, Engineers or Land Surveyors (A/E or LS) licensed in the State of Alaska, UNLESS the provisions of AS 36.30.270(d) apply; i.e., unless the services required are repetitious in nature, and the nature and amount of services required are thoroughly defined by measurable and objective standards to reasonably enable firms or persons making proposals to compete with a clear understanding and interpretation of the services required. Also, a majority of the evaluation committee must be registered in Alaska to perform architectural, engineering, or land surveying services.
 - 9.1 If services performed do not require an A/E or LS, then all Offerors including any A/E or LS must provide Price Proposals in accordance with AS 36.30.270(b) and 2 AAC 12.260(c).
 - 9.2 Price (or any estimate of labor hours) cannot be an Evaluation Criterion for contracts that will receive funding from the Federal Aviation Administration (FAA) per 49 CFR 18.36(t) and AC 150/5100-14D, para 2-8(j). Exception: Price must be an Evaluation Factor for Real Estate Appraisal services (AS 36.30.250(d) and FAA AC 150/100/14D, para 2-4(c)).
10. An audit of the selected Offerors' and proposed Subcontractors' cost accounting systems and business records may be required to ascertain if systems are adequate for segregating contract costs; to establish a maximum allowable Indirect Cost Rate for the Agency's negotiator; and to investigate the accuracy of proposed labor rates and unit prices. In order

not to unduly delay contract negotiation or award, be prepared to submit Pre-Audit Statement, DOT&PF Form 25A257 immediately for your firm and any subcontract which may exceed \$100,000. If selected for negotiation, failure to submit properly completed Pre-Audit Statement(s) in a timely manner may disqualify an Offeror from further consideration. Information from Pre-Audit Statements and any Audit conducted for the Contracting Agency is considered proprietary and will be confidential.

11. Standard insurance provisions for Worker's Compensation, General and Automobile Liability, and Professional Liability are contained in DOT&PF Form 25A269, Indemnification and Insurance. Coverages may be modified under very limited circumstances. Offeror should not assume any modification of coverages.

12. Professional Liability Insurance for the proposed contract: ☒ is not required
☐ is required as shown on DOT&PF Form 25A269.

13. The proposed contract ☒ will ☐ will not be a Federally Assisted Program of the U.S. Department of Transportation. If it will be an assisted program, then the Offeror shall insert the following notification in all subcontract solicitations for bids or proposals pertinent to this RFP:

"In accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d to 2000d-4 and Title 49, CFR, U.S. Department of Transportation (U.S. DOT), Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the U.S. DOT issued pursuant to such Act, in any Subcontract entered into pursuant to this RFP, Disadvantaged Business Enterprise firms will be afforded full opportunity to submit bids or proposals and will not be discriminated against on the grounds of race, color, sex, or national origin, in consideration for an award.

14. Pre-proposal Conference: ☒ None ☐ As follows:

15. Special Notices:

15.1 Per Alaska Statute (AS) 36.30.210(e): An Alaska Business License is required of Contractors who do business in Alaska and is a prerequisite to Proposal. Offerors should be aware of this requirement and are advised that proof of application for an Alaska Business License will satisfy this requirement. Information regarding applying for an Alaska Business License can be found on-line at <http://www.dced.state.ak.us/occ/home.htm> or by calling 1-907-465-2550. Section 12 AAC 12.020(g) of the Alaska Administrative Code further specifies that the business license must be in the name of the company under which the proposal is submitted. This is a requirement regardless of funding source. If an Offeror fails to comply with this requirement, their proposal will be rejected as non-responsive.

15.2 Based on guidance from the US Department of Transportation's General Counsel, effective January 10, 2006, the Alaska Department of Transportation and Public Facilities implemented a Race Neutral Disadvantaged Business Enterprise (DBE) program by setting 0% project goals on all highway, mass transit and airport projects. Contractors are encouraged to continue using DBE participation on highway, mass transit and airport projects as appropriate. Any questions about this notice may be directed to the Civil Rights Office, 907-269-0850.

Submit written comments to the address shown under "Submittal Deadline and Location" on page 1 of Part A - RFP. Substantive issues will be addressed in a written addendum to all RFP recipients on record. Failure to comply with directions may result in lower score and may eliminate a submittal from consideration. Criteria Responses shall not exceed the number of pages stated below.
- [] 4. Prepare a distinct Response for each criterion that has a weight more than zero. Failure to respond directly to any criteria weighted more than zero will result in an evaluation score of zero for that criteria. Any Responses to criteria weighted zero will be disregarded. Acceptable Responses must be specific and directly related to the Contracting Agency's proposed Statement of Services. Marketing brochures, federal standard forms 254 and 255, marketing resumes, and other non-project specific materials will be discarded without evaluation and should not be submitted.

Large sheets will count as multiple pages at 93.5 square inches or fraction thereof per page.

CAUTION: Criteria Responses which do not comply with the required page limit or presentation size, may result in disqualification. Further, small print or typeface that is difficult to read may negatively influence evaluation of your submittal and affect scoring for "Quality of Proposal."

CHECKLIST IS CONTINUED NEXT PAGE

[] 10.5 Pre-Audit Statement, DOT&PF Form 25A257, shall **not** be provided with Submittal. (See Notice #10 on page 3 of Part A - RFP.)

[] 10.6 **CAUTION:** If you replicate (other than by photocopy) Part D or any form in lieu of completing the forms provided by the Contracting Agency, provide a signed certification that lists such forms and attests that they are exact replicas of that issued by the Contracting Agency. Changed forms may result in rejection at the Contracting Agency's discretion. Any alteration - other than completion of the required entries - may be cause for rejection without recourse.

[] 11. SECTION I - TECHNICAL PROPOSAL

1. Objectives and Services

1. Weight: 10

Response must **demonstrate your comprehension of the objectives and services** for the proposed contract. Do not merely duplicate the Statement of Services provided with this RFP. Also, consider if Statement of Services is sufficiently explicit; are expressed or implied schedules attainable/economically feasible; etcetera? Explain. **Define any assumptions made** in formulating Criteria Response. If design services for a construction project are included, express any opinions regarding alternative design considerations that could impact construction costs.

2. Methods

2. Weight: 10

Response must outline the methods for accomplishing the proposed contract or, if methodology is contained in the proposed Statement of Services, address its adequacy. Describe what, when, where, how, and in what sequence the work will be done. Identify the amount and type of work to be performed by any Subcontractors. Consider how each task may be carried out; what services or interaction required from/with the Contracting Agency; etcetera. Suggest alternatives, if appropriate. Identify any **distinct and substantive qualifications** for undertaking the proposed contract such as the availability of specialized equipment or unique approaches or concepts **relevant to the required services** which the firms may use.

3. Management

3. Weight: 10

Response must describe the administrative and operational structures that will be used for performing the proposed contract. For any individual who would be in "responsible-charge" (reference AS 08.48) as an Architect or Chemical, Civil (including Structural), Electrical, Mechanical, Mining or Petroleum Engineer, or Land Surveyor, so state and list his/her Alaska professional registration number. A graphic depiction is preferred in your response to this criterion. Additionally, the Contracting Agency may want to inspect work products in progress and have a close ongoing working relationship with your Project Staff. Accordingly, your response should also identify where the various contract services will be performed and how communications will be maintained between your Project Staff, the Contracting Agency, and (as applicable) any other government agencies or the public.

4. Proposed Project Staff

4. Weight: 20

Response must name the individuals to perform the following **FUNCTIONS #1 and #2. Name the individuals to perform the functions # 3- #8 as applicable** plus any other professional/technical functions you deem essential to perform the services:

8. Noise Studies
9. NEPA Document preparation

Continued Next Page

Describe the work to be performed by the individuals you name to perform essential functions and detail their specific qualifications and substantive **experience directly related to the proposed contract**. A response prepared specifically for this proposal is required. Marketing resumes often include non-relevant information which may detract from the evaluation of proposal. Lists of projects are not useful. Focus on individual's specific duties and responsibilities and how project experience is relevant to the proposed contract.

For each person named, identify their: employer, professional discipline or job classification and state of residency. List at least 3 professional references (contact persons and telephone numbers) for each person.

5. Workload and Resources

5. Weight: 10

Response must: (1) discuss both current and potential time commitments of your proposed Project Staff to all clients; (2) discuss the projected workload of each firm (Offeror and Proposed Subcontractors) for all clients; and (3) demonstrate adequate support personnel, facilities and other resources to provide the services required. Provide a list of current contracts with the Contracting Agency in which your proposed Project Staff are participating. Include all contracts statewide with regions, divisions, etc., of the Contracting Agency.

Briefly address capabilities for providing additional services and/or services under an accelerated schedule. Address capacity to reassign personnel, equipment and facilities whenever the proposed contract would not require such capabilities or was delayed.

6. Business History

6. Weight: 5

Response must identify the period of time firms (Offeror and/or Subcontractors) have been in business **under current organization and name**. Discuss any prior work relationships among the firms. Discuss **prior contracts** that were similar to the work proposed by this RFP. Indicate which of the proposed firms and Project Staff were involved in such contracts. For each contract, list the contracting entity and a reference (contact person and a telephone number).

7. Quality of Proposal

7. Weight: 5

Offerors do not respond to this criterion. Committee members will rate this criterion based on their perception of the clarity, completeness and presentation of submittal. Note: This criterion is **NOT** used to evaluate color, graphics or other visual techniques except as they may detract from legibility.

8. Project Examples**8. Weight: 15**

Describe previous and ongoing projects addressing level of complexity, cost management and delivery schedule. Provide examples of difficult projects indicating how well they were delivered, major obstacles encountered, adjustments made and other aspects related to project delivery such as management of subconsultants.

9. Knowledge and Experience in the Southeast Alaska Environment**9. Weight: 15**

Describe the firm's and subconsultant's experience in Southeast Alaska. Describe any challenges, anticipated or experienced, delivering environmental services unique to Southeast Alaska. What approach would your firm take for project delivery in this area. What approach would you not take? Describe what makes your firm and subconsultants especially qualified to provide environmental services in this region.

SECTION II - PREFERENCES

10. Disadvantaged Business Enterprises**23 CFR 172.5(b)****10. Weight: 0****Weight shall be at least "10" for FHWA or FAA funded contracts.**

To be granted this preference, Offeror's response must: 1) identify certified Disadvantaged Business Enterprises (DBEs) which would participate in the proposed contract; 2) explain the work to be performed by the DBEs; 3) demonstrate the extent of total contract requirements of such participation (consider effort, compensation, staff, etc.); and, 4) **list each DBEs' DOT&PF certification number under the designated column on page one of Part D.**

Certified DBE firms are listed in a DBE Directory which is available from the Alaska Department of Transportation and Public Facilities at its regional Design and Construction Offices in Juneau, Anchorage and Fairbanks or by mail from the Civil Rights Office, ADOT/PF, Box 196900, Anchorage, AK 99519 (telephone 907-269-0851) or at their internet address <http://www.dot.state.ak.gov/cvlrts/index.shtml>. DBE firms are issued a Certification Number which is listed in the Directory and which must be cited in proposals seeking DBE recognition.

Response will be scored: Rating x Number of Evaluators x Weight = Criterion Score. Rating will be as follows: "5" - All services by DBE; "3" - Considerable DBE participation; "1" - Minor DBE participation; "0" - No DBE participation.

11. Geographic Location**Reference AS 36.30.270(a)(1), 49 CFR 18.36(c)(2)**

& FAA AC 150/5100-14D, Para 2-7. Weight shall be "0" if any federal funding EXCEPT if services must be performed by licensed Architects, Engineers or Land Surveyors, then Weight shall be greater than "0", regardless of funding sources.

11. Weight: 0

Established local offices and staff residing in proximity to the **project** site are preferable for the proposed contract due to convenience, improved communications and reduced travel costs. Your response to this criterion must clearly identify the response to the following three questions. Non-responsive answers will be awarded a rating of zero (0).

1. *At the time the proposal was submitted did the lead Proposing Firm have an established office within 50 miles of the State designated location in the RFP from which the State's representative will manage/ coordinate the contract work?*
 - If "yes", score 1 point
 - If "no", score 0 points
2. *During the performance of contract work, what percentage of the time will the Proposer's Project Manager be working from an office that is within 50 miles of the State designated location?*
 - For more than 75% of the time, score 2 points
 - For 35% to 75% of the time, score 1 point
 - For less than 35% of the time, score 0 points
3. *What percentage of the contract work will be performed within Alaska?*
 - For more than 75% of the time, score 2 points
 - For 35% to 75% of the time, score 1 point
 - For less than 35% of the time, score 0 points

12. Alaska Bidder (Offeror) Preference**49 CFR 18.36(c)(2) & 2 AAC 12.260(e)****Weight shall be "0" if any federal funding, otherwise weight shall be at least "10".****12. Weight: 0**

To be granted this preference:

1) Response must certify that Offeror meets the following requirements per AS 36.30.170(b):

- (A) Firm holds a current Alaska Business License;
- (B) Proposal is submitted under the name as appearing on the Firm's current Alaska Business License;
- (C) Firm has maintained a place of business within Alaska, staffed by the Firm or an employee of the Firm, for a period of six months immediately preceding the date of the offer;
- (D) Firm is incorporated or qualified to do business under the laws of the State of Alaska, is a sole proprietorship, and the proprietor is a resident of Alaska, is a limited liability company organized under AS 10.50 and all members are residents of Alaska, or is a partnership under AS 32.05 or AS 32.11 and all partners are residents of Alaska; and
- (E) If the Firm is a Joint Venture, it is composed entirely of entities that qualify under (A) - (D).

2) Offeror must designate the Alaska Bidder (Offeror) Preference on page one of Part D.

Response will be scored: Rating x Number of Evaluators x Weight = Criterion Score. Rating will be as follows:

An Alaska Offeror's preference (i.e. a Rating of 5) will be assigned to the proposal of an Offeror who qualifies as an Alaska bidder using the criteria in 1), above.

No Alaska Offeror's preference (i.e. a Rating of 0) will be assigned to the proposal of an Offeror who does not certify that it qualifies as an Alaska bidder or who does not qualify as an Alaska bidder using the criteria in 1), above.

SECTION III - PRICE

If price is not an Evaluation Criterion, weights for both Criterion #13 and #14 shall be "0". If price is an Evaluation Criterion, the sum of weights for Criterion #13 and #14 shall be at least "10", and all Offerors shall submit Price Proposals in the specified format(s).

See item #9, under Notices in Part A - RFP, regarding statutory and regulatory provisions about price competition and item #10.3, in Part B - Submittal Checklist, regarding procedure for submittal of Billing Rates and/or Price Proposals. Cost terminology is explained on page 2 of the Pre-Audit Statement (DOT&PF Form 25A257).

CAUTION: Submittal of Offeror's or Subcontractor's "standard" rate schedules or other pricing documents which are not in required format will be non-responsive if they do not allow direct comparison with other responsive proposals.

Rates and costs proposed by the Offeror selected for contract negotiations may be investigated for reasonableness and allocability in accordance with AS 36.30.400, .420 & .480, 2 AAC 12.550 and the contract cost principles in 48 CFR Part 31. Unsupported rates and costs may be disallowed or result in termination of negotiations, or contract award. All proposed rates and the negotiated contract rates will be public information.

13. Labor Billing Rates (Required Format)

13. Weight: 0

Provide a proposed total hourly Billing Rate (i.e. inclusive of Direct Cost of Direct Labor, all Indirect Costs, and Fee) only for each of the job **FUNCTIONS** listed below. Note: Some of these functions may be performed by one or more employees of the Offeror or Subcontractors; consequently, an individual might be billed under the contract at different rates appropriate to the functions performed. **Only the maximum rate paid to any individual for each listed job function** - regardless of employer (Offeror or Subcontractor) - **must be provided and will be considered for this response**. Rates for lower paid individuals or for other job functions, if any, will be addressed during contract negotiations.

Response will be scored as follows: The maximum hourly rates proposed for the job functions listed above will be multiplied by the percentage of total labor effort (estimated above) and then summed to obtain an aggregate rate for each Offeror. If more than one rate is provided for any job function, only the highest rate will be used. Each Offeror's score will be calculated using the following equation - except that the **score will be zero if a rate for each listed function is not provided by an Offeror**.

$$\frac{(\text{Lowest aggregate rate from all Offerors}) \times (\text{MPP}^*)}{(\text{Offeror's aggregate rate})} = \text{Offeror's Criterion Score}$$

*MPP = Maximum Possible Points = (5) x (Number of Evaluators) x (Weight)

If no federal funding, then per AS 36.30.250(b), aggregate rates shall be reduced for the above calculation by the following applicable percentages (maximum 20%) when the rates are from Offerors that **designate preferences on page one of Part D**.

- ALASKA BIDDER (OFFEROR) PREFERENCE [2 AAC 12.260(d)] 5%
and only ONE of the following:
- EMPLOYMENT PROGRAM PREFERENCE [AS 36.30.170(c)] 15%
- DISABLED SOLE PROPRIETOR OR 50% DISABLED EMPLOYEES [AS 36.30.170(e & f)] 10%

To claim employment or disabled preference, Offeror must be on the appropriate Alaska Division of Vocational Rehabilitation list at the time designated for opening (i.e., receipt) of proposals.

14. Total Price Proposal (Required Format)**14. Weight: 0****PART****C**

Provide proposed costs for all labor, subcontracts, equipment, expenses, etc., and a proposed amount for Fee. Submit a separate price proposal in the following format for the Offeror and for each Subcontract (first, second, third tier, etc.) that may exceed \$25,000. Each price proposal must be signed and dated by the person who prepares it. Note that the PRICES of the next lower tier subcontracts must be listed as COSTS in Item #4 (Other Direct Costs) of the price proposal for the next higher tier contractor so that the price of all subcontracts "roll-up" into the Offeror's total price proposal.

1. Show project title, project number, and Offeror or Subcontractor Name.

2. **Direct Costs of Direct Labor (DCDL)**

Show the estimated costs for each job classification of employees proposed for the contract. List under the following headings. Names required only for key staff and/or persons in "responsible-charge" (ref.: AS 08.48). **Hourly Rates must not include Indirect Costs or Fee.**

Total DCDL: \$ _____

3. **Indirect Costs (IDC)**

These costs include what are generally referred to as 1) Fringe Benefits and 2) Overhead (including direct and indirect costs of Indirect Labor). Show the Proposed IDC Rate as a percentage of Direct Costs of Direct Labor and the product (IDC Amount) of that Rate multiplied by the total DCDL.

IDC Rate: _____ % IDC Amount: \$ _____

4. **Other Direct Costs (ODC)**

These costs include: subcontracts, equipment (company owned or rented), and reimbursable expenses (e.g.: transportation, food and lodging, reproduction, etc.) - if not included in Indirect Costs. List proposed costs under the following headings. If multiples of an item required, list the proposed quantity, unit rate, and total cost for each. **Costs must be based on actual costs to the offeror or the subcontractor, without any profit or other markup.**

<u>Item</u>	<u>Quantity</u>	<u>Cost (\$/Unit)</u>	<u>Proposed Costs (\$)</u>
-------------	-----------------	-----------------------	----------------------------

Total ODC: \$ _____

5. **Total Proposed Cost**

Sum of DCDL + IDC + ODC

Total Cost: \$ _____

6. **Proposed Fee**

List a proposed amount (Contract Fee is generally negotiated using a structured Fee analysis of proposed costs).

Proposed Fee: \$ _____

7. **Total Proposed Price**

Sum of Total Proposed Cost plus Proposed FEE.

Total Price: \$ _____

Response will be scored as follows:
$$\frac{(\text{Lowest Total Proposed Price}) \times (\text{MPP}^*)}{(\text{Offeror's Total Proposed Price})} = \text{Criterion Score}$$

*MPP = Maximum Possible Points = (5) x (Number of Evaluators) x (Weight)

If no federal funding, then per AS 36.30.250(b), total price shall be reduced for the above calculation by the following applicable percentages (maximum 20%) when the prices are from Offerors **designate preferences on page one of Part D.**

* ALASKA BIDDER (OFFEROR) PREFERENCE [2 AAC 12.260(d)] 5%
 and only ONE of the following:
 * EMPLOYMENT PROGRAM PREFERENCE [AS 36.30.170(c)] 15%
 * DISABLED SOLE PROPRIETOR OR 50% DISABLED EMPLOYEES [AS 36.30.170(e & f)] 10%

To claim employment or disabled preference, Offeror must be on the appropriate Alaska Division of Vocational Rehabilitation list at the time designated for opening (i.e., receipt) of proposals.

Additionally, former public officers may not disclose or use information acquired in the course of their official duties that could in any way result in a benefit to the former public officers or their families, if the information has not been disseminated to the public or is confidential by law, without appropriate authorization. See AS 39.52.140.

A form that a former public officer may use to certify their eligibility is attached. Current public officers may seek advice from their designated ethics supervisors concerning the scope and application of the Ethics Act. Former public officers may, in writing, request advice from the Office of the Attorney General, Ethics Attorney concerning the application of the Ethics Act to their participation in this project. DIRECT LABOR - Base salary or wages paid to employees charged directly to contracts or projects.

Interest and Other Financial Costs
Contributions and Donations
Federal Income Taxes
Goodwill

Organization Costs
Lobbying Costs
Bad Debts

ARTICLE D1 INDEMNIFICATION

D1.1 The CONTRACTOR shall indemnify, hold harmless, and defend the CONTRACTING AGENCY from and against any claim of, or liability for negligent acts, errors or omissions of the CONTRACTOR under this Agreement. The CONTRACTOR shall not be required to indemnify the CONTRACTING AGENCY for a claim of, or liability for, the independent negligence of the CONTRACTING AGENCY. If there is a claim of, or liability for, the joint negligent error or omission of the CONTRACTOR and the independent negligence of the CONTRACTING AGENCY, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "CONTRACTOR" and "CONTRACTING AGENCY", as used within this article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "Independent Negligence" is negligence other than in the CONTRACTING AGENCY's selection, administration, monitoring, or controlling of the CONTRACTOR and in approving or accepting the CONTRACTOR's Work.

following the date of final payment, the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the CONTRACTOR's policy contains higher limits, the CONTRACTING AGENCY shall be entitled to coverage to the extent of such higher limits. Certificates of insurance must be furnished to the CONTRACTING AGENCY and incorporated into this Agreement with copies attached to this document. Certificates must provide for the CONTRACTING AGENCY to receive notice of any policy cancellation or reduction per AS 21.36 Sections 210-310. Failure to furnish certificates of insurance or lapse of the policy is a material breach and grounds for termination of the CONTRACTOR's services and may preclude other Agreements between the CONTRACTOR and the CONTRACTING AGENCY.

D2.1.1 Worker's Compensation Insurance: The CONTRACTOR shall provide and maintain, for all employees engaged in work under this Agreement, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal USL&H and Jones Act requirements. Limits required are per the following schedule:

MINIMUM LIMITS OF E&O INSURANCE

Contract Amount	Combined Single Limit, Per Occurrence & Annual Aggregate
Under \$25,000	As Available
\$25,000 to \$100,000	\$300,000

Statement of Services

ENVIRONMENTAL and NEPA RELATED SERVICES TERM CONTRACT

The Southeast Region State of Alaska Department of Transportation and Public Facilities (ADOT&PF) proposes to enter into term contracts with **full service** environmental consultants to assist the department with its obligations under the National Environmental Policy Act (NEPA) as it applies to the ADOT&PF federally-funded projects as well as state environmental checklists for state-funded projects. The consultant will conduct environmental studies and analyses and complete the documentation necessary to comply with Federal and State of Alaska regulations under the NEPA process and under the state environmental checklist process. The consultant might also be asked to review another consultant's technical reports and studies.

SCOPE

The Department is requesting statements of qualification from environmental consultants who are able to provide all or some of the required professional services to prepare the required environmental documentation for federally funded projects. Project examples may include:

- Road rehabilitation or realignment
- Bridge repair or replacement
- New road construction
- Airport improvement projects
- Marine facility repair or replacement (primarily Alaska Marine Highway System terminals) including dredge and disposal projects
- Maintenance or Support Buildings

The consultant may be required to prepare or review another consultant's NEPA Categorical Exclusions or Environmental Assessments for federally funded projects or state checklist for state funded projects and associated technical studies and reports. Documents are available on the ADOT&PF website at <http://www.dot.state.ak.us/stwddes/desenviron/resources/docprep.shtml>. The consultant may also be required to prepare permit applications including U.S. Army Corps of Engineers Section 404/10 permit applications for projects compliant with Section 404(b)(1) Guidelines, Alaska Department of Fish and Game Title 16 permit, and U.S. Fish and Wildlife Bald Eagle take permit.

For any of the environmental tasks given to a consultant, they should be able to provide an adequate characterization of the affected environment, an analysis of environmental impacts, and develop and negotiate avoidance, minimization, and mitigation measures. We may only ask for an analysis of the affected environment but the consultant should be capable and prepared to take the environmental process to its conclusion.

Preparation of the required documentation may include various support studies and documentation as listed on the State of Alaska DOT&PF Environmental Procedures Manual. This manual is in the process of being updated and should be used as a guidance. Examples of studies and documentation include determining the potential effects:

- Air Quality Impacts
- Biological Assessment and Monitoring
- Wetland and Habitat Delineation
- Section 404/10 permit applications
- Bald eagle permit applications
- Essential Fish Habitat Assessments
- Section 106 Cultural (and Archeological) Resources
- Section 4(f) & 6(f)
- Socioeconomic considerations
- Noise Evaluation studies
- Biological assessments
- Hazardous Waste (may include remediation)
- Public Involvement Plan and related Public and Agency Outreach

The environmental consultant will use the State of Alaska DOT&PF Environmental Procedures Manual as guidance and comply with applicable laws and regulations to consistency in the format, content and processing of the various environmental studies and documents for DOT& PF. The consultant will indicate whether they have all required professional services or indicate which expertise they have. For example firms that specialize in wetland delineation will submit qualifications just on that specialty.

Task Order Process: For each task order, the environmental consultant(s) selected under this agreement will be offered the opportunity to provide a cost proposal and schedule for the specific services requested, except as specified below. The selection for the individual task order will be made based on cost, the ability of the consultant to provide the specific services requested and the ability to meet the requested schedule. Note: Cost will not be a selection factor for any projects funded by the Federal Aviation Administration (FAA).

To avoid a “conflict of interest” the environmental consultant(s) would not be allowed to review project specific surveys and reports prepared by their firm.

ADMINISTRATIVE REQUIREMENTS

General. Execution of this Agreement does not guarantee any project assignments.

Provide services as identified and authorized by sequentially numbered Notices to Proceed (NTP).

Perform services under the direct supervision of lead individual(s) listed in RFP Part C, Criterion 4.

Accomplish additions or substitutions of lead individuals by amendment to the Agreement.

- Term: Three years (contingent upon Legislative Appropriation for each new fiscal year), with 2 one year renewal options.
- Number of Individual Master Agreements to be established: Five
- NTP Limit: \$250,000 per Task/Phase Order. (Note: There is no maximum limit per contractor since there are a limited number of contractors who are able to perform these tasks. Award of multiple NTP's may occur simultaneously.)
- \$250,000 limit for all NTP's issued under each project.

Contracting Procedures.

1. The Agency issues Individual Master Term contract numbers for each task order and NTP forms.
2. Once the Master Agreements are in place and the Agency Contract Manager identifies a Task Order, the Agency Contract Manager sends a specific statement of services (SOS) to all contractors who are on contract under the Master Agreements. The SOS describes specific work requirements and requests availability and specific expertise.

3. The Agency Contract Manager will evaluate and make the selection in writing to the file of the contractor best suited for the Task/Phase Order based on expertise, qualifications, availability and price unless funded by the FAA. The Agency Contract Manager will request a price from the selected consultant (if FAA funded) to ensure conformity with the costs shown in the Master Term Agreement. (A Master Record of Negotiation of costs will remain standing in the Master Agreement files for referral.) If the costs cannot be negotiated, then the Agency Contract Manager will negotiate with the next best contractor's offer.

Note: The agency reserves the option to award all or any portion of these tasks/phases and disciplines for the specific project in question but shall not circumvent the intent of the RFP for a full service design firm agreement. However, the agency may seek proposals from all term agreement holders for any task/phase not successfully negotiated or may proceed to issue a new RFP for that task or for completion. The agency may terminate a task/phase and proceed with a Statement of Services to all term agreement holders if at any time a termination for cause is determined. Contract consultants must submit all pertinent correspondence, designs, and draft documents or final documents to the agency within 2 days of receipt of termination or unsuccessful negotiation.
