THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY
REQUEST FOR QUALIFICATION INFORMATION**

The Port Authority of New York and New Jersey intends to qualify prospective bidders for the project listed below. The qualification information and instructions for submission for this project are available on-line at www.panynj.gov/DoingBusinessWith/contractors/html

RFQ # 19074 for World Trade Center Transportation Hub PATH Hall Construction

Contact: Alvin Caesar: telephone at 212-435-5640, FAX at 212-435-5116, email at acaesar@panynj.gov.

This contract work as described in the “Scope of Work” and “General Requirements” of the Request For Qualifications (RFQ) generally consists of work of all construction disciplines including, but not limited to, soil and rock excavation, concrete structures, fit-out work, architectural finishes, conveying systems, fan plants, mechanical, electrical, communication, plumbing and fire protection systems. The work does not include fabrication and erection of the structural steel and precast systems that comprise the WTC Transportation Hub structure, which is to be performed by others under a separate contract or contracts. The work of this contract is, however, to be performed simultaneously and integrally with the steel and precast concrete work by others. This work will be performed at the World Trade Center Site. For information purposes only, the Authority estimates that the Work required under this Contract will be in excess of \$100 million.

This Contract is part of a program funded by the Federal Transit Administration (FTA).

Qualification information is to be submitted by September 21, 2009, and it is anticipated that bid documents will be made available to pre-qualified bidders in October 2009. In order to pre-qualify for the said contract, all participating firms must execute and submit the Non-disclosure & Confidentiality Agreement with their RFQ submittal package.

Entities already prequalified for Contract #WTC-214.546 are deemed qualified for this solicitation.
