PROFESSIONAL TRANSPORTATION PLANNING SERVICES Rail to Trail Alignment Study

The St. Joseph Metropolitan Planning Organization (MPO) has developed and adopted a series of bicycle and pedestrian plans since 1993. Each iteration of the plan has suggested that various corridors be developed within the metropolitan area, initially focusing on the north/south and east/west "spokes" of the wheel in the most urbanized areas of the metro. However, plans have long identified additional connections within the urbanized that serve the purposes of connecting additional communities as well as providing essential links in a larger, multi-state trail plan, called the Quad States Trail.

This study is focused upon analyzing the corridor along the former the Chicago and Northwestern Railroad. This extension of the trail would encompass other communities in the metropolitan planning area including St. Joseph, Country Club Village, City of Savannah and Andrew County.

SCOPE OF WORK

The project is intended to provide a detailed understanding of the constraints of acquiring and developing the former railroad right of way of the Chicago and Northwestern Railroad at a planning level. The project limits are from Karnes Road (St. Joseph) to Main St. in Savannah. An optional section to examine may be the Union Pacific line from Elwood, KS to the north Wathena, KS city limits.

The study will analyze and summarize the cost, condition, and barriers to pursue development of the corridor in the future. Consolidated mapping illustrating these and related elements will be required as a work product.

The following information will be needed as part of the study:

1. Acquire assessor and GIS data from Andrew County (possibly Doniphan County) to determine property lines along the corridor
2. Evaluate the terrain and suitability of the corridor and determine infrastructure needs such as box culverts or bridges.
3. Planning level development cost, including right of way, design, and construction.

This study will be implementing the vision as set forth in the adopted Bicycle and Pedestrian Masterplan (2000) and Quad States Trails Plan (2008).

A copy of the Bicycle and Pedestrian Masterplan can be found at www.stjoemo.info/mpo.cfm
