RFP# 19516 : Fuel Service Station and Truck Parking Facility at John F. Kennedy International Airport

Contact: Suchetha Premchan: telephone at 212-435-3973, email at spremchan@panynj.gov

The Port Authority is seeking to enter into an agreement with a qualified company to finance, design, construct, furnish, operate, maintain, and manage a modern, state-of-the-art twenty-four hours/seven days per week Fuel Service Station and Truck Parking Facility at John F. Kennedy International Airport. Construction should include: a fuel service station that will provide sufficient fuel pumps for gasoline and diesel fuel for trucks and automobiles, a convenience store as well as a modern dining facility. The Proposer will be responsible for the operation of the food service and related facilities. The Port Authority also encourages all Proposers to include services such as: maintenance bays for automobiles, small trucks and vans; one or more fuel pumps to dispense a clean burning, environmentally friendly alternative fuel such as compressed natural gas, biodiesel, ethanol, hydrogen, etc.; public restrooms; space for public telephones; and an air pump for inflating tires. The Proposer's development plan and conceptual design will constitute the basis for design development and final design for implementation.

The RFP is to be submitted no later than 12/4/2009 at 2:00 PM.
