Description:

The purpose of this IFB is to allow window cleaning and/or janitorial firms the opportunity to acquire small to large volumes or regions of stores not to exceed \$30.00/store for windows and \$50.00/store for awning cleaning. The locations & frequency of each store is listed on an online bidding system. Submit your bid(s) by selecting your locations, enter your bid price, company name, bidder full name, email address & phone number. The lowest bidders at bid closing will be awarded their locations. Please check back frequently to ensure that a competitor did submit a lower bid. No adjusted bid prices can be accepted after the bid closing. Those who are awarded stores will receive other stores throughout the year as we would prefer to have one affiliate assigned to provide services to all other national retailers in their service area.
